Overview of the Solar Electricity System

WHAT IS THE SOLAR ELECTRICITY SYSTEM?

Sunrun will install a solar electricity system on your home (the "System"). We will own the System and provide you with the electricity.

We want you to have the right panels and equipment for your house, and that is why we only install Sunrun Approved Equipment. Each home and roof is different, and we select the make, model, and quantity of panels, based on a thorough review of your roof. The specific equipment that will be used in the System will not be finalized until on or near your installation date and will be identified in the Final System Notice that we'll provide to you at that time [and will also be available in your Sunrun app]. The most current details on the makes, models, and manufacturers of our Sunrun Approved Equipment can be found at sunrun.com/equipment and is updated as new models and equipment become available.

The System will include:

- Solar Panels (convert sunlight to electricity)
- Inverter(s) (convert DC electricity to AC electricity)
- Associated racking, wiring, and electrical equipment (junction boxes, etc.)

In this Agreement, you are locking in a price, but the specifics of the System size and exact electricity production will depend on the Sunrun Approved Equipment we select as most suitable for your roof.

The Solar System will produce approximately 7,831 kilowatt-hours (kWh) of electricity over the first 12 months of the Agreement, which means it will produce approximately 114% of the power we estimate you currently use ("Estimated Future Usage"). The Estimated Future Usage is based on up to 12 months of past utility bills OR your home's square footage plus any adjustments you may have made to that estimate (for example, if you are planning to add more electric appliances to your home). There are a few important things you should know about the System and its energy production:

- Depending upon the Sunrun Approved Equipment selected as most suitable for your roof, the size and output of the System may vary slightly; however, our Performance Guarantee (see Performance Guarantee section for additional details) is based on your originally quoted Estimated Production.
- The System's annual guaranteed production is listed in Exhibit A.
- The System was designed based on past and future usage information you provided to us. If you use more energy than your estimated future usage, then you may need to buy more electricity from your utility.
- The System will generally produce more electricity on sunny days and in the summer months. It will produce less energy on cloudy days and in the winter months and it will produce less electricity if panels are in the shade, dirty, or, covered in snow or leaves.
- **If available, you agree to use from your utility's standard Net Energy Metering** ("NEM ") or Net Billing Tariff ("NBT") program for the life of this Agreement. NEM and NBT provide you credits (which vary by utility) toward your utility bill for electricity that the System produces but that you don't use or store (if applicable) at your house, and may also include benefits for Sunrun. If your utility no longer offers NEM or NBT, you agree to use a substitute metering program as chosen by us at our sole discretion. In

order for Sunrun to help you sign up for NEM or NBT, we may ask you to give us certain documents. If we don't receive the documents from you within seven (7) days of our request, we may charge you for any benefits that Sunrun lost because we didn’t receive them in time.

- **Your estimated savings,** if applicable, are based on current NEM and NBT programs. Please note that NEM and NBT are utility programs and may change at any time, even after you sign this Agreement, which could affect your estimated savings throughout the term of this Agreement.

- In the case of a utility power outage, the System will NOT provide backup power to your home.

Term, Payments, and Solar Incentives

HOW LONG IS THE TERM OF THIS AGREEMENT?

You agree to pay one upfront price for the solar electricity that is created by this system for the next 25 years. The Initial term begins on the date the System is activated (the "Activation Date"), which requires permission from your utility, and ends 25 years after the Activation Date (the "Initial Term") unless renewed, canceled, or otherwise terminated. Your termination options are explained below.

WHAT ARE MY COSTS?

You will pay Sunrun a Deposit of $500.00 that is due at signing. At the start of installation of the Solar System, you will pay Sunrun the remaining balance of $3,608.00 including tax. Your total payment is $4,108.00, with an implied cost per kWh of $0.022

BALANCE PAYMENT

The Balance Payment amounts may change if the final Solar System design differs from the preliminary Solar System design (as further discussed below).

