System overview

Produces approximately **12,247 kWh/yr**

Equipment **Solar Panels & inverters**
2 Tesla Battery/Batteries

Service coverage

90% Performance guarantee **25 years**
The system will produce 90% of our estimate, or we pay you for the difference.

Parts, Labor & Workmanship **25 years**
If any part of the system breaks, we'll repair or replace it.
If there's an issue with the installation, we'll fix it.

Solar Roof Fasteners **10 years**

Our service cost and terms

We own the system and provide you with its electricity.

Year 1 solar rate **\$0.190/kWh**

Year 1 battery service **\$64.98/month**

Year 1 total monthly payment **\$258.89/month**
Includes 5% ACH discount

Annual payment escalator **3.50%**

Deposit due today **\$0.00**

SEASONALITY

Solar production typically peaks in the summer and dips in the winter

This chart is for demonstration purposes only. Your solar system production will differ.

This chart is for demonstration purposes only. Your production may differ.

BILLING

The solar energy system and your local grid work together to power your home

SOLAR SYSTEM

Sunrun

Your Sunrun bill stays the same each month, even if you produce more solar energy than expected.

Three ways to pay your bill:

1. Autopay
2. MySunrun.com
3. Over the phone at 1 (855) 478-6786

For the first 12 months. Does not include taxes, if applicable, or 5% discount for auto-pay enrollment.

If you violate the terms and conditions of our agreement, including but not limited to tampering with the system, we may choose to revoke warranty coverage.

You can choose to stop receiving prescreened offers of credit from us and other companies by calling toll-free 888-567-8688. See prescreen notice below for more information.

UTILITY GRID

Your local utility

Your utility bill will vary based on how much utility energy you use, when you use it, and how much surplus solar energy you sell to the grid

Install Process

Consultation

We will design a custom system for your home and present the terms for the solar service.

Site Survey

We will measure your roof and assess your home's viability for solar. We will need to access your attic and electrical panel to complete this work.

Design Review

You will have a chance to review and approve the final design. If any additional work is needed to prepare your home for solar, we will let you know.

Permitting

We will prepare all required permits and agreements to get the system installed and approved to power your home in conjunction with the grid.

Installation Day

We will install the system on your home on a scheduled day. Installation usually takes one day.

System Activation

When we get the green light from your utility, we will help to activate your system.

Your commitments

Do not tamper with the system.

This could void our warranties and service obligations.

Pay your monthly bill

You will be billed monthly for the prior month.

Keep the system clear of dirt tree shade

If your home conditions change in such a way that it reduces the system's production, our production guarantee will be voided.

Solar & Battery Service

Monitoring

We will monitor the system and contact you if there are any issues.

Service Transfer

If you move during the course of the agreement, we will work with you during the sales process to transfer the solar service to the new homeowner.

Battery Backup

When the power goes out, battery backup kicks in automatically. The batteries will charge during the day to provide backup through multi-day outages.

We've got your back. If you ever notice an issue with the system, contact us through mysunrun.com

SOLAR ENERGY SYSTEM DISCLOSURE DOCUMENT

This disclosure shall be printed on the front page or cover page of every solar energy contract for the installation of a solar energy system on a residential building.

The TOTAL COST* for the solar energy system (including financing and energy / power cost if applicable) is: \$258.89 per month, escalating at 3.50% per year; \$0.00 due at installation.

To make a complaint against a contractor who installs this system and/or the home improvement salesperson who sold the system contact the Contractors State License Board (CSLB) through their website at www.cslb.ca.gov (search: "complaint form"), by telephone at 800-321-CSLB (2752), or by writing to P.O. Box 26000, Sacramento, CA 95826.

If the attached contract was not negotiated at the contractor's place of business, you have a Five-Day Right to Cancel the contract, pursuant to Business and Professions Code (BPC) section 7159, as noted below. For further details on canceling the contract, see the Notice of Cancellation, which must be included in your contract.

Five-Day Right to Cancel

You, the buyer, have the right to cancel this contract within five business days. You may cancel by emailing, mailing, faxing, or delivering a written notice to the contractor at the contractor's place of business by midnight of the fifth business day after you received a signed and dated copy of the contract that includes this notice. Include your name, your address, and the date you received the signed copy of the contract and this notice.

*This document was developed through coordination of the California Contractors State License Board and the California Public Utilities Commission pursuant to Business and Professions Code section 7169, **but at Sunrun our policy is that you may cancel your system until construction has commenced on your home.***

13L-6 (05/2018)

Solar Home Improvement Contract Details

This agreement (“Agreement”) is between you (“you”) and Sunrun Installation Services Inc. (“Sunrun”, “we”, “us”, “our”), a Delaware corporation, for the purchase of solar electric energy. This also includes the purchase and installation of Battery storage (the “Battery”), (collectively, the “Equipment”). Although you are signing this Agreement on 9/18/2024, the Agreement is effective beginning the date on the Signature Page below (the “Effective Date”) and includes all of the items that are part of this document, including the items that follow after the Signature Page (together, the “Agreement”). **Please read the entire Agreement and talk to your sales representative about any questions you have.**

If you sign this Agreement and decide to cancel prior to the commencement of any work at or near your property associated with installation, you can do so by sending a notice of cancellation to Sunrun Installation Services Inc. at 600 California Street, Suite 1800, San Francisco, CA 94108. You may also cancel by calling us at 1-855-478-6786 or e-mailing us at cancellations@sunrun.com.

Overview of the Solar Electricity System

WHAT IS THE SOLAR ELECTRICITY SYSTEM?

Sunrun will install a solar electricity system on your home (the "System"). We will own the System and provide you with the electricity.

We want you to have the right panels and equipment for your house, and that is why we only install Sunrun Approved Equipment. Each home and roof is different, and we select the make, model, and quantity of panels, based on a thorough review of your roof. The specific equipment that will be used in the System will not be

finalized until on or near your installation date and will be identified in the Final System Notice that we'll provide to you at that time [and will also be available in your Sunrun app]. The most current details on the makes, models, and manufacturers of our Sunrun Approved Equipment can be found at sunrun.com/equipment and is updated as new models and equipment become available.

- The approximate date when work will commence on your home is 60 - 90 days from the effective date of this Agreement. Once work has commenced, it will take 1 to 5 days to complete.

The System will include:

- Solar Panels (convert sunlight to electricity)
- Inverter(s) (convert DC electricity to AC electricity)
- Batter(ies) (store electricity)
- Associated racking, wiring, and electrical equipment (junction boxes, etc.)
- Relocation of any electrical circuits (and their associated breakers) from the main electrical service panel to a new subpanel connected directly to the System.

In this Agreement, you are locking in a monthly price, but the specifics of the System size and exact electricity production will depend on the Sunrun Approved Equipment we select as most suitable for your roof.

The Solar System will produce approximately 12,247 kilowatt-hours (kWh) of electricity over the first 12 months of the Agreement, which means it will produce approximately 143% of the power we estimate you currently use ("Estimated Future Usage"). The Estimated Future Usage is based on up to 12 months of past utility bills OR your home's square footage plus any adjustments you may have made to that estimate (for example, if you are planning to add more electric appliances to your home). There are a few important things you should know about the System and its energy production:

- Depending upon the Sunrun Approved Equipment selected as most suitable for your roof, the size and output of the System may vary slightly; however, our Performance Guarantee (see Performance Guarantee section for additional details) is based on your originally quoted Estimated Total Production.
- The System's annual guaranteed production is listed in Exhibit A.

- The System was designed based on past and future usage information you provided to us. If you use more energy than your estimated future usage, then you may need to buy more electricity from your utility.
- The System will generally produce more electricity on sunny days and in the summer months. It will produce less energy on cloudy days and in the winter months and it will produce less electricity if panels are in the shade, dirty, or, covered in snow or leaves.
- **Your estimated savings**, if applicable, are based on current NEM and NBT programs. Please note that NEM and NBT are utility programs and may change at any time, even after you sign this Agreement, which could affect your estimated savings throughout the term of this Agreement.
- **If available, you agree to use from your utility's standard Net Energy Metering ("NEM ") or Net Billing Tariff ("NBT")** program for the life of this Agreement. NEM and NBT provide you credits (which vary by utility) toward your utility bill for electricity that the System produces but that you don't use or store (if applicable) at your house, and may also include benefits for Sunrun. If your utility no longer offers NEM or NBT, you agree to use a substitute metering program as chosen by us at our sole discretion. In order for Sunrun to help you sign up for NEM or NBT, we may ask you to give us certain documents. If we don't receive the documents from you within seven (7) days of our request, we may charge you for any benefits that Sunrun lost because we didn't receive them in time.

Term, Payments, and Solar Incentives

HOW LONG IS THE TERM OF THIS AGREEMENT?

You agree to pay for the solar electricity created by the System for 25 years. The Initial term begins on the date the System is activated (the "Activation Date"), which requires permission from your utility, and ends 25 years after the Activation Date (the "Initial Term") unless renewed, canceled, or otherwise terminated. Your termination options are explained below.

WHAT ARE MY COSTS AND WHEN WILL I RECEIVE MY BILL?

You can expect to receive your first Total Sunrun Monthly Bill 30-40 days after your Activation Date. Here's how we calculate your monthly bill:

- Based on the System size, Estimated Production, and the product you selected, your monthly bill will be \$258.89 per month for year 1 (and shall increase by 3.50% each subsequent year).
- Save 5% every month by enrolling in autopay with checking or savings account.
- If you qualify for the ACH payment Discount, your payment for each of the first 12 months of this agreement could be as low as \$258.89.

BILLING

- **You'll be billed every month on the anniversary of the Activation Date for the prior month of energy.** Your bill will come on a similar date each month. You'll receive your bill within ten (10) days following the end of the last billing cycle and your payment will be due the day before the next billing cycle begins.
- If you don't pay your bill on time, we can shut down the System, repossess the System, send you to collections, and/or flag non-payment on your credit report. We may charge you a late fee equal to the lesser of (i) one and a half (1.5%) percent per month on the portion of your balance that is more than thirty (30) days past due; or (ii) the maximum amount permitted under applicable law. This late fee is not an interest charge, finance charge, or time price differential.
- The cost of any real or property taxes are your responsibility, whether assessed today or in the future. Sunrun may add the cost of real or property taxes to your monthly bill and send the tax payments to the relevant authorities. The payment schedule in Exhibit A does not include taxes and assumes you receive the ACH discount described above. If any additional taxes (including, but not limited to, sales, excise, and other transaction taxes and including any associated interest and penalties) are assessed by any taxing authority on these payments, the sale of electric energy, or the Home, and are paid by

Sunrun rather than you, you agree to pay or reimburse Sunrun for all such taxes, except to the extent that you are prohibited from doing so by applicable laws. You also agree that to the extent any tax exemption is available to offset any taxes imposed on and paid or reimbursed by you as a result of the System, you (and not Sunrun) shall be entitled to claim such exemption.

- You can pay via ACH, online, via your MySunrun app, mail us a check, or pay by phone. If you choose to pay by phone, we offer e-check options. There is a returned check fee of \$25. You can call 1-855-478-6786 to pay by phone, or mail us a check at this address: Sunrun Inc. P.O Box 511612 Los Angeles, CA 90051-8167
- At any time, you may prepay all of the Monthly Payments during the remaining portion of the Initial Term ("Prepayment"). Prepayment equals the remaining Monthly Payments for the current and remaining years of the Initial Term discounted by the lesser of (x) the prime rate plus 100 basis points (as published by the Wall Street Journal); or (y) 5.0%. Sunrun's obligations under this Agreement will not change if you make such a Prepayment. Sunrun customer service can calculate and provide you the Prepayment amount at any time after the Activation Date.
- We reserve the right to update our billing systems from time to time and will notify you if your Monthly Payment due date or payment options change accordingly.
- If you have billing questions, please contact our Customer Care department at 1-855-478-6786.
- If the System design changes after our site audit, your Upfront Payment may change. If this happens, we will proceed as described in the "Home Upgrades" section below, which would require your consent.
- If applicable, your Upfront Payment is payable to "Sunrun Installation Services Inc." by money order, or a check drawn on a United States bank account.
- Deposits are stored in a Sunrun Inc. general account and, if applicable, funds are returned directly from that account.

You don't own the System and it is not a permanent part of your home.

- You cannot sell, transfer, or dispose of the System in any way, because it belongs to Sunrun.
- You cannot assign any financial or legal obligation onto the System because you don't own it, including but not limited to liens, security interests, claims, mortgages, or deeds of trust.
- Sunrun will not file a lien on your home with the exception of a mechanic's lien. A mechanic's lien may be used by Sunrun or one of our contractors or subcontractors if you don't pay for goods or services pursuant to this agreement, or if Sunrun does not pay its subcontractor. We will remove any lien within 30 days from the date that we receive satisfactory payment and/or we will indemnify you from any liens placed on your home by one of our subcontractors.
- We do reserve the right to file a UCC Financing Statement on your home for this System, which would not be a lien; rather, it would enable us to assert our legal ownership of the system if necessary.

WHAT HAPPENS TO THE SOLAR INCENTIVES?

The System may be eligible for certain incentives, benefits, or credits (defined below) and we include the value of those incentives in the price we charge you. You agree to cooperate with Sunrun so that Sunrun receives System benefits.

- You Understand that any Federal Tax Incentives are the sole property of Sunrun because Sunrun owns the System. Sunrun also owns the right to claim the "clean energy" attributes for the energy produced. You agree to assign all other Incentives to Sunrun, including (a) State, Federal, and local incentives; and (b) energy credits stemming from the environmental attributes of the system, including but not limited to Renewable Energy Credits ("RECs"), Solar Renewable Energy Credits ("SRECs"), and Carbon Credits (collectively, the "Incentives"), all of which are the environmental attributes of a system that are sold on secondary markets and help us monetize benefits for customers. All Incentives will be the sole property of Sunrun because Sunrun owns the System, which means that only Sunrun owns the right to claim the "clean energy" attributes for the energy produced. If you purchase the System from Sunrun, you'll own and be entitled to proceeds from any Incentives earned after the date you purchase the System from Sunrun.

System Installation and Maintenance

HOW WILL THE SYSTEM BE DESIGNED AND INSTALLED?

