

WHAT THE NEIGHBORS *Love* ABOUT LIVING ACROSS FROM THE SCHOOL

Hear directly from the people who experience this location every day.

“When we moved here in 1994, we asked the neighbors about the school and they said it was great ... and it has been great. You have to deal with drop off twice a day but other than that no big deal. We have been happy with it ever since we moved here.”

JOHN 9112 Brabham

“It's not a big deal. I like it because we can go over and play pickle ball. Only 2 times a day is there traffic for 15 min. We never hear any noise from the kids. Having the school next door is “insignificant’.”

CHARLIE 9172 Brabham

“I don't have any neighbors across the street. I have a park that I visit almost every day across the street. The school escalates the safety of the neighborhood. Our kids walked to middle school and walked home. The only negative is a little bit of traffic during the school year.”

DAVID 9152 Brabham

“When my kids were that age it was great because they walked to school. It's nice to have a big park back there and we take our dog and grandkids often. . To be honest, the cars and parking is a problem twice a day for 15 min. The morning isn't bad because the parents just drop them off quickly. In the afternoon it's bad from 2:30 to 3pm, so we just plan on not going anywhere during that time. The school is not noisy because the kids play on the back side”.
