Requirement to Amend Report: Wis. Stat. § 709.035 requires owners who, prior to acceptance of an offer to purchase or an option to purchase, become aware of a condition or obtain information that would change an answer on a Real Estate Condition Report or a Vacant Land Disclosure Report, to amend the report. This may be done by completing another copy of the report that reflects the new information, or by completing an amendment to the previously completed report. This form may be used for such an amendment.

87	X		

Owner's explanation of any "YES" responses:

The sign by the road has a very small corner missing off the panel top right hand side east facing. The message board sign has an intermittent glitch that I called to have repaired but it had fixed itself by the time the repair people had came. They needed the sign not working to be able to fix so it was not able to be repaired when the service tech arrived. It is currently working. When it glitches for us, we have been able to fix it by shutting it off and turning it back on. The repair company said it is a problem from one of the power supplies, but for them to determine which one, it needs to be malfunctioning. This did happen once before and the repair was roughly around $250ish.

Owner's Certification: The Owner certifies that the information in this amendment is true and correct to the best of the Owner's knowledge as of the date on which the Owner signs this amendment.