As part of the installation process, we'll survey your home and provide you with a custom System design to review. After you approve the design, we'll apply for necessary permits, install the System, facilitate a final inspection, request permission from your utility to turn the System on, and we'll help you to activate the System.

Here are the key details about the process:

Your installation will include:

- Installing the System at your home;
- Relocating your electrical loads as needed (storage projects only);
- Any pre-installation preparatory work that may need to be done to your home to prepare it for the System.

Design

Once you receive the System design, you'll have five (5) business days to request a design change. If you don't request a change within this period, you'll be deemed to have approved the design. Sunrun will use commercially reasonable efforts to accommodate change requests. With your written, deemed, or verbal approval, installation may begin.

Home Upgrades & Pre-Installation Preparatory Work

Before Sunrun or our subcontractor installs the System, certain home upgrades and pre-installation preparatory work may be required, which will be based on the results of the System design, a visual inspection of your home, and/or quality requirements (the "Home Upgrades"). If Home Upgrades are required, their terms and conditions will be governed by this Agreement, and a list of the specific Home Upgrades required for your installation and the associated cost will be provided to you before installation in the template attached as Exhibit F. The scope of Home Upgrades may vary, from minor shingle replacements to more substantial projects like extensive electrical work, or in some cases, roof replacement. Some common types of Home Upgrades can include a main panel upgrade, main panel replacement, meter swap, trenching, and/or roof work.

If required, you will receive the specifics of the required Home Upgrades prior to installation, which will require your consent for any Home Upgrades that will require additional payment. In those cases, payment will be due as soon as the Home Upgrades are complete. For Home Upgrades that do not require additional payment, we will deem that you have consented to the Home Upgrades and will continue with your installation journey unless you cancel the project pursuant to the section above titled "Details" prior to the commencement of construction. Once any construction on your home has commenced (including the commencement of any Home Upgrades), you can no longer cancel this Agreement without repaying the full value of any Home Upgrades that may have been subsidized.

You will receive the specifics of the required Home Upgrades prior to installation, which will require your consent for any Home Upgrades that will require additional payment. In those cases, payment will be due as soon as the Home Upgrades are complete. Once any construction on your home has commenced (including the commencement of any Home Upgrades), you can no longer cancel this Agreement without repaying the full value of any Home Upgrades.

Please note that the Home Upgrades required are based solely on the observations we were able to make during a visual inspection of the Property in its current condition. If we subsequently discover any concealed or hidden conditions or issues with the Property that may change, delay or prevent completion of the Home Upgrades once work has commenced, we will stop work, define the issue, and present additional costs to you in a proposed Change Order.

For all Home Upgrades roof work, we provide a limited warranty for a period of five (5) years for re-roofs, and a warranty of one (1) year for all other roofing work. For electrical or non-roof work, we provide a warranty of one (1) year (the "Warranty Period"), beginning on the Completion Date of the work and solely for all Work performed by us, including subcontractors who do work on Sunrun's behalf.

Survey and Potential for Home Upgrades

When we survey your home, we may find that your home requires additional work or upgrades to make it suitable for the System ("Home Upgrades"). For example, your main electrical panel may need to be upgraded to be able to handle the additional power from the System, or your roof may need to be changed to withstand the System's weight. If your home needs Home Upgrades, we'll provide you with written notice. You are responsible for the cost of any Home Upgrades; Sunrun cannot move forward with the installation, and may choose to cancel this Agreement if you don't agree to Home Upgrades required to make your home suitable for solar. If you choose to move forward with Sunrun, we'll all sign updated documentation that will be incorporated into this Agreement.

Change Orders

If Sunrun requests a modification to the terms of the Agreement, Sunrun will notify you in writing of the requested change and will ask you to accept the modified terms by executing a Change Order. An example of a modification that would require a Change Order would be a change in System size that results in a reduction in Estimated Total Production of more than 3%. If you fail to respond to a Change Order request within five (5) business days, you will be deemed to have accepted the modifications.

Permitting

Sunrun or our subcontractors will apply for the permits necessary for the installation of the System. Certain jurisdictions require homeowner signatures and/or permissions to apply for a permit. You agree to assist us in obtaining any permits or other documentation necessary to install the System. If required for your home, it is your obligation to secure HOA approval to install the System.

Installation

We'll confirm an installation date with you in advance. We'll install the System using our qualified and licensed employees or subcontractors in material compliance with all local requirements. It generally takes one (1) day or

less to install the System, but factors like inclement weather and delays created by local permitting authorities may slow things down.

Inspection

After we install the System, we'll work with your municipality to complete a final inspection.

Turning on the System

We'll submit all necessary paperwork to your utility to receive permission to operate ("PTO") the System. After we receive PTO, we'll activate and turn on the System (the "Activation Date"). We cannot promise whether or when the utility will provide PTO because this is something that the utility controls. If you're concerned about how long it is taking to achieve PTO, we recommend you call the utility directly. **YOU ARE NOT ALLOWED TO TURN ON THE SOLAR SYSTEM OR USE THE SOLAR SYSTEM UNTIL WE INFORM YOU THAT IT'S TIME, AND WE ARE NOT ALLOWED TO LET YOU KNOW IT'S TIME TO TURN IT ON UNTIL THE UTILITY HAS GIVEN PERMISSION TO OPERATE. YOU ARE LIABLE FOR ANY COSTS OR DAMAGE RELATING TO YOUR PREMATURE ACTIVATION OF THE SYSTEM.**

Use of Subcontractors

Our license number in California is 750184. At our sole discretion, we may use subcontractors to perform or assist us in designing, permitting, installing, or maintaining the System. If we use subcontractors to install the System, we'll provide you with their names and license numbers upon request.

WHAT MUST I DO AFTER I SIGN THIS AGREEMENT?

- You must give our employees and subcontractors, and your local permitting inspectors, access to your home, including, but not limited to: your roof, the property on the sides of your home, and your garage. Access is needed to perform surveys, installation, and ongoing repairs and maintenance. We will give you reasonable notice when we need to access the home and will attempt to only do work during normal business hours.
- You must provide us with power and water for use during installation of the System.
- For an additional charge, if we deem it necessary or at your request, you agree to give us the right to install an animal guard with the System. This guard will protect the System from pests or rodents that could damage components of the System.
- You agree that we can install energy production and consumption monitors on your home. These help us monitor your usage and System performance. You'll be responsible for any damage to the production monitor or consumption monitor that is caused by you or any other person unrelated to Sunrun.
- You will give us access to the data that is required to monitor the System, including your solar and Utility meter data and your energy monitoring data, as well as data regarding your energy consumption from your utility company or from electric usage data storage sites and you agree to execute any necessary

third-party access agreement if requested. You agree to allow us to combine information (such as your name and address) with the System performance and usage data (the “Data”) so that we can properly monitor and maintain the System. You agree to allow us to transfer the Data to the non profits Solar Rights Alliance and Solar United Neighbors. We'll never sell any personally identifiable information without your express consent, and we agree to abide by our Privacy Policy, which is subject to change.

You agree to not change the backup reserve, other settings, or mode of your battery. Doing so will impact how much power you buy from the utility and likely will increase how much you pay for it.

- You agree to maintain an internet connection, which is required for Sunrun to collect the data from the System. If your internet connection is dormant for more than 90 consecutive days, the Performance Guarantee (defined below) in this Agreement will be invalidated during the applicable two-year period because we won't have the ability to monitor the System's performance.
- You agree that your home will remain connected to your Utility for the Initial Term and any Renewal Terms, and that you'll notify Sunrun prior to changing your Utility.
- You agree that the System will be used primarily for household purposes and not to heat a swimming pool.
- You agree to keep the System clear of any obstructions that will impact the System's production of energy. Obstructions will impact System performance and will thus void the Performance Guarantee, and we will not compensate you for any lost energy production stemming from the obstructions.
- You agree to trim trees and other foliage, or remove anything else that could block the System.
- You agree not to add obstructions to your roof, such as a new fireplace or air conditioning vent, that will block the System or impact the Estimated Total Production.
- You understand that dust or other soiling of panels can reduce the System's performance and you agree to safely hose down the panels as needed.
- Sunrun will not compensate you for under performance due to dirty panels or obstructions described above.
- **You must NOT tamper with the System. Doing so will void the warranty and service obligations and could put you at serious risk of bodily injury or death.**
- Aside from careful and safe removal of dust or other obstructions from the panels, you may not remove, relocate, alter, tamper with, or damage the System or associated meters and/or monitors at any time.
- If you remove or tamper with the System such that it voids the Incentive(s) associated with the System, you're responsible for refunding Sunrun those costs. If this happens, Sunrun will notify you and you agree to pay us within 30 days of such notification.
- **If you think the System is broken, underperforming or has been stolen, you agree to call us promptly at 855-478-6786 or contact Sunrun through the Sunrun Customer App or my.sunrun.com. We'll**

use commercially reasonable efforts to fix any issue covered by our warranties. You agree NOT to attempt to repair the System. If you make any modifications, improvements, revisions, or additions to the System, they will become part of the System and shall be Sunrun's sole property.

- You agree to carry insurance covering damage to your Home, including damage resulting from the System and not due to the gross negligence of Sunrun. It is your responsibility to determine whether installation of the System will impact your existing coverage and if additional insurance is required.
- If you need the System to be physically removed for any reason, you must arrange removal with Sunrun or a contractor that we pre-approve to perform the work. You can have the System removed and reinstalled at your current home, but you can't remove and reinstall the System on a different home. Sunrun's cost of System removal and reinstallation will be adjusted periodically based on local market conditions. You will be charged the current cost for System removal and reinstallation at the time you need this service. To ensure that all parties involved are protected, you agree that any pre-approved contractor must carry a commercial general liability insurance policy of one million (\$1,000,000) dollars or more per occurrence and name "Sunrun Installation Services Inc. and its successor or assigns", as additional insureds. Having a pre-approved contractor remove and/or reinstall the System will require them to remove our solar roof fasteners, and therefore voids the Solar Roof Fastener warranty and we won't assume any liability for their work.

HOW WILL SUNRUN CONTACT ME?

You agree to allow Sunrun, or one of our affiliates, to call and/or text you about the System installation and service at the phone number you have provided, even if you're on a national or state "Do Not Call" list. Calls may be sent using an automatic telephone dialing system. Messaging and data rates may apply.

- You also agree that Sunrun or its affiliates may call and/or text you about new products and services that may become available or for other marketing services, even if you're on a national or state "Do Not Call" list.
 - Agreeing to be contacted by phone is optional. If you do agree, you may opt out at a later date.
 - Please initial here to acknowledge that you have read, understood and accepted the above provision:
- Agreed and accepted by:**  (Initials)

WHAT ARE SUNRUN'S OBLIGATIONS TO ME ONCE THE SYSTEM HAS BEEN INSTALLED?

We'll keep the System up and running and in material compliance with all applicable local regulations, provided that you're not in default of the Agreement. Most of our

ongoing obligations to you take the form of a limited warranty, as described below. Please note we disclaim any express or implied warranties not in this Agreement and this Agreement is the final and only word on our warranty obligations.

Our Insurance

We provide comprehensive insurance for the System and its installation, which includes: (1) damage to and theft of the System; (2) commercial general liability insurance ("CGL") underwritten by Navigator Specialty Insurance Company (policy number LA20CGL230321IC); (3) worker's compensation insurance for all employees; (4) commercial automobile liability of at least one million dollars per accident covering both bodily injury and property damage; (5) excess liability insurance of up to one million dollars per occurrence; and (6) any other insurance required by applicable laws or regulation. **Our insurance DOES NOT cover your gross negligence or willful damage of the System.**

Solar Roof Fasteners

We warrant that the System roof fasteners, which include the holes we make and a 3 inch radius around them, will be watertight for 10 years. We don't take responsibility for, and don't warrant, roof fasteners or penetrations made by someone other than Sunrun or one of our subcontractors. Additionally, this limited roof fastener warranty does not include the damage due to the normal wear of your roof, including the wear and tear of the roof that is under the System. This warranty does not cover damage resulting from mold, fungus or other organic pathogens, or from the shrinking or cracking of grout and caulking. You acknowledge that installing the System on your home may void your current roof warranty and that Sunrun assumes no responsibility if our work does so.

Performance Guarantee

We guarantee that the System will produce at least 90% of the Estimated Total Production over its lifetime. This will be true even though the System size and actual production may vary slightly depending upon the final Sunrun Approved Equipment selected as most suitable for your roof. If the System produces less than this amount, we'll pay you for the difference at an agreed upon rate per kWh (see Exhibit A). We will audit the System's performance every 2 years and will automatically issue you a refund for the amount of energy not produced if the System's cumulative lifetime production is less than the 90% threshold. Past underproduction payments will be credited toward future payments; we won't double pay you for past underperformance. You acknowledge and agree that the Performance Guarantee is based solely on the Final Estimated Output of the equipment installed as will be described in the Final System & Production Notice. **If the System performs more than expected in any given year, we won't charge you for it. However, we'll calculate that overproduction towards the Performance Guarantee calculation.**

- a. An illustrative example of how the Performance Guarantee calculation works is as follows: If we expect 20,000kWh over the first two years of the contract, the Performance Guarantee level will be 18,000kWh (20,000 kWh multiplied by 90%). If the System produces more than 18,000kWh, there is no payout. If the System produces 17,000kWh, you'll be paid for 1,000kWh (18,000kWh guaranteed minus 17,000kWh actual performance). If the payout was \$0.10/kWh, you would be paid \$100 (1,000kWh multiplied by \$0.10/kWh).

- b. In year 25 of the Agreement, the Performance Guarantee will be calculated over the last 12 months (vs. the last 24 months) because, at that point, there would only be 12 months left in the Initial Term since the last Performance Guarantee calculation.
- c. **We won't pay the Performance Guarantee from underproduction that results from your failure to comply with your obligations under this Agreement**, if there is a grid outage that disables the System, if you cause or request the System to be shut down (for example, if you request the System to be removed and reinstalled) or from damage caused by foreign objects (such as golf balls).
- d. Our Performance Guarantee is the sole obligation we have, and the sole representation we make, regarding actual and expected System performance.

