(v) "Solar Fixtures" means the materials and parts of the PV System that are not PV System Components, each as identified in Exhibit II.

If Homeowner does not cooperate with Company with respect to the PTO or does not schedule the appointment to energize the PV System (if necessary) within ten (10) business days from the delivery by Company to Homeowner of a written request (including via email) for either action, or, in the case of the appointment, such appointment is cancelled or rescheduled and does not take place within twenty (20) business days from the delivery of such request, then the Term shall nonetheless commence no later than twenty (20) business days from the delivery of such request. (x) "We," "Us" and "Our" means the Company and its successors and assigns.

(y) "You" and "Your" means each person or legal entity, jointly and individually, that signs this Agreement as the Homeowner.

2. Rights and Obligations During the Term of the Agreement.

2.01 Lease. The Company shall lease to Homeowner, and Homeowner shall lease from the Company, the PV System Components during the Term in consideration of the Homeowner's payment of the Lease Payment set forth on page 1 hereof to the Company.

2.02 Contingency and Automatic Termination. In the event that the Close of Escrow does not occur and the Home Purchase Agreement is terminated for any reason, then this Agreement shall be automatically canceled and terminated and neither Party shall have any obligations or liabilities under this Agreement, except as otherwise set forth in this Agreement.

2.03 Invoicing and Payment. WAIVER OF PAYMENT CLAIMS.

(a) Monthly Invoice. The Company shall invoice Homeowner monthly on such date as the Company may select, for the previous month's Lease Payment, plus all applicable taxes to be collected from Homeowner by the Company for transmittal to the appropriate taxing authority. The invoice shall specify the payment due, which shall equal the amounts set forth on page 1 hereof.

(b) Payment of Taxes. Homeowner agrees to pay any changes in the applicable taxes related to this Agreement. Homeowner also agrees to pay any other taxes on the PV System that Homeowner's local jurisdiction may levy; provided, however, that to the extent any tax exemption is available to offset any taxes imposed on and paid by Homeowner as a result of the PV System, Homeowner (and not Company) shall be entitled to claim such exemption.

(c) Method of Payment. Each monthly Lease Payment shall be paid in lawful money of the United States of America and may be made by electronic payment (initiated by Homeowner) or automatic withdrawal (by Homeowner enrolling through Company's website). Each monthly payment shall be due (and Company shall make the automatic withdrawal) on the first (1st) day of each month. In the event Homeowner requests paper billing and/or a payment is made by means other than electronic payment or automatic withdrawal, Homeowner will be charged a processing fee equal to \$1.00 per paper bill and/or non-electronic/non-automatic payment, which fee may be increased at the Company's discretion from time to time. All

invoices will be sent to the Homeowner by electronic mail or by U.S. mail (if so requested by Homeowner and subject to the \$1.00 processing fee). In addition, if Homeowner elects to pay by enrolling through Company's website in automatic withdrawals, Homeowner will receive a discount of \$5.00 for each month in which such automatic withdrawal was made. Any payments not made when due (including as a result of insufficient funds by Homeowner or any other reason that is not the fault of Company), will be deemed delinquent and will accrue interest at the Interest Rate from and including the due date, to but excluding the date the delinquent amount is paid in full, or as otherwise permitted by law.

(d) Waiver of Payment Claims. SUBJECT TO SECTION 5.05, HOMEOWNER AGREES THAT (1) THE OBLIGATION TO PAY ALL INVOICES AND ALL OTHER AMOUNTS DUE UNDER THIS AGREEMENT SHALL BE UNCONDITIONAL UNDER ALL CIRCUMSTANCES (WITH ONLY THE EXCEPTIONS NOTED BELOW IN THIS SECTION) AND SHALL NOT BE SUBJECT TO ANY DEFENSE, COUNTERCLAIM, RECOUPMENT OR REDUCTION FOR ANY REASON WHATSOEVER, IT BEING THE EXPRESS INTENT OF THE PARTIES THAT ALL AMOUNTS DUE AND PAYABLE BY HOMEOWNER HEREUNDER DURING THE TERM OF THIS AGREEMENT SHALL CONTINUE TO BE PAYABLE IN ALL EVENTS, INCLUDING BY HOMEOWNER'S ESTATE, EXCEPT THE PAYMENT OF INVOICES AND OTHER AMOUNTS THAT MAY BE SUBJECT TO SECTION 3.04 DESCRIBING CASUALTY DAMAGE; AND (2) YOU HEREBY WAIVE ALL RIGHTS YOU MAY HAVE TO REVOKE ACCEPTANCE OF THE PV SYSTEM OR TO GRANT TO ANY THIRD PARTY A SECURITY INTEREST IN THE SYSTEM OR THIS AGREEMENT.

2.04 Use of the PV System. Customer may request an in-home solar orientation appointment at any time prior to, or within thirty (30) days after, the remote activation of the PV System by Company. Homeowner is entitled to the use of any power generated by the PV System during the Term of this Agreement. The PV System is for residential use solely at the Premises. Homeowner agrees to use the PV System and any power generated by the PV System solely for personal, family or household purposes. Homeowner agrees that the electricity generated by the PV System may not be used primarily to heat a swimming pool.

2.05 Payments and Credits from the Local Electric Utility. Local law may entitle the Homeowner to credits or payments from the Local Electric Utility for the power generated by the PV system that is placed onto the transmission and distribution grid of the Local Electric Utility. The Homeowner shall be responsible for executing, returning (within ten (10) business days of delivery thereof) and complying with any agreements or other documents in order to obtain such credits and payments and as necessary for the interconnection and activation of the PV System. The Homeowner shall be entitled to retain all such credits or payments for its own account. **The Homeowner acknowledges and understands that local law may change and the Homeowner may not be entitled to the same (or any) credits or payments from the Local Electric Utility throughout the Term. Regardless of Homeowner's participation in such a program, and regardless of any changes in the net metering laws applicable to Homeowner, Homeowner is responsible for making the Lease Payment to Company each month.**

2.06 Monitoring. The Company or its third party contractor has the right to monitor the PV System to collect data regarding the PV System. The Company may provide and maintain remote monitoring equipment to measure the production of energy by the PV System and may maintain monitoring equipment to measure Homeowner energy consumption data. The Company will make the data available to Homeowner on request or as otherwise required by any applicable law. The Homeowner agrees and acknowledges that: (i) the Company owns all energy production data and energy consumption data collected pursuant to this Agreement, and (ii) the Company shall be permitted to use such data as necessary in the operation of the Company's business, subject to any restrictions on use provided under applicable law.

Homeowner shall maintain electrical connections for Company's remote monitoring equipment, and shall maintain a working internet connection and a router with an available port for such monitoring unless the Home is located in an area with cellular service that the Company determines to be reliably functional for the Company's remote monitoring, provided however, that if Homeowner is unable to provide working internet, then the Home must be located in an area with cellular service that Company determines to be reliably functional.

In the event that (i) Homeowner is unable or fails to maintain the required working internet or electrical connection(s) at any time during the Term, and (ii) the Company determines that the Home does not have reliably functional cellular service, then during the period of time of such conditions, the Company will be unable to provide remote performance monitoring of the PV System and conduct remote troubleshooting of the PV System, and the Homeowner shall be solely responsible for notifying

the Company, in writing, if the PV System is not functioning properly. If the Homeowner does not so notify the Company that the PV System is not functioning properly, then during the period of time of such conditions:

(a) the Company shall have no responsibility for detecting or resolving any problems with the PV System, including pursuant to the Limited Warranty (attached hereto as Exhibit I), and

(b) Homeowner will not be entitled to a refund or credit of any Lease Payments during such period.

The Local Electric Utility may require the installation of an additional meter that will be owned and maintained by the Local Electric Utility, at no cost to the Homeowner.

3. Warranties, Maintenance, Insurance and Removal.

3.01 Warranties; Maintenance; Drone Inspection.

(a) Repair, Maintenance; Drone Inspection. The Company will repair the PV System pursuant to the Limited Warranty, attached hereto as Exhibit I, and reasonably cooperate with the Homeowner when scheduling repairs. To reduce response times for PV System service calls and the impact of inspections on roofs, the Company may (with approximately 24 hours advance notice to Homeowner) operate a drone, from outside the Home, for aerial video inspection of the roof-top PV System and any other objects related to the service call. However, there is no guarantee that such a drone inspection will not inadvertently view other areas outside the Home. The Company will maintain the PV System (which includes PV System Components and Solar Fixtures) in good operating condition; provided, however, that Homeowner will be responsible for any damage caused by Homeowner or Homeowner's guests, invitees, contractors or agents.

(b) Performance Guarantee. The Company agrees to provide the Homeowner with a Performance Guarantee during the Term of the Agreement, as more particularly set forth in Exhibit I, and which is hereby incorporated into this Agreement. THE SIZE OF THE PV SYSTEM COMPLIES WITH THE CURRENT ENERGY EFFICIENCY REQUIREMENTS OF CALIFORNIA LAW THAT APPLY TO THE CONSTRUCTION OF THE HOME AND THE PV SYSTEM.

(c) NO OTHER WARRANTIES. THERE ARE NO OTHER REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, AS TO THE INSTALLATION, DESIGN, MERCHANTABILITY, FITNESS FOR ANY PURPOSE, CONDITION, ELECTRICITY GENERATION CAPACITY, SUITABILITY OR PERFORMANCE OF THE PV SYSTEM OR ITS INSTALLATION, ALL OF WHICH WARRANTIES ARE HEREBY DISCLAIMED. THE FOREGOING DISCLAIMER DOES NOT, HOWEVER, LIMIT THE COMPANY'S EXPRESS OBLIGATIONS UNDER THIS AGREEMENT.

3.02 Company Insurance. The Company shall at all times during the Term of this Agreement maintain general liability insurance with respect to the PV System. The Company may or may not maintain property damage insurance for specific types of damage and casualty loss to the PV System.

