Timeless features and amenities unfold at this home tucked along a charming cul-de-sac near the Falls Golf Course, within the gates of Blackhawk Country Club.

Nearly 4,500 square feet of mostly single-level living sits on almost two-thirds of an acre. Four bedrooms and three and a half bathrooms are featured, along with stunning formal rooms, a chef's kitchen and family room, and an upper-level bonus room, bedroom, and bathroom.

At the center of the park-like backyard is a magnificent oak tree whose canopy shades an expansive patio and inviting gathering and dining spaces near an outdoor kitchen and wood-burning fireplace. Pathways meander along lush garden beds, arriving at the large in-ground pool and spa, a sprawling lawn, a rose garden, and raised beds. A detached cottage is a whimsical addition to the magical landscape and is ideal for a possible playhouse, yoga studio, or private office.