Workmanship

Except as provided above, we offer a 25-year limited workmanship warranty, which protects you against any material defects associated with the installation of the System. During the Initial Term we'll, at our expense, repair or replace any material errors related to the work under this Agreement. Our workmanship warranty does not cover normal wear and tear, cosmetic issues (fading of paints and finishes), or damage resulting from mold, fungus, or shrinking and/or cracking of grout and caulking on the roof of your home.

Equipment Warranty

We'll provide any replacement parts, either new or refurbished, to keep the System in working order for the Initial Term of the Agreement and any subsequent renewal terms. Since equipment and technology change over time, we reserve the right to replace the current equipment with a functional equivalent, or better, when it breaks. Any replacement equipment will not reduce the guaranteed kWh output of the System.

Labor

At no additional cost, we'll perform any labor necessary to repair the System, as required by this Agreement, for the Initial Term.

NOTE: We don't repair, replace, or paint over equipment related to the System for cosmetic reasons, except in specific circumstances where HOAs require it.

ARE THERE ANY LIMITS TO THE WARRANTIES ABOVE?

We aren't responsible for performing service or repairs due to your negligence, or if someone other than Sunrun does work on any part of the System. We also aren't responsible for damage if foreign objects damage the System, such as golf balls.

- If a weather event such as a hurricane, tornado, snowstorm, fire, hailstorm or flood damages (but does not destroy) the System, this damage is covered under your warranties and will be repaired at no additional cost.
- If an Act of God, fire, flood, war or terrorism occurs and **completely destroys** the System, as determined by Sunrun, your obligations and Sunrun's obligations will end and this **contract will be automatically terminated**. An act of God can include a hurricane, tornado, snowstorm or hailstorm.
- Note that if your roof is damaged for any reason and you need us to remove your System to repair your roof, Sunrun reserves the right to charge you for removing and reinstalling the System.

GENERATORS AND OTHER ELECTRICITY GENERATION OR STORAGE DEVICES

If you own any electricity storage or generation equipment (such as a battery or generator) prior to the installation of the System, you agree to keep the electricity storage or generation equipment on a separate Transfer Switch from the System. If this is not possible at the time of installation, we may request additional work to your home or the existing equipment.

After installation of the System, you agree to the following: (1) not to alter the configuration of the existing equipment and/or relocate it from the separate Transfer Switch; (2) install any additional electricity storage or generation equipment behind a Transfer Switch and not to connect any additional electricity storage or generation equipment to the System or electrical panel(s) to which the System is connected; (3) not to install technologies to provide grid services, because these devices could interfere with the operation of the System. Violating this provision will (a) render you liable for any damages to the System, the electricity storage or generation equipment, and your home, and (b) void Sunrun's warranty and service obligations under this agreement. If you violate this Agreement by adding electricity storage or generation equipment after the System is installed, (a) you will be responsible for any damages to electricity storage or generation equipment, the System, related batter(ies), if any, and any wiring or appliances in the home, and (b) Sunrun's warranty and service obligations under this agreement will be voided. Adding additional generators or other technologies for the generation or storage of electricity to your home may require you to update to newer NEM or NBT programs, potentially impacting your rate plan and potential savings.

Overview of Battery Backup

WHAT DO I NEED TO KNOW ABOUT THE BATTERY?

Battery storage and the System providing its charge are intermittent power sources. For this reason we cannot warrant or guarantee that battery backup power will be available without interruption during every power outage and we expressly forbid you to back up any life-dependent or life-critical medical devices with the battery. If you do so, you take all liability and associated risk, which may include serious injury

or death. If you have critical medical equipment power needs during a power outage, contact your local emergency services or dial 911.

Additionally, you must NOT tamper with or mishandle the battery. Doing so can create hazardous conditions, including fires, high voltage hazards, and mechanical damage, among other dangers.

- Please notify Sunrun at (855) 478-6786 or contact Sunrun through the Sunrun Customer App or <https://my.sunrun.com> in the event the battery does not provide backup power during a power outage.

From time-to-time, Sunrun might provide you with instructions, ask you for information, or change the settings on the Battery to keep it working properly:

- You agree to set up a battery discharge profile in the battery manufacturer's app or allow Sunrun to set one up for you as determined by Sunrun.
- You agree that the battery will always be set up to draw charge from the System.
- For customers with an LG battery, you acknowledge that you don't have the ability to change the battery profile after the System is installed and shall not attempt to do so. Customers with a Tesla battery should not change the profile after the System is installed, including the minimum amount of battery capacity that is reserved for backup in the case of a power outage. Adjusting the profile will likely result in an increased utility bill. These abilities stem from the technical capabilities of our battery vendors and are not controllable by Sunrun.
- You give Sunrun the sole right to optimize the Battery operations, which allows us to further reduce your electricity costs, preemptively put the Battery into backup mode if a storm is coming, and/or enroll you in utility or government incentive programs, including rebates and demand response programs, at our sole discretion. Further terms, conditions, and details about Battery optimization services can be found in Exhibit G.

We will attempt to customize the battery system to your needs, based on the constraints of your home. However, there are some inherent limitations that you must acknowledge:

- Not all appliances or electrical circuits can or should be backed up by the battery system. Depending on the constraints of your home, we may not be able to back up some of the appliances or circuits you desire, we may need to back up some of them by installing a new and/or separate electrical panel, or we may need to give you a backup outlet that you can plug devices directly into to access backup power.
- Backing up more electrical loads or adding electrical load beyond what Sunrun expressly approved can cause damage to the System and battery. This includes plugging in additional devices. Please don't do this. You'll be solely responsible for System failure or performance issues caused by overloading the battery.
- We will not have a final evaluation of which appliances or electrical circuits we can back up until our site

audit has been completed and the final design has been compiled.

- Sunrun limits the physical locations where we may install the battery to minimize the risk of the equipment overheating or overcooling, which enables optimal performance of the battery system. In certain locations, by installing outdoors, battery performance will be diminished.
- If you don't maintain a broadband internet connection, the battery may not be able to receive remote software updates to improve and maintain its performance and therefore the manufacturer's warranty may be limited.
- If there is a multi-day power outage, the System may not fully recharge the Battery to 100% each day if: (a) if you use more energy than the System produces; (b) you have set the battery to do Time Of Use shifting or Maximize Self Consumption; and/or (c) the System is not large enough to produce enough energy to recharge the battery/batteries on a daily basis.

YOU AGREE THAT SUNRUN WILL NOT BE LIABLE IN THE EVENT THE BATTERIES FAIL TO PROVIDE BACKUP POWER, AND SUNRUN DISCLAIMS ANY SUCH LIABILITY, IRRESPECTIVE OF THE REASON FOR SUCH FAILURE.

Purchasing The System

Can I Buy the System?

If you desire to own the System at some point during the Initial Term or any renewal terms, you can purchase the System as-is at any of the following points in time (a) anytime during the 6th year of the Agreement, (b) when you move, (c) anytime during the 20th year of the Agreement, (d) anytime during the 25th year of the Agreement.

- If you intend to purchase the System, you must notify us in writing within 60 days of any of the events above, and pay for the System within 30 days of receiving an invoice from Sunrun for the purchase price.
- The Purchase Price will be the Fair Market Value ("FMV") of the System as determined by an independent appraiser, and will be based on the value of similar, in-service systems in your state and utility. The FMV will take into account the System's age, location, size, and other market conditions including equipment, current and future energy prices, and estimated operations and maintenance costs. In addition, if the System is purchased prior to the fifth (5th) anniversary of the Activation Date, the FMV will include the value of any lost federal tax credits.
- If you purchase the System from Sunrun, you will be solely responsible for monitoring and maintaining it, unless you enter into a separate agreement with Sunrun to perform these services at your expense.

Options at the End of the Contract

WHAT HAPPENS AT THE END OF THE INITIAL TERM OF THIS AGREEMENT?

PLEASE REVIEW THIS SECTION CAREFULLY

We will give you 90 days notice of this Agreement term end and your end of Agreement options, including the cost of renewing or purchasing the System. **If you don't give us written notice indicating which option you choose 30 days before your Agreement terminates, we'll automatically renew your Agreement for 5 years.**

The Solar System. The solar portion of this Agreement will be renewed at a 10% discount to the prevailing rate of your local utility or its successor and increase 3% every 12 months.

The Battery. The battery portion of this Agreement will be renewed at a price of \$120/mo for the first battery and \$100/mo for each additional battery and increase 3% every 12 months.

In the event of default. If you're in default of this Agreement at the end of the term, or if we foresee other issues with extending the Agreement another 5 years, we will NOT automatically renew your contract. After the initial 5 year renewal period, any successive auto-renewals will carry a 3% price increase every 12 months for both the solar and battery storage portions of the bill.

Other end of term options. The notice we send you before the end of your Agreement term will include your end of term options, including (1) renewing your Agreement; (2) purchasing the System; or (3) asking us to remove the System at no additional charge.

If you sell your home, refinance, or if your home is foreclosed on, we'll work with you and the buyers, banks, and others involved in the situation. Our mutual obligations and rights in these situations are as follows:

Selling your home: If you sell your Home, you may transfer all rights and obligations under the Agreement to the new owner, provided that the new owner (a) meets Sunrun's credit requirements of a FICO score of 650 or higher; and (b) agrees to assume the Agreement.

- If the new owner doesn't meet Sunrun's credit requirements, they can still assume the Agreement if either of the following apply: (1) they qualify for a mortgage to purchase the Home or purchase the Home in cash; (2) payment to Sunrun of a \$250.00 credit check exemption fee, by either you or the new owner.
- If the new homeowner does not agree to assume the Agreement, or if they don't qualify based on any of the above criteria, you are required to purchase the System.

Refinancing: If you refinance your home, we'll provide reasonable cooperation at no cost to you, including completing paperwork related to the Agreement as reasonably required by your lender.

Foreclosures: If your home is foreclosed on, you are in default of this Agreement and the Agreement will automatically terminate. In this scenario, we'll have the right to remove the System without notice or ask you to purchase the System. If another entity takes possession of your home, they will have the option to request that we remove the System within 90 days of when they assume possession of your property, assume the terms of this Agreement or renegotiate this Agreement on materially equivalent terms to this Agreement. For all property financed by a Fannie Mae loan, FHFA guidelines require, and you and Sunrun (as applicable) also agree, that the Home will remain connected to your Utility for the Initial Term and any Renewal Terms. Sunrun agrees not to be named loss payee (or named insured) on your insurance policy/policies covering the Home. If your home is financed by a Fannie Mae loan, please review Fannie Mae Selling Guide Chapter B2-3 available at www.fanniemae.com, for more information.

Disputes, Liability, and Contract Termination

LIABILITY, CONTRACT TERMINATION AND ASSIGNMENT

This agreement limits our liability to \$1 million. We are not responsible for indirect damages, (e.g.: if your loss of power results in food going bad in your refrigerator).

- NOTWITHSTANDING ANY BREACH OF THIS AGREEMENT, ANY FAILURE OF THE SYSTEM, OR ANY NEGLIGENT ACT THAT CAUSED ANY INJURY OR LOSS (WHETHER PROPERTY DAMAGE, PERSONAL INJURY, OR DEATH) TO ANYONE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, WE AND YOU AGREE THAT, **UNLESS SUCH INJURY OR LOSS WAS CAUSED BY A PARTY'S GROSS NEGLIGENCE, FRAUD, OR WILLFUL INJURY, SUCH PARTY'S LIABILITY ARISING OUT OF OR RELATING TO (1) SYSTEM REPAIRS OR REPLACEMENT UNDER THIS AGREEMENT, SHALL IN NO EVENT EXCEED THE DEFAULT PAYMENT, AS THAT TERM IS DEFINED BELOW, AND (2) DAMAGE TO PERSONS AND PROPERTY, SHALL IN NO EVENT EXCEED \$1,000,000.** WE AGREE THAT THIS AMOUNT IS A FAIR REPRESENTATION OF THE DAMAGES THAT YOUR OR WE EXPECT TO INCUR IN THE CASE OF ANY INJURY OR LOSS HERE UNDER.
- TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, NEITHER YOU NOR WE MAY BRING A CLAIM AGAINST THE OTHER PARTY OR SUCH PARTY'S AFFILIATES, OWNERS, DIRECTORS, EMPLOYEES, AGENTS, CONTRACTORS, OR SUCCESSORS AND ASSIGNS (COLLECTIVELY, THE "RELATED PARTIES") FOR ANY SPECIAL, EXEMPLARY, INDIRECT, INCIDENTAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES (WHETHER OR NOT THE CLAIM THEREFOR IS BASED ON CONTRACT, TORT, DUTY IMPOSED BY LAW, OR OTHERWISE), IN CONNECTION WITH, ARISING OUT OF, OR IN ANY WAY RELATED TO THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR ANY ACT OR OMISSION OR EVENT OCCURRING IN CONNECTION THEREWITH. **YOU FURTHER AGREE THAT NO CLAIM, LAWSUIT, OR ANY OTHER LEGAL OR ARBITRATION PROCEEDING IN CONNECTION WITH, ARISING OUT OF, OR IN ANY WAY RELATED TO THIS AGREEMENT MAY BE**

BROUGHT MORE THAN ONE (1) YEAR AFTER THE INCIDENT GIVING RISE TO SUCH CLAIM, OR AS LIMITED BY APPLICABLE LAW.

Limitations on Damages.

IN NO EVENT WILL WE BE LIABLE TO YOU OR TO ANYONE FOR LOSS OF PROFITS, DAMAGES FROM POWER INTERRUPTION, OR OTHER SPECIAL, CONSEQUENTIAL, INCIDENTAL, OR INDIRECT DAMAGES.

Default Payment and other remedies.

