Mission of the Havenwoods House to Home Program:

We are excited to announce our new home rehabilitation initiative, making affordable homes available to new homebuyers. Havenwoods Neighborhood Partnership in collaboration with Havenwoods Business Improvement District is working in a variety of ways to sustain the Havenwoods community as a place that supports healthy families and a healthy neighborhood economy. We believe that making affordable, quality housing available creates strong families and thriving communities. There are so many great reasons to become a Havenwoods community family. When you become a Havenwoods family, you can enjoy family events such as a summer concert series, resource fairs, block watch clubs, and reap the benefits of having passionate resident leadership and a strong local job market.

THERE ARE 3 GRANTS AVAILABLE TO HOMEOWNERS!
