## HOME IMPROVEMENT CONTRACT FOR A SOLAR ELECTRIC SYSTEM

Erkin Sidick  
17178 Crest Heights Dr, Santa Clarita, CA, 91387

This Home Improvement Contract (the "Agreement") is entered into by and between the individual(s) identified below ("Customer" or "you") and Sunrun, Inc. ("Sunrun") as of the date of your signature below (the "Effective Date").

1. **LIST OF DOCUMENTS INCORPORATED INTO THE AGREEMENT:** (1) California Legal Notices, (2) Notice of Cancellation

2. **APPROXIMATE START AND COMPLETION DATES.** Substantial commencement of our work occurs when we begin design of your Solar Facility. Start and completion dates are based on current scheduling as of the Effective Date and subject to change.

- Start Date: 60-120 days, Completion Date: 60-120 days (following Effective Date)

3. **DESCRIPTION OF THE PROJECT AND DESCRIPTION OF THE SIGNIFICANT MATERIALS TO BE USED AND EQUIPMENT TO BE INSTALLED.** The Project is a solar electric system (the "Solar Facility"). It will be installed at your property address above (the "Property"). Our work on the Solar Facility includes: design, permitting, supply of the equipment and material typically necessary for a complete and operable Solar Facility, installation of the Solar Facility, obtaining utility approval, and assistance with Rebate Program paperwork (if applicable).

Solar Facility Size: 2.75 kW DC

Photovoltaic	Manufacturer	Model Number	QTY
Array 1	REC Solar	REC275TP	10
Inverters	Manufacturer	Model Number	QTY
Array 1	SolarEdge Technologies	SE3000 (240V) w/ -ER-US or A-US	1

4. **EXCLUSIONS.** No other home improvement work except for what is stated in Section 3 above is included in this contract.

5. **CONTRACT PRICE.** Your cost for the work (the "Contract Price"), unless changed by written agreement with you, will be: \$12,250.00 (Includes sales tax, if applicable).

6. **SCHEDULE OF PAYMENTS.** You will pay the Contract Price in the following installments:

DEPOSIT	Paid when the Agreement is signed and returned to us.	\$500.00
FINAL PAYMENT	Final payment is due upon completion of installation (typically before utility approval).	\$11,750.00
<b>TOTAL OF ALL PAYMENTS</b>	<b>(CONTRACT PRICE)</b>	<b>\$12,250.00</b>

Accepted by (Initials) ES Date 9/4/2015

SUNRUN INC. | 595 Market Street, 29th Floor, San Francisco, CA 94105 | 1-855-478-6786 | CSLB No. 969975

**7. GENERAL CONDITIONS.** We may revoke our offer to enter into this Agreement in our sole discretion if you do not accept, sign and send the Agreement to us by the tenth (10th) day after the date we presented it to you. Our work under this Agreement shall be deemed complete upon electrical inspection and/or permit approval by the local Building Department. Solar Facility power production estimates are based on data provided by the National Renewable Energy Laboratory. Actual Solar Facility performance may vary due to weather, atmospheric conditions, Solar Facility shading, or other factors, and is not guaranteed.

**8. YOUR PROMISES.** You promise that the following statements are true: (a) you hold legal title to the Property AND (b) you have written consent from each and every other owner of the Property for our installation of the Solar Facility. You further promise that if installation of the Solar Facility is subject to the consent of any third party, including a neighbor, co-owner, or Homeowners' Association ("HOA"), you will obtain that consent before the scheduled start of the installation.

**9. WORK PROCESS.** Before we start work, you will receive a design for the Solar Facility. You may request changes for five (5) days after receiving our design. If we do not hear from you by then, we will plan and schedule the work based on our design. We usually need one (1) to two (2) weeks of access to the Property to install a typical Solar Facility. Holidays, bad weather, shortages of labor or materials, work by other contractors, your delay in completing any site preparation work you agreed to, or other events beyond our control are typical reasons for delay. Our work is considered complete when the building permit is signed-off or, if that is not required, the date on which installation of the Solar Facility is complete.