If this Agreement is terminated or canceled for any reason, other than if this Agreement is canceled pursuant to the Notice of Cancellation, terminated pursuant to this Agreement, including due to a Lessor Default or a Force Majeure Event, you agree to pay us an amount equal to the sum of the remaining Monthly Payments due to us during the Term, discounted by five percent (5%) per year, loss of incentives from the System and System Interests, amounts you owe us, our reasonable attorney's fees, and our other costs and losses including costs of removal of the System, plus any applicable taxes (collectively, the **"Default Payment"**). After you pay us the Default Payment, we'll transfer ownership of the System to you on an "As Is, Where Is" basis; provided that we'll retain all rights to the System Interests. **YOU AGREE THAT THE DEFAULT PAYMENT FAIRLY REFLECTS THE VALUE OF THE SYSTEM AND IS A FAIR REPRESENTATION OF THE DAMAGES AND LOSSES THAT WE MAY INCUR AS A RESULT OF A CUSTOMER DEFAULT.**

In addition, if you default on your obligations described above in this Agreement, Sunrun may, subject to any cure rights provided in this Agreement or under applicable law, disconnect the System and/or enter the Home and remove the System. We will provide at least fifteen (15) days' advance written notice of our intent to disconnect the system.

By signing this agreement, you waive your right to bring a class action lawsuit against Sunrun and our partners. You agree to settle any legal disagreements confidentially via binding arbitration in the nearest AAA (arbitration services provider defined below) jurisdiction to your home. The details of how this works are as follows:

ARBITRATION OF DISPUTES AND CLASS WAIVER:

Unless legally prohibited, you and we mutually agree to settle any Dispute related to this contract in good faith via mediation, which will be administered by the American Arbitration Association ("AAA") with a mediator selected from the AAA National Roster of Mediators. **If we cannot settle within 60 days of the initial mediation session, either party may elect to require to resolve our Dispute via binding arbitration.** Our binding arbitration will be administered by the AAA before a sole arbitrator in accordance with AAA's Consumer Arbitration Rules. Judgment on the arbitrator's decision may be entered in any court that has jurisdiction on the dispute. You and we mutually agree to keep the arbitration proceedings and submissions confidential as well your customer account information confidential. You also agree to bring claims against us only in your individual

capacity.

YOU ARE WAIVING THE RIGHT TO INITIATE OR PARTICIPATE IN A CLASS ACTION OR SIMILAR PROCEEDING, INCLUDING IN A PRIVATE ATTORNEY GENERAL CAPACITY. We will pay the cost of initiating any arbitration proceedings, regardless of who prevails. If the arbitrator finds in your favor, we'll pay your attorney's fees and expenses of travel to the arbitration.

What is mediation?

Mediation is an informal negotiation assisted by a neutral third party (the mediator). Pursuant to the Parties' Agreement, mediation is a precondition to any arbitration.

What is arbitration?

An alternative to a court case. In arbitration, a third-party arbitrator ("TPA") resolves "Disputes" in a hearing. It is less formal than a court case.

Is arbitration different from court and jury trials?

Yes. The hearing is private. There is no jury. It is usually less formal, faster, and less expensive than a lawsuit. Pre-hearing fact finding (called "discovery") is limited. Appeals are limited. The arbitrator's findings are binding, and courts rarely overturn arbitration awards.

Who does this cover?

You, us, and certain Related Parties (defined above). Either your or we may, after the required mediation and without the other's consent, elect to resolve disputes by binding arbitration.

What does this cover?

All Disputes (except certain Disputes about this clause). This governs all disputes that would usually be decided in court and are between us (or any Related Party) and you, including without limitation all claims related to or arising out of this Agreement, the System or our relationship with you ("Disputes"). Disputes include claims related to amendments, Disclosures, Change Orders, collections, privacy and Customer Information, claims related to the validity of this Agreement, AND THE ARBITRABILITY OF ANY DISPUTE(S). In short, Disputes has the broadest reasonable meaning.

Who handles the mediation and arbitration?

American Arbitration Association ("AAA"). The arbitration company will be the AAA, 1.800.778.7879, www.adr.org.

What are the rules of the arbitration?

Those in this clause along with the AAA Rules. Arbitrations are conducted under this Clause and the applicable AAA Active Rules and Procedures in effect at the time the arbitration is commenced. This Agreement is also subject to the AAA Consumer Arbitration Rules pursuant to the Consumer Due Process Protocol, which set forth certain protections to you (including a maximum filing fee). Any other arbitration rules that conflict with this Clause don't apply.

Where will the arbitration hearing be held?

In your hometown area. If the Parties don't agree to the locale where the hearing is to be held, the AAA will determine the location of the hearing. You can find more information in the AAA Policy on Consumer Arbitrations, which is available here https://www.adr.org/sites/default/files/Consumer_Rules_Web_0.pdf.

Can Disputes be brought in court?

Sometimes. Either party may bring a lawsuit if the other party does not demand arbitration. We will not demand arbitration of any lawsuit you bring as an individual action in small-claims court. Neither you nor we waive the right to arbitrate by using self help remedies, such as repossession or by filing an action to recover the system, deficiency balance, or for individual injunctive relief.

Are you giving up any rights?

Yes. For Disputes subject to this clause, you give up your right to:

- have juries decide Dispute
- have courts, other than small-claims courts, decide Disputes.
- serve as a private attorney general or in a representative capacity.
- join a Dispute you have with a dispute by other consumers.
- bring or be a class member in a class action or class arbitration; and have a jury trial

Can you or another consumer start class arbitration?

No. AAA is not allowed to handle any Dispute between the Parties on a class or representative basis. All Disputes subject to this clause must be decided in an INDIVIDUAL arbitration. This clause will be void if a court rules that the TPA can decide a Dispute on a class basis and the court's ruling is not reversed on appeal.

What law applies?

The Federal Arbitration Act ("FAA"). This Agreement involves interstate commerce. THUS, the FAA governs this clause. The TPA must apply substantive law consistent with the FAA. The TPA must honor statutes of limitation and privilege rights. Punitive damages are governed by the constitutional standards that apply in judicial proceedings.

Will anything you do make this clause ineffective?

No. This clause stays in force even if you: (1) cancel this Agreement; (2) default, renew, prepay, or pay the Agreement in full; or (3) go into or through bankruptcy.

Will this clause survive termination of this Agreement?

Yes. This clause will remain in effect for Disputes that commence even after the Agreement has terminated.

BY INITIALING, YOU AGREE TO ARBITRATION AND WAIVE YOUR RIGHT TO A JURY TRIAL. YOU ALSO WAIVE YOUR RIGHT TO INITIATE OR PARTICIPATE IN A CLASS ACTION OR SIMILAR PROCEEDING, INCLUDING IN A PRIVATE ATTORNEY GENERAL CAPACITY.

Agreed and accepted
by

Initial

(Initials)

You agree to indemnify us if you breach this Agreement. Additionally, if there is a Force Majeure event, we're not responsible for delaying or not performing our obligations under this Agreement.

Indemnification.

To the fullest extent permitted by applicable law, you agree to indemnify, advance expenses, and hold harmless Sunrun and our Related Parties (defined above) from any and all claims, actions, costs, expenses (including reasonable attorneys' fees and expenses), damages, liabilities, penalties, losses, obligations, injuries, demands, and liens of any kind or nature in connection with, arising out of, or in any way related to your breach of this Agreement, your negligence or willful misconduct, or your violation of law. Your indemnification obligations under this section shall not apply if the harm or damage that is the basis for such claim occurred while one of our employees or agents was at your Property and such harm or damage was caused by the negligence or willful misconduct of such employee or agent.

Force Majeure.

Sunrun is not responsible for any delay or failure in the performance under this Agreement due to Force Majeure. "Force Majeure" means any event, condition, or circumstance beyond the reasonable control of, and not caused by, Sunrun's fault or negligence. These include acts of God, war, riot, terrorism, or a strike, a pandemic or epidemic, a lockdown, an act of government (e.g., lockdown), or significant labor dispute.

We agree to provide each other written notice as it relates to this Agreement, including to resolve any disagreements we may have with you.

Written Notice & General Correspondence.

- All notices, demands, or requests related to this Agreement must be in writing and will be sent to you at your Home's mailing address or email address identified under your signature to this Agreement. We will primarily use email to communicate with you, unless you request correspondence solely via first class mail. Any notice or communication made in electronic form will have the same legal effect and enforceability as if made in non-electronic form.

Correspondence, notices, demands or requests should be sent to Sunrun at:

Sunrun Inc.
Attn: Legal Department
600 California Street, Suite 1800
San Francisco, CA 94108
Phone: 855-478-6786
Chat: Sunrun Customer App or my.sunrun.com

PRESCREEN, OPT-OUT and CREDIT NOTICE:

- Prescreen and Opt-out Notice: This "prescreened" offer of credit is based on information in your credit report indicating that you meet certain criteria. This offer is not guaranteed if you do not meet our criteria. If you do not want to receive prescreened offers of credit from us and other companies, call the Consumer Reporting Agencies toll-free at 888.567.8688; or write to Experian Opt Out, P.O. Box 919, Allen, TX 75013; Transunion Name Removal Option, P.O. Box 595, Woodlyn, PA 19094; Equifax Options, P.O. Box 740123, Atlanta, GA 30374-0123

You agree that Sunrun has the right to periodically check your consumer credit report in order to ensure we comply with the terms of our own financing agreements.

Governing Law.

- Unless otherwise prohibited by law, this Agreement shall be interpreted in accordance with and governed by the laws of the State in which your Home is located, without regard to any conflicts of laws principles thereof.
- Sunrun may report information about your performance under this Agreement to consumer reporting agencies. Late payments, missed payments, or other defaults hereunder may be reflected in your credit report.
- IT SHALL NOT BE LEGAL FOR THE SELLER (LESSOR) TO ENTER YOUR PREMISES UNLAWFULLY OR COMMIT ANY BREACH OF THE PEACE TO REPOSSESS GOODS PURCHASED (LEASED) UNDER THIS AGREEMENT.
- You agree that Sunrun has the right to obtain photographic images of the Solar System and the Home, and to use such photographic images for internal and quality control purposes.

This Agreement is binding. If one part of the Agreement is voided, the other parts of it still stand and are enforceable.

- This Agreement is binding upon, and inures to the benefit of, the Parties and their respective heirs, executors, administrators, legal representatives, successors, and assigns.
- This Agreement supersedes any prior understandings, agreements, or representations by or between the Parties, written or oral, to the extent they related in any way to the subject matter hereof.

Entire Agreement.

- You agree that this Agreement constitutes the entire agreement between you and Sunrun. If any provision is declared to be invalid, that provision will be deleted or modified, and the rest of the Agreement will remain enforceable. The terms of this Agreement that expressly, or by their nature, survive termination shall continue thereafter until fully performed, which shall include, without limitation, the obligation to make payments hereunder.

Sunrun has the sole right to assign, lease, sublease, or transfer the System and this

Agreement, in whole or in part, along with the associated rights and any obligations, to a third party for any purpose and without your consent. There are two main reasons we would assign this Agreement to someone other than an affiliated entity: (1) because you're in default; or (2) if there were a corporate merger, acquisition, or financing event, including an asset sale.

- If we assign the Agreement, we'll continue to maintain the System until you receive written notice otherwise.
- You may only assign this Agreement if you transfer ownership of or sell your home, at which times you may assign your obligations under this Agreement to the new homeowner.

Each of us has the right to terminate this Agreement under the following circumstances:

- Sunrun can cancel the Agreement at our sole discretion, including but not limited to circumstances where (a) you're in default of your obligations under the Agreement, (b) estimates of the System's solar energy production materially change at any point prior to installation, whether due to our calculations via the National Renewable Energy Laboratory PVWatts Calculator or due to conditions you have concealed, (c) you delay making your home ready and safe for the work to occur within 5 business days; (d) you otherwise cause your installation to be delayed for more than 30 days, (e) you don't sign up for NEM, NBT, or other requisite incentives, (f) cellular or internet service significantly decreases before installation, (g) prior to installation, if there are any changes or proposed changes to your Utility tariff (including but not limited to NEM or NBT compensation and term), or (h) prior to installation, the System fails to qualify for any expected incentives (including incentives based on your household income or similar criteria). If Sunrun exercises its right to cancel under this section, it will notify you in writing before cancellation is effective, and you will have no remedies at that time.
- Sunrun has the right to revoke this offer if you don't accept, sign, and send the Agreement back to us within 10 days of us presenting it to you.
- **You are entitled to cancel this Agreement prior to the day that we commence construction at your home.** Additionally, you have the right to cancel this Agreement if (a) we materially fail to perform the work under this Agreement and don't correct the issue(s) within 90 days, (b) Sunrun requires additional work or a change order to complete your installation, but you don't agree to completing and/or paying for said work, (c) you have fulfilled all of your obligations under this Agreement but Sunrun has not completed installation within 180 days of the Effective Date below.
- **You are entitled to a completely filled out copy of this Agreement signed by both you and Sunrun before any work begins. This Agreement is effective as of 9/18/2024 (the "Effective Date"). The Effective Date is the date on which the last Party signed this Agreement.**

Your signature below indicates that (a) you're 18 years of age or older, (b) you're the owner of legal title to the Home and that every person or entity with an ownership interest in the Home has agreed to be bound by the terms of the Agreement, (c) that you have been advised on your rights to cancel this agreement, and (d) that you have read, understood, and accepted the provisions set forth in this contract.

You also understand that if you do not give us a written request on which end of term option you choose 30 days before your Agreement terminates, we will automatically renew this Agreement for 5 years.

YOU HAVE A RIGHT TO REQUIRE A CONTRACTOR TO HAVE A PERFORMANCE AND PAYMENT BOND. YOU MAY CANCEL THIS TRANSACTION AT ANY TIME PRIOR TO THE DATE WE COMMENCE CONSTRUCTION AT YOUR HOME. PLEASE REVIEW THE ATTACHED NOTICES OF CANCELLATION FOR AN EXPLANATION OF THIS RIGHT.

 Title: Project Operations

Five-Day Right to Cancel

You, the buyer, have the right to cancel this contract within five business days. You may cancel by emailing, mailing, faxing, or delivering a written notice to the contractor at the contractor's place of business by midnight of the fifth business day after you received a signed and dated copy of the contract that includes this notice. Include your name, your address, and the date you received the signed copy of the contract and this notice.

If you cancel, the contractor must return to you anything you paid within 10 days of receiving the notice of cancellation. For your part, you must make available to the contractor at your residence, in substantially as good condition as you received them, goods delivered to you under this contract or sale. Or, you may, if you wish, comply with the contractor's instructions on how to return the goods at the contractor's expense and risk. If you do make the goods available to the contractor and the contractor does not pick them up within 20 days of the date of your notice of cancellation, you may keep them without any further obligation. If you fail to make the

goods available to the contractor, or if you agree to return the goods to the contractor and fail to do so, then you remain liable for performance of all obligations under the contract.