3.03 Homeowner's Insurance. The Homeowner will retain customary homeowner's insurance (including property damage and liability coverage) covering the Premises. The Company agrees not to be named loss payee (or named insured) on the Homeowner's property damage insurance policy covering the Premises. Any damage that occurs as a result of the installation, malfunction, manufacturing defect, or removal of the PV System is the responsibility of the Company. To the extent that Homeowner's existing homeowner's insurance covers the PV System, and Homeowner desires to have the Company restore a PV System that has been damaged by a casualty that is not covered by Company's insurance (as set forth in Section 3.04), the Homeowner shall assign the proceeds of such insurance that relate to the PV System Components to the Company; provided, however, that the Homeowner shall have no obligation hereunder to procure insurance that provides such coverage.

3.04 Casualty Losses. If the PV System is damaged by a casualty covered by property damage insurance maintained by the Company, the Company will promptly repair and replace the damaged portions of the PV System as necessary to restore it to good working condition. If the PV System is damaged by a casualty not covered by property damage insurance maintained by the Company, the Company may at its option (i) repair and restore the PV System to good working condition, or (ii) terminate this Agreement and, at Homeowner's option, (I) convey the PV System Components in their existing condition, as is, to the Homeowner or (II) remove and dispose of the PV System Components and perform related Roofing Restoration.

Notwithstanding the foregoing, if the Company accepts assignment of insurance proceeds from Homeowner (as set forth in Section 3.05) for repair or restoration of the PV System, the Company shall repair and restore the PV System to good working condition.

3.05 Solar Access and Easement. The Parties acknowledge the existence of, and agree to abide by, the Easement, the form of which is attached to this Agreement as Exhibit III and which grants the Company or its third party contractors access to the Premises for, among other things, installation, interconnection, activation, monitoring, inspection, evaluation, servicing, maintenance and removal of the PV System and any modifications to the PV System necessary to effect Third Party Sales (as defined in Section 5.04(b)(iii)), if applicable. The Easement shall not be affected by any termination of this Agreement and shall only terminate in accordance with its terms. The Easement prohibits the shading of roof-top solar collectors and reserves to the Company a right of entry, after notice, to cure the shading of the PV System. Because of the prohibition against the shading of solar collectors and the design and dimensions of the Premises, any yard area of the Premises may not be large enough to accommodate (a) the planting of medium or large trees in any such yard of the Premises, (b) the construction of upper-floor additions or roof-top structures, if applicable, and (c) the growth of some trees to mature height in any yard area of the Premises. Homeowner agrees and acknowledges that the Premises may be subject to a certain Declaration of Solar Energy Covenants, Conditions and Restrictions for the Community, which together with the Easement, grant certain rights to the Company including the right to cure any prohibited shading of the PV System, as such term is defined thereunder.

Without limiting Homeowner's obligations and the Company's rights under the Easement and the Declaration of Solar Energy Covenants, Conditions and Restrictions for the Community, if any, Homeowner shall use reasonable efforts to keep the PV System free of overshadowing or other blocked access to sunlight from trees, other vegetation or other obstructions on or around the Premises during the Term. Homeowner shall not install other landscaping, structures or improvements on or around the Premises that would, or could reasonably be expected to, block the PV System's access to sunlight.

3.06 No Alteration. Except as may be required in order for the Local Electric Utility to install metering equipment, Homeowner will not alter, modify, enhance, remove, add or attach anything to the PV System or any individual PV System Components, including any monitoring or metering equipment provided by the Company (collectively "Alterations") without the Company's prior written approval. Notwithstanding the foregoing, any Alteration that is made will become part of the PV System Components and will become the Company's property at the Company's sole discretion. In no event will Homeowner take any action in relation to any of the PV System Components that could void or impair any warranty relating to the PV System or its installation or which might cause any damage to the PV System, or which would cause the PV System not to operate as intended at the Home. **HOMEOWNER WILL NOT, AND WILL NOT PERMIT ANY OTHER PERSON (OTHER THAN IN THE CASE OF AN EMERGENCY, SUBJECT TO THE EASEMENT AND TO SECTION 3.09 BELOW), TO TOUCH OR TAMPER IN ANY WAY, DIRECTLY OR INDIRECTLY, WITH ANY PART OF THE PV SYSTEM FOR ANY REASON, AS SUCH MAY BE ENERGIZED AND PRESENTS A RISK OF ELECTRIC SHOCK, WHICH MAY CAUSE SERIOUS INJURY OR DEATH.**

3.07 No Removal of PV System by Homeowner. Except as otherwise permitted by this Agreement, Homeowner agrees that the PV System Components will not be removed and will at all times be kept and used at the Premises. If the Company removes the PV System Components at the end of the Term, the Company will also perform related Roofing Restoration.

3.08 Temporary Removals. If Homeowner desires to make any repairs or improvements to the Premises that require the temporary removal of PV System Components, that could interfere with the performance or operation of the PV System or which might cause any damage to the PV System (including, without limitation, repair of the roof or any structure on the Premises on which the PV System is situated), Homeowner shall give the Company at least ten (10) days prior written notice, such that the Company or its third party contractors shall provide Homeowner with an estimate of the costs to remove and secure the PV System prior to commencement of the repair or improvement and replace the PV System after the repair or improvements have been completed. If Homeowner elects to proceed with repair or improvement to the Premises, it shall so notify the Company and Homeowner shall reimburse the Company for all reasonable costs of removing, securing, storing and replacing the PV System and for any damage thereto not caused by Company or its agents. Homeowner may not remove or have the PV System removed without the prior written consent of the Company.

3.09 Emergency Removals. In the case of emergencies that may reasonably require temporary removal or relocation of the PV System or any PV System Components, Homeowner shall contact the Company, and the Company shall respond to Homeowner's requests as quickly as practicable at Homeowner's sole expense; provided, however, if the Company is unable

to respond as necessary to the emergency, Homeowner may, at its own expense, contract with a solar installer licensed in the state in which the Home is located to remove and store the PV System as necessary to make repairs required by the emergency. Homeowner shall in all events be responsible for any damage to the PV System that results from actions taken by Homeowner or Homeowner's contractor. Homeowner shall notify the Company within forty-eight (48) hours after taking any such action.

Removal of the PV System or any PV System Components pursuant to Section 3.08 and this Section 3.09 shall not affect Homeowner's obligation to make the Lease Payments when due hereunder. Notwithstanding the foregoing, in the event the Home is subject to a casualty that forces removal of the PV System, the Company shall forego billing the Homeowner for the Lease Payments for a period equal to the reasonable amount of time required to perform the necessary Home repairs and replace the PV System. The amount of the Lease Payment that is suspended per day over any period shall be determined by prorating the Lease Payment over a 30-day month.

3.10 Duty to Notify. If Homeowner notices that the PV System is damaged, is not functioning properly for any reason, appears unsafe, or is stolen, Homeowner will promptly notify the Company by calling the Customer Service Hotline provided on the cover sheet of this Agreement.

3.11 Duty to Cooperate. Homeowner agrees to cooperate with Company and to return or respond within ten (10) business days of receipt of any documents or request from Company relating to the PV System, including, without limitation, documents relating to interconnection and activation of the PV System, and documents relating to any Renewable Energy Incentives.

4. Ownership of PV System Components and Ownership Benefits.

4.01 PV System Components. The Company owns the PV System Components and the Ownership Benefits for all purposes and Homeowner has no ownership interest in the PV System Components or the Ownership Benefits. Homeowner acknowledges and agrees that the PV System Components are the personal property of the Company and are not fixtures to the Premises.

4.02 Solar Fixtures. Homeowner owns the Solar Fixtures.

4.03 Ownership Benefits and Renewable Energy Incentives. At the request of the Company, Homeowner shall execute and deliver any application, agreement or other document(s) as may be necessary for the Company to obtain any applicable Renewable Energy Incentives or Ownership Benefits within ten (10) business days of Homeowner's receipt thereof.

Notwithstanding anything to the contrary in this Agreement, the Company shall transfer any environmental attributes (including tax credits, offsets, allowances, certificates and other such rights) allocable to the PV System or energy produced thereby to the Local Electric Utility as and to the extent necessary to permit Homeowner's participation in a net metering arrangement with such Local Electric Utility as described in Section 2.05, or as otherwise required by the Local Electric Utility.

If applicable to the Community, as a result of the Renewable Energy Incentives retained by Company in connection with its ownership of the PV System (including, without limitation, any rebates), the following categories of costs to Homeowner have been eliminated or reduced, as applicable, pursuant to the terms of this Agreement: (1) no down payment to enter into this Agreement; (2) reduced ongoing Lease Payments; (3) no annual automatic increase in Lease Payment; (4) no cost for solar system monitoring (including mobile device accessibility); (5) no cost for required maintenance of the PV System (including cleaning when necessary for energy production purposes, servicing, and/or repairs); (6) no payment for insurance of PV System; and (7) no transfer fee to assign this Agreement to a subsequent homebuyer (other than actual document recording costs imposed by local property records office).

Without the prior written consent of the Company, Homeowner shall not enter into any agreement with the Local Electric Utility that would entitle such Local Electric Utility to claim any Renewable Energy Incentives or Ownership Benefits.

4.04 No Liens, No ID Removal. To the fullest extent permitted by law, the Homeowner agrees to keep the PV System Components free of any liens and other encumbrances. Homeowner agrees that the PV System Components may be marked and identified as property of the Company. Homeowner may not change, remove, or alter any of these markings or identifications.

5. Rights and Obligations: Upon Sale of the Home, After the Term of the Agreement, Upon Termination of the Agreement, and Upon Default.