**10. WHAT YOU PROVIDE.** You must provide us with power and water for use during construction.

**11. CHANGE ORDERS.** You may request or we may suggest changes in the work prior to completion. Should this occur, you and we must agree in writing on the scope of any changes (a "Change Order"). A Change Order is required if after approving the design, you request changes in design or completed work; or there is any event that causes delay or involves extra costs of materials or labor.

Change Orders become part of the Agreement once the order is prepared in writing and signed by the parties. The Change Order must describe the scope of the change, the cost to be added or subtracted from the Agreement, and the effect the Change Order will have on the schedule of payments or completion date. Change Orders that do not contain such information are not enforceable against you. You may not require us to perform extra or change-order work without providing written authorization to us prior to the commencement of any work covered by the Change Order. Our failure to comply with the requirements of this paragraph does not preclude the recovery of compensation for work performed that is based upon legal or equitable remedies designed to prevent unjust enrichment.

**12. CONCEALED CONDITIONS; CHANGES IN TARIFF PRIOR TO INSTALLATION.** The Contract Price is based on the observations we were able to make during a visual inspection of the Property at the time the Contract Price was offered. If we discover any concealed or hidden conditions or issues with the Property that may delay or prevent completion of the Solar Facility once we start installation, we will explain the issue to you, determine if additional costs are required to correct the problem and, if so, propose a Change Order. If you disagree with our Price, you may arrange to have the corrective work done by us or by another contractor. If you refuse to have the corrective work done, we may stop work and demand payment for all completed work and materials ordered for the Solar Facility, and any other loss we suffer. Should this occur, we will have no further duties under this Agreement and our warranties will not apply. If, prior to installation of the Solar Facility, there are any changes to your applicable utility tariff (including any changes to net metering), we may cancel this Agreement, in which case we will refund to you any money you have paid to us.

**13. ADDITIONAL EXCLUSIONS.** We do not provide any of the following under this Agreement for the Solar Facility: (1) removal or disposal of any material containing asbestos or any other hazardous material; (2) moving your personal items around the Property; (3) upgrades to the electrical panel or electrical service or additional costs associated with moving the current electrical meter; (4) repairing any roofing damage resulting from a substandard roof or substandard installation work; (5) structural framing work for any part of the roof or structure, including concealed substandard framing; (6) correcting mistakes of another contractor or subcontractor such as where the Property was not built to code; (7) removal and replacement of existing rot or insect infestation; (8) testing or remediating mold, fungus, mildew or organic pathogens; (9) painting of conduit or other structural parts; (10) fences; (11) upgrades for utility access requirements such as special locks or 24-hour access gates; (12) Homeowners Association ("HOA") review, permitting or fees except that we will support your efforts to coordinate with your HOA; (13) professional engineering services including site visits; (14) correction of structural integrity problems (for roof mounted systems) or evaluation and correction of ground stability under or near the system (for ground mounted systems); (15) removal of trees; (16) any studies or permitting beyond the basic building permit; or (17) monitoring services associated with any monitoring equipment that is provided directly by a manufacturer and subject to the manufacturer's terms and conditions.

**14. MONITORING.** Sunrun may continue to monitor the Solar Facility for as long as the meter continues to function, or until the twentieth anniversary of this Agreement, whichever is sooner.

**15. LATE PAYMENTS.** A late payment is any payment not received by the date specified in the Schedule of Payments. You agree to pay us interest on late payments at the rate of (a) one and a half percent (1.5%) of the amount past due per month or (b) the highest amount allowed by law, whichever is less.

**16. BREACH BY US.** If we fail in some material way to perform the work due to our fault, you may give us written notice of the breach. If we fail to correct the problem within ten days after receiving your notice, you may cancel this Agreement upon written notice to us. If you terminate the Agreement for our breach, we will refund to you any money you paid that we did not earn by performing work prior to termination.

