1. Introduction.

This Power Purchase Agreement (this "Power Purchase Agreement," "Agreement" or "PPA") is the agreement between you and SolarCity Corporation (together with its successors and assigns, "SolarCity" or "we"), covering the sale to you of the power produced by the solar panel system (the "System") we will install at your home. SolarCity agrees to sell to you, and you agree to buy from SolarCity, all of the power produced by the System. The System will be installed by SolarCity at the address you listed above (the "Property" or your "Home"). This Power Purchase Agreement is eight (8) pages long and has up to three (3) Exhibits depending on the state where you live. SolarCity provides you with a Limited Warranty (the "Limited Warranty"). The Limited Warranty is attached as Exhibit 2. If you have any questions regarding this Power Purchase Agreement, please ask your SolarCity sales consultant.

2. Term.

SolarCity agrees to sell you the power generated by the System for 20 years (240 months), plus, if the Interconnection Date is not on the first day of a calendar month, the number of days left in that partial calendar month. We refer to this period of time as the "Term." The Term begins on the Interconnection Date. The "Interconnection Date" is the date that the System is turned on and generating power. SolarCity will notify you when your System is ready to be turned on.

3. Intentionally Left Blank.

4. Power Purchase Agreement Payments; Amounts.

(a) Power Price. During the first year of the term, you are purchasing all of the power the System produces for \$0.1500 per kWh. After the first year, the price per kWh will increase by 2.90% per year. There are no installation costs.

(b) Payments.

Your monthly payments will be the product of (A) the price per kWh multiplied by (B) the actual kWh output for the calendar month ("Monthly Payments"). Invoices for Monthly Payments will be mailed or emailed no later than ten (10) days after the end of a calendar month. If you are paying your invoice by automatic debit from your checking or savings account (ACH) we will debit your bank account on or about the 1st day of the next month following invoice (e.g. January invoices are sent in early February and debited on or about

March 1). Monthly Payments will change as your price per kWh changes over the Term of this PPA and as System production varies (e.g., summer has higher production). You will have regular access to the System's production via your SolarCity online account. Payments due upon installation, if any, are due immediately prior to commencement of installation. **You will make no Monthly Payments if you are fully prepaying this PPA. In this case, you will pay only the amounts listed in the key terms summary on page one of this PPA.**

(c) Estimated Production. If (i) the System is shut down for more than seven (7) full twenty-four (24) hour days cumulatively during the Term because of your actions; or (ii) you take some action that significantly reduces the output of the System; (iii) you don't trim your bushes or trees to their appearance when you signed this PPA to avoid foliage growth from shading the System; or (iv) your System is not reporting production to SolarCity (e.g. you have disconnected the PowerGuide system or the internet connection at your Home goes down on the reporting day), then SolarCity will reasonably estimate the amount of power that would have been delivered to you during such System or reporting outages or reduced production periods ("Estimated Production") and shall consider Estimated Production as actual production for purposes of this paragraph. In the first year of the Term, Estimated Production will be based on our production projections. After the first year of the Term, Estimated Production will be based on historical production for that month in the prior year. If we bill you for Estimated Production because your System is not reporting production to SolarCity, and we subsequently determine that we have either overestimated or underestimated the actual production, then we will adjust the next bill downward (to refund overbilling) or upward (to make up for lost billing). You will not be charged for Estimated Production when the System is not producing electricity due to SolarCity's fault, or if it's due to grid failure or power outages caused by someone other than you.

5. Power Purchase Agreement Obligations.

(a) System, Home and Property Maintenance

You agree to:

- (i) only have the System repaired pursuant to the Limited Warranty and reasonably cooperate when repairs are being made;

- (ii) keep trees, bushes and hedges trimmed so that the System receives as much sunlight as it did when SolarCity installed it;
- (iii) not modify your Home in a way that shades the System;
- (iv) be responsible for any conditions at your Home that affect the installation (e.g., blocking access to the roof, or removing a tree that is in the way, prior work you have done on your home that was not permitted);
- (v) not remove any markings or identification tags on the System;
- (vi) permit SolarCity, after we give you reasonable notice, to inspect the System for proper operation as we reasonably determine necessary;
- (vii) use the System primarily for personal, family or household purposes, but not to heat a swimming pool;
- (viii) not do anything, permit or allow to exist any condition or circumstance that would cause the System not to operate as intended at the Property;
- (ix) notify SolarCity if you think the System is damaged or appears unsafe; if the System is stolen; and prior to changing your power supplier;
- (x) have anyone who has an ownership interest in your Home sign this Power Purchase Agreement;
- (xi) return any documents we send you for signature (like incentive claim forms) within seven (7) days of receiving them; and
- (xii) maintain and make available, at your cost, a functioning indoor internet connection with a router, one DHCP enabled Ethernet port with internet access and standard AC power outlet close enough and free of interference to enable an internet-connected gateway provided by SolarCity to communicate wirelessly with the system's inverter (typically this is 80 feet, but may depend on site conditions). See section 2(c)(ii) of the Limited Warranty for details; and
- (xiii) if your home is governed by a home owner's association or similar community organization, obtain all approvals and authorizations for the System required by that organization and advise us of any requirements of that organization that

will otherwise impact the System, its installation or operation.

(b) System Construction, Repair, Insurance and SolarCity's obligations:

SolarCity agrees to:

- (i) schedule the installation of the System at a mutually convenient date and time;
- (ii) construct the System according to written plans you review;
- (iii) provide you with a web-enabled meter to accurately measure the amount of power the System delivers to you;
- (iv) provide you with a home energy evaluation;
- (v) notify you if the System design has to be materially changed so that you can review any such changes;
- (vi) clean up after ourselves during the construction of the System;
- (vii) insure the System against all damage or loss unless (A) that damage or loss is caused by your gross negligence; or (B) that damage or loss is caused by ball strikes; or (C) you intentionally damage the System;
- (viii) repair the System pursuant to the Limited Warranty and reasonably cooperate with you when scheduling repairs;
- (ix) create a priority stream of operation and maintenance payments to provide enough cash flow in our financing transactions to pay for the Limited Warranty obligations and the repair and maintenance of the System in accordance with this PPA even if SolarCity ceases to operate; and
- (x) not put a lien on your Home or Property.

(c) Home Renovations or Repairs

If you want to make any repairs or improvements to the Property that could interfere with the System (such as repairing the roof where the System is located), you may only remove and replace the System pursuant to the Limited Warranty.

(d) Automatic Payment, Late Charges, Fees

In addition to the other amounts you agree to pay in this Power Purchase Agreement, you agree to pay the following:

- (i) Automatic Payment Discount: All prices include a \$7.50 monthly discount for allowing us to automatically debit your checking or savings account for payments. You will not receive a \$7.50 monthly discount if you do not allow the automatic debit;
- (ii) Returned Check Fee: \$25 (or such lower amount as required by law) for any check or withdrawal right that is returned or refused by your bank; and
- (iii) Late Payments: accrue interest at the lesser of twelve percent (12%) annually or the maximum allowable by applicable law.

