INVESTMENT OVERVIEW

Marcus & Millichap is pleased to offer for sale a ±3.18 acre parcel of land (APN #0238-152-02) located just southeast of the intersection of E. Francis Street and Milliken Avenue in the city of Ontario. This entire property is subject to an easement with Southern California Edison that is due to overhead high voltage transmission lines.

There is a Verizon Wireless cell site on the subject property, Verizon has been a tenant since 2004. The newest Verizon lease started on April 1, 2024 and runs for 5 years. Verizon also has three 5-year extensions. The current income from this lease is \$2,575 per month (\$30,900 annually) with rent increases of 3% yearly. Verizon Wireless is also responsible for complying with the Brush Code requirements and clearing any overgrown brush at the property twice a year at their sole cost and expense.

Zoning on this property is UC (Utilities Corridor). The UC zoning district is consistent with, and implements, the Open Space-Nonrecreational land use designation of the Policy Plan component of The Ontario Plan. The allowable and permitted uses for the subject include Outdoor Vehicle Storage, Plug-In Electric Charging Facilities, Agriculture and Garden/Nursery uses.

MARKET OVERVIEW

RIVERSIDE-SAN BERNARDINO

Known as the Inland Empire, the Riverside-San Bernardino metro is a 28,000-square-mile region in Southern California, encompassing San Bernardino and Riverside counties. The metro contains a population of 4.7 million. The largest city is Riverside, with roughly 319,000 residents, followed by San Bernardino and Fontana, with more than 200,000 people each. Valleys in the southwestern portion of the region that are adjacent to Los Angeles, Orange County and San Diego County are the most populous in the metro. These areas abut the San Bernardino and San Jacinto mountains, behind which lies the high-desert area of Victorville/Barstow to the north, and the low-desert Coachella Valley — home of Palm Springs — to the east. Abundant land and proximity to the Los Angeles metro have led the area formerly known as the Orange Empire to transition from an agricultural economy into a manufacturing and logistics hub in the last 70 years.

METRO HIGHLIGHTS

STRATEGIC LOCATION

Access to multiple inter-states and proximity to LAX and Ontario International airports, as well as ports in Long Beach and Los Angeles, contribute to the metro's vast transportation network.

DOMINANT INDUSTRIAL MARKET

The metro continues to be one of the nation's leading industrial markets in terms of annual property sales, construction activity and net absorption.

STRONG DEMOGRAPHIC TRENDS

Job growth, colleges and regionally affordable housing options draw thousands of new residents to the Inland Empire each year.

3.18 ACRES (UC ZONE) + CELL TOWER

MARKET OVERVIEW

ECONOMY

- Intermodal infrastructure supports the industrial sector. Ontario International is the major cargo airport, with Union Pacific and BNSF operating rail facilities in Fontana and San Bernardino. Another rail facility has been proposed by BNSF in Barstow.
- The metro's standing as a logistics hub requires many Fortune 500 companies to have massive distribution centers and warehouses in the area, such as Amazon and J.B. Hunt.
- East of Riverside and San Bernardino, communities in the Coachella Valley serve as tourist destinations and support employment in the hospitality sector.

3.18 ACRES (UC ZONE) + CELL TOWER

MARKET OVERVIEW

DEMOGRAPHICS

- The metro is expected to add more than 98,000 people through 2029, and during this time, roughly 34,000 households will be formed, generating demand for newly built single-family homes and rentals.
- About 64 percent of households own the home they live in, which is one of the higher rates in California.
- The local median home price of roughly \$621,000 is by far the lowest among Southern California markets.

QUALITY OF LIFE

Regionally affordable housing continues to draw residents from other Southern California markets to the Inland Empire. The median home price in Riverside-San Bernardino is significantly lower than in Los Angeles, Orange and San Diego counties. The Inland Empire provides cultural opportunities, including the Riverside Metropolitan Museum and the Ontario Museum of History & Art. The Riverside County Philharmonic performs classical music concerts throughout the area. The region features an impressive offering of higher education institutions with at least 10 community colleges; California State University, San Bernardino; the University of Redlands; and the University of California, Riverside.
