RE: Closure of underground storage tank

Dear Mr. Stone:

Please be advised that the Mariposa County Health Department has received a report from Land Technology, Inc. detailing the removal of one underground storage tank and closure in place of another on your property located at 6425 Greeley Hill Road Greeley Hill, CA., on September 12, 2001. As you will recall, soil samples were taken at the time of closure to verify that no unauthorized release of petroleum products had occurred at the site. Based on the report and testing results, the site is now considered closed with no further action required.

If you have any questions, please feel free to contact our office.

Sincerely,

A handwritten signature in dark ink, appearing to read "David L. Conway".

David L. Conway, REHS