**17. BREACH BY YOU.** We may stop work if you fail to provide us the information, approvals and access to the Property we need to do the work, or if your payment is late. We will give you written notice of our reasons for stopping work. If you correct the problem within ten days, we will resume work subject to your payment of any additional costs we incur for the stoppage. If you fail to correct the problem in ten days, we may cancel the Agreement and demand payment for all completed work and materials ordered through the date of work stoppage, any other loss we suffer, plus liquidated damages equal to twenty percent (20%) of any unpaid balance of the Price.

## **18. WARRANTY**

**18.1 MANUFACTURER WARRANTIES.** The modules and inverters installed as part of the Solar Facility are covered by separate manufacturer warranties. We will assign to you any manufacturer warranties in effect upon installation. We will also provide you reasonable assistance in contacting manufacturers. If a manufacturer fails to pay us for services to correct a deficiency, we will bill you for that service at our standard rate for time and materials.

**18.2 LIMITED WARRANTIES.** We provide a limited warranty of ten (10) years (the "Warranty Period") counted from the date the permit is signed by the building inspector. We warrant that the rated electrical output of the Solar Facility will not be less than 85% of DC nameplate rating (measured in kW) measured upon completion of our installation as a result of defects in material we supplied (except for modules or inverters) or work we performed to install the Solar Facility (the "Limited Warranty"). For the avoidance of doubt, this Limited Warranty does not cover materials already covered by the Manufacturer Warranties set forth in Section 18.1, above. We also warrant our workmanship for a period of ten (10) years after installation. During the Warranty Period, we will at our expense repair or replace any material or workmanship covered by the Limited Warranties.

**18.3 OBTAIN WARRANTY SERVICE.** To obtain warranty service, you must notify us in writing of any defect in the Work. Provided that the Warranty is not expired, otherwise voided or subject to an exclusion, we will repair or replace the defective Work within a reasonable time after you notify us. Upon expiration of our Limited Warranties there may still be applicable manufacturer's warranties. If the manufacturer does not pay for warranty service after our Warranty Period expires, we will quote you our standard rates for such work.

**18.4 WARRANTY EXCEPTIONS AND EXCLUSIONS.** The Limited Warranties do not apply to (1) work performed with materials not manufactured or purchased by us; (2) work performed according to plans or specifications not provided or obtained by us, such as plans you provide; (3) monitoring equipment and materials listed as Other Accessories & Equipment; and (4) Other Work (unless agreed in writing by us). Repair of the following is specifically excluded from our warranty: any materials that were modified, repaired or attempted to be repaired by anyone other than us without our prior written approval; any damages resulting from your failure to maintain the Solar Facility; damages resulting from abuse or ordinary wear and tear; damages due to animals, weather or natural disasters; damages resulting from mold, fungus and other organic pathogens; shrinking/cracking of grout and caulking; and fading of paints and finishes exposed to sunlight. You acknowledge that installation of the Solar Facility may void any roofing warranty of the roof manufacturer or roof installer. We assume no responsibility in relation to whether our work voids your roofing warranty. You should check with the roofer or builder concerning any impact the Solar Facility will have on a roof warranty.

**18.4 LIMITATIONS ON WARRANTIES.** THE WARRANTIES CONTAINED HEREIN ARE IN LIEU OF ALL OTHER WARRANTIES, INCLUDING ANY WARRANTIES OF MERCHANTABILITY, HABITABILITY, OR FITNESS FOR A PARTICULAR USE OR PURPOSE. ANY IMPLIED WARRANTIES ARE WAIVED TO THE FULLEST EXTENT PERMISSIBLE UNDER STATE AND FEDERAL LAW. THIS LIMITED WARRANTY EXCLUDES CONSEQUENTIAL AND INCIDENTAL DAMAGES TO THE FULLEST EXTENT PERMISSIBLE UNDER STATE AND FEDERAL LAW AND LIMITS THE DURATION OF ANY WARRANTIES NOT EXPRESSLY PROVIDED HEREIN TO THE FULLEST EXTENT PERMISSIBLE UNDER STATE AND FEDERAL LAW.

**18.5 MAINTENANCE AND REPAIR.** If the system requires maintenance or repair that is not covered by the warranties set forth above, Sunrun will not perform this work unless you enter into a separate agreement with Sunrun to perform these services at your expense.

