3. Monthly Invoicing and Billing Cycle

- a. Billing Cycle and Due Dates. Your billing cycles run on a monthly basis. Subsequent billing cycles will begin on the same date each month (the "Billing Cycle Day"). Each month, Sunrun will prepare a written or electronic invoice specifying the payment due from you to Sunrun for the preceding billing cycle. You will receive this invoice within ten (10) days following the conclusion of the preceding billing cycle and your payment for the preceding billing cycle will be due the day before the next Billing Cycle Day. Sunrun reserves the right to update its billing systems from time to time and will notify you if your payment due date changes accordingly. You may also elect to make payments to Sunrun before the Monthly Payment due date.
- b. Payment Options. Monthly Payments are payable to Sunrun Installation Services Inc. (i) by automatic withdrawal from your checking or savings account or (ii) by check drawn on a United States bank account or (iii) by money order.
- c. A Returned Check Fee of Twenty-Five Dollars (\$25.00) (or such lower amount as required by law) will be assessed to you for any check or withdrawal right that is returned or refused by your bank.

4. Auto-Pay Discount

- a. Monthly Payments shown in Section B(1) and Exhibit A assume payment by Automated Clearing House (ACH) withdrawal from your checking or savings account ("Auto-Pay") and include a \$7.50 Auto- Pay discount.
- b. If you do not elect Auto-Pay, you will not receive an Auto-Pay Discount and, as a result, your Monthly Payments will be *\$7.50 higher per month* than those reflected in Section B(1) and Exhibit A.

5. Payment of Taxes

- a. The payments specified in Section B(1) above do not include taxes. If any taxes (including, but not limited to, sales and transaction taxes and including any associated interest and penalties) are assessed on these payments, the sale of electric energy, the Home, or the transaction itself, other than with respect to taxes on income or personal property taxes on the Solar System, and are paid by Sunrun rather than you, you agree to pay or reimburse Sunrun for all such taxes, except to the extent that you are prohibited from doing so by applicable laws.
- b. In addition, you agree to reimburse Sunrun for any taxes, other than with respect to taxes on income or personal property taxes on the Solar System, including any associated interest and penalties, assessed on the Solar System that Sunrun may incur, provided, however that to the extent any tax exemption is available to offset any taxes imposed on and paid or reimbursed

by you as a result of the Solar System, you (and not Sunrun) shall be entitled to claim such exemption.

- c. To the extent that Sunrun seeks reimbursement from you, you agree that Sunrun may seek a full reimbursement from you for the total amount incurred by Sunrun, impose a surcharge on your monthly invoice to recover the total amount incurred by Sunrun over a period to be determined by Sunrun, or, at its sole discretion, set up a separate payment plan with you to recover the total amount incurred by Sunrun.

6. Intentionally Omitted

7. Prepayment of Monthly Payments

- a. At any time, you may prepay all of the expected Monthly Payments you will owe Sunrun during the remaining portion of the Initial Term ("Prepayment"). Sunrun's obligations under this Agreement will not change if you make such a prepayment.
- b. The Prepayment shall equal the remaining Monthly Payments for the current and remaining years of the Initial Term discounted by the lesser of (x) the prime rate plus 100 basis points (as published by the Wall Street Journal) and (y) 5.0% (the "Prepayment").

8. **Late Payment.** If Sunrun does not receive your Monthly Payment by the due date listed on the invoice, Sunrun may charge you an administrative late fee equal to the lesser of (i) one and a half (1.5%) percent per month on the portion of your balance that is more than thirty (30) days past due, and (ii) the maximum amount permitted under and subject to applicable law. This late fee is not an interest charge, finance charge, time price differential or other such charge or payment of a similar nature.

9. Net Metering Service.

- a. As of the In-Service Date, you must take service from the Standard Net Metering Service and its associated terms ("NEM Service") provided by your Utility. You agree that you will continue to take NEM Service for as long as this Agreement is in effect. You agree to take the NEM Service currently in effect for this Utility or, in the event that the NEM Service is no longer in effect, you agree to use a substitute metering program as chosen by Sunrun in its sole discretion.
- b. You agree to execute all documentation associated with the NEM Service, or any substitute metering service, and any refund, credit, or rebate program promptly at the request of Sunrun, its representatives or affiliates, and/or the Utility. If you do not return such documentation within seven (7) days following any such request, Sunrun may invoice you for an amount equal to the amount of rebates it otherwise would have received had you returned such documentation.
- c. The point where the Solar System connects to the Home's connection to your Utility is called "Interconnection." For the purposes of calculating performance guarantee payments, if any, under Section D, you agree that title to and risk of loss for the electric energy provided under this Agreement shall pass from Sunrun to you when the electric energy reaches Interconnection. You further agree that electrical energy provided under this Agreement is measured at the time when electrical energy reaches Interconnection.