Exhibit A

As we detailed above, we guarantee that the System will produce at least 90% of the Estimated Total Production over its lifetime. Here is the Estimated Solar Output and Performance Guarantee Refund Rate, by year

Estimated Solar Output and Performance Guarantee Refund Rate, by year

Year	Total Guarantee Output to Date (kWh)	Performance Guarantee Refund Rate (\$/kWh)
1	11,022	\$0.190
2	21,989	\$0.190
3	32,902	\$0.206
4	43,760	\$0.206
5	54,563	\$0.223
6	65,313	\$0.223

State Disclosures

MECHANICS LIEN WARNING

Anyone who helps improve your property, but who is not paid, may record what is called a mechanics' lien on your property. A mechanics' lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder. Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics' liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit. To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a "20 day Preliminary Notice." This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.

BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices. You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.

PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.

PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier. For other ways to prevent liens, visit CSLB's Website at <http://www.cslb.ca.gov/> or call CSLB at 800.321.2752.

REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe. Pursuant to the terms of this Agreement, if you fail to make any payment when due hereunder, we may file a lien on your Property.

Mechanics' Lien Removal. Upon satisfactory payment being made for any portion of the work performed, we, prior to any further payment being made, shall furnish to you a full and unconditional release from any potential lien claimant claim or mechanics lien authorized pursuant to Section 8400 and 8404 of the California Civil Code for that portion of the work for which payment has been made.

Note About Extra Work and Change Orders. Extra Work and Change Orders become part of the contract once the order is prepared in writing and signed by the parties prior to the commencement of work covered by the new change order. The order must describe the scope of the extra work or change, the cost to be added or subtracted from the contract, and the effect the order will have on the schedule of progress payments. We are not required to perform additional work or changes without written approval in a "Change Order" before any of the new work is started. Extra work or a Change Order is not enforceable against you as the buyer unless the Change Order also

identifies all of the following in writing prior to commencement of any work covered by such Change Order: (i) the scope of work encompassed by such Change Order; (ii) the amount to be added or subtracted from the Agreement; and (iii) the effect the order will make in the progress payments or the completion date. Our failure to comply with the requirements of this paragraph does not preclude the recovery of compensation for work performed based upon legal or equitable remedies designed to prevent unjust enrichment. Pursuant to the terms of this Agreement, the initial design and installation of the System shall be done at our sole cost and expense, and the above notice does not apply to such work.

Information About the Contractors State License Board (CSLB). The CSLB is the state consumer protection agency that licenses and regulates construction contractors. Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions, and civil judgments that are reported to CSLB. Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees.

For more information:

VISIT CSLB's website at <http://www.cslb.ca.gov/>

CALL CSLB at 800.321.2752

WRITE CSLB at P.O. Box 26000, Sacramento, CA 95826.

Sunrun Installation Services Inc. (EIN 77-0471407) is a licensed contractor in California, License Number 750184.

Disclosure of Personal Information To Third Parties For Direct Marketing Purposes. You have the right to request and obtain from us once per year, free of charge, information about any personal information we disclosed to third parties for direct marketing purposes in the preceding calendar year, in accordance with CA Civil Code § 1798.83. If you would like to make such a request, please submit your request in writing to: Sunrun Installation Services, Inc., 600 California Street, Suite 1800, San Francisco, CA 94108.

Notice of Independent Energy Producer Contract. You acknowledge and agree that We will record a "Notice of an Independent Solar Energy Producer Contract" along with the property records to Your Property with the county recorder's office, pursuant to California Public Utilities Code § 2869.

Automatic Renewal. THIS AGREEMENT CONTAINS AN AUTOMATIC RENEWAL PROVISION. IF YOU DO NOT NOTIFY US OF YOUR CHOICE BY SENDING THE APPLICABLE COMPLETED FORM TO US EITHER CONTACT US THROUGH THE SUNRUN CUSTOMER APP OR <https://my.sunrun.com> OR BY U.S. MAIL AT OUR ADDRESS FIRST SET FORTH ABOVE AT LEAST THIRTY (30) DAYS PRIOR TO THE END OF THE TERM, THEN (UNLESS WE ELECT TO TERMINATE THIS AGREEMENT) THIS AGREEMENT WILL AUTOMATICALLY RENEW FOR FIVE YEAR TERMS, AT TEN PERCENT (10%) LESS THAN THE THEN CURRENT AVERAGE RATE CHARGED BY YOUR UTILITY UNTIL YOU NOTIFY US IN WRITING OF YOUR ELECTION TO CANCEL AT LEAST THIRTY(30) DAYS PRIOR TO THE
THE END OF THE RENEWAL TERM.

Note: The notice below is required by law, but you should know that at Sunrun our policy is that you may cancel your system until we commence construction at your home. See the section titled "Disputes, Liability, and Contract Termination" for more details.

**PLEASE DO NOT SUBMIT IF ANNUAL PRODUCTION IS LESS THAN OR EQUAL TO
HISTORICAL ANNUAL ELECTRICITY CONSUMPTION**

OVERSIZE SYSTEM REQUEST

I voluntarily ask Sunrun to oversize my system given my current and future changing needs. Please state the reason for oversizing (required) (e.g., buying an electric vehicle, moving into a vacation home full-time, etc.)

Future usage

OVERSIZE SYSTEM DISCLOSURE

You are requesting that Sunrun oversize your system to accommodate an anticipated increase in your yearly electrical service needs, for the reasons stated below.

Your current estimated consumption is kilowatt-hours per year. This Solar System is sized at an estimated production of 12,247 kilowatt- hours per year.

By signing below, you acknowledge that if your anticipated increase in energy service needs does not come to pass or if your consumption is lower for any other reason:

- You may be paying for power that you do not use and/or for which you receive no other value (for example, if your utility does not provide NEM or NBT credits for production beyond your estimated consumption).
- You may realize less savings than anticipated, or no savings at all;
- You are still responsible for purchasing the estimated production of this Solar System for the term of the contract regardless of your actual future consumption; and
- Sunrun will not provide you with any refunds, except as provided in the Agreement. You further acknowledge that Sunrun is oversizing your system based on the representations regarding your anticipated electric service needs that you have specified above. Sunrun has no obligation to do any independent investigation of the accuracy or validity of these representations, and shall bear no responsibility or liability if your anticipated electric services needs do not come to pass, except as provided in the Agreement. Sunrun reserves the right to reject any Agreement for an oversized system based on several factors, including but not limited to customer credit or other concerns. I acknowledge that I would like to oversize my system and take responsibility for any potential benefit or risk associated with system oversizing:

SOLAR FACILITY INSTALLATION AND MAINTENANCE APPROVAL ADDENDUM

This Solar Facility Installation and Maintenance Approval Addendum is a part of and subject to that certain Sunrun Solar Power Service Agreement between you and Sunrun (the “Agreement”).

1. Installation and Maintenance Approval

You agree to obtain any and all approvals required from any homeowners association, governing body, or any other entity or person that may have authority over your Property or use of your Property, such as the owner of an attached unit and/or or co-owner (“Approving Party”), for Sunrun and its subcontractors to install, access, monitor, operate, repair, maintain, protect its interest in and, subject to the terms of the Agreement, remove the Solar Facility. You understand that you will be required to sign a statement affirming that you have obtained the approval required under this section and provide Sunrun with proof of the same in such form as is acceptable to Sunrun before Sunrun will begin installation of your Solar Facility. For so long as you own the Property, you agree to work with the Approving Party using best efforts to ensure that Sunrun and its subcontractors are able to perform the foregoing activities. You further agree that if Sunrun installs a Solar Facility for you, and you have not obtained the necessary approvals, you may be required to pay Sunrun all the costs and expenses it may incur and damages it may suffer associated with the removal or non-operation of the Solar Facility on your Property, including the payments it would have received from you under the Agreement and any rebates or incentives, including tax benefits, it may lose because of the Solar Facility’s removal or non-operation.

2. Termination

You agree that should the Approving Party not approve the installation of the Solar Facility for you within ninety (90) days following the date you signed the Agreement, Sunrun shall have the right to terminate the Agreement by written notice to you.

PAYMENT FORMS

As a Sunrun customer, you agree to pay your monthly bill with recurring automatic electronic payments. If you choose not to select the automatic payment option, then you will lose the discount set forth in the agreement, and you will be required to pay your monthly Sunrun bill by check drawn on a US bank account or by money order.

You will receive all invoices via email unless you contact Sunrun directly by phone at 855-478-6786 or contact Sunrun through the Sunrun Customer App or my.sunrun.com to request invoices be sent through the US mail.

ACH Deposit Form

BY ACCEPTING THE TERMS AND CONDITIONS FOR RECURRING PAYMENTS BELOW AND CONDITIONS AND ENROLLING IN THE AUTOMATIC ELECTRONIC PAYMENT OPTION, YOU ARE AUTHORIZING SUNRUN TO AUTOMATICALLY DEDUCT YOUR MONTHLY INVOICE AMOUNT FROM THE BANK ACCOUNT YOU HAVE DESIGNATED. SUNRUN WILL ADVISE YOU BY MONTHLY INVOICE OF THE AMOUNT AND DATE OF THE PAYMENT THAT WILL BE AUTOMATICALLY DEBITED

1. Sunrun will provide you with a monthly electronic statement of your account. You agree to review each invoice you receive for any errors. Under federal law, you have the right to hold up or stop an electronic funds transfer provided you give your financial institution notice of at least three business days before the scheduled transfer date. If you inform Sunrun that an error exists on your statement, Sunrun will attempt to correct that error prior to your next statement to the extent permitted by law. Sunrun shall bear no liability or responsibility for any losses of any kind that you may incur as a result of an erroneous statement or due to any delay in the actual date on which your account is debited.
2. If any changes occur in the information on your application, you must immediately notify Sunrun in writing of such changes. If Sunrun incurs charge-back fees as a result of inaccurate information you provide, then Sunrun shall bill you for those fees.
3. If you either do not notify Sunrun in writing of such changes or do so in an untimely fashion, Sunrun shall bear no liability or responsibility for any losses incurred to the extent permitted by law. Sunrun's sole liability to you shall be Sunrun's obligation to make any appropriate changes once in receipt of your written notification. The actual settlement date (or date the ACH transaction occurs against your checking or savings account or is charged to your check) will be no earlier than three (3) days before the invoice due date.
4. You agree to ensure that there are sufficient funds in your designated account on the settlement date to pay the amount of the debit. If Sunrun incurs charge-back fees as a result of insufficient funds in your designated account, then Sunrun shall bill you for those fees.
5. Sunrun reserves the right to change these conditions at any time. Notice may be given on or with your bill or by other methods. Either Party may terminate this arrangement at any time by giving the other Party written notice reasonably in advance of the date of termination or any scheduled settlement date. You may also terminate this arrangement by calling Sunrun Customer Care at 1-855- 478-6786 or by changing your billing preference in the Sunrun Customer Portal. Termination shall not prevent a debit transaction authorized before any notice of termination and does not terminate the Agreement or your obligation to make payments as required by the Agreement.
6. You agree to be bound by any rules your financial institution requires for pre-authorized electronic funds

transfer. You are responsible for any fees your financial institution may charge for these electronic payments.

7. Check with your financial institution to see if there are any fees associated with the pre-authorized payment option. You will be responsible for all such fees.
8. You represent to Sunrun that all persons whose signatures are required to withdraw funds from the above referenced account have executed this ACH Deposit Form.

By my signature below, I authorize automatic electronic payments and accept these Terms and Conditions and acknowledge that I will receive a separate electronic request to securely enter my bank account information.

Data Usage and Disclosure

a. Data Usage: We may use Data for the following purposes (in each case to the extent permitted by law): (1) to operate, maintain, provide, and enhance the Solar System; (2) for our internal purposes, including, without limitation, research and development, improvement of our product and service offerings, and creation of new product and service offerings; (3) to customize content and communications we may provide to you; and (4) for other purposes so long as the Data does not contain personally identifiable information (including where Data has been deidentified).

b. Data Disclosure: We will not disclose any Data other than in the following circumstances: (1) where the Data does not contain personally identifiable information (including where Data has been deidentified); (2) in order to provide our products or services to You (including working with third-party service providers who may assist us in collecting, hosting, maintaining, analyzing or otherwise processing Data for us); (3) if required to do so by any law or regulation or in the good-faith belief that such action is necessary to comply with any law or regulation, in response to a court order, judicial or other government subpoena or warrant, or to otherwise cooperate with law enforcement or other governmental agencies; (4) if we believe, in good faith, disclosure is appropriate or necessary to (A) take precautions against liability, (B) protect us or others from fraudulent, abusive, or unlawful uses or activity, (C) investigate or defend against any third-party claims or allegations, (D) protect the security or integrity of our services and any facilities or equipment used to make our service available, or (E) protect our property or other legal rights (including, but not limited to, enforcement of our agreements), or the rights, property, or safety of others; (5) to our assignees, affiliates, actual or prospective lenders, financing parties, investors, insurers, and acquirers; (6) disclosure to contractors, service providers and other third parties we use to support our business and who are bound by contractual obligations to keep personal information confidential and use it only for the purposes for which we disclose it to them; and (7) for any purpose for which you have provided your express consent.

Your initials indicate that you have read, understood, and accepted the provisions set forth in this Exhibit E.

Optimization Services

Authorization for Optimization Services

Sunrun includes optimization services with the battery to further reduce your overall energy costs. Depending on where you live and the System, you may qualify to participate in one or more programs, including government technology rebates, performance incentives, utility demand response programs or other bill management opportunities. In each of these programs, a portion of the energy produced and/or stored by the System may be sent back into your local electrical grid to improve its efficiency and/or reliability. In exchange for the permission to manage the System and participate in these programs, you will be directly compensated either by the utility or by Sunrun.

Sunrun may enroll the System in one or more programs if and when it becomes eligible to do so in your location. Sunrun will fully control and optimize the System's activities to generate incremental savings and value. This will not affect our obligations in your customer agreement. Participation in optimization services will remain in effect for the duration of the Agreement.

