Marcus & Millichap
THE NEEMA GROUP

The Neema Group of Marcus & Millichap is pleased to present a seven-unit multifamily investment opportunity at 1434 Berkeley St, located in Santa Monica's Mid-City neighborhood just south of Santa Monica Blvd, one of the Westside's most established and supply-constrained rental submarkets.

The property offers a rare mix of large, townhouse-style units, uncommon for the submarket. Of the seven units, five are spacious two-bedroom, two-bath townhomes, one is a one-bedroom, one-bath unit, and one is a three-bedroom, two-bath unit, giving ownership a diversified rent roll across floor plans. Built in 1964, the property totals approximately 8,390 square feet on a 7,807 square foot lot. Most units feature granite countertops, and every unit includes copper plumbing and individual washer and dryers, reducing near-term capital exposure for ownership.

The property provides seven on-site parking spaces, with five spaces in the rear and two tandem spaces at the front of the building, a meaningful amenity in a submarket where covered parking is limited. A small grass yard fronts the building, adding curb appeal along Berkeley St.

Mid-City is Santa Monica's second most walkable neighborhood, carrying a Walk Score of 92. Residents are within walking distance of the Wilshire Blvd retail and restaurant corridor and Santa Monica College, with the Expo Line's 26th St/Bergamot station providing direct transit access.

SANTA MONICA

Southern California's premier coastal destination for entertainment, shopping and business. Consisting of 8.5 square miles, Santa Monica is bordered by the Pacific Ocean to the west, the Pacific Palisades to the north, Brentwood and West Los Angeles to the east and Venice to the South and features three miles of spectacular coastline along Santa Monica Bay. As one of the oldest cities in Los Angeles County, Santa Monica has become a major business center, luxury retail locale and popular entertainment district.

Over the years, Santa Monica has experienced significant growth as a dining and entertainment center serving the greater Los Angeles area. The downtown Santa Monica area has seen a wave of redevelopment - historic and functionally outdated buildings have been transformed into trendy retail and entertainment venues including a \$50 million dollar restoration of the iconic City Hall building, a \$55 million seven acre redesign of Palisades Park and the \$265 million renovation of the Santa Monica Place mall. Adjacent to Santa Monica Place lies the Third Street Promenade, Santa Monica's premier tourist attraction and the center of the city's retail and entertainment.

Santa Monica has been Los Angeles' top performing Westside submarket throughout the last decade and is home to some of the region's most successful retailers and innovative companies in tech, social media and entertainment. Santa Monica is a city rich in tradition and diversity. Historic roots, central access and beach-side location have established Santa Monica as an economic hub, accentuated by its vibrant commercial districts, affluent residential communities, celebrated hospitals, recreational and art venues, high profile corporate headquarters, and booming tech, media and entertainment sectors. Serving as Southern California's tech hub, Santa Monica's "Silicon Beach" has attracted major tech companies and start-ups like Google, Microsoft, Facebook, Snap Chat, Hulu and YouTube.

At-a-glance indicators

SANTA MONICA PIER

A Los Angeles landmark since 1909, the pier is home to Pacific Park's iconic Ferris wheel, an historic carousel, and sweeping views of the coastline. It draws roughly 8 million visitors a year, making it one of the most visited attractions in Southern California and a defining feature of the Santa Monica waterfront.

THIRD STREET PROMENADE

This pedestrian-only stretch spans three blocks of downtown Santa Monica, lined with retail, dining, and entertainment. A mix of national retailers, local boutiques, and street performers keep the corridor active day and night, and its proximity to the beach makes it one of the Westside's most consistently trafficked shopping districts.

SANTA MONICA BEACH

Wide sand and mild year-round weather make this one of the most visited beaches in Los Angeles County. Bordered by Palisades Park to the north and the pier to the south, it draws both locals and tourists for its walkability, bike paths, and direct access to the city's retail and dining core.