(e) Taxes

Your SolarCity electricity rate of \$0.1500 per kWh is composed of an electricity rate of \$0.1500 plus current taxes of \$0.0000. You agree to pay any changes in the applicable taxes related to this PPA. Thus, if tax rates change, your SolarCity electricity rate will change to reflect this rate change. If this PPA contains a purchase option at the end of the Term, you agree to pay any applicable tax on the purchase price for the System. You also agree to pay as invoiced any applicable personal property taxes on the System that your local jurisdiction may levy.

(f) No Alterations

You agree that you will not make any modifications, improvements, revisions or additions to the System or take any other action that could void the Limited Warranty on the System without SolarCity's prior written consent. If you make any modifications, improvements, revisions or additions to the System, they will become part of the System and shall be SolarCity's property.

(g) Access to the System

- (i) You grant to SolarCity and its employees, agents and contractors the right to reasonably access all of the Property as necessary for the purposes of (A) installing, constructing, operating, owning, repairing, removing and replacing the System or making any additions to the System or installing complementary technologies on or about the location of the System; (B) enforcing SolarCity's rights as to this Power Purchase Agreement and the System; (C) installing, using and maintaining electric lines and inverters and meters, necessary to interconnect the System to your electric system at the Property and/or to

the utility's electric distribution system; or (D) taking any other action reasonably necessary in connection with installing, constructing, operating, owning, repairing, removing and replacing the System. This access right shall continue for up to ninety (90) days after this Power Purchase Agreement expires to provide SolarCity with time to remove the System at the end of the Power Purchase Agreement. SolarCity shall provide you with reasonable notice of its need to access the Property whenever commercially reasonable.

- (ii) During the time that SolarCity has access rights you shall ensure that its access rights are preserved and shall not interfere with or permit any third party to interfere with such rights or access. You agree that the System is not a fixture, but SolarCity has the right to file any UCC-1 financing statement or fixture filing that confirms its interest in the System.

(h) Indemnity

To the fullest extent permitted by law, you shall indemnify, defend, protect, save and hold harmless SolarCity, its employees, officers, directors, agents, successors and assigns from any and all third party claims, actions, costs, expenses (including reasonable attorneys' fees and expenses), damages, liabilities, penalties, losses, obligations, injuries, demands and liens of any kind or nature arising out of, connected with, relating to or resulting from your negligence or willful misconduct; provided, that nothing herein shall require you to indemnify SolarCity for its own negligence or willful misconduct. The provisions of this paragraph shall survive termination or expiration of this Power Purchase Agreement.

(i) Payments

SUBJECT TO SECTION 4(b) ABOVE, YOU AGREE THAT THE OBLIGATION TO PAY ALL PAYMENTS AND ALL OTHER AMOUNTS DUE UNDER THIS PPA SHALL BE, ABSOLUTE AND UNCONDITIONAL UNDER ALL CIRCUMSTANCES AND SHALL NOT BE SUBJECT TO ANY ABATEMENT, DEFENSE, COUNTERCLAIM, SETOFF, RECOUPMENT OR REDUCTION FOR ANY REASON WHATSOEVER, IT BEING THE EXPRESS INTENT OF THE PARTIES THAT ALL AMOUNTS PAYABLE BY YOU HEREUNDER SHALL BE, AND CONTINUE TO BE, PAYABLE IN ALL EVENTS

INCLUDING BY YOUR HEIRS AND ESTATE AND, EXCEPT AS SET FORTH BELOW IN SECTIONS 6, 23 AND 24, YOU HEREBY WAIVE ALL RIGHTS YOU MAY HAVE TO REJECT OR CANCEL THIS PPA, TO REVOKE ACCEPTANCE OF THE SYSTEM, OR TO GRANT A SECURITY INTEREST IN THE SYSTEM.

(j) Credit Check

You authorize SolarCity, or its designee, to obtain your credit report now and in the future, check your credit and employment history, answer questions others may ask regarding your credit and share your credit information with SolarCity's financing partners. You certify that all information you provide to us in connection with checking your credit will be true and understand that this information must be updated upon request if your financial condition changes.

6. Conditions Prior to Installation of the System; Change Orders.

- (a) SolarCity's obligation to install the System and sell you the power it produces is conditioned on the following items having been completed to its reasonable satisfaction:
- (i) completion of (A) the engineering site audit (a thorough physical inspection of the Property, including, if applicable, geotechnical work), (B) the final System design, and (C) real estate due diligence to confirm the suitability of the Property for the construction, installation and operation of the System;
 - (ii) approval of this Power Purchase Agreement by one of SolarCity's financing parties;
 - (iii) your meeting the applicable credit score;
 - (iv) confirmation of rebate, tax credit and renewable energy credit payment availability in the amount used to calculate the Monthly Payments set forth in this Power Purchase Agreement;
 - (v) confirmation that SolarCity will obtain all applicable benefits referred to in Section 9;
 - (vi) receipt of all necessary zoning, land use and building permits; and
 - (vii) completion of any renovations, improvements or changes reasonably required at your Home or on the Property (e.g., removal of a tree or

necessary roof repairs to enable us to safely install the System).

- (viii) if your home is governed by a home owner's association or similar community organization, your receipt of all approvals and authorizations for the System required by that organization and advising us of any requirements of that organization that will otherwise impact the System, its installation or operation.

SolarCity may terminate this Power Purchase Agreement without liability if, in its reasonable judgment, any of the above listed conditions (i) through (vii) will not be satisfied for reasons beyond its reasonable control. Once SolarCity starts installation, however, it may not terminate this Power Purchase Agreement for your failure to satisfy conditions (i) through (vii) above.

(b) Amendments.

The System's initial estimated production is set forth in this PPA. After System design, the estimated production is likely to change and we will share those changes with you prior to installation. If the estimated production increases or decreases by more than twenty percent (20%), we will document that change in an amendment..

You authorize SolarCity to make corrections to the utility paperwork to conform to this PPA or any amendments to this PPA we both sign.

7. Warranty.

YOU UNDERSTAND THAT THE SYSTEM IS WARRANTED SOLELY UNDER THE LIMITED WARRANTY ATTACHED AS **EXHIBIT 2**, AND THAT THERE ARE NO OTHER REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED, AS TO THE MERCHANTABILITY, FITNESS FOR ANY PURPOSE, CONDITION, DESIGN, CAPACITY, SUITABILITY OR PERFORMANCE OF THE SYSTEM OR ITS INSTALLATION.

8. Transfer.

SolarCity will assign this PPA to one of its financing partners. You agree that SolarCity may assign, sell or transfer the System and this Power Purchase Agreement, or any part of this Power Purchase Agreement or the exhibits, without your consent. This assignment does not change SolarCity's obligation to maintain and repair your System as set forth in the Warranty.

9. Ownership of the System; Tax Credits and Rebates.

You agree that the System is SolarCity's personal property under the Uniform Commercial Code. You understand and agree that this PPA is not a contract to sell or lease the System to you. SolarCity owns the System for all purposes, including any data generated from the System. You shall at all times keep the System free and clear of all liens, claims, levies and legal processes not created by SolarCity, and shall at your expense protect and defend SolarCity against the same.