10. Supplemental Energy; Rebates & Credits

- a. All electric energy produced by the Solar System will be available to you for use at the Home pursuant to this Agreement. If, at any time, you need more electric energy than is being produced by the Solar System ("Supplemental Energy"), you will be responsible for purchasing that Supplemental Energy from another supplier, such as your Utility, and for paying any fees associated with such Supplemental Energy that the other supplier may charge.

- b. You agree that Sunrun alone will receive any credit, rebate, environmental attribute, or other payment or offset (“Incentives”) that may be attributable to the Solar System. All Incentives will be the sole property of and transferable by Sunrun.
- c. Notwithstanding anything to the contrary contained herein and without limiting the other rights, if any, of Sunrun with respect to Incentives attributable to the Solar System, you agree that Sunrun will receive any federal tax credits that may be attributable to the Solar System, and that such federal tax credits will be the sole property of and transferable by Sunrun. Sunrun's expected federal tax credits associated with the Solar System have been factored into the calculation of your Monthly Payment.
- d. If you purchase the Solar System from Sunrun, you will own and be entitled to proceeds from the sales of solar renewable energy credits earned after the date you purchase the Solar System from Sunrun, subject to any obligation you may have to reimburse Sunrun for any Incentives that would otherwise have been provided to Sunrun.

C. Our Warranties

1. Warranties

- a. Workmanship Warranty. We warrant our Work and the Solar System for a period of 25 years after the In Service Date (the “Warranty Period”), except as provided below with respect to our roof penetration warranty. During the Warranty Period we will, at our expense, repair or replace any material or Work covered under this Agreement. Our “Workmanship Warranty” includes but is not limited to the following:

**WE INSURE AND
MAINTAIN THE
SYSTEM FOR
25 YEARS AFTER
INSTALLATION.**

Page 5

- (i) Roof Penetration Warranty. We warrant that roof penetrations made by the Solar System and impacting the Home’s roof will be weather-tight for a period of 10 years after the In Service Date.
 - (ii) Damage Warranty. We will either repair or reimburse you for damage we cause during installation to the Home, your belongings or your property, as limited by Sections C(2), E and G.
 - (iii) Sunrun will maintain and repair the Solar System, at Sunrun's cost, for the Initial Term and any Renewal Terms. To the extent that this Agreement is validly transferred or assigned to an owner of the Home, all of the warranty rights and obligations under this Agreement shall continue to apply and shall be automatically transferred to any such future owner.
- b. Equipment Warranty. Sunrun warrants all of the Solar System’s equipment for the duration of the Initial Term. If parts fail during the Initial Term, Sunrun will use commercially reasonable efforts to replace them with like equipment; however, you acknowledge that due to parts availability and other factors, this may not be possible. Sunrun agrees that any change in equipment will not reduce the Guaranteed Output set forth in Section D.
 - c. End of Term Warranty. At the end of the Initial Term or at the end of a Renewal Term, should either you or Sunrun wish to end the Agreement, Sunrun will remove the Solar System at no cost to you and return the Home to a condition similar to its condition prior to installation of the Solar System, excepting ordinary wear and tear (including, but not limited to, wear and tear resulting from local weather conditions) and wear and tear that can be expected due to the presence of the Solar System on the Home for the year 25 - term (including, but not limited to, uneven wear and tear and uneven discoloration).

2. Warranty Exceptions and Exclusions

- b. The Roof Penetration Warranty shall be void and voidable if work is performed by you or your contractors

on the roof that adversely impacts the roof penetrations made by the Solar System during the 10 year warranty period.

- c. The Roof Penetration Warranty does not cover any (i) leaks that occur in areas of the Home's roof not impacted by the Solar System or the associated roof penetrations, (ii) pre-existing and/or underlying failures of the Home's roof or (iii) foreign objects acting on the Home's roof (e.g. hail, golf balls, etc.).
- d. The Workmanship Warranty does not apply to the following:
 - (i) Work performed by anyone other than us or our Installation Partners;
 - (ii) Any Solar System materials that were modified, repaired or attempted to be repaired by anyone other than Sunrun or its Installation Partners without Sunrun's prior written approval;
 - (iii) Any damages resulting from your breach of the Agreement;
 - (iv) Any damage not caused by us, our Installation Partners or a Solar System defect;
 - (v) Damage resulting from ordinary wear and tear;
 - (vi) Damage resulting from mold, fungus and other organic pathogens;
 - (vii) Shrinking/cracking of grout and caulking;
 - (viii) Fading of paints and finishes exposed to sunlight; and
 - (ix) Damage caused by ball strikes

Your initials indicate that you have read, understood and accepted the provisions set forth in this section C(2).

