AGENT VISUAL INSPECTION DISCLOSURE

(CALIFORNIA CIVIL CODE § 2079 ET SEQ.)

For use by an agent when a transfer disclosure statement is required or when a seller is exempt from completing a TDS

(C.A.R. Form AVID, Revised 6/24)

This inspection disclosure concerns the residential property situated in the City of Tehachapi,
County of Kern, State of California, described as 26050 Cumberland Road ("Property").

☐ This Property is a duplex, triplex, or fourplex. An AVID is required for all units. This AVID form is for ALL units (or ☐ only unit(s) _____).

Inspection Performed By (Real Estate Broker Firm Name) BHGRE Platinum Realty Group

California law requires, with limited exceptions, that a real estate broker or salesperson (collectively, "Agent") conduct a reasonably competent and diligent visual inspection of reasonably and normally accessible areas of certain properties offered for sale and then disclose to the prospective purchaser material facts affecting the value or desirability of that property that the inspection reveals. The duty applies regardless of whom that Agent represents. The duty applies to residential real properties containing one-to-four dwelling units, and manufactured homes (mobilehomes). The duty applies to a stand-alone detached dwelling (whether or not located in a subdivision or a planned development) or to an attached dwelling such as a condominium. The duty also applies to a lease with an option to purchase, a ground lease or a real property sales contract of one of those properties.

California law does not require the Agent to inspect the following:

- Areas that are not reasonably and normally accessible
- Areas off site of the property
- Public records or permits
- Common areas of planned developments, condominiums, stock cooperatives and the like.

Agent Inspection Limitations: Because the Agent's duty is limited to conducting a reasonably competent and diligent visual inspection of reasonably and normally accessible areas of only the Property being offered for sale, there are several things that the Agent will not do. What follows is a non-exclusive list of examples of limitations on the scope of the Agent's duty.

Roof and Attic: Agent will not climb onto a roof or into an attic.

Interior: Agent will not move or look under or behind furniture, pictures, wall hangings or floor coverings. Agent will not look up chimneys or into cabinets, or open locked doors.

Exterior: Agent will not inspect beneath a house or other structure on the Property, climb up or down a hillside, move or look behind plants, bushes, shrubbery and other vegetation or fences, walls or other barriers.

Appliances and Systems: Agent will not operate appliances or systems (such as, but not limited to, electrical, plumbing, pool or spa, heating, cooling, septic, sprinkler, communication, entertainment, well or water) to determine their functionality.

Size of Property or Improvements: Agent will not measure square footage of lot or improvements, or identify or locate boundary lines, easements or encroachments.

Environmental Hazards: Agent will not determine if the Property has mold, asbestos, lead or lead-based paint, radon, formaldehyde or any other hazardous substance or analyze soil or geologic condition.

Off-Property Conditions: By statute, Agent is not obligated to pull permits or inspect public records. Agent will not guarantee views or zoning, identify proposed construction or development or changes or proximity to transportation, schools, or law enforcement.

Analysis of Agent Disclosures: For any items disclosed as a result of Agent's visual inspection, or by others, Agent will not provide an analysis of or determine the cause or source of the disclosed matter, nor determine the cost of any possible repair.

What this means to you: An Agent's inspection is not intended to take the place of any other type of inspection, nor is it a substitute for a full and complete disclosure by a seller. Regardless of what the Agent's inspection reveals, or what disclosures are made by sellers, California Law specifies that a buyer has a duty to exercise reasonable care to protect himself or herself. This duty encompasses facts which are known to or within the diligent attention and observation of the buyer. Therefore, in order to determine for themselves whether or not the Property meets their needs and intended uses, as well as the cost to remedy any disclosed or discovered defect, **BUYER SHOULD: (1) REVIEW ANY DISCLOSURES OBTAINED FROM SELLER; (2) OBTAIN ADVICE ABOUT, AND INSPECTIONS OF, THE PROPERTY FROM OTHER APPROPRIATE PROFESSIONALS; AND (3) REVIEW ANY FINDINGS OF THOSE PROFESSIONALS WITH THE PERSONS WHO PREPARED THEM. IF BUYER FAILS TO DO SO, BUYER IS ACTING AGAINST THE ADVICE OF BROKER.**

Answer these questions to the best of your knowledge. If any of the questions are answered "No," your home is likely to have an elevated/disclosable earthquake risk. If you do not have actual knowledge as to whether these risks exist, answer "Don't Know." Questions answered "Don't Know" may indicate a need for further evaluation. If your home does not have the feature, answer "Doesn't Apply." If you corrected one or more of these risks, describe the work on a separate page. The page numbers in the right-hand column indicate where in this guide you can find information on each of these features.