YOU UNDERSTAND AND AGREE THAT ANY AND ALL TAX CREDITS, INCENTIVES, RENEWABLE ENERGY CREDITS, GREEN TAGS, CARBON OFFSET CREDITS, UTILITY REBATES OR ANY OTHER NON-POWER ATTRIBUTES OF THE SYSTEM ARE THE PROPERTY OF AND FOR THE BENEFIT OF SOLARCITY, USABLE AT ITS SOLE DISCRETION. SOLARCITY SHALL HAVE THE EXCLUSIVE RIGHT TO ENJOY AND USE ALL SUCH BENEFITS, WHETHER SUCH BENEFITS EXIST NOW OR IN THE FUTURE. YOU AGREE TO REFRAIN FROM ENTERING INTO ANY AGREEMENT WITH YOUR UTILITY THAT WOULD ENTITLE YOUR UTILITY TO CLAIM ANY SUCH BENEFITS. YOU AGREE TO REASONABLY COOPERATE WITH SOLARCITY SO THAT IT MAY CLAIM ANY TAX CREDITS, RENEWABLE ENERGY CREDITS, REBATES, CARBON OFFSET CREDITS OR ANY OTHER BENEFITS FROM THE SYSTEM. THIS MAY INCLUDE TO THE EXTENT ALLOWABLE BY LAW, ENTERING INTO NET METERING AGREEMENTS, INTERCONNECTION AGREEMENTS, AND FILING RENEWABLE ENERGY/CARBON OFFSET CREDIT REGISTRATIONS AND/OR APPLICATIONS FOR REBATES FROM THE FEDERAL, STATE OR LOCAL GOVERNMENT OR A LOCAL UTILITY AND GIVING THESE TAX CREDITS, RENEWABLE ENERGY/CARBON CREDITS, REBATES OR OTHER BENEFITS TO SOLARCITY.

10. Purchasing the System Prior to the End of the Term.

In addition to purchasing the System at the end of the Term, you have the option to purchase the System prior to the end of the Term as detailed below. To exercise this option you must be in good standing under this Power Purchase Agreement and you need to give us at least one (1) month's, but not more than three (3) months' prior written notice. You can purchase this System:

- (i) on the five (5) year anniversary of the beginning of the Term and every annual anniversary after the five (5) year anniversary; and

- (ii) at any time after the five (5) year anniversary of the beginning of the Term, when you sell your Home; and
- (iii) if SolarCity ever ceases its operations.

In each of (i), (ii) and (iii) above, the price you will pay for the System will be the System's fair market value ("FMV"). A third party independent appraiser will be retained to compute the System's FMV. SolarCity's maintenance and repair obligations under the Limited Warranty (Exhibit 2) will continue when you purchase the System until what would have been the end of the original Term.

11. Renewal.

If you are in compliance with your PPA, you have the option to renew your PPA for up to ten (10) years in two (2) five (5) year renewal periods. We will send you renewal forms three (3) months prior to the expiration of the Term, which forms shall set forth the new Monthly Payments due under the renewal PPA, based on our assessment of the then current fair market value of the System. If you want to renew, complete the renewal forms and return them to us at least one (1) month prior to the end of the PPA. In the event that you do not agree to the new Monthly Payments this PPA shall expire by its terms on the termination date. If you don't send us anything in writing after we send you the renewal forms, then this PPA shall renew for an additional one (1) year term at ten percent (10%) less than the then-current average rate charged by your local utility and shall continue to renew for one (1) year terms at the same rate as your first renewal until (i) you give us notice at least thirty (30) days prior to a renewal term that you do not wish to renew; or (ii) we send you a notice terminating the PPA.

12. Selling Your Home.

(a) If you sell your Home you can:

(i) Transfer this Power Purchase Agreement and the Monthly Payments

The person buying your Home (the "Home Buyer") can sign a transfer agreement assuming all of your rights and obligations under this Agreement by qualifying in one of three ways:

- 1) The Home Buyer has a FICO score of 650 or greater;
- 2) The Home Buyer is paying cash for your Home; or
- 3) If the Home Buyer does not qualify under (1) or (2), the Home Buyer qualifies for a mortgage to purchase your Home and either

you or the Home Buyer pays us a \$250 credit exception fee.

(ii) Move the System to Your New Home

Where permitted by the utility(s), the System can be moved to your new home pursuant to Section 4 of the Limited Warranty. You will need to provide the same rights to SolarCity as provided for in this PPA and provide any third party consents or releases required by SolarCity in connection with the substitute premises.

(iii) Prepay this Power Purchase Agreement and Transfer only the Use of the System

At any time during the Term, you can prepay this Power Purchase Agreement in full by paying SolarCity the expected remaining payments (estimated future production during the rest of the Term multiplied by the average kWh rate during the rest of the Term) at a five percent (5%) discount rate. The person buying your Home will only need to sign a transfer agreement to assume your rights and non-Monthly Payment obligations under this PPA. The System stays at your Home, the person buying your Home does not make any Monthly Payments and has only to comply with the non-Monthly Payment portions of this PPA.

(iv) Purchase the System (see Section 10)

- (b) You agree to give SolarCity at least fifteen (15) days but not more than three (3) months prior written notice if you want someone to assume your PPA obligations. In connection with this assumption, you, your approved buyer and SolarCity shall execute a written transfer of this PPA.
- (c) If you sell your Home and can't comply with any of the options in subsection (a) above, you will be in default under this Power Purchase Agreement. Section 12(a) includes a Home sale by your estate or heirs.
- (d) Free Assumability. This agreement is free of any restrictions that would prevent the homeowner from freely transferring their home ("Property"). SolarCity will not prohibit the sale, conveyance or refinancing of the Property. SolarCity may choose to file in the real estate records a UCC-1 financing statement ("Fixture Filing") that preserves their rights in the System. The Fixture Filing is intended only to give notice of its rights relating to the System and is not a lien or encumbrance against the Property. SolarCity shall explain the Fixture Filing to any subsequent purchasers

of the Property and any related lenders as requested. SolarCity shall also accommodate reasonable requests from lenders or title companies to facilitate a purchase, financing or refinancing of the Property.

- (e) EXCEPT AS SET FORTH IN THIS SECTION, YOU WILL NOT ASSIGN, SELL, PLEDGE OR IN ANY OTHER WAY TRANSFER YOUR INTEREST IN THE SYSTEM OR THIS PPA WITHOUT OUR PRIOR WRITTEN CONSENT, WHICH SHALL NOT BE UNREASONABLY WITHHELD.

13. Loss or Damage.

- (a) Unless you are grossly negligent, you intentionally damage the System, or damage or loss to the System is caused by ball strikes, SolarCity will bear all of the risk of loss, damage, theft, destruction or similar occurrence to any or all of the System. Except as expressly provided in this PPA, no loss, damage, theft or destruction will excuse you from your obligations under this PPA, including Monthly Payments.
- (b) If there is loss, damage, theft, destruction or a similar occurrence affecting the System, and you are not in default of this PPA, you shall continue to timely make all Monthly Payments and pay all other amounts due under the PPA and, cooperate with SolarCity, at SolarCity's sole cost and expense, to have the System repaired pursuant to the Limited Warranty.

14. Limitation of Liability.

(a) No Consequential Damages

SOLARCITY'S LIABILITY TO YOU UNDER THIS POWER PURCHASE AGREEMENT SHALL BE LIMITED TO DIRECT, ACTUAL DAMAGES ONLY. YOU AGREE THAT IN NO EVENT SHALL EITHER PARTY BE LIABLE TO THE OTHER FOR CONSEQUENTIAL, INCIDENTAL, PUNITIVE, EXEMPLARY, SPECIAL OR INDIRECT DAMAGES.