- You agree to pay Sunrun the Deposit and the Balance Payment in the amounts and on the dates set forth above.
- The Deposit is payable to Sunrun Inc. by credit card, money order or a check drawn on a United States bank account.
- The Balance Payment are payable to Sunrun Inc. by money order or a check drawn on a United States bank account.

You don't own the System and it is not a permanent part of your home.

- You cannot sell, transfer, or dispose of the System in any way, because it belongs to Sunrun.
- You cannot assign any financial or legal obligation onto the System because you don't own it, including but not limited to liens, security interests, claims, mortgages, or deeds of trust.
- Sunrun will not file a lien on your home with the exception of a mechanic's lien. A mechanic's lien may be used by Sunrun or one of our contractors or subcontractors if you don't pay for goods or services pursuant to this agreement, or if Sunrun does not pay its subcontractor. We will remove any lien within 30 days from the date that we receive satisfactory payment and/or we will indemnify you from any liens placed on your home by one of our subcontractors.

- We do reserve the right to file a UCC Financing Statement on your home for this System, which would not be a lien; rather, it would enable us to assert our legal ownership of the system if necessary.

WHAT HAPPENS TO THE SOLAR INCENTIVES?

The System may be eligible for certain rebates, incentives, benefits, or credits (defined below) and we include the value of those incentives in the price we charge you. You agree to cooperate with Sunrun so that Sunrun receives System benefits.

- You Understand that any Federal Tax Incentives are the sole property of Sunrun because Sunrun owns the System. Sunrun also owns the right to claim the "clean energy" attributes for the energy produced. You agree to assign all other Incentives to Sunrun, including (a) State, Federal, and local incentives; and (b) energy credits stemming from the environmental attributes of the system, including but not limited to Renewable Energy Credits (”RECs”), Solar Renewable Energy Credits (”SRECs”), and Carbon Credits (collectively, the ”Incentives”), all of which are the environmental attributes of a system that are sold on secondary markets and help us monetize benefits for customers. All Incentives will be the sole property of Sunrun because Sunrun owns the System, which means that only Sunrun owns the right to claim the “clean energy” attributes for the energy produced. If you purchase the System from Sunrun, you’ll own and be entitled to proceeds from any Incentives earned after the date you purchase the System from Sunrun.

System Installation and Maintenance

HOW WILL THE SYSTEM BE DESIGNED AND INSTALLED?

As part of the installation process, we'll survey your home and provide you with a custom System design to review. After you approve the design, we'll apply for necessary permits, install the System, facilitate a final inspection, request permission from your utility to turn the System on, and we'll help you to activate the System. Here are the key details about the process:

Design

Once you receive the System design, you'll have five (5) business days to request a design change. If you don't request a change within this period, you'll be deemed to have approved the design. Sunrun will use commercially reasonable efforts to accommodate change requests. With your written, deemed, or verbal approval, installation may begin.

Survey and Potential for Home Upgrades

When we survey your home, we may find that your home requires additional work or upgrades to make it suitable for the System ("Home Upgrades"). For example, your main electrical panel may need to be upgraded to be able to handle the additional power from the System, or your roof may need to be changed to withstand the System's weight. If your home needs Home Upgrades, we'll provide you with written notice. You are responsible for the cost of any Home Upgrades; Sunrun cannot move forward with the installation, and may choose to cancel this Agreement if you don't agree to Home Upgrades required to make your home suitable for solar. If you choose to move forward with Sunrun, we'll all sign updated documentation that will be incorporated into this Agreement.

Change Orders

If Sunrun requests a modification to the terms of the Agreement, Sunrun will notify you in writing of the requested change and will ask you to accept the modified terms by executing a Change Order. An example of a modification that would require a Change Order would be a change in System size that results in a reduction in Estimated Production of more than 3%. If you fail to respond to a Change Order request within five (5) business days, you will be deemed to have accepted the modifications.

Permitting

Sunrun or our subcontractors will apply for the permits necessary for the installation of the System. Certain jurisdictions require homeowner signatures and/or permissions to apply for a permit. You agree to assist us in obtaining any permits or other documentation necessary to install the System. If required for your home, it is your obligation to secure HOA approval to install the System.