Agreed and accepted by:  (Initials)

3. Contacting Sunrun to Fix the Solar System.

Sunrun will monitor the Solar System to proactively address any problems that may arise. Nevertheless, if you think there is an issue with the Solar System that is covered by any of the warranties specified above, please contact Sunrun at 877-404-4129 or by email at customer@sunrun.com. Sunrun will use commercially reasonable efforts to fix any issue covered by a warranty as soon as possible after it becomes aware of such issue.

Performance Guarantee

1. Production Estimate

- a. Sunrun estimates that the Solar System will be capable of generating **8949.743** kilowatt-hours of electric energy during its first year of operation. Actual production may vary due to natural variation in weather patterns, the physical specifications of the Home's roof(s), the required placement of the Solar System on your roof, and other conditions. Your Monthly Payment is not tied to the actual output of the Solar System.
- b. Due to expected panel degradation, Sunrun estimates that the Solar System will be capable of generating **189737.75** kilowatt-hours ("kWh") during the Initial Term (the "Estimated Output").

2. Guaranteed Output.

Subject to the conditions set forth in this Section D, Sunrun guarantees that the Solar System will generate ninety-five percent (95%) of the Estimated Output during the Initial Term of this Agreement as set forth in Exhibit A (the "Guaranteed Output"). Subject to the conditions set forth in this Section D, Sunrun will issue you a refund if the Solar System does not generate the Guaranteed Output.

Sunrun will not issue you a refund for any Solar System underproduction resulting from any system failure or lost production caused by reasons other than (a) a Solar System defect, (b) shading due to the weather or (c) shading conditions that were present at the Home at the commencement of installation. For the avoidance of doubt, Sunrun will not issue you a refund for underproduction arising from any of the following:

- Underproduction arising from your failure to comply with your obligations under the Agreement.
- Underproduction arising from shading conditions (other than weather) different from those that were present at the Home at the commencement of installation.
- Underproduction as a result of a grid failure disabling the Solar System.
- Underproduction arising from you causing or requesting the Solar System to be shut down or to generate significantly less electric energy.
- Underproduction arising from damage to the Solar System caused by foreign objects acting on the Solar System (e.g. hail, golf balls, etc.)

Sunrun makes no other representation, warranty or guarantee of any kind regarding the Solar System's actual or expected output or performance and any other express or implied warranties are hereby disclaimed.

Your initials indicate that you have read, understood and accepted the provisions set forth in this Section D(2).

Agreed and accepted by:  (Initials)

3. Overproduction.

If, over the course of the Initial Term, the Solar System produces more energy than the predicted Guaranteed Output, then the extra energy will be yours at no additional cost. Sunrun may use this overproduction amount to offset future underproduction in a given period should the Actual Output attributable to such period be less than the Guaranteed Output attributable to such period.

4. Actual Output and Refunds.

On the 24 month anniversary of the In-Service Date and on every 24 month anniversary thereafter (each, a "Guarantee Date"), Sunrun will calculate the "Actual Output" of the Solar System. For the purposes of this Agreement, "Actual Output" shall mean the amount of electric energy generated by the Solar System to date plus any kWh for which you have previously received a refund. Subject to Section D(2), if the Actual Output is less than the Guaranteed Output for that Guarantee Date set forth on Exhibit A, Sunrun will issue you a refund. This refund will be calculated by subtracting the Actual Output for that Guarantee Date from the Guaranteed Output for that Guarantee Date, and multiplying the result by the refund per kWh amount as set forth for that Guarantee Date on Exhibit A. For the last year of the Initial Term (year 25), the guarantee period will be 12 months.

For the last year of the Initial Term (year 25), the guarantee period will be 12 months.