Enrollment Process

For the programs in which Sunrun enrolls or un-enrolls the System, Sunrun will notify you of 1) how your Solar System may be affected; 2) or how you will be compensated; 3) the expected participation duration; 4) the program partners; and 5) any additional authorizations advanced partnership Sunrun needs from you to participate.

Your Authorizations and Obligations

- a. You authorize Sunrun to act in the following capacities:
 - i. To act as your sole Demand Response Provider, Energy Services provider, or equivalent agent, consultant or aggregation partner for your respective utility and grid operator.
 - ii. To request and receive utility billing records, billing history (including tariff changes, surcharges, riders, etc.) and all meter usage data used for bill calculation for all of your service account(s) associated with the Solar System, as specified herein, that may be furnished by the Utility or other energy service providers, for the duration of this agreement.
 - iii. Participation in utility demand response programs without Sunrun may affect your eligibility to participate in Sunrun battery optimization programs. In such cases, Sunrun will exercise sole discretion over which other utility programs you may participate and assist in unenrolling you if necessary.
- b. You agree to not use any of the following devices to generate electricity at your home or participate in utility or grid operator demand response programs that is not consistent with the section above titled "Generators and Other Energy Generation and Storage Devices":

- i. Portable or standby gas- or fuel-fired generator(s)
- ii. Energy generation, control, or management devices (e.g., a 'smart' water heater) not approved and/or managed by Sunrun.

Sunrun Obligations

Sunrun will:

- Make changes to your rate tariff, the System's interconnection, or other modifications needed to participate in the Program, without negatively impacting your total energy costs.
- Use energy usage or billing data collected by this service only as authorized by our data privacy policy (see: further Exhibits)
- Ensure the backup reserve for backup power is maintained per your agreement
- Notify you of any changes to the terms, an updated version of which will be available, alongside enrolled program details, in your customer documents in MySunrun.
- Pay any program penalties for System underperformance unless otherwise agreed to by the customer.

Initial here to indicate you understand and agree to authorize Sunrun to perform the above stated optimization services. You authorize Sunrun as your agent and agree that you will not use

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on www.sce.com/bill
Mail-in	Check or Money order
In Person	Authorized payment locations 1-800-747-8908
Phone	QuickCheck 1-800-950-2356
	Debit & credit card 1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 07/13/26.

- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.8% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill or have a question about your service, please call Southern California Edison (SCE) customer support at 1-800-655-4555. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)

Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	English	Spanish
TTY/VCO/HCO to Voice	1-800-735-2929	1-800-855-3000
Voice to TTY/VCO/HCO	1-800-735-2922	1-800-855-3000
Speech-to-Speech Relay	1-800-854-7784	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

To change your contact information or enroll in SCE's payment option, complete the form below and return it in the enclosed envelope.

Rate Identification Number - RIN

USCA-SCSC-0605-0000

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Solar Customer Bills

Starting in June 2026, solar customers, except those on MASH or SOMAH, may notice a change in how their bills look. The information will be the same with additional call-outs for clarity. To view the Solar Billing Plan bill guide, visit sce.com/sbpbill. To view the Net Energy Metering (NEM) bill guide (NEM 1.0 and NEM 2.0), visit sce.com/nembill.

Solar Billing Plan (SBP)

SBP applies Energy Export credits to the Delivery and Generation sections of your bill (these credits do not offset your "Nonbypassable" charges). To see more details on your solar charges and credits, visit www.sce.com/myaccount > Your Account Balance Card > Solar Billing Plan > View Details. If your generation services are from another company, they handle your generation credits and charges, which may not appear in detail on this bill. At the end of your annual relevant period, we will send you a Settlement bill with unused Energy Export credits applied to previous energy charges. Your Net Surplus Compensation (NSC) will be calculated and credited, if applicable. As a reminder, please monitor your system to ensure it works properly. For more details, visit <https://sce.com/speaksolar>.

Share Your Thoughts at a Public Participation Hearing

Regarding Order Instituting Rulemaking to Consider New Approaches to Disconnections and Reconnections to Improve Energy Access and Contain Costs (R.18-07-005)

August 6, 2026 - 2 p.m. & 6 p.m. (remote only)

Webcast: adminmonitor.com/ca/cpuc

Phone Number: 1-800-857-1917

Passcode: 1673482#

Please note: If you wish to make a public comment, you must participate by phone using the information above. Once you've entered the passcode press *1 and record your name when prompted. A quorum of commissioners may attend but no decisions will be made at this hearing.

What is This About?

The purpose of Rulemaking (R.18-07-005) is to find ways to reduce the disconnection rates of electric and gas services for California customers. The California Public Utilities Commission (CPUC) is exploring additional ways to reduce disconnections and seeking public input on programs, policies, or other approaches that could further lower disconnection rates and reduce impacts on customers.

Why Attend?

These hearings are your opportunity to share your thoughts on customer assistance programs, ways to help customers understand and timely pay their bills, and any experiences you may have had with disconnections for nonpayment. These hearings are part of a proceeding being overseen by an administrative law judge. Your comments could help the CPUC produce a more robust decision and shape future customer programs.

Additional Information

You can read more about the rulemaking and make public comments by visiting apps.cpuc.ca.gov/c/R1807005. To read and download a fact sheet about this rulemaking visit <https://www.cpuc.ca.gov/PPH>.

If you need language interpretation or other reasonable accommodations, please contact the Public Advisor's Office at least five days in advance of the hearing. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, 1-866-849-8390, or 505 Van Ness Ave., San Francisco, CA 94102.

Please refer to R.18-07-005 in any communication with the CPUC.

Questions About Southern California Edison Company (SCE) and the Rulemaking

For questions about SCE's part in this rulemaking proceeding, please contact Case Administrator

Email: case.admin@sce.com

Phone: 1-626-302-0449

Mail:

Southern California Edison Company
Attn: Case Administrator re: R. 18-07-005
P.O. Box 800
Rosemead, CA 91770

Notice of Southern California Edison's Rate Increase Request

Southern California Edison's Joint Application to the California Public Utilities Commission (CPUC) A. 26-06-019

What is Being Requested?

Pacific Gas and Electric Company (PG&E), San Diego Gas & Electric Company (SDG&E), and Southern California Edison Company (SCE) (jointly the Investor Owned Utilities or IOUs) are filing a joint application proposing to apply their respective Electric Tariff Rules 17 /18, which governs backbillings to all charges on the IOUs' bills, as ordered by the CPUC in Decision 25-09-030.

As part of the joint application, SCE is individually seeking to recover \$1.793 million in incremental costs from 2029-2034 to implement billing system changes. SCE has been ordered to propose how to treat backbilling for all charges (bundled and unbundled) on its bill. Based on the year of the highest rate impact, this amounts to a total requested rate increase of 0.001¢/kWh or 0.003 percent.¹

Proposed Increase by Customer Class

Customer Class	¢/kWh Increase	% Increase
Residential (Non-CARE)	0.001	0.003%
Residential (CARE)	0.001	0.003%
Lighting, Small, & Medium Power	0.001	0.003%
Large Power	0.0004	0.002%
Agricultural & Pumping	0.001	0.002%
Street & Area Lighting	0.0004	0.001%
Standby	0.0002	0.002%

The table shows the requested increase in rates for the year with the highest revenues (2030) compared to current rates. Actual changes in rates may vary by year.

How Would This Impact the Average Residential Customer?

If the request is approved, the average residential customer using 500 kWh per month would see a rate increase of approximately \$0.005 per month.² Similarly, a typical CARE residential customer using 500 kWh per month would see a bill increase of \$0.003 per month.³ The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information

An administrative law judge may hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2606019. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, 1-866-849-8390, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-06-019 in any communication with the CPUC.

Questions About the Request

For questions about this application, please contact SCE by: Phone: 1-800-655-4555 ; Email case.admin@sce.com; Mail: Case Administrator, A.26-06-XXX - Rule 17 Application, Southern California Edison Company, P.O. Box 800 Rosemead, CA 91770, or visit www.sce.com/applications for further information.

¹ Rate change will vary each year. Percentage calculated using largest rate increase for the application years.

² Year 2030 of the application was used to calculate typical customer bill because it is the year with the largest increase of \$0.571 M.

- Credits carried over from previous month: -\$9.90
- Credit earned this period: -\$5.35
- Credit applied: -\$1.95
- Credit available to apply to future bills: -\$13.30
- Net Surplus Compensation (NSC) option: Rollover
- Year-to-date NSC kWh: 1,051

Rate Identification Number - RIN

USCA-SCSC-0605-0000

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Solar Customer Bills

Starting in June 2026, solar customers, except those on MASH or SOMAH, may notice a change in how their bills look. The information will be the same with additional call-outs for clarity.

You may notice a change in your billing statement

Effective 6/1/2026, the billing rates used to calculate your bill have been modified. For more information, please visit www.sce.com/bill_change.

Things you should know (continued)

Solar Billing Plan (SBP)

SBP applies Energy Export credits to the Delivery and Generation sections of your bill (these credits do not offset your "Nonbypassable" charges). If your generation services are from another company, they handle your generation credits and charges, which may not appear in detail on this bill. At the end of your annual relevant period, we will send you a Settlement bill, with unused Energy Export credits applied to previous energy charges. Your Net Surplus Compensation (NSC) will be calculated and credited, if applicable. As a reminder, please monitor your system to ensure it works properly. For more details visit <https://sce.com/speaksolar>.

Notice of Southern California Edison Company's Rate Increase Request

Southern California Edison (SCE) Company's 2027 Energy Resource Recovery Account Forecast Application to the California Public Utilities Commission (CPUC) (A.26-05-006)

What is Being Requested?

Southern California Edison Company filed its 2027 Energy Resource Recovery Account (ERRA) Forecast Application. The ERRA Forecast is an estimate of how much it will cost SCE to buy and produce electricity for customers in the coming year and how these costs will translate into rates. SCE's proposed ERRA Forecast revenue for 2027 is \$4.350 billion, which would result in the rate increases in the table below.

Requested Rate Increase by Customer Class

Customer Class Rate	¢/KWh Increase	% Increase
Residential	0.39¢	1.1%
Lighting - Small & Medium Power	0.54¢	1.8%
Large Power	0.41¢	2.0%
Agricultural & Pumping	0.44¢	1.8%
Street & Area Lighting	0.27¢	0.7%
Standby	0.65¢	4.3%
Residential Bill Impact	\$/Month	% Increase
Non-CARE residential bill	\$2.20	1.2%
CARE residential bill	\$1.45	1.3%

How Would This Impact the Average Residential Customer?

If the forecast remains unchanged and is approved, the average residential customer using 500 kWh per month would see a bill increase of approximately \$2.20 per month in 2027. The actual impact will vary based on usage, baseline territory, and other factors. SCE will update this application in October 2026, so that the latest forecast assumptions can be incorporated.

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2605006. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, 1-866-849-8390, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-05-006 in any communication with the CPUC.

Questions About the Request

For questions about this application, please contact SCE by: Phone: 1-800-655-4555; Email case.admin@sce.com; Mail: Eric Lee, A.26-05-006 - 2027 ERRA Forecast Application, Southern California Edison Company, P.O. Box 800 Rosemead, CA 91770, or visit www.sce.com/applications for further information.

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on www.sce.com/bill
Mail-in	Check or Money order
In Person	Authorized payment locations 1-800-747-8908
Phone	QuickCheck 1-800-950-2356
	Debit & credit card 1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 05/12/26.

- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.8% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill or have a question about your service, please call Southern California Edison (SCE) customer support at 1-800-655-4555. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/ complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)

Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	English	Spanish
TTY/VCO/HCO to Voice	1-800-735-2929	1-800-855-3000
Voice to TTY/VCO/HCO	1-800-735-2922	1-800-855-3000
Speech-to-Speech Relay	1-800-854-7784	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

Practice Metallic Balloon Safety

- **Keep metallic balloons indoors.** They should always be tied to a weight.
- **Never release them outside.** They can cause outages, fires and possible injuries if they touch wires.
- **Never remove the weight.** Puncture balloons before throwing them away.
- **Do not attempt to retrieve objects tangled in wires.** Stay at least 100 feet away and call 911.

For more electrical safety tips, visit www.sce.com/staysafe.

Be Prepared for Outage Emergencies

Homes and small businesses in PSPS-affected areas should consider adding a portable backup battery or portable generator into their emergency preparedness strategies. These devices can supply backup power for essential personal electronics, such as mobile phones and computers, as well as critical household appliances including refrigerators, lighting, garage door openers and medical equipment, helping you stay prepared during outages. Rebates are available for qualifying products.

Watch our backup power educational videos, learn more about available solutions and apply for rebates in the SCE Marketplace at www.sce.com/backuppower.

To learn more about the process and method the California Public Utilities Commission used to determine High Fire Threat District maps, visit:

www.cpuc.ca.gov/industries-and-topics/wildfires/fire-threat-maps-and-fire-safety-rulemaking

Support for Customers Affected by a Major Disaster

If you or someone you know has been impacted by a disaster for which a state of emergency has been declared, please visit www.sce.com/disastersupport for information about consumer protections, programs and services SCE has available.

An electronic version of Connections is available at www.sce.com/inserts-onserts.

Get Help If You Use Medical Equipment

If you or someone in your household requires the regular use of electrically-powered medical equipment or other qualifying medical devices, you may be eligible for our Medical Baseline Allowance program which:

- 1) Provides an additional allotment of 16.5-kilowatt hours (kWh) of electricity per day on your monthly bill which can help offset the cost of operating the medical equipment, and
- 2) Prioritizes your household to get critical alerts and notifications if outages occur, including Public Safety Power Shutoffs.

To apply, you will need the signature of a medical professional.* If you apply online, you can enter your medical professional's email address and we will contact them for an electronic signature approval. Please let them know they will receive an email from SCE.

To learn more about eligibility requirements or if you have questions about medical equipment or criteria, visit www.sce.com/mbi or call **1-800-655-4555**. Application forms are available in several languages online and alternative formats (such as large print and braille) upon request.

NOTE: We will evaluate the eligibility of the device on your application if it is not listed on www.sce.com/mbi. Medical devices used for therapy but not medically required for sustaining life do not qualify for this program.

