WHAT IS A WOOD DESTROYING PEST & ORGANISM INSPECTION REPORT? READ THIS DOCUMENT. IT EXPLAINS THE SCOPE AND LIMITATIONS OF A STRUCTURAL PEST CONTROL INSPECTION AND A WOOD DESTROYING PEST & ORGANISM INSPECTION REPORT.

A Wood Destroying Pest & Organism Inspection Report contains findings as to the presence or absence of evidence of wood destroying pests and organisms in visible and accessible areas and contains recommendations for correcting any infestations or infections found. The contents of Wood Destroying Pest & Organism Inspection Reports are governed by the Structural Pest Control Act and regulations.

Some structures do not comply with building code requirements or may have structural, plumbing, electrical, mechanical, heating, air conditioning or other defects that do not pertain to wood destroying organisms. A Wood Destroying Pest & Organism Inspection Report does not contain information on such defects, if any, as they are not within the scope of the licenses of either this company, or it's employees.

The Structural Pest Control Act requires inspection of only those areas which are visible and accessible at the time of inspection. Some areas of the structure are not accessible to inspection, such as the interior of hollow walls, spaces between floors, areas concealed by carpeting, appliances, furniture or cabinets. Infestations or infections may be active in these areas without visible and accessible evidence. If you desire information about areas that were not inspected, a further inspection may be performed at an additional cost. Carpets, furniture or appliances are not moved and windows are not opened during a routine inspection.

The exterior Surface of the roof was not inspected. If you want the water tightness of the roof determined, you should contact a roofing contractor who is licensed by the Contractor's State License Board.

This company does not certify or guarantee against any leakage, such as (but not limited to) plumbing, appliances, walls, doors, windows, any type of seepage, roof or deck coverings. This company renders no guarantee, whatsoever, against any infection, infestation or any other adverse condition which may exist in such areas or may become visibly evident in such area after this date. Upon request, further inspection of these areas would be performed at an additional charge.

In the event damage or infestation described herein is later found to extend further than anticipated, our bid will not include such repairs. OWNER SHOULD BE AWARE OF THIS CLOSED BID WHEN CONTRACTING WITH OTHERS OR UNDERTAKING THE WORK HIMSELF/HERSELF.

If requested by the person ordering this report, a re-inspection of the structure will be performed. Such requests must be within four (4) months of the date of this inspection. Every re-inspection fee amount shall not exceed the original inspection fee.

Wall paper, stain, or interior painting are excluded from our contract. New wood exposed to the weather will be prime painted, only upon request at an additional expense.

This company will reinspect repairs done by others within four months of the original inspection. A charge, if any, can be no greater than the original inspection fee for each reinspection. The reinspection must be done within ten (10) working days of request. The reinspection is a visual inspection and if inspection of concealed areas is desired, inspection of work in progress will be necessary. Any guarantees must be received from parties performing repairs.

NOTICE: Reports on this structure prepared by various registered companies should list the same findings (i.e. termite infestations, termite damage, fungus damage, etc.). However, recommendations to correct these findings may vary from company to company. You have a right to seek a second opinion from another company.

This Wood Destroying Pest & Organisms Report DOES NOT INCLUDE MOLD or any mold like conditions. No reference will be made to mold or mold-like conditions. Mold is not a Wood Destroying Organism and is outside the scope of this report as defined by the Structural Pest Control Act. If you wish your property to be inspected for mold or mold like conditions, please contact the appropriate mold professional.

SECTION I CONTAINS ITEMS WHERE THERE IS EVIDENCE OF ACTIVE INFESTATION, INFECTION OR CONDITIONS THAT HAVE RESULTED IN OR FROM INFESTATION OR INFECTION.

SECTION II ITEMS ARE CONDITIONS DEEMED LIKELY TO LEAD TO INFESTATION OR INFECTION BUT WHERE NO VISIBLE EVIDENCE OF SUCH WAS FOUND.

FURTHER INSPECTION ITEMS ARE DEFINED AS RECOMMENDATIONS TO INSPECT AREA(S) WHICH DURING THE ORIGINAL INSPECTION DID NOT ALLOW THE INSPECTOR ACCESS TO COMPLETE HIS INSPECTION AND CANNOT BE DEFINED AS SECTION I OR II.

Please Note: Areas with heavy storage, large furnishings, tacked down carpet and covered walls are considered "inaccessible" for inspection. Any infestation and/or damages in these inaccessible areas are not included in this report, unless made accessible for re-inspection (charge may apply if owner/agent did not make property accessible for a complete inspection).

Fumigation does not warranty subterranean termites. Subterranean termites are a different type of termites that live and build their colonies in and beneath the soil, they are treated differently. Warranty of fumigation will be treated locally and not re-tented.

SECTION I:

1A - Substructure Area

FINDING - Old evidence of drywood termites and it's damage noted as indicated on diagram.

RECOMMENDATION - This property was fumigated two(2) years ago and is now free and clear of drywood termites but has old termite damage in the subarea.