5.01 Sale or Lease of the Home. If the Premises are voluntarily (or involuntarily) transferred during the Term, then, if Homeowner is not in breach of this Agreement, Homeowner will have the right to do either of the following: (i) buy the PV System Components (or have the transferee of the Premises buy the PV System Components) for the amount calculated pursuant to Exhibit IV, or (ii) have the transferee assume all of the Homeowner's obligations under this Agreement, including payment obligations. Homeowner agrees to give the Company at least fifteen (15) days, but not more than three (3) months' prior written notice and to cooperate with the Company to cause the transferee to execute a written assignment of this Agreement, if applicable. Otherwise, the Homeowner will remain responsible for Homeowner's obligations under this Agreement after the sale of the Home until either the PV System Components are purchased or the transferee assumes all of the obligations of Homeowner hereunder. In the event of a foreclosure or threat of foreclosure where the Premises are transferred to a lender, then the lender or assignee or subsequent purchaser has the discretion to: (i) become, without payment of any transfer or similar fee, the beneficiary of this Agreement with the Company; (ii) enter into an agreement with the Company, under terms no less favorable than this Agreement; or (iii) terminate this Agreement and require the Company to remove the PV System Components.

(a) Written Assignment. If this Agreement is transferred to the transferee of the Home, pursuant to (ii) above, the Homeowner, the transferee and the Company shall execute a written assignment of this Agreement. Until the transferee has executed the assignment of this Agreement, the Homeowner shall remain responsible for performing under this Agreement. If Homeowner (or the transferee) chooses to buy the PV System Components, it will pay any applicable sales, transfer taxes or personal property taxes in addition to the purchase price calculated pursuant to Exhibit IV (unless specifically included in the price). Homeowner agrees to pay the recording fees associated with recordation of the documents evidencing either the assignment of this Agreement or the purchase of the PV System Components. EXCEPT IN CONNECTION WITH A SALE OF THE PREMISES, DURING THE TERM OF THIS AGREEMENT, HOMEOWNER WILL NOT ASSIGN, SELL, PLEDGE OR IN ANY OTHER WAY TRANSFER ITS INTEREST IN THIS AGREEMENT WITHOUT THE COMPANY'S PRIOR WRITTEN CONSENT.

(b) Lease of a Home. In the event Homeowner leases the Home to a third party, Homeowner will remain responsible for the payments due under this Agreement and for causing the Homeowner's tenants to comply with all applicable provisions of this Agreement. THE HOMEOWNER WILL BE INVOICED (AND RESPONSIBLE TO PAY) FOR THE LEASE PAYMENTS, EVEN IF THE HOME IS VACANT. Homeowner will receive the Company invoices directly and acknowledges that Company shall have no obligation to contact Homeowner's tenant for any reason.

5.02 Purchase Option. The Homeowner has the option to purchase the PV System Components at any time. To exercise this option, the Homeowner must be in good standing under this Agreement and provide the Company with at least fifteen (15) days, but not more than three (3) months' prior written notice. The purchase price for the PV System Components will be the fair market value, calculated pursuant to Exhibit IV. Homeowner agrees to pay the recording fees associated with the documents evidencing the purchase of the PV System Components.

5.03 Termination at the End of Term. At the end of the Term of this Agreement, the Homeowner has the following options:

(a) if the Homeowner is in compliance with this Agreement, the Homeowner may renew this Agreement for an additional ten (10) years;

(b) the Homeowner may request that the Company remove and dispose of the PV System Components, in which case the Company shall remove and dispose of the roof-top PV System Components from the Home, and perform related Roofing Restoration, pursuant to all the removal, disposal and restoration terms stated in Section 9 of the Easement. The Parties' obligations under this Agreement shall terminate on the completion of such removal, disposal and restoration by the Company;

(c) the Homeowner may purchase the PV System Components from the Company pursuant to Section 5.02, plus all applicable sales, transfer or personal property taxes. The Parties' obligations under this Agreement shall terminate on the completion of such purchase of the PV System Components by the Homeowner.

The Company will send forms relating to Section 5.03(a) and Section 5.03(c) approximately three (3) months prior to the expiration of the Term, and the Homeowner shall complete and return the forms at least one (1) month prior to the end of the Agreement. If Homeowner does not return the forms prior to the expiration of the Term, then this Agreement shall continue until (i) Homeowner gives the Company at least sixty (60) days' prior written notice that Homeowner does not wish to renew, or (ii) the Company sends Homeowner notice terminating this Agreement.

5.04 Homeowner Default.

(a) Homeowner Events of Default. A "Homeowner Event of Default" shall mean, with respect to Homeowner, the occurrence of any of the following:

(i) the failure to make, when due, any payment required pursuant to this Agreement if such failure is not remedied within thirty (30) calendar days after written notice;

(ii) the failure to perform any other material obligation (other than those listed in this Section 5.04(a)) set forth in this Agreement (which includes any negative obligations undertaken by Homeowner hereunder) within thirty (30) calendar days after written notice;

(iii) the failure to cooperate with the Company to permit the interconnection and activation of the PV System, pursuant to Section 2.04, if such failure is not remedied within thirty (30) calendar days after written notice;

(iv) Homeowner denies the Company or its third party contractors access to the Premises as necessary under the terms of this Agreement or violates the terms of the Easement or the Declaration of Solar Energy Covenants, Conditions and Restrictions for the Community, as applicable, and such denial or violation continues and is not remedied by the date that is thirty (30) calendar days after written notice;

(v) Homeowner attempts to, or does, assign, transfer, encumber, sublet or sell its interest under this Agreement, in any form or manner, except with respect to the sale of the Home, as provided for in Section 5.01, without the Company's prior written consent;

(vi) Homeowner Bankruptcy; or

(vii) Homeowner damages or otherwise acts negligently or with willful misconduct regarding the PV System or any other property or right of the Company (including, without limitation, any monitoring and metering equipment), including breach of Sections 3.06 (No Alteration), 3.07 (No Removal of PV System) and 3.10 (Duty to Notify).

(b) Remedies for Homeowner Default. Upon the occurrence of a Homeowner Event of Default, the Company may exercise any one or more of the following remedies:

(i) suspend its performance under this Agreement until the Homeowner Event of Default has been cured;

(ii) leave the PV System Components in place on the Home, but deny Homeowner access to and use of the power generated therefrom, which may be redirected and sold to third parties, if permitted by law, for the Company's account (including to the Local Electric Utility) in the Company's sole discretion ("Third Party Sales");

(iii) exercise any other remedy provided under applicable law or regulation, including seeking a pre or post judgment lien or similar security interest on or against the Home, but such remedy shall not include punitive or liquidated damages or specific performance; and/or

(iv) collect as actual damages the remaining payments due under this Agreement (including all taxes, late charges, penalties, interest and all or any other sums then accrued or due and owing), *plus* the value of any Renewable Energy Incentives lost or recaptured as a result of the Homeowner Event of Default, *less* any amounts the Company recovers or reasonably expects to recover from any Third Party Sales (if applicable). The Company will provide you with calculation(s) of its measure of damages.

(c) Credit Reporting. The Company reserves the right to submit to credit reporting agencies (credit bureaus) negative

credit reports that would be reflected on the Homeowner's credit record if the Homeowner does not pay any amounts due under this Agreement as required.

5.05 Company's Default.

(a) Company Events of Default. A "Company Event of Default" shall mean: the Company (or Lender (as defined in Section 6.07), in its sole discretion, on the Company's behalf) fails to perform any material obligation set forth in this Agreement (which includes any negative obligations undertaken by the Company hereunder) within thirty (30) calendar days after written notice by the Homeowner to the Company of such failure to perform; *provided, however*, that Lender shall have an additional thirty (30) days (for a total of sixty (60) days) to cure such failure.

(b) Remedies for Company Event of Default; Release of Homeowner Claims. Upon the occurrence of a Company Event of Default, the Homeowner may:

(i) in a subsequent written notice to the Company, terminate this Agreement and request removal and disposal of the PV System Components and related Roofing Restoration, at the Company's expense, provided that such removal, disposal and related Roofing Restoration shall be performed in all instances by Company or its third party contractors within sixty (60) days of the termination of this Agreement; and provided that the Company shall be responsible for repayment of any Renewable Energy Incentives that may be required by the applicable authority that granted such Renewable Energy Incentives; and/or

(ii) except as provided below, exercise any other remedy provided under applicable law or regulation.

If Company fails to remove and dispose of the PV System and to perform the related Roofing Restoration within the period following the written notice of termination by Homeowner as stated above, Homeowner may contract with a qualified third party contractor for such removal, disposal and related Roofing Restoration, and Company shall reimburse Homeowner for its costs reasonably incurred therefor.

Notwithstanding the foregoing, but only if (i) a Company Event of Default is caused by events beyond the control of the Company (for example, by governmental action, acts of nature, lawful shading by others, etc.), and (ii) after termination of this Agreement the Company removes from the Premises and disposes of the roof-top PV System Components, and performs the related Roofing Restoration (or reimburses Homeowner for its costs reasonably incurred therefor), then the Homeowner shall have no right to claim damages as a result of the termination of this Agreement, and the Homeowner shall release and forever hold the Company harmless from and against any damages resulting from the Company Event of Default, except for any damages to the Home resulting from the removal of the PV System Components, whether by the Company or by Homeowner, but excepting therefrom any damages caused by the Homeowner's negligence.

5.06 Amounts due and payable at time of termination. NOTWITHSTANDING ANY TERMINATION OF THIS AGREEMENT, ANY AMOUNTS DUE AND PAYABLE BY EITHER PARTY AS OF THE DATE OF TERMINATION SHALL NOT BE AFFECTED AND SHALL REMAIN DUE AND PAYABLE.

6. Miscellaneous.

6.01 Limitation of Liability. EACH PARTY'S LIABILITY TO THE OTHER PARTY UNDER OR RELATED TO THIS AGREEMENT WILL BE LIMITED TO DIRECT, ACTUAL DAMAGES ONLY. THE PARTIES AGREE THAT IN NO EVENT WILL EITHER PARTY BE LIABLE TO THE OTHER PARTY FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY, EXPECTATION, SPECIAL OR INDIRECT DAMAGES.