D. Installation

1. Our Work; Description of Materials.

a. Our work on the Solar System includes:

- (i) design, permitting and supply of the equipment and material typically necessary for a complete and operable Solar System, which shall be performed during the construction of the Home prior to the In Service Date;
- (ii) installation of the Solar System which shall be performed during the construction of the Home prior to the In Service Date;
- (iii) acquisition of approval from your Utility;
- (iv) connecting the Solar System to the grid, testing the operation of the Solar System and advising you in the use of the Solar System; and
- (v) assistance with any applicable rebate program paperwork set forth in Section B(10) (collectively, the "Work").

b. The primary equipment used for the Solar System will typically include a series of interconnected photovoltaic panels, one or more inverters, racking materials, and a production meter. Other materials generally used as the "balance of system" are disconnects, breakers, load centers, wires, and conduit.

2. Solar System Production and Energy Consumption Monitoring; Data.

a. Installation and Maintenance of Metering and Monitoring Equipment.

- (i) Production Monitor. During installation or at any time thereafter during the Term, we may install or replace production monitoring devices to measure the energy produced by the Solar System (the "Production Monitor"). Through the Production Monitor, we will collect Solar System production and performance data ("Performance Data").
- (ii) Energy Consumption Monitor. During installation or at any time thereafter during the Term, we may install or replace energy consumption monitoring devices (the "Consumption Monitor"). Through the Consumption Monitor, we may collect and store information about energy usage at the Home ("Usage Data").
- (iii) Access to Monitors. You acknowledge and agree that the Production Monitor and the Consumption Monitor will be part of the Solar System, and that you must provide Sunrun with reasonable access to the Home after the In Service Date in order to install, operate, maintain, repair and replace the Production Monitor and the Consumption Monitor, upon such time(s) as are reasonably acceptable to both you and Sunrun.
- (iv) Internet Connection. In order to ensure the proper functioning of the Production Monitor and the Consumption Monitor, if possible, you must provide the Solar System with continuous access to a functioning broadband internet connection with one (1) wired Ethernet port and standard electrical outlet, at your cost. If you are unable to provide the Solar System with an internet connection in accordance with the foregoing sentence, the Home must be located in an area with cellular service that is acceptable to us in our discretion.
- (v) Monitor Damage or Inaccuracy. Sunrun uses the Production Monitor to monitor and record your electricity production, and promptly respond to any production issues. To the extent the Production Monitor has any inaccuracies during any given period as a result of your actions or the actions of any other person unrelated to Sunrun (including, without limitation, any failure to maintain internet connection or cellular service as provided in clause (iv) above), Sunrun will deem that the Solar System has produced 100% of Estimated Output during such period for purposes of the Production Guarantee set forth in Section D. You will be responsible for any damage to the Production Monitor or Consumption Monitor that is caused by you or any other person unrelated to Sunrun. If the Production Monitor breaks or malfunctions other than as a result of your actions or the actions of any other person unrelated to Sunrun will, in good faith, estimate the amount of electric energy actually produced during the malfunction in order to determine whether you are owed a payment under the Production Guarantee set forth in Section D.

b. Data Usage and Disclosure. We may combine the Usage Data and Performance Data with each other and with other data, including, without limitation, personally identifiable information (collectively, "Data"). Our possible uses and disclosure of the Data are described in Exhibit E. We will never sell any personally identifiable Data to a third party without your prior written consent.

c. Communications Equipment. During installation or at any time thereafter during the Term, we may install or replace communication equipment (for example, an antenna) (the "Communication Equipment") at the Home. The Communication Equipment may or may not be used in connection with the Solar System. We may use the Communication Equipment to improve the quality of cellular and/or internet connectivity in your area. We may also sell the right to use the Communications Equipment in the manner described above to a third party. You understand that consenting to the foregoing is not a condition of purchase or a condition to the entry into this Agreement.

Do you consent to the installation and use of the Communication Equipment as set forth above?

All such installation shall be performed during the construction of the Home prior to the In Service Date

- b. Sunrun or its Installation Partners will obtain any permits needed for installation of the Solar System. You agree to cooperate with Sunrun and assist Sunrun in obtaining any permits needed, including the NEM Service documentation referenced in Section B(9).
- c. If Sunrun or its Installation Partner damages the Home during installation, we will repair the damage we caused at no cost to you.
- d. Sunrun, its Installation Partners and agents shall keep the Home reasonably free from waste materials or rubbish caused by their operations. Prior to the In-Service Date, Sunrun and its agents shall remove all tools, construction/installation equipment, machinery, waste materials and rubbish from and around the Home.
- e. Sunrun reserves the right, at Sunrun's sole discretion, to install a critter guard with the Solar System. Guards can help protect the Solar System from pests or rodents that can damage components of the Solar System.