(b) Actual Damages

EXCEPT FOR CLAIMS UNDER SECTION 5(H), NEITHER PARTY'S LIABILITY TO THE OTHER WILL EXCEED AN AMOUNT EQUAL TO THE MAXIMUM AMOUNT THAT COULD BE PAYABLE BY YOU UNDER SECTION 16(H). DAMAGES TO YOUR HOME, BELONGINGS OR PROPERTY RESULTING FROM THE INSTALLATION OR OPERATION OF THE SYSTEM ARE COVERED IN SECTION 6(C) OF THE LIMITED WARRANTY.

15. Default.

You will be in default under this Power Purchase Agreement if any one of the following occurs:

- (a) you fail to make any payment when it is due and such failure continues for a period of ten (10) days;
- (b) you fail to perform any material obligation that you have undertaken in this PPA (which includes doing something you have agreed not to do, like alter the System) and such failure continues for a period of fourteen (14) days after written notice;
- (c) you or your guarantor have provided any false or misleading financial or other information to obtain this Power Purchase Agreement;
- (d) you assign, transfer, encumber, sublet or sell this PPA or any part of the System without SolarCity's prior written consent; or
- (e) you or any guarantor makes an assignment for the benefit of creditors, admits in writing its insolvency, files or there is filed against you or it a voluntary petition in bankruptcy, is adjudicated bankrupt or insolvent or undertakes or experiences any substantially similar activity.

16. Remedies in Case of Default.

If this Power Purchase Agreement is in default, we may take any one or more of the following actions. If the law requires us to do so, we will give you notice and wait any period of time required before taking any of these actions. We may:

- (a) terminate this PPA;
- (b) take any reasonable action to correct your default or to prevent our loss; any amount we pay will be added to the amount you owe us and will be immediately due;
- (c) require you, at your expense, to return the System or make it available to us in a reasonable manner;
- (d) proceed, by appropriate court action, to enforce performance of this PPA and to recover damages for your breach;
- (e) disconnect, turn off or take back the System by legal process or self-help, but we may not disturb the peace or violate the law;
- (f) report such non-operational status of the System to your utility, informing them that you are no longer net metering;

- (g) charge you a reasonable reconnection fee for reconnecting the System to your utility or turning your System back on after we disconnect or turn off the System due to your default;
- (h) recover from you (i) a payment equal to the purchase price as set forth in this agreement plus (ii) all taxes, late charges, penalties, interest and all or any other sums then accrued or due and owing; or
- (i) use any other remedy available to us in this PPA or by law.

We may submit to credit reporting agencies (credit bureaus) negative credit reports that would be reflected on your credit record if you do not pay any amounts due under this PPA as required.

You agree to repay us for any reasonable amounts we pay to correct or cover your default. You also agree to reimburse us for any costs and expenses we incur relating to the System's return resulting from early termination. By choosing any one or more of these remedies, SolarCity does not give up its right to use another remedy. By deciding not to use any remedy should this Power Purchase Agreement be in default, SolarCity does not give up our right to use that remedy in case of a subsequent default.

17. System Removal; Return.

At the end of the Term or the termination of this PPA, if you have not renewed this PPA or exercised your purchase option (if any) and you have not defaulted, then within ninety (90) days you agree to call SolarCity at the telephone number listed in Section 7 of Exhibit 2 to schedule a convenient time for SolarCity to remove the System from your Home at no cost to you.

18. Applicable Law; Arbitration.

PLEASE READ THIS SECTION CAREFULLY. ARBITRATION REPLACES THE RIGHT TO GO TO COURT, INCLUDING THE RIGHT TO A JURY AND THE RIGHT TO PARTICIPATE IN A CLASS ACTION OR SIMILAR PROCEEDING. IN ARBITRATION, A DISPUTE IS RESOLVED BY AN ARBITRATOR INSTEAD OF A JUDGE OR JURY.

The laws of the state where your Home is located shall govern this PPA without giving effect to conflict of laws principles. We agree that any dispute, claim or disagreement between us (a "Dispute") shall be resolved exclusively by arbitration.

The arbitration, including the selecting of the arbitrator, will be administered by JAMS, under its Streamlined Arbitration Rules (the "Rules") by a single neutral arbitrator agreed on by the parties within thirty (30) days of the commencement of the arbitration. The arbitration will be governed by the Federal Arbitration Act (Title 9 of the U.S. Code). Either party may initiate the arbitration process by filing the necessary forms with JAMS. To learn more about arbitration, you can call any JAMS office or review the materials at www.jamsadr.com. The arbitration shall be held in the location that is most convenient to your Home. If a JAMS office does not exist within 50 (fifty) miles of your Home, then we will use another accredited arbitration provider with offices close to your Home.

If you initiate the arbitration, you will be required to pay the first \$125 of any filing fee. We will pay any filing fees in excess of \$125 and we will pay all of the arbitration fees and costs. If we initiate the arbitration, we will pay all of the filing fees and all of the arbitration fees and costs. We will each bear all of our own attorney's fees and costs except that you are entitled to recover your attorney's fees and costs if you prevail in the arbitration and the award you receive from the arbitrator is higher than SolarCity's last written settlement offer. When determining whether your award is higher than SolarCity's last written settlement offer your attorney's fees and costs will not be included.

Only Disputes involving you and SolarCity may be addressed in the arbitration. Disputes must be brought in the name of an individual person or entity and must proceed on an individual (non-class, non-representative) basis. The arbitrator will not award relief for or against anyone who is not a party. If either of us arbitrates a Dispute, neither of us, nor any other person, may pursue the Dispute in arbitration as a class action, class arbitration, private attorney general action or other representative action, nor may any such Dispute be pursued on your or our behalf in any litigation in any court. Claims regarding any Dispute and remedies sought as part of a class action, class arbitration, private attorney general or other representative action are subject to arbitration on an individual (non-class, non-representative) basis, and the arbitrator may award relief only on an individual (non-class, non-representative) basis. This means that the arbitration may not address disputes involving other persons with disputes similar to the Disputes between you and SolarCity.

The arbitrator shall have the authority to award any legal or equitable remedy or relief that a court could order or grant under this agreement. The arbitrator, however, is not

authorized to change or alter the terms of this agreement or to make any award that would extend to any transaction other than yours. All statutes of limitations that are applicable to any dispute shall apply to any arbitration between us. The arbitrator will issue a decision or award in writing, briefly stating the essential findings of fact and conclusions of law.

BECAUSE YOU AND WE HAVE AGREED TO ARBITRATE ALL DISPUTES, NEITHER OF US WILL HAVE THE RIGHT TO LITIGATE THAT DISPUTE IN COURT, OR TO HAVE A JURY TRIAL ON THAT DISPUTE, OR ENGAGE IN DISCOVERY EXCEPT AS PROVIDED FOR IN THE RULES. FURTHER, YOU WILL NOT HAVE THE RIGHT TO PARTICIPATE AS A REPRESENTATIVE OR MEMBER OF ANY CLASS PERTAINING TO ANY DISPUTE. THE ARBITRATOR'S DECISION WILL BE FINAL AND BINDING ON THE PARTIES AND MAY BE ENTERED AND ENFORCED IN ANY COURT HAVING JURISDICTION, EXCEPT TO THE EXTENT IT IS SUBJECT TO REVIEW IN ACCORDANCE WITH APPLICABLE LAW GOVERNING ARBITRATION AWARDS. OTHER RIGHTS THAT YOU OR WE WOULD HAVE IN COURT MAY ALSO NOT BE AVAILABLE IN ARBITRATION.