EXCEPT AS OTHERWISE MAY BE SET FORTH IN THIS AGREEMENT, THE COMPANY HAS MADE NO OTHER EXPRESS OR IMPLIED WARRANTIES IN CONNECTION WITH THE PV SYSTEM, ITS OPERATION OR ITS POTENTIAL OPERATIONAL RESULTS, AND TO THE EXTENT PERMITTED BY THE LAW OF THE STATE IN WHICH THE PROPERTY IS LOCATED, HOMEOWNER HEREBY WAIVES ALL OTHER EXPRESS OR IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

6.02 No Liability for Builder. The Parties acknowledge and agree that,

- (a) Neither Builder nor any of its affiliates, successors or assigns is a party to or bound by any of the provisions of this Agreement,
- (b) Homeowner has not relied on any oral representation or statements made by Builder's representative or any other agent or employee of Builder, and
- (c) Builder has no liability to Homeowner with respect to the PV System or to Company's obligations under this Agreement.

6.03 Assignment by Company. The Company may sell, assign or in any other way transfer its rights and responsibilities in the PV System and this Agreement without Homeowner consent.

6.04 Contractors. The Company may use third party contractors to design, install, operate, maintain, or repair the PV System and to perform any other duties under this Agreement, including collecting meter data on the electricity that the PV System generates and preparing and sending invoices to Homeowner and collecting amounts due under these invoices.

6.05 Governing Law; No Jury Trial. This Agreement and the rights and duties of the Parties hereunder shall be governed by and construed, enforced and performed in accordance with the laws of the state in which the Premises are located, without reference to any conflicts of law principles. The Parties agree that the exclusive jurisdiction and venue for any litigation hereunder shall be the court having jurisdiction in the county in which the Premises are located, with the place that any arbitration proceedings are conducted to be not more than approximately 25 miles from the Premises or other location mutually agreed to by the Parties. EACH PARTY WAIVES ITS RESPECTIVE RIGHTS TO ANY JURY TRIAL WITH RESPECT TO ANY LITIGATION ARISING UNDER OR IN CONNECTION WITH THIS AGREEMENT AS SET FORTH BELOW.

6.06 Dispute Resolution. The Parties agree to resolve any dispute that arises under this Agreement or their relationship, pursuant to the provisions set forth in Exhibit VII.

6.07 Lender Accommodations. Homeowner acknowledges that the Company may finance the development, installation, acquisition, operation and/or maintenance of the PV System with financing or other accommodations from one or more other financial institutions (any such institution, together with any agent, representative, trustee, or other designee on behalf of such institution, a "Lender") and that the Company's obligations to such other financial institutions may be secured by a pledge or collateral assignment of this Agreement and a first security interest in the PV System Components (collectively, the "Lender's Security Interest"). In order to facilitate such financing or other accommodations, Homeowner agrees to the additional provisions of this Section that follow:

(a) Consent to Lender's Security Interest. Homeowner consents to the Company providing to Lender the Lender's Security Interest. However, if the Lender forecloses on the Lender's Security Interest and all renewals, modifications, supplements, amendments, consolidations, replacements, substitutions, additions and extensions thereof, it will acquire the PV System Components subject to Homeowner's rights, and Company's obligations, under this Agreement. In that case, Homeowner will attorn to and recognize the Lender as the new owner of the PV System Components and will make all payments due under this Agreement in accordance with Lender's instructions.

(b) Acknowledgement and Confirmation. By executing this Agreement, Homeowner acknowledges and agrees that this Agreement is a lease, not a sale, that the ownership of the PV System Components remains in the Company, that the PV System Components are the personal property of the Company and that the Company is authorized to file a Form UCC-1 Financing Statement (in substantially the form attached hereto as Exhibit VI) or similar statement with all applicable governmental agencies to evidence such ownership (which UCC-1 is not a lien or encumbrance against the Property). Company shall accommodate reasonable requests from lenders or title companies to facilitate a financing or refinancing of the Property by subordinating the UCC-1 for a processing fee of \$250.00.

(c) Further Assurances. At the request of the Lender (or the Company on Lender's behalf), Homeowner agrees to execute and deliver any document, instrument or statement required by law or otherwise as reasonably requested by Lender in order to create, perfect, continue or terminate the security interest in favor of Lender in all assets of the Company, and to secure the obligations evidenced by Lender's Security Interest, so long as such document, instrument or statement does not materially

increase Homeowner's obligations or decrease Homeowner's benefits under this Agreement.

6.08 Notices. All notices required to be provided under this Agreement (pursuant to all of Section 5) will be in writing and shall be sent by personal delivery, electronic mail, online customer portal, overnight courier, or U.S. Postal Service, and deemed received upon personal delivery, acknowledgment of receipt of electronic transmission, the promised delivery date after deposit with overnight courier, or five (5) days after deposit in the mail. Notices shall be sent to the Homeowner at the Property address set forth in this Agreement. Notices to the Company may be sent to the following address: Sunnova Energy Corporation, P.O. Box 56229, Houston, TX 77256, Attention: Customer Service; Telephone: 281.985.9900; Email: customerservice@sunnova.com Either Party may, by written notice to the other, designate a different address which shall be substituted for the one specified herein.

For all other communications, Homeowner agrees to update the telephone number and other contact information provided to Company if that information changes and consents to the Company (and/or anyone acting on the Company's behalf) using any wireless or wireline telephone number, email address, or other contact information that the Homeowner has provided or provides, using any reasonable means of communication, including texts and voice calls that are made from a device deemed an automatic telephone dialing system or using an artificial or prerecorded voice. However, Homeowner may revoke this consent and the consent provided by this Paragraph is not a condition to the Homeowner receiving the services provided under this Agreement. Homeowner's execution of this Agreement constitutes express written consent to the terms of this Paragraph.

6.09 Force Majeure. The failure or delay of either Party's performance of its obligations under this Agreement (other than the obligation to make payments) shall be excused if such failure or delay of performance (including, without limitation, failure or interruption of the production, delivery or acceptance of power) is caused by matters beyond its reasonable control, including, but not limited to, strikes, civil commotion, riots, war, terrorism, revolution, sabotage or destruction by a third party of the PV System, the binding order or failure to act or rule changes of any governmental authority, including those affecting Local Electric Utility rates or charges, the unavailability of power from the utility grid, power or voltage surge caused by anyone other than the Company, and acts of God such as storms, irregular weather, fires, hail, floods, lightning and earthquakes (each, a "Force Majeure"). Either Party's duties and obligations shall be suspended for the duration of the Force Majeure; provided, however, that if the suspension shall continue in excess of one hundred and eighty (180) days, the Parties shall attempt to arrive at a mutually acceptable compromise within the spirit and intent of this Agreement and, if unable to do so, either Party may then terminate this Agreement with no further obligation, other than as set forth in Section 5.03 or as otherwise expressly set forth in this Agreement.

6.10 Entire Agreement. This Agreement, including the Exhibits and documents referred to therein, contains the Parties' entire agreement regarding the subject matter hereof. There are no unwritten or other agreements regarding this Agreement. Any change to this Agreement must be in writing and signed by both Homeowner and the Company. If any provision or portion of this Agreement is determined to be unenforceable, or would render this Agreement unenforceable, such provision shall be removed, and the remaining provisions or portions shall be enforced in accordance with their terms.

6.11 Survival. The following Sections shall expressly survive the termination or expiration of this Agreement: Section 3.05 (Solar Access and Easement), Section 3.06 (No Alteration), Section 3.07 (No Removal of PV System), Section 3.08 (Temporary Removals), Section 4.01 (PV System), Section 4.02 (Solar Fixtures), Section 4.03 (Ownership Benefits and Renewable Energy Incentives), Section 4.04 (No Liens, No ID Removal), Section 5.04(b) (Remedies for Homeowner Default), Section 5.05(b) (Remedies for Company Default; Release of Homeowner Claims), Section 6.01 (Limitation of Liability), Section 6.02 (No Liability for Builder), Section 6.05 (Governing Law; No Jury Trial), Section 6.06 (Dispute Resolution), Section 6.08 (Notices), Section 6.10 (Entire Agreement); and Section 6.11 (Survival).

6.12 Successors and Assigns. This Agreement is binding on and inures to the benefit of the Parties and their respective heirs, legal representatives, successors and permitted assigns.

6.13 Recordation of Notice of an Independent Solar Energy Producer Contract. Homeowner agrees to and acknowledges a "Notice of an Independent Solar Energy Producer Contract" in the form of Exhibit V as required by California Public Utilities Code Section 2869 will be executed by the Company and authorizes the Company to record the Notice in the Official Records of the county in which the Premises are located, together with any other document reasonably required by the Company or applicable law to effectuate the foregoing.

6.14 No Waiver. No failure or delay on the part of either Party in exercising any right under this Agreement shall operate as a waiver of, or impair, any such right. No single or partial exercise of any such right shall preclude any other or further exercise thereof or the exercise of any other right. No waiver of any such right shall have effect unless given in a signed, written document. No waiver of any such right shall be deemed a waiver of any other right under this Agreement.

6.15 Privacy Policy Notice. Homeowner acknowledges that Homeowner has received and reviewed Company's Privacy Policy Notice attached hereto as Exhibit VIII ("Privacy Policy Notice") and Homeowner accepts the Privacy Policy Notice. Homeowner further acknowledges that the Privacy Policy Notice is subject to amendment and modification from time to time.