MARKET CONDITIONS ADVISORY

(C.A.R. Form MCA, Revised 6/24)

1. **MARKET CONDITIONS:** Real estate markets are cyclical and can change over time. It is impossible to predict future market conditions with accuracy. In a competitive or "hot" real estate market, there are generally more Buyers than Sellers. This will often lead to multiple buyers competing for the same property. As a result, in order to make their offers more attractive, some Buyers may offer more than originally planned or eliminate certain contingencies in their offers. In a less competitive or "cool" market there are generally more Sellers than Buyers, often causing real estate prices to level off or drop, sometimes precipitously. The sales price of homes being sold as foreclosures and short sales is difficult to anticipate and can affect the value of other homes in the area. Brokers, appraisers, Sellers and Buyers take these "distressed" property sales and listings into consideration when valuing property. In light of the real estate market's cyclical nature it is important that Buyers understand the potential for little or no appreciation in value, or an actual loss in value, of the property they purchase. This Advisory discusses some of the potential risks inherent in changing market conditions.
2. **BUYER CONSIDERATIONS:**
 - A. **OFFERING PRICE:** AS A BUYER, YOU ARE RESPONSIBLE FOR DETERMINING THE PRICE YOU WANT TO OFFER FOR A PROPERTY. Although Brokers may provide you with comparable sales data, generally from information published in the local multiple listing service, you should know that the reporting of this data is often delayed and prices may change, up or down, faster than reported sales indicate. All buyers should be sure they are comfortable with the price they are offering or the price they are accepting in a counter offer. You should be aware of and think about the following: (i) If your offer is accepted, the property's value may not increase and may even decrease. (ii) If your offer is accepted, you may have "Buyer's remorse" that you paid too much. (iii) If your offer is rejected there can be no guarantee that you will find a similar property at the same price. (iv) If your offer is rejected, you may not be satisfied that the amount you offered was right for you. Only you can determine that your offer was reasonable and prudent in light of the property and your circumstances.
 - B. **NON-CONTINGENT OFFERS:** Most residential purchase agreements contain contingencies allowing a Buyer within a specified period of time to cancel a purchase if: (i) the Buyer cannot obtain a loan; (ii) if the property does not appraise at a certain value ; (iii) if the Buyer is dissatisfied with the property's condition after an inspection; (iv) if an insurance policy cannot be obtained for an acceptable cost; or (v) for any other contingency within the purchase agreement. To make their offers more attractive, Buyers will sometimes write offers with few or no contingencies or offer to remove contingencies within a short period of time. In a "hot" market, sellers will sometimes insist that Buyers write offers with no contingencies. Broker recommends that Buyers do not write non-contingent offers and if you do so, you are acting against Broker's advice. However, if you do write a non-contingent offer these are some of the contractual rights you may be giving up:
 - (1) **LOAN CONTINGENCY:** If you give up your loan contingency, and you cannot obtain a loan, whether through your fault or the fault of your lender, and as a result, you do not or cannot purchase the property, you may legally be in default under the contract and required to pay damages or forfeit your deposit to the seller.
 - (2) **APPRAISAL CONTINGENCY:** If your lender's (or your own) appraiser does not believe the property is worth what you have agreed to pay for it, your lender may not loan the full amount needed for the purchase or may not loan any amount at all because of a low appraisal. As a result, if you do not purchase the property, and you have removed your appraisal contingency, you may legally be in default under the contract and could be required to pay damages to, or forfeit your deposit to, the Seller. The Seller is not obligated to reduce the purchase price to match the appraised value.
 - (3) **INVESTIGATION CONTINGENCY:** If you disapprove of the condition of the property and as a result, you do not purchase the property, you may legally be in default under the contract and required to pay damages to, or forfeit your deposit to, the Seller if you have removed your investigation contingency. However, even if you make an offer without an investigation contingency or you remove that contingency, the Seller may still be obligated to disclose to you material facts about the property. In some cases, once you receive that information the law gives you an independent right to cancel for a limited period of time.

