completed in conformity with the county-approved grading plan. No drainage will be allowed to drain over any banks.

Declarants reserve the right to make any and all cuts and fills on the Property and on the building sites included on the Property, and to do such grading as in its judgment may be necessary to grade roads and Lots designated or delineated on the Map of the Property or any part thereof.

Each of the owners of the Lots covenants to permit free access by Declarants and owners of adjacent Lots to slopes or drainageways located on its, his or her property when access is required for the maintenance or permanent stabilization of the slopes, maintenance of the drainage facilities, or protection and use of property other than the Lot on which the slope or drainageway is located.

3.4. Wells, Derricks and Mines. (a) Nuisance. No noxious or offensive trade or activity may be carried on on the Property, nor may anything be done on the Property that may be or may become an annoyance or nuisance to the owners of occupants of the Lots, including but not limited to storage of any materials that might create an insect pest control problem, or the ill-maintenance of any plant or landscape materials.

(b) Animals. No commercial livestock breeding facility shall be maintained on any parcel. All animals shall be kept in accordance with County standards, ordinances and regulations. Pets must be kept within the boundaries of the Lot and on leash or tether when outside of the animal owner's Lot.

(e) Poles, Masts and Antennas. No poles, masts or antennas, except for small satellite television antennas, of any type, size or height may be constructed on any lot, or on or above the roof of any dwelling or structure.

(f) Upkeep of Real Property. Each Lot owner covenants to keep, maintain, water, plant and replant all areas, slopes, banks, rights-of-way and setback areas located on that owner's Lot so as to prevent erosion and to present an attractive, clean, sightly and wholesome appearance at all times.

Motor vehicles may not be parked longer than 48 hours outside of a garage or on any Lot where visible from the street. No painting, repairing or mechanical work on vehicles, other than customary maintenance work and minor emergency repairs, may be done on any building site except in enclosed areas, which areas must be sufficiently screened from the street and adjacent Lots to eliminate any possibility of a nuisance being created by the storage of such items or activities involving such items.

(k) Use of Garages. No dwelling may be constructed or maintained on a Lot without a garage large enough to contain two standard sized automobiles, which garage must be used to park the automobiles belonging to the owner or occupants of the building site, and for other purposes not incompatible with that use. Automobiles are to be kept in the garage when not in use. The use of carports in place of garages is specifically prohibited.

(l) Propane Tanks. All propane tanks shall be installed and screened so that the tanks are not visible from adjoining Lots.

(m) Fuel Storage Tanks. No fuel storage tanks shall be installed or maintained on any Lot.

(n) Off-Road Vehicles. No off-road vehicles including but not limited to dirt bikes, motorcycles, 4-wheelers, quads, and no unmuffled passenger vehicles such as jeeps, trucks, shall be operated on a Lot, except as may be necessary for the ordinary maintenance of the Lot or improvements. No Lot owner shall construct a dirt bike track, obstacle course, jump ramps, racing ovals, or operate motor vehicles engaged in such activities which would, by reason

of such use, generate noise, pollution and dust, or create a nuisance or interfere with the quiet use and enjoyment of adjoining Lot(s). It shall be presumed to be a violation of this covenant if the noise, measured at the Property line of the offending Lot owner's parcel, exceeds San Luis Obispo County noise standards.

(o) Exterior Lighting. Exterior lighting shall be constructed in such a manner as to minimize any impact on adjoining property. All such exterior lighting shall be focused so as not to illuminate any portion of a Lot which is not within seventy-five (75) feet of the residence, or an appurtenant structure to the residence.

3.6. Diligence in Construction. The work of constructing and erecting any building or structure must be prosecuted diligently and continuously from the start thereof until it is completed. No outbuildings may be completed before the completion of the building, except that temporary office and storage buildings may be erected for workers engaged in building a dwelling on the Property. Any temporary buildings must be removed as soon as the dwelling is completed. All structures must be suitable painted, colored or stained immediately on construction as per plans and specifications.