**Includes Medical Doctor (MD), Doctor of Osteopathy (DO), Physician Assistant (PA) or Nurse Practitioner (NP).*

May 2026

Proposition 65 Warnings

⚠ WARNING: The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly referred to as Proposition 65, requires the governor to publish a list of chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. It also requires California businesses to warn the public of potential exposures to these chemicals that result from their operations.

Providing safe and reliable service to all of our customers is a top priority for Southern California Edison and we want you to be aware of these chemicals so that you can reduce exposure to chemicals associated with electricity generation and distribution. We handle all equipment and materials at our sites carefully for your good health as well as ours. However, if you are at or near our facilities and work sites, you can be exposed to the following chemicals on the state's Proposition 65 list. Reduce, limit, or avoid activities at and near the sources of exposure described below. For more information go to:

www.P65Warnings.ca.gov

1. Diesel Generation: Diesel Exhaust: SCE uses diesel-fueled emergency generators during emergencies and other times to help minimize the interruption of our customers' supply of electricity. The generators are used at some SCE facilities like substations and service centers, and at locations where repairs are made to the electrical system. SCE also uses diesel as the primary fuel for electricity generation on Catalina Island and in many service vehicles used throughout our service territory. Diesel engines produce exhaust as a by-product of the combustion of diesel fuel. Breathing diesel engine exhaust exposes you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. You should avoid breathing diesel fumes whenever possible.

2. Wooden Utility Poles: SCE uses wooden poles that have been treated with chemical preservatives. These chemicals include pentachlorophenol, which is known to the State of California to cause cancer, and petroleum products such as diesel fuel, which contains chemicals including toluene and benzene that are known to the State of California to cause cancer and birth defects or other reproductive harm. If you come into contact with a wooden utility pole or the dust, debris, soil surrounding the pole, or water runoff that may contain dust, debris, and soil previously in contact with the pole, you could be exposed to these chemicals. Avoid contact with wooden utility poles and the dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, and soil previously in contact with the poles.

3. Painted Structures: SCE utilizes metal and wood structures and equipment that may have been coated with paints containing chemicals, such as lead-based paint, that are known to the State of California to cause cancer and birth defects or other reproductive harm. When the paint on these structures deteriorates, flakes of paint can impact the soil adjacent to the structure. To avoid exposure, you should avoid contact with any paint flakes or soil near any structure with deteriorating paint.

Health and Safety Tips for Temperature Sensitive Customers

Extreme hot weather may be harmful to people who have health issues or those who are sensitive to high temperatures. Here are steps you can take to avoid heat-related illness this summer if you don't have access to air conditioning at home to help you stay cool in hot weather:

- **Drink plenty of water to stay hydrated.**
- **Stay out of direct sunlight and limit outdoor activity to covered or shaded areas.**
- **Wear lightweight, loose, light-colored clothing and a head covering.**
- **Take a cool shower or bath.**

What to Do During Rotating Outages?

We strongly encourage you to be prepared for summer heat waves and potential outages. Power outages, regardless of their cause, can occur at any time. Since we cannot guarantee uninterrupted service to our customers, it is important that your emergency plan includes having sufficient standby battery power or a back-up portable unit available to power any in-home medical equipment you may have. If you have back-up power generation, we recommend you test it each month to ensure it is ready in case of a power interruption.

While rare, a rotating outage is a temporary controlled power outage typically lasting no more than one hour. Rotating outages are ordered by the California Independent System Operator (CAISO) during statewide Energy Emergency Alert Level 3 events to help ease demand and protect the integrity of the overall electric system. Your address or rotating outage group number located at the top of your bill can be used to see if you will be impacted. For more information or to check on outages in your area visit:

www.sce.com/outages

Advance Notification of a Rotating Outage

When possible, we will provide advance notice of a possible rotating outage via an automated notification using your preference for a text, email, or voice call.

Note: If you are enrolled in our Medical Baseline program, you do not need to complete this application form since you will already receive advance notification of rotating power outages that may affect you. For more information visit

www.sce.com/mbi

Notice of SCE Rate Increase Request

SCE's Annual Energy Resource Recovery Account Application to the California Public Utilities Commission (CPUC) A.26-04-002

What is Being Requested?

Southern California Edison Company (SCE) is requesting a revenue increase of \$11.531 million to recover a net under-collection in 14 authorized SCE memorandum/balancing accounts. This will be recovered in electric rates.

Requested Rate Increase by Customer Class

Customer Class	¢/KWh	% Increase
Residential	0.02	0.1%
Lighting - Small & Medium Power	0.02	0.1%
Large Power	0.01	0.0%
Agricultural & Pumping	0.01	0.0%
Street & Area Lighting	0.01	0.0%
Standby	0.00	0.0%

How Would This Impact the Average Residential Customer?

If the request is approved, a typical residential customer using 500 kWh per month could see a monthly bill increase of \$0.10 (approximately 0.1%). A typical CARE residential customer using 500 kWh per month could see a monthly bill increase of \$0.07 (approximately 0.1%).

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2604002. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, **1-866-849-8390**, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-04-002 in any communication with the CPUC.

Questions About the Request

For questions about this application or SCE's request, please contact SCE by: Phone: **1-800-655-4555**; email case.admin@sce.com; Mail: Case Administrator, A.26-04-002 -ERRA Review Application, Southern California Edison Company, P.O. Box 800 Rosemead, CA 91770, or visit www.sce.com/applications for further information.

The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)

Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	English	Spanish
TTY/VCO/HCO to Voice	1-800-735-2929	1-800-855-3000
Voice to TTY/VCO/HCO	1-800-735-2922	1-800-855-3000
Speech-to-Speech Relay	1-800-854-7784	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

Rate Identification Number - RIN

USCA-SCSC-0605-0000

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

California Climate Credit Moving to Help with High-Billed Months

You may be expecting the California Climate Credit in April, but the California Public Utilities Commission (CPUC) has directed SCE to deliver the Climate Credit for residential customers later this year when your monthly bill may be at its highest. The CPUC has not yet decided what month(s) SCE will deliver the credit. SCE will notify you when the CPUC identifies the month(s). No action is required by you to receive your full 2026 credit of \$72 which may be in one or more high-billed months in 2026. SCE will automatically apply the credit to your bill(s).

Solar Billing Plan (SBP)

SBP applies Energy Export credits to the Delivery and Generation sections of your bill (these credits do not offset your "Nonbypassable" charges). If your generation services are from another company, they handle your generation credits and charges, which may not appear in detail on this bill. At the end of your annual relevant period, we will send you a Settlement bill, with unused Energy Export credits applied to previous energy charges. Your Net Surplus Compensation (NSC) will be calculated and credited, if applicable. As a reminder, please monitor your system to ensure it works properly. For more details visit <https://sce.com/speaksolar>.

Notice of Southern California Edison Company's Rate Increase Request

Southern California Edison Company's (SCE) Application for Authorization to Deploy Advanced Metering Infrastructure (AMI) 2.0 and for Associated Cost Recovery to the California Public Utilities Commission (CPUC) A.26-03-030.

What is Being Requested?

SCE is requesting an increase in revenue of \$1,865 million from 2026-2033. Based on the year of the highest rate impact, this amounts to a total requested rate increase of 0.7¢/kWh (2.5%).¹ The current meters are nearing the end of their service life and they rely on legacy technology. SCE seeks to replace them with contemporary meters that will enable SCE to continue current meter functionality and provide new capabilities and customer benefits. This increase will be phased into rates over the years in this request.

Proposed Rate Increase by Customer Class in 2033

Customer Class	¢/kWh Increase	% Increase
Residential (Non-CARE)	1.1	2.6%
Residential (CARE)	0.6	2.8%
Lighting, Small, & Medium Power	0.8	2.5%
Large Power	0.4	2.1%
Agriculture & Pumping	0.6	2.3%
Street & Area Lighting	0.4	1.1%
Standby	0.2	1.4%

The table shows the requested increase in rates for the year with the highest revenues (2033) compared to current rates. Actual changes in rates may vary by year.

How Would This Impact the Typical Residential Customer?

If the request is approved, a typical non-CARE residential customer using 500 kWh per month would see a bill increase of approximately \$4.87 per month.² Similarly, a typical CARE residential customer using 500 kWh per month would see a bill increase of \$3.17 per month.³ The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2603030. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, 1-866-849-8390, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-03-030 in any communication with the CPUC.

Questions About the Request

For questions about this application, please contact SCE via phone at 1-800-655-4555, or via email at case.admin@sce.com. The mailing address is:

Case Administrator
Southern California Edison Company
A.26-03-030- AMI 2.0 Application
P.O. Box 800
Rosemead, CA 91770

¹ Rate change will vary each year. Percentage calculated using largest rate increase for the application years.

² Year 2033 of the application was used to calculate typical customer bill because it is the year with the largest increase of \$543.6M.

³ *Id.*

Notice of Southern California Edison Company's Rate Increase Request

Pacific Gas and Electric Company's (PG&E) Diablo Canyon Power Plant (DCPP) 2027 Cost Recovery Application to the California Public Utilities Commission (CPUC) (A.26-03-031)

What is Being Requested?

PG&E is authorized to recover DCPD costs from the customers of other electric utilities in California, including customers of Southern California Edison Company (SCE) with no additional markup. PG&E is the only applicant seeking approval from the CPUC. SCE customers are responsible for \$208.330 million, and SCE is required by law to collect that authorized amount. SCE is providing this notice of PG&E's application because it could result in a rate increase for SCE's customers.

Proposed Increase by Customer Class

Customer Class	¢/kWh Increase	% Increase
Residential (Non-CARE)	0.13	0.3%
Residential (CARE)	0.08	0.4%
Lighting, Small, & Medium Power	0.10	0.3%
Large Power	0.07	0.4%
Agricultural & Pumping	0.08	0.3%
Street & Area Lighting	0.06	0.2%
Standby	0.05	0.3%

How Would This Impact the Average Residential Customer?

If the request is approved, the average residential customer using 500 kWh per month would see a bill increase of approximately \$0.65 per month in 2027. Similarly, a typical CARE residential customer using 500 kWh per month would see a rate increase of \$0.42 per month. The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2603031. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, 1-866-849-8390, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-03-031 in any communication with the CPUC.

Questions About the Request

For questions about this application, please contact SCE by: Phone: 1-800-655-4555; Email case.admin@sce.com; Mail: Eric Lee, A.26-03-031 - 2027 DCPD Cost Recovery Application, Southern California Edison Company, P.O. Box 800 Rosemead, CA 91770, or visit www.sce.com/applications for further information.

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on www.sce.com/bill
Mail-in	Check or Money order
In Person	Authorized payment locations 1-800-747-8908
Phone	QuickCheck 1-800-950-2356
	Debit & credit card 1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 03/12/26.

- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.8% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill or have a question about your service, please call Southern California Edison (SCE) customer support at 1-800-655-4555. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/ complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)

Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	English	Spanish
TTY/VCO/HCO to Voice	1-800-735-2929	1-800-855-3000
Voice to TTY/VCO/HCO	1-800-735-2922	1-800-855-3000
Speech-to-Speech Relay	1-800-854-7784	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

USCA-SCSC-0605-0000

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Things you should know

Your Solar Billing Plan (SBP) Relevant Period Ended

Your annual Relevant Period ended, and this is your settlement bill. SBP applies Energy Export credits, plus any other credits or charges needed to "true up" the Relevant Period. Unused Energy Export credits are applied to any eligible energy charges from previous months as an SBP Settlement Adjustment (in the "Summary of Your Billing Detail" section). Remaining credits offset the Energy Export Credit Adjustment charges, and the rest carry over to your next relevant period and may be applied to future bills (if applicable). If you generate more kilowatt-hours (kWh) than used during the Relevant Period, your year-to-date Net Surplus Compensation (NSC) is greater than zero, the kWh is debited as the Energy Export Credit Adjustment, and you're credited the wholesale NSC rate for the kWh. Please monitor your system to ensure it works properly. For more details visit <https://sce.com/speaksolar>.

Celebrate Safely: Metallic Balloon Do's and Dont's

- Keep metallic balloons indoors and always tied to a weight.
- Never release them outside -- if they touch wires they can cause outages, fire and possible injury.
- Be sure to puncture balloons before throwing them away to prevent them from floating into power lines.
- Do not attempt to retrieve objects tangled in wires . **Stay at least 100 feet away and call 911.**

More electrical safety tips: www.sce.com/staysafe

Stay Alert: Protect Yourself from Payment Scams

- Question requests for personal or financial information over the phone, by mail, by email or in person.
- Remember: SCE does not have a “disconnection department” and will never demand payment over the phone.
- SCE will never request payment in the form of a gift card, prepaid card, prepaid store barcode, cryptocurrency or third-party payment app.

Stay informed on the latest fraud tactics by visiting www.sce.com/scamalert.

Support for Customers Affected by a Major Disaster

If you or someone you know has been affected by a disaster for which a state of emergency has been declared, please visit www.sce.com/disastersupport for information about consumer protections, programs and services SCE has available.

Be Prepared for Outage Emergencies

Homes and small businesses in PSPS-affected areas should consider adding a portable backup battery or portable generator into their emergency preparedness strategies. These devices can supply backup power for essential personal electronics, such as mobile phones and computers, as well as critical household appliances including refrigerators, lighting, garage door openers and medical equipment, helping you stay prepared during outages. Rebates are available for qualifying products.

Watch our backup power educational videos, learn more about available solutions and apply for rebates in the SCE Marketplace at

www.sce.com/outages-safety/safety-resources-support/backup-power-solutions .

Get Help If You Use Medical Equipment

If you or someone in your household requires the regular use of electrically-powered medical equipment or other qualifying medical devices, you may be eligible for our Medical Baseline Allowance program which:

- 1) Provides an additional allotment of 16.5-kilowatt hours (kWh) of electricity per day on your monthly bill which can help offset the cost of operating the medical equipment.
- 2) Prioritizes your household to get critical alerts and notifications if outages occur, including Public Safety Power Shutoffs.

To apply, you will need the signature of a medical professional.* If you apply online, you can enter your medical professional's email address and we will contact them for an electronic signature approval. Please let them know they will receive an email from SCE.