- (4) **INSURANCE CONTINGENCY:** If you cannot obtain insurance or disapprove of the cost, and you do not purchase the property, you may legally be in default under the contract and required to pay damages to, or forfeit your deposit to, the Seller if you have removed your insurance contingency.

There is inherent risk in writing a non-contingent offer. Only you, after careful consultation and deliberation with your attorney, accountant, or financial advisor can decide how much risk you are willing to take. IT IS YOUR DECISION ALONE AND CANNOT BE MADE BY YOUR BROKER OR REAL ESTATE AGENT.

C. BROKER RECOMMENDATIONS. Broker recommends that you do not write a non-contingent offer, even if you are planning on paying all cash for the property. If you intend to write a non-contingent offer, Broker recommends that, prior to writing the offer, you: (i) review all available Seller reports, disclosures, information and documents; (ii) have an appropriate professional inspect the property (even if it is being sold "as is" in its present condition); and (iii) carefully assess your financial position and risk with your attorney, accountant or financial advisor.

D. MULTIPLE OFFERS: At times Buyers may write offers on more than one property even though the Buyer intends to purchase only one. This may occur in a short sale when the approval process can take a considerable amount of time, or it could also occur in a hot market when the Buyer is having difficulty getting an offer accepted. While it is not illegal to make offers on multiple properties with intent to purchase only one, the Buyer can be obligated to many Sellers if more than one accepts the Buyer's offers. Additionally, if any offer is accepted without contingencies, and the buyer does not perform, there can be a breach. If the Buyer has not disclosed that the Buyer is writing multiple offers with the intent to purchase only one and the Buyer subsequently cancels without using a contingency created for this purpose, the Seller may claim the Buyer is in breach of contract because the Buyer fraudulently induced the Seller to enter into a contract. This claim may even be possible when the Buyer has all the standard contingencies remaining in the contract, as the Seller could argue that a cancellation for this reason would not fall under the good faith exercise of any of those contingencies.

3. SELLER CONSIDERATIONS: As a Seller, you are responsible for determining the asking price for your property. Although Brokers may provide you with comparable sales data, generally from information published in the local multiple listing service, you should know that the reporting of this data is often delayed and prices may change, up or down, faster than reported sales indicate. All Sellers should be sure they are comfortable with the asking price they are setting and the price they are accepting. There is not, and cannot be, any guarantee that the price you decide to ask for your property, or the price at which you agree to sell your property is the highest available price obtainable for the property. It is solely your decision as to how much to ask for your property and at which price to sell your property.

Buyer/Seller acknowledges each has read, understands and has received a copy of this Market Conditions Advisory.

SQUARE FOOTAGE AND LOT SIZE ADVISORY AND DISCLOSURE

(C.A.R. Form SFLS, Revised 12/24)

Property Address: 26050 Cumberland Road, Tehachapi, CA 93561 ("Property")