Installation

We'll confirm an installation date with you in advance. We'll install the System using our qualified and licensed employees or subcontractors in material compliance with all local requirements. It generally takes one (1) day or less to install the System, but factors like inclement weather and delays created by local permitting authorities may slow things down.

Inspection

After we install the System, we'll work with your municipality to complete a final inspection.

Turning on the System

We'll submit all necessary paperwork to your utility to receive permission to operate ("PTO") the System. After we receive PTO, we'll activate and turn on the System (the "Activation Date"). We cannot promise whether or when the utility will provide PTO because this is something that the utility controls. If you're concerned about how long it is taking to achieve PTO, we recommend you call the utility directly. **YOU ARE NOT ALLOWED TO TURN ON THE SOLAR SYSTEM OR USE THE SOLAR SYSTEM UNTIL WE INFORM YOU THAT IT'S TIME, AND WE ARE NOT ALLOWED TO LET YOU KNOW IT'S TIME TO TURN IT ON UNTIL THE UTILITY HAS GIVEN PERMISSION TO OPERATE. YOU ARE LIABLE FOR ANY COSTS OR DAMAGE RELATING TO YOUR PREMATURE ACTIVATION OF THE SYSTEM.**

Use of Subcontractors

Our license number in California is 750184. At our sole discretion, we may use subcontractors to perform or assist us in designing, permitting, installing, or maintaining the System. If we use subcontractors to install the System, we'll provide you with their names and license numbers upon request.

WHAT MUST I DO AFTER I SIGN THIS AGREEMENT?

- You must give our employees and subcontractors, and your local permitting inspectors, access to your home, including, but not limited to: your roof, the property on the sides of your home, and your garage. Access is needed to perform surveys, installation, and ongoing repairs and maintenance. We will give you reasonable notice when we need to access the home and will attempt to only do work during normal business hours.
- You must provide us with power and water for use during installation of the System.
- For an additional charge, if we deem it necessary or at your request, you agree to give us the right to install an animal guard with the System. This guard will protect the System from pests or rodents that could damage components of the System.
- You agree that we can install energy production and consumption monitors on your home. These help us monitor your usage and System performance. You'll be responsible for any damage to the production monitor or consumption monitor that is caused by you or any other person unrelated to Sunrun.

- You will give us access to the data that is required to monitor the System, including your solar and Utility meter data and your energy monitoring data, as well as data regarding your energy consumption from your utility company or from electric usage data storage sites and you agree to execute any necessary third-party access agreement if requested. You agree to allow us to combine information (such as your name and address) with the System performance and usage data (the "Data") so that we can properly monitor and maintain the System. You agree to allow us to transfer the Data to the non profits Solar Rights Alliance and Solar United Neighbors. We'll never sell any personally identifiable information without your express consent, and we agree to abide by our Privacy Policy, which is subject to change.
- You agree to maintain an internet connection, which is required for Sunrun to collect the data from the System. If your internet connection is dormant for more than 90 consecutive days, the Performance Guarantee (defined below) in this Agreement will be invalidated during the applicable two-year period because we won't have the ability to monitor the System's performance.
- You agree that your home will remain connected to your Utility for the Initial Term and any Renewal Terms, and that you'll notify Sunrun prior to changing your Utility.
- You agree that the System will be used primarily for household purposes and not to heat a swimming pool.
- You agree to keep the System clear of any obstructions that will impact the System's production of energy. Obstructions will impact System performance and will thus void the Performance Guarantee, and we will not compensate you for any lost energy production stemming from the obstructions.
- You agree to trim trees and other foliage, or remove anything else that could block the System.
- You agree not to add obstructions to your roof, such as a new fireplace or air conditioning vent, that will block the System or impact the Estimated Production.
- You understand that dust or other soiling of panels can reduce the System's performance and you agree to safely hose down the panels as needed.
- Sunrun will not compensate you for under performance due to dirty panels or obstructions described above.
- **You must NOT tamper with the System. Doing so will void the warranty and service obligations and could put you at serious risk of bodily injury or death.**
- Aside from careful and safe removal of dust or other obstructions from the panels, you may not remove, relocate, alter, tamper with, or damage the System or associated meters and/or monitors at any time.
- If you remove or tamper with the System such that it voids the Incentive(s) associated with the System, you're responsible for refunding Sunrun those costs. If this happens, Sunrun will notify you and you agree to pay us within 30 days of such notification.
- **If you think the System is broken, underperforming or has been stolen, you agree to call us promptly**