Exhibit I
Limited Warranty

(a) Warranties

The Company hereby makes the following warranties:

(i) System Warranty

During the entire Term, under normal use and service conditions, the PV System will be free from defects in workmanship or defects in, or a breakdown of, materials or components (the “System Warranty”);

(ii) Repair Promise

During the entire Term, the Company will honor the System Warranty and will ensure the repair or replacement of any defective part, material or component or correct any defective workmanship, at no cost or expense to you (including all labor costs), following your submission of a valid claim to us in accordance with this Limited Warranty (the “Repair Promise”). If your Home, your belongings or the Premises are damaged as a direct result of such repairs, the Company will repair the damage we cause or pay you for the damage we cause. New or reconditioned parts may be used when making repairs or replacements.

(iii) Warranty Length

The System Warranty and Repair Promise will be in effect through the entire Term. If you have assumed an existing Agreement, then this Limited Warranty will cover you for the remaining balance of the existing Term.

(b) Performance Guarantee

During the entire Term, the Company provides the following Performance Guarantee:

- (i) The Company has performed a generation analysis for the PV System installed on your Home to determine your estimated electricity generation (based on, among other things, your particular PV System’s design specifications, including the type of panels used, the type of inverters used, and site irradiation measures derived from historical weather data). Based on that analysis, and subject to the terms and conditions set forth below, the Company guarantees that during the Term the PV System will generate at least 95% of that estimated electricity generation during the first year of the Term, and that performance will not decline by more than 0.5% annually thereafter, as set forth in the table below (“Guaranteed Annual Production”):

YEAR	GUARANTEED ANNUAL PRODUCTION
1	5435
2	5408
3	5381
4	5354

5	5327
6	5299
7	5272
8	5245
9	5218
10	5191
11	5164
12	5136
13	5109
14	5082
15	5055
16	5028
17	5001
18	4973
19	4946
20	4919

- (ii) If at the end of any twelve (12) month period that falls on the anniversary of your first monthly payment, you believe that the actual production generated by the PV System during such 12 month period is less than the Guaranteed Annual Production for such year (as set forth above), you may submit a request to the Company, within 30 days of such anniversary, for a review of the PV System's actual performance. If you are in good standing with the Company (current on your bills) and the Company determines that your Actual Annual Production (defined below) was less than your Guaranteed Annual Production, the Company may provide you with a credit calculated as set forth below.
- (iii) Within 30 days of its receipt of your request for review, the Company will review the actual production of the PV System using the monitoring system to measure and record the AC electricity produced by your PV System in kilowatt hours during the prior twelve (12) month period ("Actual Annual Production"). In any year, if the Actual Annual Production is less than the Guaranteed Annual Production for such year, the difference between the Guaranteed Annual Production and the Actual Annual Production for such year shall be referred to as a "Shortfall." If all other conditions set forth herein have been met, you will receive a credit against your next SunStreet invoice equal to a percentage of the total annual Lease Payments you made during such period that is equal to the percentage that such Shortfall bears to the Guaranteed Annual Production for such period. For example, if the total amount of the Lease Payments you made during a 12 month period is \$600.00, and if your Guaranteed Annual Production for such 12 month period is 5000 kWh, and your

Actual Annual Production for such period is 4800 kWh, then your credit will equal \$600.00 x 4% (200 kWh/5000kWh) = \$24.00, which would be applied against your next invoice.

- (iv) If during such review, the Company determines that the Actual Annual Production is **greater** than the Guaranteed Annual Production during such 12 month period, any credit or payment from your Local Electric Utility resulting from such surplus energy is yours at no additional cost.
- (v) To the extent the data is not available from the Monitoring System through no fault of the Homeowner, the Company will estimate the Actual Annual Production by reasonable means. Homeowner must not have any outstanding unpaid invoices from the Company at the time Homeowner requests a review by the Company under this Performance Guarantee.

(c) **Maintenance and Operation**

In order to operate, the Monitoring System requires either an Internet line or for the Home to be located in an area with cellular service that the Company determines to be reliably functional. Therefore, if your home is not located in an area with such cellular service, during the Term, you agree to maintain the communication link between the Monitoring System and the PV System and between the Monitoring System and the Internet. Your failure to have and maintain a working Internet line in such a case will void any and all warranties provided under the Agreement including under the Performance Guarantee, except as noted above in Paragraph (b)(v), where data is not available from the Monitoring System through no fault of the Homeowner; provided, however, that in the event the Monitoring System is not operating, or the PV System is otherwise failing to produce, Homeowner is responsible for cooperating with the Company with respect to the Company's efforts to repair the PV System or the Monitoring System, as applicable.

(d) **Making a Claim; Transferring this Warranty**

(i) **Claims Process**

You can make a claim by:

- A. emailing us at service@sunstreet.com or
- B. logging into your individual web portal at sunstreet.com.

(ii) **Transferable Limited Warranty**

The Company will accept and honor any valid and properly submitted System Warranty claim made during the Term by any person to whom you properly transfer the Agreement, in accordance with the provisions of this Exhibit I.

(e) **Exclusions and Disclaimer**

The limited warranties and benefits provided in this Exhibit I, including the Performance Guarantee, do not apply to any lost power production or any repair, replacement or correction required due to the following:

- (i) someone other than the Company, or its approved service providers installed, removed, re-installed or repaired the PV System;
- (ii) destruction or damage to the PV System or its ability to safely produce power not caused by the Company or its approved service providers while servicing the PV System (we will replace the PV System in the event of casualty loss or damage, per the Agreement, and will forego billing until the PV System is replaced or repaired, provided the damage was not caused by Homeowner or Homeowner's guests, invitees, contractors or agents).
- (iii) your failure to timely perform, or breach of, your obligations under the Agreement, including, without limitation, this Exhibit I;
- (iv) any Force Majeure Event (as defined in the Agreement);
- (v) shading from foliage or any other obstruction of the solar panels;

- (vi) any system failure or lost production not caused by a PV System defect (e.g., the PV System is not producing power because it has been removed to make roof repairs or it has been turned off by Homeowner); and/or
- (vii) Homeowner fails to cooperate with Company in its reasonable efforts to repair the PV System or otherwise inspect the PV System to determine the cause of any problem.

The limited warranties and benefits provided in this Exhibit I give you specific rights, and you may also have other rights which vary from state to state. The Company does not warrant any specific electrical performance of the PV System, other than as specifically described above.

THE LIMITED WARRANTIES DESCRIBED IN THIS EXHIBIT ARE THE ONLY EXPRESS WARRANTIES MADE BY THE COMPANY WITH RESPECT TO THE PV SYSTEM. EXCEPT WITH RESPECT TO THE PROVISIONS OF THE PERFORMANCE GUARANTEE SET FORTH ABOVE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, THE COMPANY HEREBY DISCLAIMS, AND THE HOMEOWNER, ITS SUCCESSORS AND ASSIGNS AND ANY OTHER BENEFICIARY OF THE PV SYSTEM HEREBY WAIVE, ANY WARRANTY WITH RESPECT TO ANY COST SAVINGS FROM USING THE PV SYSTEM. SOME STATES DO NOT ALLOW SUCH LIMITATIONS, SO THE ABOVE LIMITATIONS MAY NOT APPLY TO YOU.

(f) Standards

For the purpose of the limited warranties and benefits provided in this Exhibit I, the standards for our performance will be (i) normal professional standards of performance within the solar photovoltaic power generation industry in the relevant market; and (ii) Prudent Electrical Practices. “Prudent Electrical Practices” means those practices, as changed from time to time, that are engaged in or approved by a significant portion of the solar power electrical generation industry operating in the United States to operate electric equipment lawfully and with reasonable safety, dependability, efficiency and economy.

(g) Assignment and Transfer of Warranty

The Company may assign its rights or obligations under this Exhibit I to a third party without your consent, provided that any such assignment of our obligations shall be to a party professionally and financially qualified to perform such obligation, whereupon the assigning Company shall be released from all liability under this Exhibit I. The limited warranties and benefits provided in this Exhibit I protect only the person who is the current lessee of the PV System at the time of a claim brought hereunder. Your rights and obligations hereunder will be automatically transferred to any assignee of the Agreement, subject to Section 5.01 of the Agreement. This Exhibit I contains the parties’ entire agreement regarding the limited warranty of the PV System.

FOR
SOLAR ENERGY EQUIPMENT**

This GRANT OF EASEMENTS FOR SOLAR ENERGY EQUIPMENT (“**Grant**”) is made as of _____, 20____, by [Insert Builder], a _____ (“**Builder**”) for the benefit of Sunnova Energy Corporation, DBA: SunStreet Energy Group, a Delaware corporation (“**Grantee**”) with regard to the real property (“**Property**”) described on **Exhibit A** attached to and incorporated in this Grant, which Property is owned by Builder as of the date of this Grant,. The Property consists of multiple lots (each a “**Lot**”), each of which is or will be improved with a residence including an attached or detached garage (each, a “**Home**”). Builder and each successive owner of the Property are referred to collectively as “**Grantors**” and individually as “**Grantor**” in this Grant.

Equipment Defined. There has previously been installed, or there will hereafter be installed, on some or all of the Homes within the Property, a rooftop solar electric generating system designed to deliver electric power to the Home, which system may include, without limitation, photovoltaic roof tiles, modular solar energy panels or laminates (collectively, the “**Solar Array**”), racking system rails, inverters or module-level power electronics (including micro-inverters) that convert DC electricity generated by the Solar Array to AC electricity, ‘L’ brackets from “standoff” risers, junction boxes if attached to racking, trunk cables and other roof-top electrical wiring, all related hardware, a solar energy monitoring system that may require the Grantor to have an internet connection and a router with an available port, and other equipment and appurtenances relating to

solar electric power generation and delivery (collectively, the “**Equipment**”); provided, however, that Equipment shall not include: roof top junction boxes attached to roof, all rough electrical conductors below roof line, “standoff” risers, and electrical conduits into the attic, all of which are fixtures to the Home and shall be owned by Grantor. Installation and operation of the Equipment is consistent with public policies that encourage solar energy systems as a reliable, alternative source of clean and renewable energy.