To learn more about eligibility requirements or if you have questions about medical equipment or criteria, visit www.sce.com/mbi or call **1-800-655-4555**. Application forms are available in several languages online and alternative formats (such as large print and braille) upon request.

NOTE: We will evaluate the eligibility of the device on your application if it is not listed on www.sce.com/mbi. Medical devices used for therapy but not medically required for sustaining life do not qualify for this program.

**Includes Medical Doctor (MD), Doctor of Osteopathy (DO), Physician Assistant (PA) or Nurse Practitioner (NP).*

Proposition 65 Warnings

⚠ WARNING: The Safe Drinking Water and Toxic Enforcement Act of 1986, commonly referred to as Proposition 65, requires the governor to publish a list of chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. It also requires California businesses to warn the public of potential exposures to these chemicals that result from their operations.

Providing safe and reliable service to all of our customers is a top priority for Southern California Edison and we want you to be aware of these chemicals so that you can reduce exposure to chemicals associated with electricity generation and distribution. We handle all equipment and materials at our sites carefully for your good health as well as ours. However, if you are at or near our facilities and work sites, you can be exposed to the following chemicals on the state's Proposition 65 list.

Reduce, limit, or avoid activities at and near the sources of exposure described below. For more information go to:

www.P65Warnings.ca.gov

1. Diesel Generation: Diesel Exhaust: SCE uses diesel-fueled emergency generators during emergencies and other times to help minimize the interruption of our customers' supply of electricity. The generators are used at some SCE facilities like substations and service centers, and at locations where repairs are made to the electrical system. SCE also uses diesel as the primary fuel for electricity generation on Catalina Island and in many service vehicles used throughout our service territory. Diesel engines produce exhaust as a by-product of the combustion of diesel fuel. Breathing diesel engine exhaust exposes you to chemicals known to the State of California to cause cancer and birth defects or other reproductive harm. You should avoid breathing diesel fumes whenever possible.

2. Wooden Utility Poles: SCE uses wooden poles that have been treated with chemical preservatives. These chemicals include pentachlorophenol, which is known to the State of California to cause cancer, and petroleum products such as diesel fuel, which contains chemicals including toluene and benzene that are known to the State of California to cause cancer and birth defects or other reproductive harm. If you come into contact with a wooden utility pole or the dust, debris, soil surrounding the pole, or water runoff that may contain dust, debris, and soil previously in contact with the pole, you could be exposed to these chemicals. Avoid contact with wooden utility poles and the dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, soil surrounding the poles, or water runoff that may contain dust, debris, and soil previously in contact with the poles.

3. Painted Structures: SCE utilizes metal and wood structures and equipment that may have been coated with paints containing chemicals, such as lead-based paint, that are known to the State of California to cause cancer and birth defects or other reproductive harm. When the paint on these structures deteriorates, flakes of paint can impact the soil adjacent to the structure. To avoid exposure, you should avoid contact with any paint flakes or soil near any structure with deteriorating paint.

Thinking of Installing Solar?

SCE's Marketplace* makes the shopping process easier. Simply enter your address, type of residential dwelling and average monthly bill to find out if going solar makes sense.

If it does, you will get a rooftop solar and storage system tailored to your home, bids from a network of vetted solar installers, financing options, and a dedicated energy advisor to assist you through the entire process. Plus, you will also receive a \$500 Marketplace discount from SCE.

For more information visit:

<https://solarmarketplace.sce.com>

*SCE's solar and storage marketplace is run by Electrum, a third-party company not affiliated with SCE. SCE does not endorse, or accept any liability for, the content of, services or products sold on any third-party websites.

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on www.sce.com/bill
Mail-in	Check or Money order
In Person	Authorized payment locations 1-800-747-8908
Phone	QuickCheck 1-800-950-2356
	Debit & credit card 1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 02/10/26.

- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.8% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill or have a question about your service, please call Southern California Edison (SCE) customer support at 1-800-655-4555. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)

Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	English	Spanish
TTY/VCO/HCO to Voice	1-800-735-2929	1-800-855-3000
Voice to TTY/VCO/HCO	1-800-735-2922	1-800-855-3000
Speech-to-Speech Relay	1-800-854-7784	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

Rate Identification Number - RIN

USCA-SCSC-0605-0000

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Base Services Charge Correction

Your account has been corrected to reflect an updated price for the Base Services Charge line item for the time period January 1, 2026 to January 14, 2026.

Solar Billing Plan (SBP)

SBP applies Energy Export credits to the Delivery and Generation sections of your bill (these credits do not offset your "Nonbypassable" charges). If your generation services are from another company, they handle your generation credits and charges, which may not appear in detail on this bill. At the end of your annual relevant period, we will send you a Settlement bill, with unused Energy Export credits applied to previous energy charges. Your Net Surplus Compensation (NSC) will be calculated and credited, if applicable. As a reminder, please monitor your system to ensure it works properly. For more details visit <https://sce.com/speaksolar>.

Notice of Southern California Edison Company's (SCE) Rate Increase Request

SCE's Income Qualified Programs' (IQPs) Budgets Application A. 26-01-005 to the California Public Utilities Commission (CPUC)

What is Being Requested?

SCE is requesting revenue of \$781.8 million for these programs, representing a cumulative revenue requirement increase of \$130.3 million, to support the 2028-2033 Income Qualified Programs funding cycle. This represents an average annual revenue increase of \$26.87 million relative to current rates as of October 1, 2025.

IQP TOTAL BUNDLED RATE INCREASE REQUESTED

Total Rate Increase			
Customer Class	Cumulative Bill \$	¢/kWh	%
Residential (Non-CARE)	16	0.05	0.11%
Residential (CARE)	10	0.03	0.14%
Residential (FERA)	13	0.04	0.12%
Lighting, Small, & Medium Power	78	0.04	0.11%
Large Power	8,022	0.02	0.11%
Agriculture & Pumping	301	0.03	0.13%
Street & Area Lighting	27	0.05	0.13%
Standby	21,593	0.02	0.12%

How Would This Impact the Average Residential Customer?

If the request is approved, a typical non-CARE residential customer could see a rate increase of 0.05 ¢/kWh from 40.65 ¢/kWh to 40.69 ¢/kWh. Similarly, a typical CARE residential customer could see a rate increase of 0.03 ¢/kWh from 24.92 ¢/kWh to 24.96 ¢/kWh. The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and any public comments received before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the SCE's request and make public comment by visiting <https://apps.cpuc.ca.gov/c/A2601005>. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, 1-866-849-8390, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.26-01-005 in any communication with the CPUC.

Questions About the Request

For questions about this application, please contact SCE at 1-800-655-4555, or via email at case.admin@sce.com. The mailing address:

Case Administration
Southern California Edison Company
A.26-01-005-- IQP Application
P.O. Box 800 Rosemead, CA 91770

Notice of Southern California Edison Company's Rate Increase Request

Southern California Edison Company's (SCE's) Woolsey Fire Recovery Bond Application to the California Public Utilities Commission (CPUC) A.26-01-007

What is Being Requested?

SCE is requesting approval to finance an increase in revenue of \$1.951 billion with recovery bonds over a 35-year period (2027-2061) for approved claims costs related to the 2018 Woolsey Fire.

- The CPUC previously approved SCE to recover some of the claims' costs that it incurred related to the 2018 Woolsey Fire.
- With this application, SCE is seeking to finance those approved claims costs through the issuance of recovery bonds over 35 years.

WOOLSEY FIRE TOTAL BUNDLED RATE INCREASE REQUESTED

Total Rate Increase			
Customer Class	Cumulative Bill \$	¢/kWh	%
Residential (Non-CARE)	492	0.25	0.6%
Residential (CARE/FERA)	-	-	-%
Lighting, Small, & Medium Power	2,437	0.18	0.6%
Large Power	247,438	0.12	0.6%
Agriculture & Pumping	8,972	0.17	0.7%
Street & Area Lighting	473	0.14	0.4%
Standby	567,496	0.09	0.6%

This ¢/kWh increase will be included in rates over 35 years with some years being more or less than others.

How Would This Impact the Average Residential Customer?

If the request is approved, a typical non-CARE residential customer could see a rate increase of 0.25 ¢/kWh from 39.84 ¢/kWh to 40.09 ¢/kWh. CARE customers would not be impacted since they are exempt from securitized wildfire costs. The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting <https://apps.cpuc.ca.gov/c/A2601007>. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov 1-866-849-8390, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference application A.26-01-007 in any communication with the CPUC.

State tax	296 kWh x \$0.00030	\$0.09

Your new charges \$84.92

Rate Identification Number - RIN

USCA-SCSC-0605-0000

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Things you should know

Solar Billing Plan (SBP)

SBP applies Energy Export credits to the Delivery and Generation sections of your bill (these credits do not offset your "Nonbypassable" charges). If your generation services are from another company, they handle your generation credits and charges, which may not appear in detail on this bill. At the end of your annual relevant period, we will send you a Settlement bill, with unused Energy Export credits applied to previous energy charges. Your Net Surplus Compensation (NSC) will be calculated and credited, if applicable. As a reminder, please monitor your system to ensure it works properly. For more details visit <https://sce.com/speaksolar>.

Notice of Southern California Edison Company's (SCE) Rate Increase Request

Southern California Edison Company's (SCE) (U-338E) Request for California Public Utilities Commission (CPUC) Approval of Its North Coast Property Sale Application A2512015

What is Being Requested?

SCE is requesting approval to sell its North Coast Building located at 28460 Avenue Stanford in the City of Santa Clarita for \$7.21 million. This sale will result in an after-tax loss of approximately \$1.49 million which will be allocated to ratepayers and shareholders.

TOTAL RATE INCREASE REQUESTED

Customer Class	\$ Increase*	% Increase
Residential	\$0.00	0.01%
Lighting - Small & Medium Power	\$0.00	0.01%
Large Power	\$0.00	0.01%
Agriculture and Pumping	\$0.00	0.01%
Street and Area Lighting	\$0.00	0.00%
Standby	\$0.00	0.00%

*The total dollar amount increase for each customer class is less than a hundredth of a dollar.

How Would This Impact the Average Residential Customer?

If the request is approved, the average residential customer using 500kWh per month would see a rate increase of approximately \$0.01 per month. The actual impact will vary based on usage, baseline territory, and other factors. The increase will remain for one year.

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2512015. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, 1-866-849-8390, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference A.25-12-015 in any communication with the CPUC.

Questions About the Request

For questions about this application, please contact SCE at 1-800-655-4555, or via email at case.admin@sce.com. The mailing address:

Important information

What are my options for paying my bill?

On-line	Pay one-time or recurring on www.sce.com/bill
Mail-in	Check or Money order
In Person	Authorized payment locations 1-800-747-8908
Phone	QuickCheck 1-800-950-2356
	Debit & credit card 1-833-425-1440
Other	PayPal, Venmo, Apple Pay and Google Pay

Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at www.sce.com or upon request.

Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 01/10/26.

- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit www.sce.com/safety or call SCE at 1-800-655-4555.

What is the Late Payment Charge (LPC)?

0.8% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit www.sce.com/rotating outage.

What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

Disputed bills

If you believe there is an error on your bill or have a question about your service, please call Southern California Edison (SCE) customer support at 1-800-655-4555. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at www.cpuc.ca.gov/complaints/. The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)

Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	English	Spanish
TTY/VCO/HCO to Voice	1-800-735-2929	1-800-855-3000
Voice to TTY/VCO/HCO	1-800-735-2922	1-800-855-3000
Speech-to-Speech Relay	1-800-854-7784	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

Definitions

- **Baseline Credit:** The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- **CA Climate Credit:** Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- **Wildfire Fund Charge:** Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- **Public Purpose Programs Charge:** Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- **SCE Generation:** For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

To change your contact information or enroll in SCE's payment option, complete the form below and return it in the enclosed envelope.

Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit sce.com/helpcenter/rin.

Things you should know

Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

Stay in Control

If you're behind on payments, enrolled in a payment plan, or facing disconnection, we offer options and energy management solutions to help you stay in control of your bill and costs. Learn more at www.sce.com/billsupport.

Things you should know (continued)

Solar Billing Plan (SBP)

SBP applies Energy Export credits to the Delivery and Generation sections of your bill (these credits do not offset your "Nonbypassable" charges). If your generation services are from another company, they handle your generation credits and charges, which may not appear in detail on this bill. At the end of your annual relevant period, we will send you a Settlement bill, with unused Energy Export credits applied to previous energy charges. Your Net Surplus Compensation (NSC) will be calculated and credited, if applicable. As a reminder, please monitor your system to ensure it works properly. For more details visit <https://sce.com/speaksolar>.

Notice of Southern California Edison Company's (SCE) Rate Increase Request

SCE's Application for Authorization to Recover Incremental Costs Related to Wildfire Mitigation and Catastrophic Events to the California Public Utilities Commission (CPUC)
A.25-12-002

What is Being Requested?

SCE is requesting an increase in revenue of \$47.707 million or 0.3% to recover its costs for wildfire mitigation expenses incurred in 2024. The request also includes the recovery of costs related to restoration efforts for certain catastrophic events in 2017, 2018, 2020 and 2021.

TOTAL RATE INCREASE REQUESTED

Customer Class	\$ Increase	% Increase
Residential	\$0.08	0.2%
Lighting - Small & Medium Power	\$0.15	0.5%
Large Power	\$0.05	0.2%
Agriculture and Pumping	\$0.06	0.2%
Street and Area Lighting	\$0.07	0.2%
Standby	\$0.01	0.1%

How Would This Impact the Average Residential Customer?

If the request is approved, the average residential customer using 500kWh per month would see a rate increase of approximately \$0.41 per month and an increase of approximately \$0.26 per month for residential CARE customers. The actual impact will vary based on usage, baseline territory, and other factors.

Additional Information

An administrative law judge will hold hearings, consider evidence, testimony, and public comments before drafting a proposed decision on this application. CPUC Commissioners will then vote on a final decision at a public meeting.

You can read more about the utility's request and make public comment by visiting apps.cpuc.ca.gov/c/A2512002. For questions about participating in CPUC matters, you can contact the Public Advisor's Office at Public.Advisor@cpuc.ca.gov, 1-866-849-8390, or 505 Van Ness Ave., San Francisco, CA 94102. Please reference [A.25-12-002] in any communication with the CPUC.