19. Waiver.

Any delay or failure of a party to enforce any of the provisions of this PPA, including but not limited to any remedies listed in this PPA, or to require performance by the other party of any of the provisions of this PPA, shall not be construed to (i) be a waiver of such provisions or a party's right to enforce that provision; or (ii) affect the validity of this PPA.

20. Privacy/Publicity

You grant SolarCity the right to publicly use, display, share, and advertise the photographic images, Project details, price and any other non-personally identifying information of your Project. SolarCity shall not knowingly release any personally identifiable information about you or any data associating you with the Project location. You may opt-out of these publicity rights by giving us written notice and mailing it to: SolarCity Corporation, Attention: Publicity Opt Out, 3055 Clearview Way, San Mateo, CA 94402.

21. Notices.

All notices under this PPA shall be in writing and shall be by personal delivery, facsimile transmission, electronic mail, overnight courier, or certified or registered mail, return receipt requested.

22. Entire Agreement; Changes.

This PPA contains the parties' entire agreement regarding the sale and purchase of power generated by the System. There are no other agreements regarding this PPA, either written or oral. Any change to this PPA must be in writing and signed by both parties. Only an authorized officer of SolarCity may execute any change to this Agreement on behalf of SolarCity. If any portion of this PPA is determined to be unenforceable, the remaining provisions shall be enforced in accordance with their terms or shall be interpreted or re-written so as to make them enforceable.

23. NOTICE OF RIGHT TO CANCEL.

YOU MAY CANCEL THIS CONTRACT AT ANY TIME PRIOR TO MIDNIGHT OF THE THIRD BUSINESS DAY AFTER THE DATE YOU SIGN THIS CONTRACT. SEE EXHIBIT 1, THE ATTACHED NOTICE OF CANCELLATION FORM FOR AN EXPLANATION OF THIS RIGHT.

24. ADDITIONAL RIGHTS TO CANCEL.

IN ADDITION TO ANY RIGHTS YOU MAY HAVE TO CANCEL THIS PPA UNDER SECTION 23, YOU MAY ALSO CANCEL THIS PPA AT NO COST AT ANY TIME PRIOR TO COMMENCEMENT OF CONSTRUCTION ON YOUR HOME.

25. Pricing

The pricing in this PPA is valid for 30 days after 6/23/2015. If you don't sign this PPA and return it to us on or prior to 30 days after 6/23/2015, SolarCity reserves the right to reject this PPA unless you agree to our then current pricing.

I have read this Power Purchase Agreement and the Exhibits in their entirety and I acknowledge that I have received a complete copy of this Power Purchase Agreement.

Notice of Cancellation

Date of Transaction: The date you signed the Power Purchase Agreement.

You may CANCEL this transaction, without any penalty or obligation, within THREE BUSINESS DAYS from the above date. If you cancel, any property traded in, any payments made by you under the contract or sale and any negotiable instrument executed by you will be returned within TEN DAYS following receipt by the seller (SolarCity Corporation) of your cancellation notice, and any security interest arising out of the transaction will be canceled. If you cancel, you must make available to the seller (SolarCity Corporation) at your residence, in substantially as good condition as when received, any goods delivered to you under this contract or sale, or you may, if you wish, comply with the instructions of the seller (SolarCity Corporation) regarding the return shipment of the goods at the seller's (SolarCity Corporation's) expense and risk. If you do make the goods available to the seller (SolarCity Corporation) and the seller (SolarCity Corporation) does not pick them up within 20 days of the date of your notice of cancellation, you may retain or dispose of the goods without any further obligation. If you fail to make the goods available to the seller (SolarCity Corporation), or if you agree to return the goods to the seller (SolarCity Corporation) and fail to do so, then you remain liable for performance of all obligations under the contract.

To cancel this transaction, mail or deliver a signed and dated copy of this cancellation notice, or any other written notice, or send a telegram to SolarCity Corporation, Document Receiving, 6611 Las Vegas Blvd. S., Unit 200, Las Vegas, NV 89119 NOT LATER THAN MIDNIGHT of the date that is THREE BUSINESS DAYS from the date you signed the Power Purchase Agreement.

EXHIBIT 2**PERFORMANCE GUARANTEE AND LIMITED WARRANTY****1. INTRODUCTION**

This Performance Guarantee and Limited Warranty (this "Limited Warranty") is SolarCity's agreement to provide you warranties on the System you are hosting pursuant to our PPA. The System will be professionally installed by SolarCity at the address you listed in the PPA. We will refer to the installation location as your "Property" or your "Home." This Limited Warranty begins when we start installing the System at your Home. We look forward to helping you produce clean, renewable solar power at your Home.

2. LIMITED WARRANTIES, PERFORMANCE GUARANTEE**(a) Limited Warranties****(i) System Warranty**

Under normal use and service conditions the System will be free from defects in workmanship or defects in, or a breakdown of, materials or components, for the full Term;

(ii) Roof Warranty

All roof penetrations we make for your System will be watertight. This warranty will run the longer of (a) ten (10) years or (b) the length of any existing installation warranty or new home builder performance standard for your roof;

(iii) Damage Warranty

We will repair damage we cause to your Home, your belongings or your Property or pay you for the damage we cause, as limited by Section 6, for the full Term (except damages that result from our roof penetrations, which damages are covered for the first ten (10) years of the Term).

Under each of these warranties SolarCity will repair or replace any damage, defective part, material or component or correct any defective workmanship, at no cost or expense to you (including all labor costs), when you submit a valid claim to us under this Limited Warranty. SolarCity may use new or reconditioned parts when making repairs or replacements. SolarCity may also, at no additional cost to you, upgrade or add to any part of the System to ensure that it performs according to the guarantees set forth in this Limited Warranty. Cosmetic repairs that do not involve safety or performance shall be made at SolarCity's discretion.

(b) Performance Guarantee**(i) Performance Guarantee**

SolarCity guarantees that during the Power Purchase Agreement Term the System will operate within manufacturer's specifications and if it does not that SolarCity will repair or replace any defective part and restore System performance.

(ii) PowerGuide™ Solar Monitoring

During the Power Purchase Agreement Term, we will provide you at no additional cost our PowerGuide Solar Monitoring Service ("PowerGuide"). PowerGuide is a proprietary monitoring system designed and installed by SolarCity that captures and displays historical energy generation data over an Internet connection and consists of hardware located on

site and software hosted by SolarCity. If your System is not operating within normal ranges, PowerGuide will alert us and we will remedy any material issues promptly.

(iv) Output Warranty

The System's rated electrical output during the first ten (10) years of the Power Purchase Agreement Term shall not decrease by more than fifteen percent (15%).

(c) Maintenance and Operation

(i) General

When the System is installed, SolarCity will provide you with a link to its Solar Operation Guide. This Guide provides you with System operation instructions, answers to frequently asked questions, troubleshooting tips and service information. SolarCity will perform all required System maintenance.