5. Access to the Home

- a. From and after the point at which you obtain fee title to the Home from Builder, you agree to grant Sunrun and its Installation Partners reasonable access to the Home for the purpose of, as applicable, operating and testing the Solar System and performing Sunrun's obligations under this Agreement. Sunrun agrees to give you reasonable notice when Sunrun needs to access the Home for any of the foregoing purposes and will endeavor to restrict such access to normal business hours, provided however, that access to the Home shall only be at such time(s) as are reasonably acceptable to both you and Sunrun.
- b. You agree to make reasonable efforts to provide a safe and secure work environment for Sunrun and its Installation Partners at the Home throughout the Initial Term and any Renewal Terms

6. Miscellaneous.

- a. Sunrun has the authority and sole discretion to use Installation Partners or agents to perform or assist Sunrun in performing Sunrun's obligations.

If you plan to move or temporarily disconnect the Solar System to allow for maintenance of and/or repair to the Home, you agree, at your expense, either (i) to hire Sunrun to perform this work or (ii) to obtain Sunrun's approval of your contractor, who you agree must carry commercial general liability policy in an amount not less than one million (\$1,000,000) dollars per occurrence and name "Sunrun Installation Services Inc. and its successor or assigns", as additional insureds.
- c. You agree that you will not make any modifications, improvements, revisions or additions to the Solar System or take any other actions that could damage or void any applicable warranty without Sunrun's prior written consent. If you make any modifications, improvements, revisions or additions to the Solar System, they will become part of the Solar System and shall be Sunrun's sole property.
- d. If applicable programs exist in your utility service area, you agree to allow Sunrun, from time to time, to remotely administer and operate the Solar System in connection with demand response or other programs to optimize your electricity costs or to maintain the reliability of the electrical grid.

Any modification to this Agreement or acceptance of an amendment shall not be effective without the written mutual consent of you and Sunrun.

F. Additional Information

1. Agreement Term

- a. Initial Term. The Initial Term of the Agreement begins on the In-Service Date and continues in effect for 25 years following the In-Service Date, unless canceled or terminated earlier in accordance with the terms of this Agreement. Within a reasonable period of time following its occurrence, Sunrun will notify you of the In-Service Date.
- a. Renewal Term. Subject to clause (ii) below, at the end of the Initial Term, the Agreement will be automatically renewed for an additional one-year term ("Renewal Term," collectively with the Initial Term, "Term"). Sunrun will provide you with your new rate for electric energy at the beginning of the Renewal Term and each successive Renewal Term, if any. The new price per kWh shall be ten percent (10%) less than the "average cost of electric energy" as established by your Utility, or its successor. "Average cost of electric energy" shall be the price you would otherwise pay for electric energy to your Utility or its successor for the 12 months preceding the start of each Renewal Term. Unless otherwise terminated under the terms of this Agreement, this Agreement will continue to automatically renew for additional one-year terms at the end of each Renewal Term.
 - (i) Sunrun will make a good faith effort to notify you between thirty (30) and sixty (60) days before the end of the Initial Term of (i) your end of term options and (ii) the estimated rate for electric energy in the first Renewal Term (if applicable).

- (ii) The Agreement will not automatically renew if either Party gives the other Party written notice of termination (x) at least thirty (30) days prior to the expiration of the Initial Term or the applicable Renewal Term, or (y) within fifteen (15) days after Sunrun provides you with the written estimated rate for electric energy in the upcoming Renewal Term, whichever is later.

2. Termination

At the end of the Initial Term or at the end of a Renewal Term, should either you or Sunrun end the Agreement, Sunrun will remove the Solar System at no cost to you. Written notice of termination must be provided in accordance with Section G.1(b).

Subject to the exclusions set forth in Sections C and E, Sunrun will return the Home to a condition similar to its condition prior to installation of the Solar System. You must notify Sunrun in writing of any deficiencies in restoration within five (5) business days of removal or a municipal building inspector's approval of the work associated with the removal of the Solar System.