Grant of Non-Exclusive Easement. For valuable consideration, the receipt and sufficiency of which are acknowledged, Builder now grants to Grantee non-exclusive easements in gross and rights-of-way over each of the Homes and Lots within the Property, including all air rights within that volume of space above the Property, for purposes of designing, laying-out, installing, accessing, operating, inspecting, maintaining, repairing, replacing, improving, expanding (provided such expansion is approved by Grantor) and removing the Equipment installed on each Home, together with the right to transfer all or a portion of the same easements in gross and rights-of-way by easement deed to successors, all as more particularly described herein.

Shading Restrictions. Grantor shall not permit any trees, other landscaping, structures or other objects (each, an “**Obstruction**”) to be installed or maintained within the Property that cause any shading of a Solar Array. Further, Grantor shall not permit the planting of any tree or other landscape Obstruction that, at its generally-accepted mature height, will likely cause any shading of a Solar Array. Because of the prohibition against the shading of Solar Arrays and the dimensions of the Homes and Lots, the Lots in the Property may not be large enough to accommodate (i) the planting of medium or large trees in any yards of the Lots within the Property, (ii) the construction of upper-floor additions or roof-top structures on the Homes, and (iii) the growth of some trees to mature height on the Lots. Further, all Lots in the Property and all real property in the vicinity of the Property may not be subject to a prohibition against shading Solar Arrays, which means that any Solar Array could be compromised by a nearby Obstruction, rendering such Solar Array ineffective or less effective.

Easement Rights. The easements and rights-of-way granted to Grantee under this Grant include, without limitation:

Access. An access easement and right-of-way over, above and across the Lots and the Property, and upon each Home now or hereafter constructed thereon, for the purpose of exercising any rights granted, or performing any obligations assigned, to Grantee pursuant to this Grant;

Installation and Removal. An easement and right-of-way to use all or such portion of the rooftop of each Home as Grantee may desire for the design, layout, installation, preservation,

operation, maintenance, testing, inspection, repair, replacement, improvement, expansion (provided such expansion is approved by Grantor) and removal of solar panels and other Equipment, together with the right to make such penetrations in each Home as may be necessary or desirable in connection with the exercise of such easement rights;

Interconnection. An easement to design, layout, install, preserve, operate, maintain, test, inspect, repair, replace, improve, expand (provided such expansion is approved by Grantor) and remove such wires, conduits and other equipment and appurtenances (in each case to the extent that the same constitute Equipment) as are necessary or desirable to connect the various components of the Equipment to each other, and to connect the Equipment to (i) the point(s) on Home or Lot where the electrical energy is to be delivered to the electric grid operated by the local utility under interconnection agreements with such utility, or other energy purchaser under any other agreement or arrangement with such other party, (ii) the electrical system of each Home, or (iii) telecommunication lines, in each case together with the right to access and use such portions of each Home and Lot, and to make such penetrations into each Home, as are necessary or desirable in connection with the exercise of such rights or the removal of any Equipment; and

Elimination of Shading. An easement to eliminate the shading of any Solar Array as set forth herein. If Grantor's use or maintenance of a Lot or the Property results in the shading of a Solar Array, Grantee may give notice to Grantor and if Grantor fails to cure the violation within thirty (30) days after receipt of such notice, Grantee may then give notice to Grantor of Grantee's intention to enter a Lot or the Property for the purpose of curing such shading ("**Entry Notice**"). Entry Notice must be given not less than seventy-two (72) hours before such entry. Commencing at the expiration of such time, Grantee is granted the right to enter upon a Lot or the Property during normal business days and hours, for the purpose of taking reasonable steps to cure any violation of the shading restrictions set forth herein, including, without limitation, the trimming of trees, shrubs, vines, ivy or other vegetation affecting each Home or Lot, and as expressly granted to Grantee in any other applicable Solar Agreement (described below). Grantee shall have the right to recover from Grantor Grantee's actual costs to enforce the shading restrictions and to cure such violation.

Assignment of Easement Rights. Without in any way limiting the foregoing, this Grant shall also authorize and permit Grantee, from time to time and for a limited time, to assign by license, deed of trust, lease, contract or other writing, to its affiliates, lenders, mortgagees, contractors, subcontractors, lessees, agents and designees, a right to exercise any or all of the easements rights and obligations granted to Grantee under this Grant. Such assignment may be memorialized by an instrument recorded over the Property in the public records of the County in which the Property is located.

Grantor Use. Builder reserves to itself and to each successor Grantor the right to use such portions of the rooftop of each Home, as originally designed by Builder, as are necessary and appropriate for utility and other installations and equipment to serve a Home; provided, however, that Grantor may not use or occupy the rooftop in any manner that interferes with or obstructs (i) Grantee's use of the rooftop for Grantee's Equipment (for example, shading of Solar Arrays) or (ii) Grantee's exercise of any of its other rights granted under this Grant, or under any applicable Solar Agreement (below).

Grantee Use and Indemnity. Grantee covenants and agrees that it shall (i) indemnify and hold harmless Grantor from any damage to property, injury to persons or other loss or liability incurred by Grantor, in each case to the extent caused by the negligence or willful misconduct of Grantee in the exercise of Grantee's rights under this Grant, and (ii) deliver, to the occupants of each Lot to be entered by Grantee, notice of such entry upon such Lot(s), if any, not less than twenty-four (24) hours prior to such entry (a) by written instrument delivered to the occupants of each affected Lot, or (b) by telephone, facsimile or email communication if actually received by such occupants; provided that less than twenty-four (24) hours notice may be given to the occupants, in urgent circumstances in order to address unsafe conditions or imminent risks to persons or property.

Effect of Solar Agreement. If Grantee has entered into, or hereafter enters into, a power purchase agreement, lease or similar agreement for the Equipment (each, a "**Solar Agreement**") with Grantor, then during such time as any Solar Agreements remain in force and effect, Grantee and Grantor shall exercise their respective rights under this Grant in a manner that is consistent with the provisions of such Solar Agreements (whether or not such Solar Agreements are recorded in the public records).

Termination of Easement.

Termination and Release. This Grant will remain in effect for each Lot within the Property until the date that either (i) ownership of all of the Equipment installed on the Home on a Lot is conveyed by Grantee to Grantor, as evidenced by a written instrument executed by Grantee implementing such conveyance, or (ii) any Solar Agreement affecting the Lot is terminated, the Equipment installed on the Home is permanently removed from the Lot by Grantee or by permission of Grantee, and Grantee confirms in writing to Lot owner that such removal is permanent. Upon written request by Grantor, Grantee shall, within sixty (60) days after the termination of this Grant as to any Lot, prepare and record against the Lot an instrument terminating this Grant as a matter of record. If at the termination of this Grant, Grantee is no longer qualified to do business in California by the California Secretary of State, and has failed to assign to others (as a matter of record) its rights and obligations under this Grant as authorized in Section

5 above, then at the expiration of said sixty (60) day period, this Grant shall be deemed to be forever released from the Property as a matter of record.

Removal, Disposal and Restoration. At the termination of a Solar Agreement for a Lot, Grantee shall perform such work of removal and disposal of the roof-top Equipment from the subject Home, and such work of restoration of the affected portion of the roof of the Home, as Grantee is obligated to perform under the terms of the applicable Solar Agreement, following Grantee's receipt of written notice from Grantor (the owner of the subject Lot) requesting the performance of such work and advising of the proposed date(s) for said work. Within ten (10) calendar days after its receipt of such written notice, Grantee shall respond to Grantor in writing by either (a) confirming to Grantor the date that Grantee will perform such work, or (b) advising Grantor that Grantee elects not to perform such work, that Grantor may engage others to do such work at Grantee's cost, and that Grantee assigns to Grantor all its interest in the roof-top Equipment. Grantee's failure to timely respond to Grantor's written notice shall automatically entitle Grantor to engage others to perform such work of removal, disposal and restoration, at Grantee's cost. If Grantee fails to perform such removal, disposal and restoration, or to reimburse Grantor for its cost, Grantor may exercise any of its rights and remedies under applicable law, regulation, contract or covenant.

Ownership of Equipment. Grantor hereby acknowledges, agrees and certifies that, notwithstanding the fact that the Equipment may now or hereafter be located upon or attached to the Homes on the Lots in the Property, the Equipment shall at all times constitute and remain personal property owned exclusively by Grantee, and shall not be a part of any Home or a fixture of the real estate or a permanent assession to the fee interest in the real estate, and as between Grantor and Grantee (except as otherwise provided in any applicable Solar Agreement with Grantor) Grantee shall be the exclusive owner of: (i) the energy generated by the Equipment; (ii) any related environmental attributes (including, but not limited to, tax credits, offsets, allowances, certificates and other rights attributed to or allocable to the System or energy produced thereby); however, notwithstanding the foregoing, incentives provided by the Local Electric Utility solely to its customers are not owned by Grantee unless assigned by Grantor to Grantee); and (iii) related renewable energy incentives (including, but not limited to, production or investment tax credits, renewable energy credits, governmental and non-governmental rebates, and federal, state and local tax benefits and attributes).

Other Interests and Rights in Equipment.

Limitation on Grantor Interests and Rights. So long as Grantee remains the owner of the Equipment, Grantor does not, and shall not, have any ownership or other interest in the Equipment, or any right to grant any lien, mortgage or other security interest that encumbers the Equipment regardless of any manner by which the Equipment or any portion thereof may now or hereafter be attached to a Home. Grantor further acknowledges and agrees that the Equipment may not, and shall not, be sold, leased, assigned, mortgaged, pledged or otherwise alienated or encumbered by Grantor or any agent of Grantor (whether with the fee or leasehold interest in the Lot, or otherwise). Grantor shall cooperate with commercially reasonable efforts of Grantee to place all interested parties on notice that the Equipment is the personal property of Grantee and not a fixture of any Home or Lot, and of the existence of any security interest therein or lien thereon in favor of any lender or mortgagee of Grantee, in each case as necessary and appropriate to avoid confusion or adverse claims.

