Important Notice
Temporary Supplemental Fee

Your policy includes a Temporary Supplemental Fee (TSF). This fee is necessary to address increased wildfire risks and is not a government tax or fee. The TSF is in addition to your policy premium and will apply for the policy period shown.

*The Temporary Supplemental Fee is listed under the Taxes and Fees or Other Charges section. If applicable, the TSF will also be displayed on the Insurance Estimate under the Surcharge line of the Payment Options Available.

Companies admitted to write property and casualty insurance in California are required to participate in the California FAIR Plan Association, which makes basic property insurance available to California consumers who would otherwise be unable to obtain such insurance through the normal insurance market. In the event that catastrophic losses render the FAIR Plan unable to pay operating expenses and policyholder claims because it will not have sufficient retained earnings, reinsurance, a line of credit, if available, and/or proceeds from catastrophe bonds, if sold, the FAIR Plan may request the Insurance Commissioner's approval to assess each member insurance company its fair share if necessary to pay the Plan's operating expenses and policyholder claims.

To assure stability in the California property insurance market and to assure the continued availability of property insurance in California, the FAIR Plan's member insurance companies may collect a temporary supplemental fee to recover a portion of these assessments. If this happens, 'Temporary Supplemental Fee' with an amount will be displayed on a notice, bill, or your policy declarations.

The fee is nonrefundable.