1. **DIFFERENT SOURCES OF SQUARE FOOTAGE MEASUREMENTS:** Measurements of structures vary from source to source and that data is often contradictory. There is no one "official" size source or a "standard" method of calculating exterior structural size, interior space or square footage. Buyer should not rely on any advertised or disclosed square footage measurements and should retain their own experts to measure, as applicable, structure size and square footage during their investigation period, if any. This is especially important if Buyer is using square footage to determine whether to purchase the Property or are using a price per square foot to determine purchase price. Price per square foot calculations are generally broad estimates only, which can vary greatly depending upon property location, type of property and amenities. Such calculations should not be relied upon by Buyer and the accuracy of any such figures should be independently verified by Buyer with their own experts including, but not limited to, a licensed appraiser.
2. **PROPERTY (LOT) SIZE, DIMENSIONS, CONFIGURATIONS, AND BOUNDARIES:** Fences, hedges, walls, retaining walls, and other barriers or markers may not correspond with any legally-defined property boundaries. Existing structures or amenities may not be located within the actual property boundaries or local setback requirements. If lot size, dimensions, property configurations, boundary lines, and locations of improvements are important to Buyer's decision to purchase or the price Buyer is willing to pay, then Buyer should independently investigate by retaining the services of a licensed surveyor, the only professional who can accurately determine lot dimensions, boundary locations and acreage for the Property.
3. **BROKER OBLIGATIONS:** Brokers and Agents do not have expertise in determining the exact square footage and lot size. Broker has not and will not verify the accuracy of any numerical statements regarding square footage, room dimensions, or lot size, or the location of boundaries.
4. **DISCLOSURE OF MEASUREMENTS AND SOURCES:** Square footage and/or lot size numbers inserted into the spaces below, if any, were taken from the referenced source and may be approximations only. Other measurement sizes may exist from other sources.

TRUST ADVISORY

For Properties Being Sold by the Trustee of a Trust

(C.A.R. Form TA, Reviewed 6/25)

Property is being held in a revocable or irrevocable trust for the benefit of those persons or entities named as beneficiaries in the trust. For the purpose of the sale of Property, the trustee of the trust is treated as the Seller. Even if Seller is exempt from some obligations, Seller must still comply with many others. This Advisory is intended to inform Buyer and Seller of their rights and obligations independent of those established by the contract between them. **If Property is placed in a trust, any trustee must complete a TDS and other disclosures that would be required of other owners if: (i) any such trustee is a natural person AND (ii) the trust is a revocable trust, AND (iii) the trustee either is the former owner of Property or was an occupant in possession of Property within the preceding year. The disclosures are required of any trustee who meets the above requirements even if other trustees do not.**

1. SELLER MAY BE EXEMPT FROM THE FOLLOWING:

- A. (1) **Disclosure Statements:** Seller, unless specified in **paragraph 1A(2)**, does not have to complete, sign and provide Buyer with a Real Estate Transfer Disclosure Statement or Natural Hazard Disclosure Statement (C.A.R. Forms TDS and NHD). **Seller remains obligated to make the disclosures and comply with the items specified in Paragraph 1.**
- (2) If Property has been placed in a trust, the trustee(s) of the trust is considered the Seller for the purpose of complying with disclosure laws. Seller must complete, sign and provide Buyer with a TDS if (i) the Seller is a natural person, AND (ii) the trust is a revocable trust, AND (iii) the trustee is either a former owner of the Property or was an occupant in possession of the Property within the preceding year.
- B. **Other Exemptions:** Unless **paragraph 1A(2)** applies, Seller is exempt from providing Buyer with a Mello- Roos district lien disclosure, an Improvement Bond Act of 1915 notice, a Supplemental Property Tax notice, a Notice of Private Transfer Fee pursuant to California Civil Code § 1102 et seq. and completing and providing either a Homeowner's or Commercial Property Owners Guide to Earthquake Safety, including any corresponding form.
- C. **Exempt Seller Disclosures:** Even exempt Sellers have statutory or contractual obligations to make certain disclosures and may, or are required by contract to, use an Exempt Seller Disclosure (C.A.R. Form ESD) and is strongly encouraged to do so.