9A - Decks / Patios

FINDING - Old evidence of drywood termites and it's damage noted as indicated on diagram.

RECOMMENDATION - This property was fumigated two (2) years ago and is now free and clear of drywood termites but has old termite damage in the subarea.

9B - Decks / Patios

FINDING - Dry rot/Fungus damage to the area indicated on diagram.

RECOMMENDATION - Repair/Patch damaged wood member(s) noted in the above finding. We will match the color and paint with primer.

11A - Other / Exterior

FINDING - Dry rot/Fungus damage to the area indicated on diagram.

RECOMMENDATION - Repair/Patch damaged wood member(s) noted in the above finding. We will match the color and paint with primer.

NOTES:

Note A

FINDING - Evidence of water stain noted at time of inspection noted where indicated on diagram. Hydrex Pest & Termite Control, Does not guarantee the presence or non-presence of any leaks or hidden damage to this area.

RECOMMENDATION - We recommend the owner to consult with an appropriate tradesman to determine activity or to perform the necessary repairs.

Thank you for selecting us to perform a structural pest control inspection on your property. Should you have any questions regarding this report, please call us directly by the contact information provided on the first page of the inspection report.

Our inspectors have determined that your property will benefit from a safe application of chemicals commonly used for structural pest control. In accordance with the laws and regulations of the State of California, we are required to provide you and your occupants with the following information prior to any application of chemicals to such property.

Please take a few moments to read and become familiar with the content. State law requires that you be given the following information:

CAUTION - PESTICIDES ARE TOXIC CHEMICALS. Structural pest control companies are registered and regulated by the Structural Pest Control Board, and apply pesticides which are registered and approved for use by the California Department of Food and Agriculture and the United States Environmental Protection Agency. Registration is granted when the state finds that based on scientific evidence, there are no appreciable risks weighted by the benefits. The degree of risk depends on the degree of exposure, so exposure should be minimized.

If within 24 hours following application, you experience symptoms similar to common seasonal illness comparable to the flu, contact your physician or poison control center and your pest control operator immediately.

NOTICE TO OWNER

Under the California Mechanics Lien Law, any structural pest control company which contracts to do work for you, any contractor, subcontractor, laborer, supplier or other person who helps to improve your property, but is not paid for his/her work or supplies, has a right to enforce a claim against your property. This means that, after a court hearing, your property could be sold by a court officer, and the proceeds of the sale will be used to satisfy the indebtedness. This can happen even if you have paid your contractor in full if subcontractor, laborer, or suppliers remain unpaid.

Preserve their right to file a claim or lien against your property, certain claimants such as subcontractors or material suppliers are required to provide you with a document entitled "Preliminary Notice". General contractors and laborers for wages do not have to provide this notice. A Preliminary Notice is not a lien against your property. Its purpose is to notify you of persons who may have a right to file a lien against your property if they are not paid.

Note: All repair bids on this report are to repair existing structures as noted on our report. It is the responsibility of the owner of this property to inform Hydrex Pest & Termite, Co. if some existing structure being repaired is not permitted or not built to code. It is the property owners responsibility prior to approving any repairs to check with the City Building Dept. to see if permits are required for the work estimated below. If required, the property owner will need to pull permits as an owner and notify Hydrex Pest & Termite, Co. Any additional work required by City Building Dept. and or field inspector s will be an additional cost.

PLEASE NOTE: It is the responsibility of the ESCROW COMPANY to notify us IMMEDIATELY, if for any reason the transaction falls out of escrow or is cancelled. If this should happen, the HOMEOWNER is responsible for paying the full invoiced amount, for any and all work completed, within 10 days of the cancelled escrow.

ADDITIONALLY: It is the AGENTS' responsibility to provide Hydrex Pest & Termite, Co. with any and all escrow information. If we do not receive any Escrow information, all reports and billing invoices will be sent to the agent ordering the inspection. It is then the AGENTS' responsibility to furnish any and all WDO/Termite inspections, completion, and billing documentation directly to Escrow. Unless other arrangements have been made and documented, Escrow should NOT close before WDO invoices are PAID IN FULL.

NOTICE TO OWNER

Under the California Mechanics Lien Law, any structural pest control company which contracts to do work for you, any contractor, subcontractor, laborer, supplier or other person who helps to improve your property, but is not paid for his or her work or supplies, has a right to enforce a claim against your property. This means that after a court hearing, your property could be sold by a court officer and the proceeds of the sale used to satisfy the indebtedness. This can happen even if you have paid your structural pest control company in full if the subcontractor, laborers or suppliers remain unpaid.

To preserve their right to file a claim or lien against your property, certain claimants such as subcontractors or material suppliers are required to provide you with a document entitled "Preliminary Notice." Prime contractors and laborers for wages do not have to provide this notice. A Preliminary Notice is not a lien against your property. Its purpose is to notify you of persons who may have a right to file a lien against your property if they are not paid.