3. Customer Obligations

You acknowledge and agree to the following:

- a. Your local utility is SCE (the "Utility"). You agree that the Home will remain connected to your Utility for the Initial Term and any Renewal Terms and that you will notify Sunrun prior to changing your Utility.
- b. That you will purchase all electric energy generated by the Solar System at the payment prices set forth on Exhibit A.
- c. The Solar System is removable equipment owned by Sunrun or its affiliates and is not considered a fixture or otherwise part of the Home.
 - i. The Solar System will not be subject to any lien, security interest, claim, mortgage or deed of trust that may be imposed on or assessed against your interest in the Home, or any other property belonging to you. Neither Sunrun nor our Installation Partners will apply a lien to your title to the Home.
 - ii. However, you agree that Sunrun or a Sunrun affiliate may file any UCC-1 financing statement or other filing that confirms ownership of the Solar System.
 - iii. The foregoing notwithstanding, any contractor, subcontractor or materialman who provides goods or services pursuant to this Agreement and who is not paid may have a valid legal claim against the Home known as a mechanic's lien. Sunrun shall satisfy and cause the removal of any such lien within 30 days following the date Sunrun receives notice of the recording of such lien.
- d. The Solar System will be used primarily for household purposes and will not be used to heat a swimming pool.
- e. You may not sell, give away, transfer, pledge, remove, relocate, alter, tamper with or damage the Solar System or associated meters and/or monitors at any time. Any attempts to tamper with, damage or modify the Solar System will be considered beyond reasonable wear and tear use of the Solar System. You further acknowledge that removal of the Solar System from the Home for any reason during the Term may require Sunrun to refund, at your cost, Incentives provided in respect of the Solar System.
- f. You agree: to keep trees, bushes and hedges trimmed so that the Solar System retains shading and conditions present at the time of installation to not modify the Home in a way that shades the Solar System; to not permit or allow to exist any condition or circumstance that would cause the Solar System not to operate as intended at the Home; and to promptly notify Sunrun if you think the Solar System is damaged or appears unsafe or if the Solar System is stolen.
- g. You will refrain from attempting to clean, fix, or modify the Solar System, unless expressly permitted to

do so by Sunrun. If any condition exists with respect to the Solar System which you think may be affecting performance or if you believe the Solar System has accumulated snow, is excessively soiled, is damaged or otherwise appears unsafe, please notify Sunrun at 225 Bush Street, Suite 1400, San Francisco, CA 94104, customercare@sunrun.com, 877.404.4129. We may remedy the condition if it is deemed necessary by Sunrun to do so, put you in contact with certified partners who can remedy the condition, or provide you with instructions on how to remedy such situation (e.g. use a hose to spray the panels from ground level).

- h. You agree that Sunrun may (i) call you and (ii) send pre-recorded and text messages to you at the phone number you provided regarding the installation, maintenance, and administration of your Solar System using automated telephone technology even if your phone number is listed on any national or state "Do Not Call" list. Message and data rates may apply.

Your initials indicate that you have read, understood and accepted the provisions set forth in this Section G(3)(j).

Agreed and accepted by: DS
MUG (Initials)

You further agree that Sunrun may (i) call and (ii) send pre-recorded or text messages, to the phone number you provided about other Sunrun products and services, using an autodialer, even if your phone number is listed on any national or state "Do Not Call" list. Message and data rates may apply. You further understand that consenting to the foregoing is not a condition of purchase or entry into this Agreement. You will have the opportunity to opt out of any marketing messages.

Do you consent?

4. Purchase of Solar System

- a. Option to Purchase. You have the option to purchase the Solar System at the following times during the Initial Term:
- (i) Upon the fifth (5th) anniversary of the In-Service Date;
 - (ii) Upon the twentieth (20th) anniversary of the In-Service Date;
 - (iii) At the end of the Initial Term;
 - (iv) If you sell the Home during the Initial Term; and
 - (v) Under the circumstances described in Section G(10)(b).
- b. Notice of Intent to Purchase. To purchase the Solar System pursuant to this Section, you must deliver a written notice to Sunrun of your intent to purchase within sixty (60) days of the applicable date and deliver payment to Sunrun within thirty (30) days of receiving an invoice from Sunrun for the purchase price.
- c. Purchase Price. The purchase price will be the fair market value ("FMV") of the Solar System at the time of the purchase. Sunrun will determine the FMV of the Solar System by hiring an independent appraiser to estimate the value of a comparable in-service photovoltaic solar system in your state and Utility service area. This valuation will take into account the Solar System's age, location, size and other market characteristics such as equipment type, service costs, the value of electricity in your area, and any applicable Incentives.

In order to claim Force Majeure as a reason for non-performance, Sunrun must give you notice within fourteen (14) days following its occurrence and estimate how long it will last and what the potential impact is on the Agreement. If Sunrun claims Force Majeure, it must:

- a. make reasonable attempts to continue to perform under the Agreement;
- b. quickly take action to correct the problem caused by the Force Majeure;
- c. make reasonable efforts to limit damage to you; and

- d. notify you when the Force Majeure event ends and performance will resume as contemplated in this Agreement.