Grantee Interests and Rights. Grantee shall have the right to record in the public records of the County, and/or file with the California Secretary of State, a Uniform Commercial Code (UCC) Statement that provides a legal description of the Property or Lot, and discloses to all interested parties that the Equipment is the personal property of Grantee and not a fixture of the Home or Lot. Grantee may remove all or any portion of the Equipment at any time and from time to time, without the consent of Grantor, subject to the terms of any applicable Solar Agreement in effect at the time of such removal.

Grantor Indemnity of Grantee. Grantor shall indemnify, defend and hold harmless Grantee against all losses, claims, costs and expenses (including attorneys' fees) incurred by Grantee in obtaining the release and discharge of any lien (including mechanics' liens), encumbrance, pledge, levy or attachment on or with respect to the Equipment or the easements granted by this Grant arising by, under or through Grantor or any agent of Grantor.

(d) Grantor Lien Waiver. Without limiting the generality of the foregoing, Grantor hereby waives any statutory or common law lien that it might otherwise have in or to the Equipment, any portion thereof, or any energy, revenues or proceeds derived therefrom.

(e) Mortgagees in Possession. Notwithstanding anything to the contrary contained herein or in any Solar Agreement, in the event foreclosure of any Lot is threatened or occurs, and both (i) ownership of such Lot is transferred to a lender or mortgagee or any other person or entity exercising the rights of a "mortgagee in possession" of such Unit (a "**MIP**"), and (ii) any Solar Agreement relating to such Lot ("**Prior Solar Agreement**") is terminated, whether by operation

of law, in accordance with the Solar Agreement or this Grant or otherwise, then at the written request of the MIP or a subsequent purchaser of the Lot from the MIP, Grantee shall enter into a Solar Agreement relating to such Lot with such MIP or subsequent purchaser of the Lot on terms and conditions no less favorable to the owner of the Lot as those contained in the Prior Solar Agreement, including but not limited to the right to lease the Equipment or purchase electrical energy, as applicable, and to transfer the new Solar Agreement to any purchaser of the Lot on the same terms and conditions.

Subordination. Nothing in this Grant or any breach of this Grant renders invalid the lien of any beneficiary under any recorded mortgage or deed of trust encumbering the Property, made in good faith and for value, that encumbers or conveys any portion of the Property to secure performance of an obligation; provided, however, that the rights, obligations, covenants, conditions, restrictions and easements hereunder are prior to, and shall survive the foreclosure of, any lien placed upon all or any portion of the Property, including the lien of any mortgage or deed of trust. The Equipment shall not be subject to any lien or mortgage encumbering the Property or a Lot so long as Grantee remains the owner of the Equipment.

Binding Effect; Assignment. This Grant is binding upon Grantor and Grantee and their respective successors and assigns, and shall encumber and burden the Lots and the Property, run with the land, survive any transfer of the Lots and the Property, be enforceable against successive owners, mortgagees and other encumbrancers of Lots and the Property, and inure to the benefit of Grantee's successors and assigns. In furtherance thereof and as described above, "Grantor" shall include, as appropriate, the successive owners of the Lots in the Property from time to time, and "Grantee" shall include, as appropriate, the successors and assigns of the rights of Grantee hereunder from time to time. The rights of Grantee under this Grant may, from time to time, be assigned, transferred, mortgaged, hypothecated and otherwise encumbered by Grantee, in whole or in part, in each case without the consent of Grantor.

Obligations and Liabilities. The obligations and liabilities of the Grantors hereunder shall apply only with respect to the period during which each Grantor owns an interest in any Lot in the Property. When a Grantor ceases to own an interest in a Lot or the Property, the obligations and liabilities thereafter accruing (but not any accrued and unperformed obligations and liabilities) shall be the obligations and liabilities of the successor, transferee or assign in ownership or interest of such Grantor. The transferring Grantor, however, shall remain liable for all accrued and unperformed obligations and liabilities.

Notice. Notices to be given under this Grant to Grantor or to Grantee must be in writing and must be delivered by U.S. mail, certified with return receipt requested, to the mailing address of the

respective entity that is then on file with the California Secretary of State. Notices properly addressed and with sufficient postage will be deemed delivered five (5) days after mailing.

To the extent provided in the Agreement, including, without limitation, Sections 5.01 and 5.02, then Homeowner shall pay to the Company the PV System Purchase Price, calculated as the Fair Market Value of the PV System Components, depreciated on a straight-line basis over the life of the PV System Components as follows:

Each year of the Term after the first year, the Fair Market Value of the PV System Components for such year shall be equal to:

The prior year's Fair Market Value of the PV System Components – [The Original Fair Market Value of the PV System Components/ Useful Life of the PV System Components]

Where:

The Original Fair Market Value of the PV System Components = Size of the System (in DC Watts) x Fair Market Value per Watt

The Useful Life of the PV System Components = 30 years

The Original Fair Market Value of the PV System Components that is the subject of this Agreement (based on a \$ 0003.99 Fair Market Value per watt) is:

Exhibit VII

Dispute Resolution Procedure

For any disputes arising out of this Agreement that involve the Builder as well as the Parties, the Parties hereby agree to abide by the dispute resolution procedures set forth in the Home Purchase Agreement between Homeowner and Builder.

For all other disputes between the Parties arising out of this Agreement, the Parties hereby agree to abide by the following provisions:

(a) **BINDING ARBITRATION OF DISPUTES.** EXCEPT AS SET FORTH IN SECTION (h) BELOW, THE PARTIES TO THIS AGREEMENT SPECIFICALLY AGREE THAT ANY DISPUTE (HEREINAFTER DEFINED) SHALL BE SUBMITTED TO BINDING ARBITRATION AS PROVIDED BY THE FEDERAL ARBITRATION ACT (9 U.S.C. §§1 ET SEQ.) AND NOT BY OR IN A COURT OF LAW OR EQUITY. "DISPUTES" (WHETHER CONTRACT, WARRANTY, TORT OF ANY TYPE INCLUDING NEGLIGENCE, AND CLAIMS ARISING UNDER ANY STATUTE OR OTHERWISE), SHALL INCLUDE, BUT ARE NOT LIMITED TO, ANY AND ALL CONTROVERSIES, DISPUTES OR CLAIMS ARISING UNDER, OR RELATED TO, THIS AGREEMENT OR ANY DEALINGS BETWEEN COMPANY AND HOMEOWNER. HOMEOWNER HAS EXECUTED THIS AGREEMENT ON BEHALF OF HIS OR HER SUCCESSORS AND CHILDREN AND OTHER OCCUPANTS OF THE HOME WITH THE INTENT THAT ALL SUCH PARTIES BE BOUND HEREBY. ANY DISPUTE SHALL BE SUBMITTED TO BINDING ARBITRATION WITHIN A REASONABLE TIME AFTER SUCH DISPUTE HAS ARISEN. NOTHING HEREIN SHALL EXTEND THE TIME PERIOD BY WHICH A CLAIM OR CAUSE OF ACTION MAY BE ASSERTED UNDER THE APPLICABLE STATUTE OF LIMITATIONS OR STATUTE OF REPOSE, AND IN NO EVENT SHALL THE DISPUTE BE SUBMITTED FOR ARBITRATION AFTER THE DATE WHEN INSTITUTION OF A LEGAL OR EQUITABLE PROCEEDING BASED ON THE UNDERLYING CLAIMS IN SUCH DISPUTE WOULD BE BARRED BY THE APPLICABLE STATUTE OF LIMITATIONS OR STATUTE OF REPOSE, IT BEING INTENDED THAT ALL SUCH DISPUTES SHALL BE TIME-BARRED IN THE SAME MANNER AS IF THEY WERE BROUGHT IN COURT.

THE PARTIES AGREE THAT THEY MAY BRING CLAIMS AGAINST THE OTHER ONLY ON AN INDIVIDUAL BASIS AND NOT AS A MEMBER IN ANY PURPORTED CLASS OR REPRESENTATIVE ACTION OR COLLECTIVE PROCEEDING. THE ARBITRATOR(S) MAY NOT CONSOLIDATE OR JOIN CLAIMS REGARDING MORE THAN ONE PROPERTY AND MAY NOT OTHERWISE PRESIDE OVER ANY FORM OF A CONSOLIDATED, REPRESENTATIVE, OR CLASS PROCEEDING. ALSO, THE ARBITRATOR(S) MAY AWARD RELIEF (INCLUDING MONETARY, INJUNCTIVE, AND DECLARATORY RELIEF) ONLY IN FAVOR OF THE INDIVIDUAL PARTY SEEKING RELIEF AND ONLY TO THE EXTENT NECESSARY TO PROVIDE RELIEF NECESSITATED BY THAT PARTY'S INDIVIDUAL CLAIM(S). ANY RELIEF AWARDED CANNOT BE AWARDED ON CLASS-WIDE OR MASS-PARTY BASIS OR OTHERWISE AFFECT PARTIES WHO ARE NOT A PARTY TO THE ARBITRATION.

