consent. No amendment shall be made which is in conflict with the Articles of Incorporation or the Declaration of Condominium.

ARTICLE XI

INSURANCE

Section 1. An association shall obtain insurance for the property against loss or damage by fire and such other hazards for not less than full replacement value of the property insured and a liability policy covering all claims commonly insured against. Insurance coverage shall be written on the property in the name of the association as trustee for each of the unit owners in the percentages established in the declaration. Premiums shall be common expenses. Provisions for such insurance shall be without prejudice to the right of each unit owner to insure his or her own unit for personal benefit.

Section 2. Insurance proceeds shall first be disbursed by the trustees for the repair or restoration of the damaged common elements, and the unit owners and mortgagees shall not be entitled to receive payment of any portion of the insurance proceeds unless the association has determined not to rebuild, or the court has ordered partition of the condominium property, or there is a surplus of insurance proceeds after the common elements have been completely repaired or restored.

All policies of physical damage insurance shall contain waivers of subrogation and waivers of any defense based on coinsurance or of invalidity arising from any acts of the insured, and shall provide that such policies may not be cancelled or

substantially modified without at least ten days prior written notice to the association and to each first mortgagee and land contract vendor named as an insured in such policies. Prior to obtaining any policy of fire insurance or any renewal thereof, the Association shall obtain an appraisal from a fire insurance company or other qualified appraiser of the full replacement value of the buildings including all of the Units and all of the common and limited common elements without deduction for depreciation, for the purpose of determining the amount of fire insurance to be effected pursuant to this section.

The Association shall also be required to obtain and maintain, to the extent obtainable, public liability insurance in such limits as the Association may from time to time determine (provided that the limit shall at all times equal or exceed the limit established by Declarant set forth below), covering each member of the Board of Directors, the managing agent, the manager, and each Unit owner. Such public liability coverage shall also cover cross liability claims of one insured against another. The Board of Directors shall review such limits once each year. Until the first meeting of the Board of Directors following the first annual meeting of the Unit Owners, such public liability insurance shall be in a single limit of at least $1,000,000.00 covering all claims for bodily injury or property damage arising out of one occurrence. Such liability insurance shall provide that the policy may not be cancelled or substantially modified without at least ten days prior notice to the Association and to each other holder of a first

mortgage or land contract vendor, listed as a scheduled holder of a first lien in the policy. The Association shall obtain and maintain workmen's compensation insurance to the extent necessary to comply with any applicable laws.

By acceptance of the deed or land contract to his Unit, each Unit Owner shall be deemed to have appointed the Association as his attorney in fact for the purpose of purchasing and maintaining the above described policies of insurance, including, where applicable, the collection and appropriate disposition of the proceeds thereof, the negotiation of losses and execution of releases of liability, the execution of all documents and the performance of all other acts necessary to accomplish such purpose.

Unit owners or their mortgagees or land contract vendors may carry other insurance for their own benefit provided that all policies contain waivers of subrogation, that the liability of the carriers issuing insurance obtained by the Association shall not be affected or diminished by reason of any such additional insurance, and that all reasonable efforts shall be made to place such additional insurance with the carrier issuing insurance obtained by the Association.

The insurance obtained by the Association will not cover the contents of Units or public liability claims arising out of occurrences happening within the boundaries of the Units.

ARTICLE XII

REPAIR AND RECONSTRUCTION AFTER DAMAGE

In the event of damage or destruction of the common elements

of the Condominium, the Association shall promptly undertake to repair or reconstruct it to a condition compatible with the remainder of the Condominium. The Board of Directors, is authorized to and shall arrange for the prompt repair and construction of any such damaged portion of the Property substantially in accordance with the original plans and specifications of such portion (including any damaged Units, and any kitchen or bathroom fixtures initially installed therein by the Declarant, but not including any wall, ceiling or floor decorations, painting or coverings or other furniture, furnishings, fixtures or equipment installed by Unit Owners in the Units), and the Board of Directors shall disburse any insurance proceeds to the contractors engaged in such repair and reconstruction in appropriate progress payments. Any cost of such repair and reconstruction in excess of the insurance proceeds shall be a common expense and the Board of Directors may assess all the Unit Owners for such deficit as part of the common expenses. If the condominium is damaged to an extent more than the available insurance proceeds, the Condominium shall be subject to an action for partition upon obtaining the unanimous written consent of the Unit Owners. In the case of partition, the net proceeds of sale, together with any net proceeds of insurance shall be considered as one fund and shall be divided among all unit owners in proportion to their percentage interests in the common elements, and shall be distributed in accordance with the priority of interests in each unit.

If the Unit Owners vote to partition, the net proceeds of sale, together with the net insurance proceeds (after first paying the insurance proceeds directly attributable to a damaged Unit to the mortgagee(s) and owner of such Unit, as their interests may appear), shall be divided by the Board of Directors, or the insurance trustee, as the case may be, among all the Unit Owners in proportion to their respective undivided percentage interests in the Common Elements, after first paying out of the share of each Unit Owner, to the extent sufficient for the purpose, all liens on the undivided interest in the property owned by each Unit Owner.

By acceptance of the deed to his Unit, each Unit Owner shall be deemed to have consented to the foregoing authorization and direction for repair and reconstruction. Such authorization and direction shall be deemed continuous action by the Association by unanimous consent and shall constitute the determination by the Unit Owners and the Association to repair or reconstruct as required by the Wisconsin Condominium Ownership Act. If, notwithstanding the foregoing provisions, such a determination is submitted to the vote of the Unit Owners, then the affirmative vote of one Unit Owner shall be sufficient to determine to repair or reconstruct.