2. SELLER MUST COMPLY WITH THE FOLLOWING:

- A. **Known Material Fact Disclosures:** Seller is obligated to disclose known material facts affecting the value and desirability of the Property even if the specific Real Estate Transfer Disclosure Statement Form is not required to be completed.
- B. **Hazard Zones:** Seller is not exempt from applicable statutory obligations to disclose earthquake fault zones, seismic hazard zones, state fire responsibility areas, very high fire hazard severity zones, special flood hazard areas and flood hazard zones pursuant to the Public Resources Code, Government Code and United States.
- C. **Smoke Alarms:** The sale is not exempt from the State requirements that, for residential one to four units, operable smoke alarms (smoke detectors) be in place. It is negotiable between Buyer and Seller who is to pay for the cost of compliance.
- D. **Water Heaters:** The sale is not exempt from the State requirement that water heaters be properly anchored, braced or strapped and that Seller provide a written statement of compliance to Buyer.
- E. **Lead-based Paint:** The Seller is not exempt from the federal obligation to: (i) disclose known lead-based paint and lead-based paint hazards; (ii) provide Buyer copies of reports or studies covering lead-based paint and hazards on the Property; (iii) provide Buyer with the pamphlet "Protect Your Family From Lead In Your Home;" and (iv) give Buyer a 10-day opportunity to inspect for lead-based paint and hazards, if the Property contains residential dwelling units and was constructed prior to 1978.
- F. **Carbon Monoxide Devices:** The sale is not exempt from the State requirement that for all dwelling units in a residential one to four unit property, the owner must install a carbon monoxide device approved and listed by the State Fire Marshal in the dwelling unit if the dwelling unit has a fossil fuel burning heater or appliance, fireplace, or an attached garage.
- G. **Water Conserving Plumbing Fixtures:** The Sale is not exempt from the State requirement that (i) single family residences built before January 1, 1994 be equipped with water conserving plumbing fixtures by January 1, 2017 and multi-family and commercial properties be equipped with water conserving plumbing fixtures by January 1, 2019; (ii) Sellers disclose to Buyers the requirements of the law; and (iii) sellers disclose to Buyers whether the Property contains any non-compliant plumbing fixtures. See C.A.R. Form WCMD for further information.

H. Tax Withholding: The sale is not exempt from providing information pertaining to the withholding obligation under either the federal "FIRPTA" or the California withholding requirements upon the sale of real property. **Federal:** For federal purposes, a non-resident alien includes a fiduciary. A trustee is treated as a non-resident even if all beneficiaries are citizens or residents of the United States. State: The trust may be exempt from withholding (but not the completion of the real estate withholding certificate) if: (i) the trust was revocable prior to the decedent's death; (ii) the Property was last used as the decedent's principal residence; and (iii) the trustee is electing to treat the trust as part of the decedent's estate under IRC § 645 (see Instructions for FTB Form 593-C).

I. Megan's Law Database Disclosure: The sale is not exempt from the requirement that residential sales contracts contain the following notice regarding the availability of information about registered sex offenders: "Notice: Pursuant to § 290.46 of the Penal Code, information about specified registered sex offenders is made available to the public via an Internet Web site maintained by the Department of Justice at www.meganslaw.ca.gov. Depending on an offender's criminal history, this information will include either the address at which the offender resides or the community of residence and ZIP Code in which he or she resides." (Neither Seller nor Brokers are required to check this website. If Buyer wants further information, Broker recommends that Buyer obtain information from this website during Buyer's inspection contingency period. Brokers do not have expertise in this area.)

3. OTHER CONSIDERATIONS:

A. Local Law: Local law may impose obligations on the transfer of real property (such as the installation of low flow toilets or shower heads, emergency gas shut-off valves or installation of smoke detectors). Local law should be consulted to determine if sales by a trustee of a trust are exempt from such requirements.

B. Death: If the Property is being sold because of the death of an occupant of the Property, and if Buyer has concerns about the manner, location or details of the death, then Buyer should direct any specific questions to Seller.

4. BROKERS:

A. Inspection: The sale is not exempt from the Broker's obligation to conduct a reasonably competent and diligent visual inspection of the accessible areas of the Property and disclose to Buyer material facts revealed by such an inspection in the sale of residential property containing one-to-four dwelling units. Brokers may do so on C.A.R. Form AVID.

B. Agency: The sale is not exempt from the obligation to provide agency relationship disclosure and confirmation forms in the sale of residential property containing one-to-four dwelling units, commercial Property and vacant land.

By signing below, the undersigned acknowledge that each has received a copy of this Trust Advisory, and each has read and understands its terms.

