AGENT VISUAL INSPECTION DISCLOSURE (CALIFORNIA CIVIL CODE § 2079 ET SEQ.)

For use by an agent when a transfer disclosure statement is
required or when a seller is exempt from completing a TDS
(C.A.R. Form AVID, Revised 6/24)

This inspection disclosure concerns the residential property situated in the City of Kelseyville,
County of Lake, State of California, described as 10377 Walnut Ave
("Property").

☐ This Property is a duplex, triplex, or fourplex, or otherwise has additional dwelling units. An AVID is required for all
units. This AVID form is for ALL units (or ☐ only unit(s) _____).

Inspection Performed By (Real Estate Broker Firm Name) Country Air Properties

California law requires, with limited exceptions, that a real estate broker or salesperson (collectively, "Agent") conduct
a reasonably competent and diligent **visual** inspection of reasonably and normally accessible areas of certain properties
offered for sale and then disclose to the prospective purchaser material facts affecting the value or desirability of that
property that the inspection reveals. The duty applies regardless of whom that Agent represents. The duty applies to
residential real properties containing one-to-four dwelling units, and manufactured homes (mobilehomes). The duty applies
to a stand-alone detached dwelling (whether or not located in a subdivision or a planned development) or to an attached
dwelling such as a condominium. The duty also applies to a lease with an option to purchase, a ground lease or a real
property sales contract of one of those properties.

California law does not require the Agent to inspect the following:

- Areas that are not reasonably and normally accessible
- Areas off site of the property
- Public records or permits
- Common areas of planned developments, condominiums, stock cooperatives and the like.

Agent Inspection Limitations: Because the Agent's duty is limited to conducting a reasonably competent and diligent visual
inspection of reasonably and normally accessible areas of only the Property being offered for sale, there are several things that
the Agent will not do. What follows is a non-exclusive list of examples of limitations on the scope of the Agent's duty.

Roof and Attic: Agent will not climb onto a roof or into an attic.

Interior: Agent will not move or look under or behind furniture, pictures, wall hangings or floor coverings. Agent will not
look up chimneys or into cabinets, or open locked doors.

Exterior: Agent will not inspect beneath a house or other structure on the Property, climb up or down a hillside, move or
look behind plants, bushes, shrubbery and other vegetation or fences, walls or other barriers.

Appliances and Systems: Agent will not operate appliances or systems (such as, but not limited to, electrical, plumbing,
pool or spa, heating, cooling, septic, sprinkler, communication, entertainment, well or water) to determine their
functionality.

Size of Property or Improvements: Agent will not measure square footage of lot or improvements, or identify or locate
boundary lines, easements or encroachments.

Environmental Hazards: Agent will not determine if the Property has mold, asbestos, lead or lead-based paint, radon,
formaldehyde or any other hazardous substance or analyze soil or geologic condition.

Off-Property Conditions: By statute, Agent is not obligated to pull permits or inspect public records. Agent will not
guarantee views or zoning, identify proposed construction or development or changes or proximity to transportation,
schools, or law enforcement.

Analysis of Agent Disclosures: For any items disclosed as a result of Agent's visual inspection, or by others, Agent will not
provide an analysis of or determine the cause or source of the disclosed matter, nor determine the cost of any possible
repair.

What this means to you: An Agent's inspection is not intended to take the place of any other type of inspection, nor is it
a substitute for a full and complete disclosure by a seller. Regardless of what the Agent's inspection reveals, or what
disclosures are made by sellers, California Law specifies that a buyer has a duty to exercise reasonable care to protect
himself or herself. This duty encompasses facts which are known to or within the diligent attention and observation of the
buyer. Therefore, in order to determine for themselves whether or not the Property meets their needs and intended uses,
as well as the cost to remedy any disclosed or discovered defect, **BUYER SHOULD: (1) REVIEW ANY DISCLOSURES
OBTAINED FROM SELLER; (2) OBTAIN ADVICE ABOUT, AND INSPECTIONS OF, THE PROPERTY FROM OTHER
APPROPRIATE PROFESSIONALS; AND (3) REVIEW ANY FINDINGS OF THOSE PROFESSIONALS WITH THE
PERSONS WHO PREPARED THEM. IF BUYER FAILS TO DO SO, BUYER IS ACTING AGAINST THE ADVICE OF
BROKER.**