(ii) PowerGuide

PowerGuide requires a high speed Internet line to operate. Therefore, during the Power Purchase Agreement Term, you agree to maintain the communication link between PowerGuide and the System and between PowerGuide and the Internet. You agree to maintain and make available, at your cost, a functioning indoor internet connection with a router, one DHCP enabled Ethernet port with internet access and standard AC power outlet close enough and free of interference to enable an internet-connected gateway provided by SolarCity to communicate wirelessly with the system's inverter (typically this is 80 feet, but may depend on site conditions). This communication link must be a 10/100 Mbps Ethernet connection that supports common Internet protocols (TCP/IP and DHCP). If you do not have and maintain a working high speed Internet line we will not be able to monitor the System and provide you with a performance guarantee or provide PowerGuide. Further, if PowerGuide is not operational, SolarCity will be required to estimate your power usage as set forth in the PPA.

(d) Making a Claim; Transferring this Warranty

(i) Claims Process

You can make a claim by:

- A. emailing us at the email address in Section 7 below;
- B. writing us a letter and sending it overnight mail with a well-known service; or
- C. sending us a fax at the number in Section 7 below.

(ii) Transferable Limited Warranty

SolarCity will accept and honor any valid and properly submitted Warranty claim made during any Term by any person who either purchases the System from you or to whom you properly transfer the PPA.

(e) Exclusions and Disclaimer

The limited warranties and guarantee provided in this Limited Warranty do not apply to any lost power production or any repair, replacement or correction required due to the following:

- (i) someone other than SolarCity or its approved service providers installed, removed, re-installed or repaired the System;

- (ii) destruction or damage to the System or its ability to safely produce power not caused by SolarCity or its approved service providers while servicing the System (e.g., if a tree falls on the System we will replace the System per the Power Purchase Agreement, but we will not repay you for power it did not produce);
- (iii) your failure to perform, or breach of, your obligations under the Power Purchase Agreement (e.g., you modify or alter the System);
- (iv) your breach of this Limited Warranty, including your being unavailable to provide access or assistance to us in diagnosing or repairing a problem;
- (v) any Force Majeure Event (as defined below);
- (vi) shading from foliage that is new growth or is not kept trimmed to its appearance on the date the System was installed;
- (vii) any system failure or lost production not caused by a System defect (e.g., the System is not producing power because it has been removed to make roof repairs or you have required us to locate the inverter in a non-shaded area);
- (viii) theft of the System (e.g., if the System is stolen we will replace the System per the Power Purchase Agreement, but we will not repay you for the power it did not produce);
- (ix) damage to your Home, belongings or property that results from our roof penetrations after the end of the Roof Warranty; and
- (ix) damage or loss to the System due to ball strikes.

This Limited Warranty gives you specific rights, and you may also have other rights which vary from state to state. This Limited Warranty does not warrant any specific electrical performance of the System other than that described above.

Snow or ice may accumulate on rooftops and on solar panels during snow storms. Accumulated snow or ice may slide or fall, resulting in property damage or bodily harm. If and when conditions safely allow you to remove accumulated snow or ice, you should do so to reduce the likelihood of excess snow sliding or falling.

THE LIMITED WARRANTIES DESCRIBED IN SECTIONS 2(a) ABOVE ARE THE ONLY EXPRESS WARRANTIES MADE BY SOLARCITY WITH RESPECT TO THE SYSTEM. SOLARCITY HEREBY DISCLAIMS, AND ANY BENEFICIARY OF THIS LIMITED WARRANTY HEREBY WAIVES, ANY WARRANTY WITH RESPECT TO ANY COST SAVINGS FROM USING THE SYSTEM.

3. SOLARCITY'S STANDARDS

For the purpose of this Limited Warranty the standards for our performance will be (i) normal professional standards of performance within the solar photovoltaic power generation industry in the relevant market; and (ii) Prudent Electrical Practices. "Prudent Electrical Practices" means those practices, as changed from time to time, that are engaged in or approved by a significant portion of the solar power electrical generation industry operating in the United States to operate electric equipment lawfully and with reasonable safety, dependability, efficiency and economy.

4. SYSTEM REPAIR, RELOCATION OR REMOVAL

- (a) **Repair.** You agree that if (i) the System needs any repairs that are not the responsibility of SolarCity under this Limited Warranty, (ii) the system needs to be removed and reinstalled to facilitate remodeling of your Home or (iii) the system is

being relocated to another home you own pursuant to the Power Purchase Agreement, you will have SolarCity, or another similarly qualified service provider, at your expense, perform such repairs, removal and reinstallation, or relocation.

- (b) **Removal/Moving.** SolarCity will remove and replace the System from your roof while roof repairs are being made for a payment of \$499. You will need to provide storage space for the System during such time. Where permitted under the PPA, SolarCity will work with you to move the System to your new home as follows: SolarCity will conduct an audit of your existing Home and new home to determine if a move is commercially feasible. This audit will cost \$499. If SolarCity determines that a move is commercially feasible, it will then move the System for an additional payment of \$499. If we reinstall your System, the Roof Warranty will restart at the completion of reinstallation and run for ten (10) years from reinstallation.
- (c) **Return.** If at the end of the Term you want to return the System to SolarCity under Section 17 of the PPA then SolarCity will remove the System at no cost to you. SolarCity will remove the posts, waterproof the post area and return the roof as close as is reasonably possible to its original condition before the System was installed (e.g. ordinary wear and tear and color variances due to manufacturing changes are excepted). SolarCity will warrant the waterproofing for one (1) year after it removes the System. You agree to reasonably cooperate with SolarCity in removing the System including providing necessary space, access and storage, and we will reasonably cooperate with you to schedule removal in a time and manner that minimizes inconvenience to you.

5. FORCE MAJEURE

If SolarCity is unable to perform all or some of its obligations under this Limited Warranty because of a Force Majeure Event, SolarCity will be excused from whatever performance is affected by the Force Majeure Event, provided that:

- (a) SolarCity, as soon as is reasonably practical, gives you notice describing the Force Majeure Event;
- (b) SolarCity's suspension of its obligations is of no greater scope and of no longer duration than is required by the Force Majeure Event (i.e., when a Force Majeure Event is over, we will make repairs); and
- (c) No SolarCity obligation that arose before the Force Majeure Event that could and should have been fully performed before such Force Majeure Event is excused as a result of such Force Majeure Event.

"Force Majeure Event" means any event, condition or circumstance beyond the control of and not caused by SolarCity's fault or negligence. It shall include, without limitation, failure or interruption of the production, delivery or acceptance of power due to: an act of god; war (declared or undeclared); sabotage; riot; insurrection; civil unrest or disturbance; military or guerilla action; terrorism; economic sanction or embargo; civil strike, work stoppage, slow-down, or lock-out; explosion; fire; earthquake; abnormal weather condition or actions of the elements; hurricane; flood; lightning; wind; drought; the binding order of any governmental authority (provided that such order has been resisted in good faith by all reasonable legal means); the failure to act on the part of any governmental authority (provided that such action has been timely requested and diligently pursued); unavailability of power from the utility grid, equipment, supplies or products (but not to the extent that any such availability of any of the foregoing results from SolarCity's failure to have exercised reasonable diligence); power or voltage surge caused by someone other than SolarCity including a grid supply voltage outside of the standard range specified by your utility; and failure of equipment not utilized by SolarCity or under its control.