3.7. Easements and Rights of Way. The Property, including all building sites on it, is subject to easements and rights of way for erecting, constructing, maintaining and operating public sewers, and poles, wires, pipes, and conduits for lighting, gas, power, telephone, television, and any other method of conducting and performing any public or quasi-public utility service or function beneath the surface of the ground, as the easements and rights of way exist or as they are, or may hereafter be located and utilized by Declarants.

#### 4. SITE IMPROVEMENT AND DESIGN CRITERIA.

4.1. Minimum Dwelling Size. No principal dwelling erected on any Lot shall contain less than 1,750 square feet exclusive of porches, patios, garages and guest houses.

4.2. Conformity of Outbuildings. Any garages or outbuildings erected shall be designed to harmonize with the principal dwelling on the lot.

4.3. Fencing. All perimeter fencing shall be 3-rail, white vinyl fencing or pipe fencing.

4.6. Landscaping. All residence structures shall be landscaped around the perimeter of the residence except where the perimeter is enclosed by opaque fencing. Landscaping shall be consistent with rural residential upscale developments and shall be properly maintained, consistent with the surrounding Lots.

4.7. Swimming Pools. All swimming pools shall have a separately maintained perimeter fence with San Luis Obispo County approved self-latching gates and non-climb fencing. Lot owners shall maintain, at all times, such non-climb fencing and self-locking gates in order to prevent unauthorized use of its/his/her swimming pool.

## 5. ACCESS EASEMENT

5.1. Each Lot and each owner of a Lot is hereby granted a non-exclusive and reciprocal easement for ingress, egress, street, roadway and vehicular traffic purposes over and along the existing roads located on the Property. This easement shall, at such time as Declarants have completed the improvements including asphaltting of the primary access road throughout the Property, be interpreted and so limited as to apply only to the asphalt roads constructed by Declarants, except as otherwise expressly stated in a subsequent recorded amendment to this Declaration. No owner of any Lot is to have a right of access over other owners' Lots on farm roads, trails, or other unimproved roadways that have not been expressly improved with an asphalt surface by Declarants.

## 6. SCOPE AND DURATION

6.1. All the covenants and restrictions of this Declaration are imposed on the Property for the direct benefit of the Property and the owners of the Property as a part of a general plan of improvement, development, building, occupation and maintenance. These covenants and restrictions will run with the land and will be binding on all of the owners of the Property and all persons claiming under them, and continue to be in full force and effect for a period of forth (40) years from the date that this Declaration is recorded. After the expiration of this period, the covenants and restrictions will be automatically extended for successive periods of ten (10) years each, unless an instrument, signed by three-fourths of the then owners of record of the Lots, has been recorded, agreeing to amend this Declaration in whole or in part or to terminate this Declaration.

## 7. BREACH AND RIGHT OF ENFORCEMENT

7.1. Breach. The covenants and restrictions established in this Declaration will run with the land and will be binding on all parties (and their successors) having or acquiring any right, title or interest in the real property described in Section 1. Declarants or any owner of any of the Property, including any bona fide purchaser under contract, in the event of a breach of any restriction or covenant in this Declaration or a continuance of any such breach may by appropriate legal proceedings take steps to enjoin, abate or remedy the breach. It is agreed that damages are not an adequate remedy for breach.

Every act or omission that violates in whole or in part any of the covenants contained in this Declaration is declared to be and constitutes a nuisance, and every remedy allowed by law or equity against a nuisance, either public or private, will be applicable and may be exercised by Declarants or the owner of any Lot. .

The remedies provided in this Declaration for breach of the covenants contained in this Declaration are cumulative; none of the remedies will be deemed exclusive.

A breach of the covenants contained in this Declaration will not affect or impair the lien or charge of any bona fide mortgage or deed of trust made in good faith and for value on any building site; provided, however, that any subsequent owner of such property will be bound by the covenants, whether that owner's title was acquired by foreclosure or in a trustee's sale or otherwise. A lender who acquired title by foreclosure or deed in lieu of foreclosure or trustee's sale will not be obligated to cure any breach of the covenants that occurred before that acquisition of title but will be bound by the covenants of this Declaration.

