Brentwood

Finishes, fixtures and furnishings

Welcome to 324 Medio Drive....

Recently reimaged and realized by acclaimed designer Jeremiah Brent, this residence represents a study in modern elegance grounded in warmth and individuality. Every detail — from custom furnishings to rare vintage discoveries — was chosen to create a home that is as functional as it is refined. The interiors are layered with bespoke finishes, curated lighting, hand-crafted furniture, and one-of-a-kind pieces that lend character and continuity. Rather than standing apart, each element contributes to a seamless whole, creating a modern homescape that balances sophistication with ease of living.

The following pages catalog just some of the incredible details of the home's principal spaces. More discoveries await those who tour this residence that Architectural Digest described as “timeless”.

All furnishings may be included with the sale of this special property.