6. LIMITATIONS ON LIABILITY

(a) No Consequential Damages

YOU MAY ONLY RECOVER DIRECT DAMAGES INCLUDING THOSE AMOUNTS DUE PURSUANT TO SECTIONS 2(b) AND 6(c) UNDER THIS LIMITED WARRANTY, AND IN NO EVENT SHALL SOLARCITY OR ITS AGENTS OR SUBCONTRACTORS BE LIABLE TO

YOU OR YOUR ASSIGNS FOR SPECIAL, INDIRECT, PUNITIVE, EXEMPLARY, INCIDENTAL OR CONSEQUENTIAL DAMAGES OF ANY NATURE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

(b) Limitation of Duration of Implied Warranties

ANY IMPLIED WARRANTIES, INCLUDING THE IMPLIED WARRANTIES OF FITNESS FOR A PARTICULAR PURPOSE AND MERCHANTABILITY ARISING UNDER STATE LAW, SHALL IN NO EVENT EXTEND PAST THE EXPIRATION OF ANY WARRANTY PERIOD IN THIS LIMITED WARRANTY. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

(c) Limit of Liability

Notwithstanding any other provision of this Limited Warranty to the contrary, SolarCity's total liability arising out of relating to this Limited Warranty shall in no event:

- (i) For System Replacement: exceed the greater of (a) the sum of the Monthly Payments over the Term of the Power Purchase Agreement and (b) the original cost of the System; and
- (ii) For damages to your Home, belongings and property: exceed two million dollars (\$2,000,000).

7. NOTICES

All notices under this Limited Warranty shall be made in the same manner as set forth in the Power Purchase Agreement to the addresses listed below:

8. ASSIGNMENT AND TRANSFER OF THIS LIMITED WARRANTY

SolarCity may assign its rights or obligations under this Limited Warranty to a third party without your consent, provided that any assignment of SolarCity's obligations under this Limited Warranty shall be to a party professionally and financially qualified to perform such obligation. This Limited Warranty protects only the person who hosts the System. Your rights and obligations under this Limited Warranty will be automatically transferred to any person who purchases the System from you or to whom you properly transfer the Power Purchase Agreement. This Limited Warranty contains the parties' entire agreement regarding the limited warranty of the System

A. Interconnection Study and Requirements

This Agreement covers the installed Generating Facility nameplate listed in the accompanying Application Form 79-1151B.

The interconnection study will use the nameplate to determine if Interconnection Facilities or Distribution or Network Upgrades are required and the responsible party for the associated costs. If upgrades are required, this will increase the time it will take for PG&E to approve your interconnection. PG&E will confirm the nameplate covered by this Agreement in the Permission to Operate Letter.

In order for PG&E to approve your system, you will need to provide (1) this signed Agreement, (2) Application Form 79-1151B, and (3) a copy of the final signed jurisdiction approval (building permit) for your project.

Part II – NEM Generator System Size – Continued

NEM systems should be sized with an estimated annual production no larger than 110% of the Customer's total previous 12 months of usage (annual usage) and projected future increase. Customers can obtain their usage data from www.pge.com/greenbutton. System sizing eligibility will be reviewed using the criteria below.

B. Solar Generator System Sizing: The CEC-AC kW on the Application cannot exceed the CEC-AC kW listed below.

- Solar Systems ≤ 5 kW (CEC-AC¹ kW) do not require review. Please only list your CEC-AC rating below in (1) and skip the rest of Section B.
- Solar Systems > 5 kW (CEC-AC kW), size is determined as below. Please fill out all of Section B.

Estimated Annual Production:	(1) CEC-AC rating	7.5	(kW) X 1,664 ²	=	12,480.00
Estimated Annual Energy Usage:	(2) Recent annual usage	9875	(kWh) X 1.1	=	10,862.50

Part IV – Interconnection Agreement Provisions

A. Purpose

The purpose of this Net Energy Metering (NEM) Application and Interconnection Agreement for Solar and/or Wind Electric Generating Facilities of 30 Kilowatts or Less (Agreement) is to allow Customer to interconnect with Pacific Gas and Electric Company's (PG&E) Distribution System, subject to the provisions of this Agreement and PG&E's Electric Schedule Net Energy Metering (NEM). Customer has elected to interconnect and operate its solar and/or wind electric Generating Facility in parallel with PG&E's Distribution System to offset part or all of the Customer's own electrical requirements at this service point. Customer shall comply at all times with this Agreement as well as with all applicable laws, tariffs and requirements of the California Public Utilities Commission (CPUC).

B. Applicability

This Agreement applies to Electric Schedule NEM Customer-Generators (Customer) who interconnect a solar and/or wind turbine electrical Generating Facility, or a hybrid system of both, with an aggregate capacity of 30 kilowatts or less that is located on Customer's premises and that operates in parallel with PG&E's Distribution System.

C. Permission to Operate

Customer may not operate their generator while interconnected to the PG&E system until receiving written permission from PG&E. Unauthorized Parallel Operation could result in injury to persons and/or damage to equipment and/or property for which the Customer may be liable.

D. Safety

Customer shall meet all applicable safety and performance standards established by the National Electrical Code, the Institute of Electrical and Electronics Engineers, accredited testing laboratories such as Underwriters Laboratories and, where applicable, PG&E's Electric Rule 21, and other rules approved by the CPUC regarding safety and reliability. A Customer with a solar or wind-turbine electrical generating system, or a hybrid system of both, that meets those standards and rules shall not be required to install additional controls, perform or pay for additional tests, or purchase additional liability insurance.

E. Safe Operation of your Generating Facility

Notwithstanding any other provision of this Agreement, if at any time PG&E determines that the Customer's Facility, or its operation, may endanger (a) the public, (b) PG&E personnel, or (c) the safe and reliable operation of PG&E's electrical system, PG&E shall have the right to disconnect the Facility from PG&E's system. Customer's Facility shall remain disconnected until such time as PG&E is satisfied that the unsafe condition(s) have been corrected.

AGREEMENT AND CUSTOMER AUTHORIZATION

Net Energy Metering Interconnection

For Solar And/OR Wind Electric Generating Facilities Of 30 Kilowatts Or Less

Part IV – Interconnection Agreement Provisions – Continued

F. AC Disconnect Switch

PG&E recommends that a customer installing an inverter-based generator consider also installing an AC Disconnect Switch to facilitate maintenance of the Customer's equipment (i.e. inverter, PV arrays, etc.). If an AC Disconnect Switch is not installed, the revenue meter may be temporarily removed by PG&E due to an emergency or maintenance on PG&E's system to isolate the Customer's generator from the electric distribution system. Removal of the revenue meter will result in loss of electrical service to the Customer's facility or residence. AC Disconnect Switch requirements are available in PG&E's Greenbook www.pge.com/greenbook.

G. Rate

Customer has confirmed their otherwise applicable rate schedule (OAS), establishing how Customer's monthly usage or net generation will be charged/credited when submitting this Agreement. Further Customer-initiated rate changes are governed in accordance with PG&E's Electric Rule 12.

