RCB CONTRACTING, LLC

DECK CONSTRUCTION & STRUCTURAL REPAIR

INVOICE (PAID)

PREPARED FOR (HOMEOWNER & PROJECT LOCATION)	INVOICE DETAILS
Brian Dressen 9910 Corey Lane Mequon, WI 53092	**Date:** October 30, 2026 **Estimate #:** 103026-BD **Status:** Paid

PROJECT OVERVIEW & TECHNICAL RECOMMENDATION

This invoice covers reattaching the deck to the home by rebuilding the section where the deck ties into the home and extending a new support structure out to meet the existing deck. This directly resolves the separation at the house and establishes a permanent, structurally sound connection without risking damage to the rest of the deck.

ITEMIZED SCOPE OF WORK & PRICING

ITEM / SERVICE DESCRIPTION	COST
Temporary Shoring & Demo: Safely support existing deck frame; remove compromised framing and hardware at the house connection point.	**Included**
Ledger & Connection Rebuild: Supply and install new pressure-treated structural framing at the home connection, properly flashed and anchored to the structure.	**Included**
Support Structure Extension: Build out new structural framing and support from the house to tie into the existing deck frame.	**Included**
Materials & Fasteners: Treated lumber, structural screws/lags, joist hangers, and flashing materials.	**Included**
Site Cleanup: Removal and haul-away of all construction debris upon completion.	**Included**
Labor & Materials Subtotal	**$1,500.00**
Tax	**Included**
TOTAL AMOUNT PAID	**$1,500.00**

TERMS & CONDITIONS

- **Payment Terms:** Due upon completion unless otherwise agreed prior to start.
- **Unforeseen Conditions:** Estimate assumes the house rim joist/band board behind the existing connection is structurally sound. If rot or structural damage to the home's framing is discovered once opened up, any necessary repairs will be discussed and approved prior to proceeding.
