PROPERTY OVERVIEW

Traveling North along Interstate 15 as you summit the Cajon Pass and dip into the High Desert the first major junction of any substance is Ranchero Rd, which opened in 2015. At the northeast corner of Interstate 15 and Ranchero Rd is offered ±58.99 commercial acres, encompassing two (2) signalized corners ready for immediate development. The last great freeway frontage on/off ramp retail location of its kind. Average daily traffic along this stretch of Interstate 15 can max out over 130,000 vehicles a day. The Silverwood Project, 15,000 new homes spanning 9,000 acres, is serviced via this junction. Amazon's new 2.5m sqft / 160-acre Middle Mile Hub at Main St and Hwy 395 is just 3 miles north of this site. Brightline West's commuter train station is the next off-ramp to the north at I-15 and Joshua Rd. So many great developments coming out of ground all around - could this site be next?

MUNICIPALITY

City of Hesperia | County of San Bernardino

ZONING

Vacant Commercial Land

SALE PRICE
\$18,000,000

CITY OF HESPERIA

You will not find a more aggressive, customer-focused Economic Development Division anywhere. What's more, we look forward to proving it to you. We would like to welcome you into our community and hope you agree that when it comes to a location in southern California and the high desert, Hesperia abounds with amenities and affords your business tremendous opportunities.

At the hub of thriving economic activity is the Hesperia Commerce Center. Situated on the west side of the 1-15 freeway along Caliente Road, this expansive complex covers an impressive 3.5 million square feet, leased by Maersk, a global logistics and supply chain company, as occupants.

Amazon's first West Coast Middle-Mile facility has broken ground. Spanning across approximately 160 acres off Phelan Road, near Caliente Road, the 2.5 million-square-foot facility has generated roughly 1,000 construction-related positions, and is expected to create approximately 1,000 permanent jobs once the facility is operational, currently anticipated in late 2026. 500 docking stations are included in the build, supporting the Inland Empire and greater Southern California area.

Approved Entitlement/In Plan Check	4,267,518 square feet		
In Entitlement	3,566,665 square feet		
Total	13,760,593 square feet		

Information 1,500 feet or more in length should be verified with a 6,000 foot

MAJOR DEVELOPMENT

Amazon Middle-Mile Facility: A massive 2.5-million-square-foot facility is under construction at the northwest corner of Main St & Hwy 395, projected to open in late 2026.

Industrial Pipeline: Large Scale logistics hubs - tens of millions of square feet in same stage of construction or entitlement. Including The Hesperia Gateway Project at the southwest corner of I-15 & Ranchero Rd encompassing 90ac and proposed 1.06m square feet of warehouse.

Sam's Club: Approved for a 25-acre site near the northwest corner of I-15 & Main St, this major retail center will include a fuel station, tire center, and car wash.

Brightline: Brightline West will be the country's first true high-speed passenger rail operation. The Victor Valley station, located on nearly ±300 acres at Dale Evans Parkway and I-15, will serve as the Las Vegas connection facility and possible future hub for the proposed High Desert Corridor and California High Speed Rail lines. The commuter station will be located at I-15 & Joshua Rd, serving as the link to the Rancho Cucamonga Metro-Link Station.