H. NEM Billing

PG&E installs a "net meter" on a customer's property that measures the net energy, defined as the difference between the amount of electricity supplied by PG&E and the amount of electricity exported to the grid over the course of a month. The Customer's account is enrolled in the NEM program and put on an annual (12- billing months) true-up cycle.

The meter is read monthly and an amount is calculated based on the net energy recorded in kilowatt hours (kWh). If a customer exported more electricity than they drew from PG&E in a given billing cycle, the amount is deemed a surplus. If a customer received more electricity from PG&E than they exported, the amount is deemed a charge. The rate at which the charge or surplus is calculated is based on the customer's OAS which is requested by the Customer in this Agreement.

After 12 billing cycles, the corresponding charges and surpluses are reconciled in the annual true-up bill. Any remaining charges must be paid and any excess surpluses are typically zeroed out. More information about NEM billing is available at www.pge.com/nembilling.

I. Net Surplus Compensation (NSC)

NSC payments are made to NEM customers who produce more electricity than they use during the Relevant Period. The payment rate is based on a rolling 12-month average of spot market prices and may fluctuate on a monthly basis. The historical range of the NSC rate at the time of this Advice Filing is approximately \$0.03 to \$0.04. A history of NSC rates is available at www.pge.com/nembilling. If a customer would like to opt out from receiving this payment, please visit www.pge.com/nscoptout to complete Form 79-1130.

J. Limitation of Liability

PG&E's and Customer's (Individually Party or together Parties) liability to the other Party for any loss, cost, claim, injury, liability, or expense, including reasonable attorney's fees, relating to or arising from any act or omission in its performance of this Agreement, shall be limited to the amount of direct damage actually incurred. In no event shall either Party be liable to the other Party for any indirect, special, consequential, or punitive damages of any kind whatsoever.

K. Governing Law

This Agreement shall be interpreted, governed, and construed under the laws of the State of California as if executed and to be performed wholly within the State of California.

L. Governing Authority

This Agreement shall at all times be subject to such changes or modification by the CPUC as said Commission may, from time to time, direct in the exercise of its jurisdiction.

M. Term of Agreement

This Agreement shall become effective as of the date of PG&E's issuance of the permission to operate letter after receipt of all applicable fees, required documents, and this completed Agreement. This Agreement shall continue in full force and effect until terminated by either Party providing 30-days prior written notice to the other Party, or when a new Customer takes service with PG&E operating this approved generating facility. This new Customer will be interconnected subject to the terms and conditions as set forth in Schedule NEM.

AGREEMENT AND CUSTOMER AUTHORIZATION Net Energy Metering Interconnection For Solar And/Or Wind Electric Generating Facilities Of 30 Kilowatts Or Less

Part IV – Interconnection Agreement Provisions – Continued

N. Meter Access

The electric meter must be installed in a safe location easily accessible upon PG&E request.

O. Stale Agreements

If this agreement is still pending one year from the date it is received by PG&E and Customer has not met all of the requirements, PG&E will close this application and Customer will be required to submit a new Agreement and Application should Customer wish to take service on Schedule NEM.

By signing below, I declare under penalty of perjury under the laws of the State of California that:

- 1) The information provided in this Agreement is true and correct.
- 2) By completing the fields and checking the box in Part I Section D, I authorize the identified third party (Company) to receive my information and act on my behalf, which includes submitting or revising my Interconnection Application.
- 3) I have completed and reviewed Part II to determine if my system is sized to meet no more than my projected energy usage.
- 4) I have read in its entirety and agree to all the terms and conditions in this Interconnection Agreement and agree to comply with PG&E's Electric Rule 21.

Your Account Details

Account Balance From Previous Statement	\$254.50
Payment(s) Received Since Last Statement	0.00
Account Balance Before Current Charges	\$254.50
Current Electric Charges	\$129.26
Current Gas Charges	15.58
Total Current Account Balance	\$399.34

Your BPP amount of \$247.00 is based on your average energy charges throughout the last 12 months. If for any reason you're removed from BPP, your Total Current Account Balance will become due.

Important Messages

PG&E will monitor your account and change the BPP amount when appropriate, but no more than once every four months. If your home or business energy costs have increased or decreased, PG&E will change the amount of your monthly payment so you do not overpay or underpay over the course of a 12-month period.

Rules and rates

You may be eligible for a lower rate. To learn more about optional rates or view a complete list of rules and rates, visit www.pge.com or call 1-800-743-5000.

If you believe there is an error on your bill, please call 1-800-743-5000 to speak with a representative. If you are not satisfied with our response, contact the California Public Utilities Commission (CPUC), Consumer Affairs Branch, 505 Van Ness Avenue, San Francisco, CA 94102, 1-800-649-7570 or 415-703-2032 (TDD/TTY).

To avoid having service turned off while you wait for a CPUC decision, enclose a deposit check (payable to the CPUC) for the disputed amount and a description of the dispute. The CPUC will only accept deposits for matters that relate directly to billing accuracy. If it is not possible for you to pay your deposit, you must advise the CPUC. PG&E can not turn off your service for nonpayment while it is under review by the CPUC, however, you must continue to pay your current charges to keep your service turned on.

If you are not able to pay your bill, call PG&E to discuss how we can help. You may qualify for reduced rates under PG&E's CARE program or other special programs and agencies may be available to assist you. You may qualify for PG&E's Energy Savings Assistance Program which is an energy efficiency program for income-qualified residential customers.

Important definitions

Rotating outage blocks are subject to change without advance notice due to operational conditions.

Tier 1 (Baseline) allowance: All residential customers are given a Tier 1 allowance - a CPUC approved percentage of average customer usage during summer and winter months. Your Tier 1 allowance provides for basic needs at an affordable price and encourages conservation. Your allowance is assigned based on the climate where you live (baseline territory), the season and your heat source. As you use more energy, you pay more for each tier of usage.

Electric Tier	% of Baseline
1	0% – 100%
2	101% – 130%
3	131% – 200%
4	> 200%
Gas Tier	% of Baseline
1	0% – 100%
2	> 100%

DWR bond charge: Recovers the cost of bonds issued by the Department of Water Resources (DWR) to purchase power to serve electric customers during the California energy crisis. DWR bond charges are collected on behalf of DWR and do not belong to PG&E.

DWR power charge: Included in generation charges for energy provided by DWR. Approximately 1% of your energy is provided by DWR and collected by PG&E as DWR's agent. In 2015, DWR will receive \$124,455,827 from bundled service customers which offsets other generation charges in this bill.

Power Charge Indifference Adjustment (PCIA): Ensures that non-exempt customers who purchase electricity (generation) from non-PG&E suppliers pay their share of generation costs acquired to serve them prior to their departure.

Gas Public Purpose Program (PPP) Surcharge. Used to fund state-mandated gas assistance programs for low-income customers, energy efficiency programs, and public-interest research and development.

Electric power line safety PG&E cares about your safety. Be aware of your surroundings and keep yourself, tools, equipment and antennas at least 10 feet away from overhead power lines. If you see an electric power line fall to the ground, keep yourself and others away. Call **9-1-1**.

Call 811 before you dig. A common cause of pipeline accidents is damage from digging. If you plan on doing any digging, such as planting a tree or installing a fence, please call **811** at least two working days before you dig. One free call will notify underground utilities to mark the location of underground lines, helping you to plan a safe project.