**19. LIMITATIONS ON DAMAGES.** IN NO EVENT WILL WE BE LIABLE TO YOU OR TO ANYONE FOR LOST PROFITS, DAMAGES FROM POWER INTERRUPTION OR OTHER SPECIAL, CONSEQUENTIAL, INCIDENTAL OR INDIRECT DAMAGES WE CAUSE.

**20. ASSIGNMENT.** Neither you nor we may assign this Agreement without the written consent of the other. However, we may (i) use subcontractors, and (ii) assign this Agreement in connection with the sale or other transfer of substantially all of the equity or assets of our company. You may assign the Limited Warranties to a subsequent owner of the Property by providing us a written notice of the assignment.

**21. GOVERNING LAW.** Unless otherwise prohibited by law, this Agreement shall be governed by and interpreted in accordance with the laws of the state where the Property is located without regard to any conflicts of law rules or provisions.

## 22. DISPUTE RESOLUTION

**22.1 INFORMAL DISPUTE RESOLUTION.** If you or we have a claim ("Dispute") related to this Agreement, we will notify each other in writing. You and we will try in good faith to resolve the Dispute. If you claim deficiencies in the Solar Facility's installation or performance, you must allow us to visually inspect the Solar Facility and obtain or download pertinent performance data from the Solar Facility.

**22.2 DISPUTE RESOLUTION.** Any dispute arising out of or relating to this Agreement, including the determination of the scope or applicability of this Agreement to arbitrate, shall be determined by arbitration before one arbitrator. **ARBITRATION MEANS YOU WAIVE YOUR RIGHT TO A JURY TRIAL AND ALL DISPUTES SHALL BE DECIDED BY AN ARBITRATOR.** This agreement to arbitrate disputes is governed by the Federal Arbitration Act ("FAA"). The arbitration shall be administered by JAMS pursuant to its Streamlined Arbitration Rules & Procedures. The arbitration will be overseen by the JAMS office nearest to the Property. Judgment on the award may be entered in any court having jurisdiction. This clause shall not preclude parties from seeking provisional remedies in aid of arbitration from a court of appropriate jurisdiction. The arbitrator may, in the award, allocate all or part of the costs of the arbitration, including the fees of the arbitrator and the reasonable attorney fees of the prevailing party.

**22.3 CLASS ACTION WAIVER.** ARBITRATION MUST BE ON AN INDIVIDUAL BASIS. AS A RESULT, NEITHER YOU NOR WE MAY JOIN OR CONSOLIDATE CLAIMS IN ARBITRATION BY OR AGAINST OTHER CUSTOMERS, OR LITIGATE IN COURT OR ARBITRATE ANY CLAIMS AS A REPRESENTATIVE OR MEMBER OF A CLASS OR IN A PRIVATE ATTORNEY GENERAL CAPACITY.

**23. WRITTEN NOTICE & GENERAL CORRESPONDENCE.** Any notice, demand or request related to this Agreement must be in writing and sent to the mailing address or email address identified on the first page of this Agreement. Other legal notices, if any, appear in the Addenda to this Agreement, a list of which is set forth in Section 1. We will primarily use email to communicate with you about our work, unless you request correspondence via first class mail.

**24. MODIFICATION; ENTIRE AGREEMENT.** This Agreement is in writing. It contains the entire agreement between you and us. It supersedes any prior understandings, agreements or verbal promises by you or us. The Agreement can only be modified if you sign a Change Order that we accept.

**25. INSURANCE.** Sunrun carries commercial general liability insurance (CGL). Additionally, Sunrun requires its contractors to maintain commercial general liability insurance and workers compensation insurance.

**26. AUTHORIZED USE OF PHOTOGRAPHS.** You agree that Sunrun has the right to obtain photographic images of the Solar Facility and the Property, and to use such photographic images for internal and quality control purposes. Sunrun will not use photographic images of the Solar Facility or the Property in its marketing and promotional materials without first obtaining your express written approval.

27. [Intentionally Blank].

