Subject: 217 E. 7th Ave Chico CA 95926

Hey Vicki! Below is all the information for the solar on your property at 271 E. 7th Ave, Chico, CA 95926.

Roof mount installed in 2023
System: Enphase (Microinverters IQ8+)
System size: 10kW
Amount of panels: 25
Panel type: Hanwha Q. Peak DUO BLK ML-G10 400
Batteries: NONE

System is currently fully operable and shows no alerts.

Note for the future buyer: Once the home is purchased the new homeowner can call to let us know they are the new homeowner. We will then send them a link to transfer the solar system into their name, Enphase charges \$199 for this, they will also need proof of home ownership to submit this could be an updated ID, first PG&E bill they get in their name, or bill of sale!

Please let me know if you have any questions or if there is anything else we can do for you. ❤️
