- DIFFERENT SOURCES OF SQUARE FOOTAGE MEASUREMENTS:** Measurements of structures vary from source to source and that data is often contradictory. There is no one "official" size source or a "standard" method of calculating exterior structural size, interior space or square footage. Buyer should not rely on any advertised or disclosed square footage measurements and should retain their own experts to measure, as applicable, structure size and square footage during their investigation period, if any. This is especially important if Buyer is using square footage to determine whether to purchase the Property or are using a price per square foot to determine purchase price. Price per square foot calculations are generally broad estimates only, which can vary greatly depending upon property location, type of property and amenities. Such calculations should not be relied upon by Buyer and the accuracy of any such figures should be independently verified by Buyer with their own experts including, but not limited to, a licensed appraiser.
- PROPERTY (LOT) SIZE, DIMENSIONS, CONFIGURATIONS, AND BOUNDARIES:** Fences, hedges, walls, retaining walls, and other barriers or markers may not correspond with any legally-defined property boundaries. Existing structures or amenities may not be located within the actual property boundaries or local setback requirements. If lot size, dimensions, property configurations, boundary lines, and locations of improvements are important to Buyer's decision to purchase or the price Buyer is willing to pay, then Buyer should independently investigate by retaining the services of a licensed surveyor, the only professional who can accurately determine lot dimensions, boundary locations and acreage for the Property.
- BROKER OBLIGATIONS:** Brokers and Agents do not have expertise in determining the exact square footage and lot size. Broker has not and will not verify the accuracy of any numerical statements regarding square footage, room dimensions, or lot size, or the location of boundaries.
- DISCLOSURE OF MEASUREMENTS AND SOURCES:** Square footage and/or lot size numbers inserted into the spaces below, if any, were taken from the referenced source and may be approximations only. Other measurement sizes may exist from other sources.

This is a disclosure only. Right to parking or storage, if any, is determined by the Agreement, and if Property is in a planned development or covered by a Home Owner Association, the governing documents.

1. Buyer/Tenant is advised to personally inspect the actual size, shape, numbering, location, and accessibility of the actual parking space(s) or storage area(s). As vehicle sizes and shapes vary greatly, the actual size, shape, numbering, location, and accessibility of the actual parking space(s) may not accommodate Buyer's/Tenant's needs. Seller/Housing Provider and Broker(s) do not warrant that such space(s) or storage areas are suitable for Buyer/Tenant's intended use or meet any minimum requirements.
2. If the Property is located in a multi-unit building or any other planned development, the governing documents for the Property, such as the deed, the condominium map/plan, the covenants, conditions and restrictions, tenancy-in-common agreement, or equivalent document, should contain a description and drawing of all assigned parking and storage spaces. However, the size, shape, numbering, location and accessibility of the designated parking and storage area(s) shown within the governing documents are not always accurate, even if drawn by a licensed surveyor. There may be differences between the descriptions in the governing documents and the actual size, shape, numbering, location and accessibility of the parking spaces and storage areas and between what is assigned and what is being used.
3. Seller/Housing Provider further discloses the following: _____

 - Determined that the parking spaces(s) or storage area(s) are suitable for Buyer's/Tenant's intended use(s). If it is a parking space, Buyer/Tenant has inspected the parking space to ensure that it can accommodate the vehicle(s) that Buyer/Tenant intends to park in the parking space;
 - Ensured that the governing documents provide for rights of passage to and from the parking space and storage space, if Buyer/Tenant must pass through another owner's assigned space(s) in order to access Buyer's/Tenant's parking space(s) or storage area(s); and
 - Has found no discrepancy between the parking space(s) or storage area(s) as shown in the governing documents and the respective actual size, shape, numbering, location, and accessibility or, if Buyer/Tenant has found such a discrepancy, Buyer/Tenant acknowledges that such discrepancy is not material to this purchase or lease.

Re: Pacific Gate Owners Association v. Bosa Development California II, Inc.
JAMS Ref. No.: 5240003539

To Whom It May Concern:

This firm has been retained as counsel to Pacific Gate Owners Association (hereinafter "Association") with respect to the above-referenced claim for construction defects concerning the common areas.

Please note that the information contained herein is being provided solely for informational purposes only, and is not intended to, nor shall it relieve the buyer or seller of any disclosure obligations pursuant to law. Furthermore, the information contained herein represents only the current state of information and belief with respect to the inquiries made. As discovery and investigation continues, the Association reserves the right to modify, alter, or change any information contained herein as facts and other information are discovered.

By way of background, on December 18, 2023, the Association served a "Notice to Builder" pursuant to Civil Code sections 910 et seq. and 6000 (the "Notice") on the Developer of the Association, Bosa Development California II, Inc. ("Developer"), for defects in the construction of the Association's property and common areas. This claim was authorized by the Association's Board of Directors, pursuant to its rights and obligations as provided for by its governing documents and California law.

The "Notice" is NOT formal litigation; rather, it initiated a mandated claims process that affords the Developer the right to make warranty repairs. A copy of this Notice including the preliminary "issues list" is available in the link below for your reference. Please note that California law requires all owners to disclose the "issues list" to potential purchasers. Please note that a final determination as to whether the list of defects is complete has not been made.

<https://cloud.fentongrant.com/dl/YhqSpIjKpz>

After initial settlement discussions did not result in a resolution of the claims, the Association initiated arbitration proceedings on June 6, 2025. As of the date hereof, settlement discussions continue.

The goal and purpose of this action is to seek repairs and/or monetary damages from the Developer, sufficient to reimburse the Association for repairs made in the past, as well as monetary damages which are sufficient to perform all necessary and reasonable repairs to the property. **To this end, please note that this claim does not concern or involve any construction issues or damages to the separate property interests that the Association is not obligated to maintain and that are not integrally related to damages to common areas. For a more detailed description of the Association's property and common areas, reference should be made to the Association's Declaration of Covenants, Conditions and Restrictions ("CC&Rs").**

It is also important to note that not all of the homes and/or buildings located at the project may have problems, nor may be necessarily affected by any reported problems. Only a thorough inspection by a qualified home inspection professional can determine whether a particular home suffers from the problems identified herein.

Please do not hesitate to contact me should you have further questions or require any additional information.

Very truly yours,

**FENTON GRANT KANEDA & LITT,
LLP**
