Lake Keesus

Water Surface Acres: 237
Maximum Depth: 42 feet
Clarity: Clear
Public Access: Boat ramp on the northwest side of the lake (Center Oak Rd to Vista, S to Hilcrest).
Location: The northern portion of Waukesha County; North of County VV, East of the village of North Lake, West of the village of Merton.

In the quiet backwaters of the north-central Waukesha county, you'll find Lake Keesus. Individuals inclined towards fishing will enjoy an abundance of panfish including; Crappie, Bluegill and Perch, as well as Walleye Pike in the deeper pockets. The public access has only been open since 1999 and not everyone knows of its availability, making this lake a diamond in the rough for those more inclined to an easy-going lifestyle. Long, peaceful bays stretch out to the south from the main body of the lake, lending themselves to perfectly peaceful mornings or afternoons.