Accordingly, you agree to send a written notice of the Dispute to the address listed in Section G(12) of the Agreement. Sunrun will send a written notice of Dispute to the Home's address. All applicable statutes of limitation and defenses based upon the passage of time shall be tolled for the 45 days during which the parties try to informally resolve any Dispute. If you claim deficiencies in the Solar System's installation or performance, you must allow us to visually inspect the Solar System and obtain or download pertinent performance data from the Solar System.
- b. **ARBITRATION. IF THE PARTIES CANNOT RESOLVE THE DISPUTE INFORMALLY, THE DISPUTE, INCLUDING THE DETERMINATION OF THE SCOPE OR APPLICABILITY OF THIS AGREEMENT TO ARBITRATE, WILL BE RESOLVED BY BINDING ARBITRATION BEFORE ONE ARBITRATOR. THE ARBITRATOR MAY, IN THE AWARD, ALLOCATE ALL OR PART OF THE COSTS OF THE ARBITRATION, INCLUDING THE FEES OF THE ARBITRATOR AND THE REASONABLE ATTORNEY FEES OF THE PREVAILING PARTY.**

In order to initiate arbitration proceedings, you or Sunrun must take the following actions:

Exhibit A Monthly Payment Schedule and Prepayment Pricing

Each Monthly Payment shown below is for the previous year. Each of your first 12 Monthly Payments will be in the amount of \$ 115.60. The Monthly Payments shall increase by 2.9 % annually during the Initial Term of the Agreement (the "Annual Increase"), effective as of the Monthly Payment that covers any calendar month that includes an anniversary of the In-Service Date (and such increase would not apply to any part of a Monthly Payment that covers the days in a calendar month leading up to an anniversary of the In-Service Date).

The Monthly Payments shown below are before any applicable taxes and include a \$7.50 discount for paying through Automated Clearing House (ACH) withdrawal. If you do not elect automatic payment through ACH withdrawal from your checking or savings account, you will not receive this discount and each monthly payment will be \$7.50 greater. For simplicity, the table below is based on the assumption that the In-Service Date will occur on the first day of the month.

**EXHIBIT B
LEGAL NOTICES**

LEGAL NOTICE FOR CALIFORNIA HOME IMPROVEMENT CONTRACTS

MECHANICS LIEN WARNING
(Calif. Business & Professions Code §7159(e)(4))

MECHANICS LIEN WARNING: Anyone who helps improve your property, but who is not paid, may record what is called a mechanics' lien on your property. A mechanics' lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder. Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics' liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit. To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a "20 day Preliminary Notice." This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices. You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier. For other ways to prevent liens, visit CSLB's Internet Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may pay twice, or face the forced sale of your home to pay what you owe.

By signing below, you acknowledge receipt of the foregoing legal notice.

Under federal law, you have the right to hold up or stop an electronic funds transfer provided you give your financial institution notice of at least three business days before the scheduled transfer date. If you inform Sunrun that an error exists on your statement, Sunrun will attempt to correct that error prior to your next statement to the extent permitted by law. Sunrun shall bear no liability or responsibility for any losses of any kind that you may incur as a result of an erroneous statement or due to any delay in the actual date on which your account is debited.
2. If any changes occur in the information on your application, you must immediately notify Sunrun in writing of such changes. If Sunrun incurs charge-back fees as a result of inaccurate information you provide, then Sunrun shall bill you for those fees.
3. If you either do not notify Sunrun in writing of such changes or do so in an untimely fashion, Sunrun shall bear no liability or responsibility for any losses incurred to the extent permitted by law. Sunrun's sole liability to you shall be Sunrun's obligation to make any appropriate changes once in receipt of your written notification. The actual settlement date (or date the ACH transaction occurs against your checking or savings account or is charged to your check) will be no earlier than three (3) days before the invoice due date.
4. You agree to ensure that there are sufficient funds in your designated account on the settlement date to pay the amount of the debit. If Sunrun incurs charge-back fees as a result of insufficient funds in your designated account, then Sunrun shall bill you for those fees.
5. Sunrun reserves the right to change these conditions at any time. Notice may be given on or with your bill or by other methods. Either Party may terminate this arrangement at any time by giving the other Party written notice reasonably in advance of the date of termination or any scheduled settlement date. You may also terminate this arrangement by calling Sunrun Customer Care at 1-855-478-6786 or by changing your billing preference in the Sunrun Customer Portal. Termination shall not prevent a debit transaction authorized before any notice of termination and does not terminate the Agreement or your obligation to make payments as required by the Agreement.
6. You agree to be bound by any rules your financial institution requires for pre-authorized electronic funds transfer. You are responsible for any fees your financial institution may charge for these electronic payments.
7. Check with your financial institution to see if there are any fees associated with the pre-authorized payment option. You will be responsible for all such fees.
8. You represent to Sunrun that all persons whose signatures are required to withdraw funds from the above referenced account have executed this ACH Deposit Form.