WATER-CONSERVING PLUMBING FIXTURES AND CARBON MONOXIDE DETECTOR ADVISORY

(C.A.R. Form WCMD, Revised 6/24)

1. WATER-CONSERVING PLUMBING FIXTURES

A. INSTALLATION:

- (1) **Requirements:** California law (Civil Code §§ 1101.4 and 1101.5) requires all single-family residences, multi-family and commercial property built on or before January 1, 1994 to be equipped with water-conserving plumbing fixtures. Additionally, a residential and commercial property built on or before January 1, 1994 that is altered or improved is required to be equipped with water-conserving plumbing fixtures as a condition of final approval if the alteration or improvement increases floor area space by more than 10 percent, or has a cost greater than \$150,000, or for any room in a building which requires a building permit.
- (2) **Exceptions:** These requirements do not apply to (i) registered historical sites, (ii) real property for which a licensed plumber certified that, due to the age or configuration of the property or its plumbing, installation of water-conserving plumbing fixtures is not technically feasible, or (iii) a building for which water service is permanently disconnected. Additionally, there is a one-year exemption for any building slated for demolition, and any city or county that has adopted a retrofit requirement prior to 2009 is itself exempt. (Civil Code §§1101.6, 1101.7, and 1101.9.)

B. Disclosure of Water-Conserving Plumbing Fixtures: Although the installation of water-conserving plumbing fixtures is not a point-of-sale requirement, California Civil Code §§ 1101.4 (single family properties beginning 2017) and 1101.5 (multifamily and commercial properties beginning 2019) require the seller to disclose to the buyer the requirements concerning water-conserving plumbing fixtures and whether the property contains any noncompliant water fixtures.

C. Noncompliant Water Fixtures: Noncompliant water fixtures are any of the following: (i) any toilet manufactured to use more than 1.6 gallons of water per flush, (ii) any urinal manufactured to use more than one gallon of water per flush, (iii) any showerhead manufactured to have a flow capacity of more than 2.5 gallons of water per minute, (iv) any interior faucet that emits more than 2.2 gallons of water per minute. (Civil Code § 1101.3.) Buyer and Seller are each advised to consult with their own home inspector or contractor to determine if any water fixture is noncompliant. Buyer is advised to investigate the cost to bring any noncompliant water fixtures into compliance before removing the investigation contingency.

2. CARBON MONOXIDE DETECTORS:

A. INSTALLATION:

- (1) **Requirements:** As of January 1, 2013, California law (Health and Safety Code §§ 13260 to 13263 and 17926 to 17926.2) has required the following types of dwelling units intended for human occupancy have carbon monoxide detectors installed: single-family dwellings, duplex, lodging house, dormitory, hotel, condominium, time-share and apartment, among others.
- (2) **Exceptions:** The law does not apply to a dwelling unit which does not have any of the following: a fossil fuel burning heater or appliance, a fireplace, or an attached garage. The law does not apply to dwelling units owned or leased by the State of California, the Regents of the University of California or local government agencies. Aside from these three owner types, there are **no other owner exemptions** from the installation requirement; it applies to all owners of dwellings, be they individual banks, corporations, or other entities. There is no exemption for REO properties.

B. DISCLOSURE OF CARBON MONOXIDE DETECTORS: The Health and Safety Code does not require a disclosure regarding the existence of carbon monoxide detectors in a dwelling. However, a seller of residential 1-4 property who is required to complete a Real Estate Transfer Disclosure Statement, (C.A.R. Form TDS) or a Manufactured Home and Mobilehome Transfer Disclosure Statement (C.A.R. Form MHTDS) must use section II A of that form to disclose whether or not the dwelling unit has a carbon monoxide detector.

C. COMPLIANCE WITH INSTALLATION REQUIREMENT: State building code requires at a minimum, placement of carbon monoxide detectors in applicable properties outside of each sleeping area, and on each floor in a multi-level dwelling but additional or different requirements may apply depending on local building standards and manufacturer instructions. An owner who fails to install a carbon monoxide detector when required by law and continues to fail to install the detector after being given notice by a governmental agency could be liable for a fine for each violation. A transfer of a property where a seller, as an owner, has not installed carbon monoxide detectors, when required to do so by law, will not be invalidated, but the seller/owner could be subject to damages, plus court costs and attorney fees. Buyer and Seller are each advised to consult with their own home inspector, contractor or building department to determine the exact location for installation of carbon monoxide detectors. Buyer is advised to consult with a professional of Buyer's choosing to determine whether the property has carbon monoxide detector(s) installed as required by law, and if not to discuss with their counsel the potential consequences.

