# Cottonwood Creek Ranch & Orchard

## 18525 Farquhar Road, Cottonwood, CA

**Property:** 130 +/- acres on the south fork of Cottonwood Creek south of Redding, CA. Located at the end of a paved county road, the ranch offers privacy, views and lots of wildlife. The ranch has over 4,000 feet of creek frontage with “native” riparian habitat. In the center of the property is a comfortable 1,728 square foot ranch style home with 3-bedroom, 2-bathroom. Between the Home and the Red Barn-Shop is an RV site complete with power, septic and second domestic water well. About 75 acres of fertile farmland previously planted to irrigated pasture years ago is now planted to walnuts irrigated using (2) deep wells with electric turbine motors. The ranch also has a small reservoir which can fill by surface water runoff or using irrigation wells. Additionally, there is some open land which can be irrigated using “big gun” sprinklers and planted as a food plot to attract wildlife, like blacktail deer, pigs, dove, turkey, or quail. Farm machinery and home furnishing may be available by separate agreement.

**Location:** Starting from Red Bluff travel north on Interstate 5 for 13 miles and take Bowman Road (exit 662) traveling west for 3 miles merging northwest onto Evergreen Road. Drive approximately 4 miles turning south onto Farquhar Road. Follow the road for 4 miles to the gated entrance, 18525 Farquhar Road, Cottonwood, CA 96022.

**Home:** Overlooking the orchard and creek is the 1,728 square foot ranch style home with 3-bedroom, 2-bathroom. Lined with windows, this home’s natural lighting highlights the laminate flooring and pine wood accents. The living room is accompanied by a red brick mantle wood burning fireplace with access to a rustic covered porch overlooking the patio. The master bedroom is lined with northern facing windows opening to the orchard, with a walk-in closet and in-suite bathroom. The kitchen opens to a family room lined with windows providing natural light and views of the gunite pebble tec pool, exterior patios and attractive landscaping. Newer appliances include a gas range/stove, trash compactor, dishwasher and refrigerator. From the kitchen and family room areas, the pool and landscaped patios are easily accessible for all future entertaining needs. In addition to central HVAC, the home is equipped with 13kW propane generator. Earlier this year, a new composition roof was installed on the home and detached 2-car garage (32’ deep), as well as a fresh coat of exterior paint.