By my signature below, I authorize automatic electronic payments and accept these Terms and Conditions and acknowledge that I will receive a separate electronic request to securely enter my bank account information.

REQUIRED FOR NEW HOMEOWNERS WITHOUT REQUISITE BILL HISTORY

SYSTEM SIZING DISCLOSURE

Sunrun requires that customers have 12 months of electricity bill history in their current home to ensure accurate system sizing. Because you are a new homeowner and do not have 12 months of electricity bill history in your current home, Sunrun has sized your system using average data from its existing customer base or best practices for New Home construction energy modeling and/or policies.

By initialing below you acknowledge that:

- Sunrun has sized this Solar System without obtaining information regarding your specific electricity consumption, typically based on 12 months of electricity bill history.
- The Solar System may not be sized to offset an optimal portion of your future electricity consumption, and/or may produce more electricity than you consume.
- You are responsible for paying Sunrun for all electricity produced by the Solar System, even if the Solar System produces more electricity than you consume.

Although Sunrun has sized the Solar System using available data, Sunrun and its sales partner have made no promises or representations to you that the Solar System is appropriately sized to save you money or cause you to use less utility power than you otherwise might use.

ELECTRONIC RECORD AND SIGNATURE DISCLOSURE

From time to time, Vivint Solar (we, us or Company) may be required by law to provide to you certain written notices or disclosures. Described below are the terms and conditions for providing to you such notices and disclosures electronically through your DocuSign, Inc. (DocuSign) Express user account. Please read the information below carefully and thoroughly, and if you can access this information electronically to your satisfaction and agree to these terms and conditions, please confirm your agreement by clicking the 'I agree' button at the bottom of this document.

Getting paper copies

At any time, you may request from us a paper copy of any record provided or made available electronically to you by us. For such copies, as long as you are an authorized user of the DocuSign system you will have the ability to download and print any documents we send to you through your DocuSign user account for a limited period of time (usually 30 days) after such documents are first sent to you. After such time, if you wish for us to send you paper copies of any such documents from our office to you, you will be charged a \$0.00 per-page fee. You may request delivery of such paper copies from us by following the procedure described below.

Withdrawing your consent

If you decide to receive notices and disclosures from us electronically, you may at any time change your mind and tell us that thereafter you want to receive required notices and disclosures only in paper format. How you must inform us of your decision to receive future notices and disclosure in paper format and withdraw your consent to receive notices and disclosures electronically is described below.

Consequences of changing your mind

If you elect to receive required notices and disclosures only in paper format, it will slow the speed at which we can complete certain steps in transactions with you and delivering services to you because we will need first to send the required notices or disclosures to you in paper format, and then wait until we receive back from you your acknowledgment of your receipt of such paper notices or disclosures. To indicate to us that you are changing your mind, you must withdraw your consent using the DocuSign 'Withdraw Consent' form on the signing page of your DocuSign account. This will indicate to us that you have withdrawn your consent to receive required notices and disclosures electronically from us and you will no longer be able to use your DocuSign Express user account to receive required notices and consents electronically from us or to sign electronically documents from us.

All notices and disclosures will be sent to you electronically

Unless you tell us otherwise in accordance with the procedures described herein, we will provide electronically to you through your DocuSign user account all required notices, disclosures, authorizations, acknowledgements, and other documents that are required to be provided or made available to you during the course of our relationship with you. To reduce the chance of you inadvertently not receiving any notice or disclosure, we prefer to provide all of the required notices and disclosures to you by the same method and to the same address that you have given us. Thus, you can receive all the disclosures and notices electronically or in paper format through the paper mail delivery system. If you do not agree with this process, please let us know as described below. Please also see the paragraph immediately above that describes the consequences of your electing not to receive delivery of the notices and disclosures electronically from us.
