

Overall length of 3BR 2BA units, including the extended portion at back of the 3BR Units, can be no greater than 44-ft.-long and no longer than 1 ft. beyond the last slider. The width cannot be wider than 8 feet, which is the same width of the original rear patio.

Figure 4: Maximum Extended Back Patio Dimensions for 3BR/2BA With Raised or corner patios that require walk-by space.

Overall length of 3BR 2BA units, including the extended portion at back of the 3BR Units, can be no greater than 44-ft.-long and no longer than 1 ft. beyond the last slider. The width cannot be wider than 8 feet, which is the same width of the original rear patio. Figure 4 shows an example of a tapered patio where greater walk by access is required.