7.2. Right of Enforcement. The provisions in this Declaration will inure to the benefit of and be enforceable by Declarants, Declarants' successors or assigns, and the owner of any of the Property, and each of their legal representatives, heirs, successors or assigns. The failure to enforce any covenant or restriction in this Declaration will not be deemed a waiver of the right to enforce thereafter. In any legal proceeding begun by anyone entitled to enforce or restrain a violation of any provision of this Declaration, the losing party or parties must pay the attorneys' fees of the winning party or parties in the amount fixed by the court in the proceeding. Any right reserved by Declarants in this Declaration is also reserved to Declarants' successors or any entity designated by Declarants in writing; the designation may be recorded with the San Luis Obispo County Recorder.

7.3. Mediation. If a dispute arises out of this Declaration or the breach thereof, on the written request of a party to the dispute to the other parties to the dispute, the parties will make good faith efforts immediately to agree on a mediator and to mediate that dispute. If unable to agree on a mediator, they will contract, for the purpose of mediation The American Arbitration Association and use its services for the mediation process. Mediation fees, if any, shall be divided equally among the parties involved. Before the mediation begins, the parties agree to sign any documents limiting the admissibility in arbitration or any civil action of anything said, any admission made, and any documents prepared, in the course of the mediation, consistent with California Evidence Code 1152.5. The mediation shall take place in such location as designated by the mediator in Paso Robles, California, or as the parties may otherwise agree in writing. IF ANY PARTY COMMENCES AN ARBITRATION OR COURT ACTION BASED ON A DISPUTE OR CLAIM TO WHICH THIS PARAGRAPH APPLIES WITHOUT FIRST ATTEMPTING TO RESOLVE THE MATTER THROUGH MEDIATION, THEN AT THE DISCRETION OF THE ARBITRATOR(S) OR JUDGE, THAT PARTY SHALL NOT BE ENTITLED TO RECOVER ATTORNEY'S FEES, EVEN IF THEY WOULD OTHERWISE BE AVAILABLE TO THAT PARTY IN ANY SUCH ARBITRATION OR COURT ACTION.

7.4. Arbitration. Any controversy or claim consisting of a demand for money damages not in excess of \$25,000 arising out of this Declaration or any breach thereof, shall be submitted to binding arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association. All other controversies and claims, including claims for declaratory relief for interpretation of this Declaration, shall be resolved in the state court of proper jurisdiction for San Luis Obispo County, California. Venue for any matter subject to arbitration pursuant to this provision, in absence of a written agreement between the parties to a different location, shall be held in Paso Robles, California.

---

8. PROTECTION FOR MORTGAGEES AND TITLE INSURANCE COMPANIES

8.1. The owner of any encumbrance for value on any Lot and any corporation insuring the lien of the encumbrance may conclusively presume that no breach exists under this Declaration, provided that the encumbrance is recorded with the San Luis Obispo County Recorder before the start of any action to establish a breach and not within sixty (60) days after the recording of any Notice of Noncompliance, anything contained in this Declaration to the contrary notwithstanding.

9. GENERAL PROVISIONS

9.1. Amendments. This Declaration may be amended at any time, and from time to time, by an instrument in writing signed by three-fourths of the then owners of record of the Lots, which written instrument will become effective on its recording with the San Luis Obispo County Recorder.

9.2. Voting. All matters that require the approval of the owners of the Property shall be decided by a vote of the owners of the Lots. Each Lot shall have one (1) vote. A vote that is attributed to each Lot may not be cast on a fractional basis. If the Lot has more than one owner and the owners are unable to agree as to how the vote should be cast, the vote shall be forfeited on the matter in question. If one owner casts the vote attributed to a Lot, the vote shall conclusively bind all owners of that Lot. If more than one owner casts the vote attributable to a Lot in any matter in which only one vote could be cast for that Lot, the votes cast by such owners shall not be counted and shall be considered void.

9.3. Severability. If any of the provisions of this Declaration are held to be invalid or unlawful by the final judgment of a court of competent jurisdiction, that invalidity or illegality will not affect the validity of any other provisions of this Declaration.

9.4. Fair Housing. Neither Declarants nor any owner may directly or indirectly forbid the conveyance, encumbrance, renting, leasing or occupancy of the owner's Lot to any person on the basis of race, color, sex, religion, ancestry, national origin, disability or other prohibited basis.
