**Verification of Seismic Retrofit**

**7732 Westland Ave**

**North Hollywood CA**

White Castle Construction performed a complete Seismic Retrofit on this One story SFD. Bolts were spaced every 6ft around the perimeter. All cripple walls were braced and sheared with Structural Grade #1 plywood. Joist blocking and framing anchors were installed. All of the work was done to Code and completed July 1, 2008.

Sincerely Yours,

Michael Goldberg