**28. GENERAL LEGAL NOTICES FOR THE CUSTOMER.** Do not sign the Agreement before you read it or if it contains any blank fields. You acknowledge that you have received and read a legible copy of the Agreement signed by the Contractor, including all the terms and conditions therein included, before any work was done, and that you have read and received a legible copy of every document that you signed during the negotiation. If you cancel the agreement after the right to cancel has expired, and before commencement of construction, you must pay the Contractor the amount of expenses incurred to that date plus loss of profits. You have the right to require the Contractor to have a Performance and Payment Bond. Upon satisfactory payment being made for any portion of the work performed, the Contractor, prior to any further payment being made, shall furnish to you a full and unconditional release from any potential lien claimant claim or mechanic's lien authorized pursuant to California Civil Code Sections 8400 and 8404 for that portion of the work for which payment has been made.

The deposit may not exceed \$1000 or 10 percent of the contract price, whichever is less. The schedule of payments must specifically describe each phase of work, including the type and amount of work or services scheduled to be supplied in each phase, along with the amount of each proposed payment. **IT IS AGAINST THE LAW FOR A CONTRACTOR TO COLLECT PAYMENT FOR WORK NOT YET COMPLETED, OR FOR MATERIALS NOT YET DELIVERED, HOWEVER, A CONTRACTOR MAY REQUIRE A DOWN PAYMENT.** You are entitled to a completely filled in copy of this Agreement, signed by both you and the Contractor, before any work may be started.

**29. REBATE CLAIM PAPERWORK, PAYMENT, AND DELAYS.** You alone will receive any credit, rebate, environmental attribute to the Solar Facility and all such incentives will be sole property and transferable by you. You agree that you are solely responsible for completing any forms or applications associated with receiving such incentives, and that Sunrun shall bear no responsibility in the event such rebates or incentives (i) are not paid to you, (ii) are paid in an amount that is less than or different from the amount expected, or (iii) are not paid in a timely manner.

**30. NOTICE OF RIGHT TO CANCEL**

**YOU MAY CANCEL THIS TRANSACTION AT ANY TIME PRIOR TO MIDNIGHT OF THE 10<sup>TH</sup> CALENDAR DAY AFTER YOU SIGN THIS AGREEMENT AND ANY DEPOSIT PAID WILL BE REFUNDED. SEE THE ATTACHED NOTICE OF CANCELLATION FORM FOR AN EXPLANATION OF THIS RIGHT.**

By initialing below, you expressly acknowledge that you have been advised on your right to cancel this Agreement and have received duplicate copies of the Notice of Cancellation.

**LEGAL NOTICE FOR CALIFORNIA HOME IMPROVEMENT CONTRACTS**

**1. MECHANICS LIEN WARNING.** (Calif. Business & Professions Code §7159(e)(4)).

MECHANICS LIEN WARNING: Anyone who helps improve your property, but who is not paid, may record what is called a mechanics' lien on your property. A mechanics' lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder. Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics' liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit. To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a "20 day Preliminary Notice." This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices. You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier. For other ways to prevent liens, visit CSLB's Internet Web site at [www.cslb.ca.gov](http://www.cslb.ca.gov) or call CSLB at 800-321-CSLB (2752).

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may pay twice, or face the forced sale of your home to pay what you owe.

**2. CONTRACTORS' STATE LICENSE BOARD** (Calif. Business & Professions Code §7159(e)(5)).

Information about the Contractors' State License Board: The CSLB is the state consumer protection agency that licenses and regulates construction contractors.

Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions and civil judgments that are reported to CSLB.

Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees.

For more information:

Visit CSLB's Internet Web site at [www.cslb.ca.gov](http://www.cslb.ca.gov). Call CSLB at 1-800-321-CSLB (2752)

**Annual Usage:** 4,417 kWh

**Estimated System Size:** 2.75 kWp

**Energy Offset:** 110%

### Approval

I have reviewed My Custom Solar Design and approve of the placement of solar panels identified above. I understand that the actual number of panels and their precise placement may vary based on engineering, installation, and solar energy production considerations, including roof type, shade, and other factors.