(b) **ARBITRATION PROCEDURE.** ANY AND ALL ARBITRATIONS SHALL BE DECIDED BY THE AMERICAN ARBITRATION ASSOCIATION ("AAA") IN ACCORDANCE WITH THE AAA'S ARBITRATION RULES MOST APPLICABLE TO THE SUBJECT MATTER AS ARE IN EFFECT ON THE DATE OF THE REQUEST. ANY JUDGMENT UPON THE AWARD RENDERED BY THE ARBITRATOR MAY BE ENTERED IN, AND ENFORCED BY, ANY COURT

HAVING JURISDICTION OVER SUCH DISPUTE. IF THE CLAIMED AMOUNT EXCEEDS \$250,000.00, THE DISPUTE SHALL BE HEARD AND DETERMINED BY THREE ARBITRATORS; HOWEVER IF MUTUALLY AGREED TO BY THE PARTIES, THEN THE DISPUTE SHALL BE HEARD AND DETERMINED BY ONE ARBITRATOR. ARBITRATORS SHALL HAVE EXPERTISE IN THE SUBJECT AREA(S) INVOLVED IN THE DISPUTE, WHICH SHALL INCLUDE LEGAL EXPERTISE IF LEGAL ISSUES ARE INVOLVED. ALL DECISIONS RESPECTING THE ARBITRABILITY OF ANY DISPUTE SHALL BE DECIDED BY THE ARBITRATOR(S). AT THE REQUEST OF ANY PARTY, THE AWARD OF THE ARBITRATOR(S) SHALL BE ACCOMPANIED BY DETAILED WRITTEN FINDINGS OF FACT AND CONCLUSIONS OF LAW. EXCEPT AS MAY BE REQUIRED BY LAW OR FOR CONFIRMATION OF AN AWARD, NEITHER A PARTY NOR AN ARBITRATOR MAY DISCLOSE THE EXISTENCE, CONTENT, OR RESULTS OF ANY ARBITRATION HEREUNDER WITHOUT THE PRIOR WRITTEN CONSENT OF BOTH PARTIES.

(c) SCOPE OF ARBITRATION. THE WAIVER OR INVALIDITY OF ANY PORTION OF THIS EXHIBIT SHALL NOT AFFECT THE VALIDITY OR ENFORCEABILITY OF THE REMAINING PORTIONS OF THIS EXHIBIT. COMPANY AND HOMEOWNER FURTHER AGREE THAT: (1) ANY DISPUTE INVOLVING COMPANY'S AFFILIATES, DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS, PAST OR PRESENT, SHALL ALSO BE SUBJECT TO ARBITRATION AS SET FORTH HEREIN, AND SHALL NOT BE LITIGATED IN A COURT OF LAW OR EQUITY; (2) COMPANY MAY, AT ITS SOLE ELECTION, INCLUDE COMPANY'S CONTRACTORS, SUBCONTRACTORS AND SUPPLIERS, AS WELL AS WARRANTY PROVIDERS AND INSURERS AS PARTIES TO THE ARBITRATION, IN WHICH CASE HOMEOWNER SHALL AGREE TO ARBITRATE ANY DISPUTE HOMEOWNER HAS WITH SUCH PARTIES AS SET FORTH IN THIS EXHIBIT; AND (3) THE ARBITRATION SHALL BE LIMITED TO THE PARTIES SPECIFIED HEREIN.

(d) EFFECT OF ARBITRATION. TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, COMPANY AND HOMEOWNER AGREE THAT NO FINDING OR STIPULATION OF FACT, NO CONCLUSION OF LAW AND NO ARBITRATION AWARD IN ANY OTHER ARBITRATION, JUDICIAL OR SIMILAR PROCEEDING SHALL BE GIVEN PRECLUSIVE COLLATERAL ESTOPPEL EFFECT IN ANY ARBITRATION HEREUNDER UNLESS THERE IS A MUTUALITY OF ALL PARTIES. COMPANY AND HOMEOWNER FURTHER AGREE THAT NO FINDING OR STIPULATION OF FACT, NO CONCLUSION OF LAW AND NO ARBITRATION AWARD IN ANY ARBITRATION HEREUNDER SHALL BE GIVEN PRECLUSIVE OR COLLATERAL ESTOPPEL EFFECT IN ANY OTHER ARBITRATION, JUDICIAL, OR SIMILAR PROCEEDING UNLESS THERE IS A MUTUALITY OF ALL PARTIES.

(e) COSTS OF INITIATING ARBITRATION. COMPANY SHALL ADVANCE THE FEES NECESSARY TO INITIATE ARBITRATION, WITH THE COSTS AND ARBITRATOR'S FEES, INCLUDING ONGOING COSTS AND ARBITRATOR'S FEES TO BE PAID AS AGREED BY THE PARTIES, OR, IF THE PARTIES CANNOT AGREE UPON THE PAYMENT OF THE ONGOING COSTS AND FEES, THEN AS DETERMINED BY THE ARBITRATOR, WITH OVERALL COSTS AND FEES OF THE ARBITRATION TO BE ULTIMATELY BORNE AS DETERMINED BY THE ARBITRATOR.

(f) COSTS OF ARBITRATION. UNLESS OTHERWISE RECOVERABLE BY LAW OR STATUTE, EACH PARTY SHALL BEAR ITS OWN COSTS AND EXPENSES, INCLUDING ATTORNEYS' FEES AND PARAPROFESSIONAL FEES, FOR ANY ARBITRATION.

NOTWITHSTANDING THE FOREGOING, IF A PARTY UNSUCCESSFULLY CONTESTS THE VALIDITY OR SCOPE OF THIS ARBITRATION PROVISION IN A COURT OF LAW OR EQUITY, THE NON-CONTESTING PARTY SHALL BE AWARDED REASONABLE ATTORNEYS' FEES, PARAPROFESSIONAL FEES AND EXPENSES INCURRED IN DEFENDING SUCH CONTEST, INCLUDING SUCH FEES AND COSTS ASSOCIATED WITH ANY APPELLATE PROCEEDINGS. IN ADDITION, IF A PARTY FAILS TO ABIDE BY THE TERMS OF AN ARBITRATION AWARD, THE OTHER PARTY SHALL BE AWARDED REASONABLE ATTORNEYS' FEES, PARAPROFESSIONAL FEES AND EXPENSES INCURRED IN ENFORCING SUCH AWARD.

(g) ARBITRATION RULES. HOMEOWNER MAY OBTAIN ADDITIONAL INFORMATION CONCERNING THE RULES OF AAA BY VISITING ITS WEBSITE WWW.ADR.ORG OR BY WRITING THE AAA AT 335 MADISON AVENUE, NEW YORK, NEW YORK 10017.

(h) PARTIES' AGREEMENTS. THE PARTIES SUPPORT THE PRINCIPLES SET FORTH IN THE CONSUMER DUE PROCESS PROTOCOL DEVELOPED BY THE NATIONAL CONSUMER DISPUTE ADVISORY COMMITTEE AND AGREE TO THE FOLLOWING:

(i) NOTWITHSTANDING THE REQUIREMENTS OF ARBITRATION STATED IN THIS EXHIBIT, "ORDINARY CLAIMS" ARE NOT SUBJECT TO THIS ARBITRATION PROVISION AND MAY BE RESOLVED THROUGH LITIGATION AT THE INITIATION OF EITHER PARTY. A CLAIM WILL BE CONSIDERED AN "ORDINARY CLAIM" IF ALL THREE OF THE FOLLOWING ARE TRUE: (1) THE ONLY REMEDY BEING SOUGHT FOR THE CLAIM IS MONETARY DAMAGES; (2) THE RECOVERY BEING SOUGHT FOR THE CLAIM IS LESS THAN \$25,000, EXCLUDING INTEREST AND COSTS; AND (3) THE ONLY PARTIES TO LITIGATION TO RESOLVE THE CLAIM WILL BE HOMEOWNER, COMPANY AND/OR RELATED PARTIES.

(ii) THE FEES FOR ANY CLAIM PURSUED VIA ARBITRATION IN AN AMOUNT OF \$10,000.00 OR LESS SHALL BE APPORTIONED AS PROVIDED IN THE APPLICABLE ARBITRATION RULES OF THE AAA OR OTHER APPLICABLE RULES.

(i) NO WAIVER OF ARBITRATION. NOTWITHSTANDING THE FOREGOING, EACH OF THE COMPANY AND THE HOMEOWNER MAY SEEK INJUNCTIVE RELIEF, AND NOT MONETARY DAMAGES, FROM A COURT BECAUSE IRREPARABLE DAMAGE OR HARM WOULD OTHERWISE BE SUFFERED BY EITHER PARTY BEFORE ARBITRATION COULD BE CONDUCTED, AND SUCH ACTIONS SHALL NOT BE INTERPRETED TO INDICATE THAT EITHER PARTY HAS WAIVED THE RIGHT TO ARBITRATE. THE RIGHT TO ARBITRATE SHOULD ALSO NOT BE CONSIDERED WAIVED BY THE FILING OF A COUNTERCLAIM BY EITHER PARTY ONCE A CLAIM FOR INJUNCTIVE RELIEF HAS BEEN FILED WITH A COURT.

NOTICE: BY INITIALING IN THE SPACE BELOW, COMPANY AND HOMEOWNER ARE AGREEING TO HAVE ANY DISPUTE ARISING OUT OF THE MATTERS INCLUDED IN THIS ARBITRATION OF DISPUTES PROVISION, DECIDED BY NEUTRAL ARBITRATION IN ACCORDANCE WITH THE FEDERAL ARBITRATION ACT AND ARE GIVING UP ANY RIGHTS EACH MIGHT POSSESS TO HAVE THE DISPUTE LITIGATED BY A COURT OR JURY TRIAL. BY INITIALING IN THE SPACE BELOW EACH IS GIVING UP THEIR JUDICIAL RIGHTS TO DISCOVERY AND APPEAL, UNLESS SUCH RIGHTS ARE SPECIFICALLY INCLUDED IN THIS

ARBITRATION OF DISPUTES PROVISION. IF EITHER PARTY REFUSES TO SUBMIT TO ARBITRATION AFTER AGREEING TO THIS PROVISION, EACH MAY BE COMPELLED TO ARBITRATE IN ACCORDANCE WITH THE FEDERAL ARBITRATION ACT. THIS AGREEMENT TO ARBITRATE IS VOLUNTARY.

BOTH PARTIES HAVE READ AND UNDERSTAND THE ARBITRATION PROVISIONS AND AGREE TO SUBMIT DISPUTES ARISING OUT OF THE MATTERS INCLUDED IN THE ABOVE ARBITRATION OF DISPUTES PROVISIONS TO NEUTRAL ARBITRATION.