3. LOCAL REQUIREMENTS: Some localities maintain their own retrofit or point of sale requirements which may include the requirement that water-conserving plumbing fixtures and/or a carbon monoxide detector be installed prior to a transfer of property. Therefore, it is important to check the local city or county building and safety departments regarding point of sale or retrofit requirements when transferring property.

WATER HEATER AND SMOKE ALARM STATEMENT OF COMPLIANCE

(C.A.R. Form WHSD, Revised 12/23)

Property Address: 26050 Cumberland Road, Tehachapi, CA 93561

NOTE: For use only for REO sales with Exempt Seller Disclosure (ESD). A seller who is not required to provide one of the following statements of compliance is not necessarily exempt from the obligation to provide the other statement of compliance.

WATER HEATER STATEMENT OF COMPLIANCE

- STATE LAW:** California Law requires that all new and replacement water heaters and existing residential water heaters be braced, anchored or strapped to resist falling or horizontal displacement due to earthquake motion. "Water heater" means any standard water heater with a capacity of no more than 120 gallons for which a pre-engineered strapping kit is readily available. (Health and Safety Code § 19211d). Although not specifically stated, the statute requiring a statement of compliance does not appear to apply to a properly installed and bolted tankless water heater for the following reasons: There is no tank that can overturn; Pre-engineered strapping kits for such devices are not readily available; and Bolting already exists that would help avoid displacement or breakage in the event of an earthquake.
- LOCAL REQUIREMENTS:** Some local ordinances impose more stringent water heater bracing, anchoring or strapping requirements than does California Law. Therefore, it is important to check with local city or county building and safety departments regarding the applicable water heater bracing, anchoring or strapping requirements for your property.
- TRANSFEROR'S WRITTEN STATEMENT:** California Health and Safety Code § 19211 requires the seller of any real property containing a water heater to certify, in writing, that the seller is in compliance with California State Law. If the Property is a manufactured or mobile home, Seller shall also file a required Statement with the Department of Housing and Community Development.
- CERTIFICATION:** Seller represents that the Property, as of the Close Of Escrow, will be in compliance with Health and Safety Code § 19211 by having the water heater(s) braced, anchored or strapped in place, in accordance with those requirements.

SMOKE ALARM STATEMENT OF COMPLIANCE

- STATE LAW:** California Law requires that (i) every single-family dwelling and factory built housing unit sold on or after January 1, 1986, must have an operable smoke alarm, approved and listed by the State Fire Marshal, installed in accordance with the State Fire Marshal's regulations (Health and Safety Code § 13113.8) and (ii) all used manufactured or mobilehomes have an operable smoke alarm in each sleeping room.
- LOCAL REQUIREMENTS:** Some local ordinances impose more stringent smoke alarm requirements than does California Law. Therefore, it is important to check with local city or county building and safety departments regarding the applicable smoke alarm requirements for your property.
- TRANSFEROR'S WRITTEN STATEMENT:** California Health and Safety Code § 13113.8(b) requires every transferor of any real property containing a single-family dwelling, whether the transfer is made by sale, exchange, or real property sales contract (installment sales contract), to deliver to the transferee a written statement indicating that the transferor is in compliance with California State Law concerning smoke alarms. If the Property is a manufactured or mobile home, Seller shall also file a required Statement with the Department of Housing and Community Development (HCD).
- EXCEPTIONS:** Generally, a written statement of smoke alarm compliance is not required for transactions for which the Seller is exempt from providing a transfer disclosure statement.
- CERTIFICATION:** Seller represents that the Property, as of the Close Of Escrow, will be in compliance with the law by having operable smoke alarm(s) (i) approved and listed by the State Fire Marshal installed in accordance with the State Fire Marshal's regulations Health and Safety Code § 13113.8 or (ii) in compliance with Manufactured Housing Construction and Safety Act (Health and Safety Code § 18029.6) located in each sleeping room for used manufactured or mobilehomes as required by HCD and (iii) in accordance with applicable local ordinance(s).