at 855-478-6786 or contact us by email at customercare@sunrun.com. We'll use commercially reasonable efforts to fix any issue covered by our warranties. You agree NOT to attempt to repair the System. If you make any modifications, improvements, revisions, or additions to the System, they will become part of the System and shall be Sunrun's sole property.

- You agree to carry insurance covering damage to your Home, including damage resulting from the System and not due to the gross negligence of Sunrun. It is your responsibility to determine whether installation of the System will impact your existing coverage and if additional insurance is required.
- If you need the System to be physically removed for any reason, you must arrange removal with Sunrun or a contractor that we pre-approve to perform the work. You can have the System removed and reinstalled at your current home, but you can't remove and reinstall the System on a different home. Sunrun's cost of System removal and reinstallation will be adjusted periodically based on local market conditions. You will be charged the current cost for System removal and reinstallation at the time you need this service. To ensure that all parties involved are protected, you agree that any pre-approved contractor must carry a commercial general liability insurance policy of one million ($1,000,000) dollars or more per occurrence and name "Sunrun Installation Services Inc. and its successor or assigns", as additional insureds. Having a pre-approved contractor remove and/or reinstall the System will require them to remove our solar roof fasteners, and therefore voids the Solar Roof Fastener warranty and we won't assume any liability for their work.

HOW WILL SUNRUN CONTACT ME?

You agree to allow Sunrun, or one of our affiliates, to call and/or text you about the System installation and service at the phone number you have provided, even if you're on a national or state "Do Not Call" list. Calls may be sent using an automatic telephone dialing system. Messaging and data rates may apply.

- You also agree that Sunrun or its affiliates may call and/or text you about new products and services that may become available or for other marketing services, even if you're on a national or state "Do Not Call" list.
- Agreeing to be contacted by phone is optional. If you do agree, you may opt out at a later date.
- Please initial here to acknowledge that you have read, understood and accepted the above provision:

Agreed and accepted by: DS **(Initials)**

WHAT ARE SUNRUN'S OBLIGATIONS TO ME ONCE THE SYSTEM HAS BEEN INSTALLED?

We'll keep the System up and running and in material compliance with all applicable

local regulations, provided that you're not in default of the Agreement. Most of our ongoing obligations to you take the form of a limited warranty, as described below. Please note we disclaim any express or implied warranties not in this Agreement and this Agreement is the final and only word on our warranty obligations.

Our Insurance

We provide comprehensive insurance for the System and its installation, which includes: (1) damage to and theft of the System; (2) commercial general liability insurance ("CGL") underwritten by Navigator Specialty Insurance Company (policy number LA20CGL230321IC); (3) worker's compensation insurance for all employees; (4) commercial automobile liability of at least one million dollars per accident covering both bodily injury and property damage; (5) excess liability insurance of up to one million dollars per occurrence; and (6) any other insurance required by applicable laws or regulation. **Our insurance DOES NOT cover your gross negligence or willful damage of the System.**

Solar Roof Fasteners

We warrant that the System roof fasteners, which include the holes we make and a 3 inch radius around them, will be watertight for 10 years. We don't take responsibility for, and don't warrant, roof fasteners or penetrations made by someone other than Sunrun or one of our subcontractors. Additionally, this limited roof fastener warranty does not include the damage due to the normal wear of your roof, including the wear and tear of the roof that is under the System. This warranty does not cover damage resulting from mold, fungus or other organic pathogens, or from the shrinking or cracking of grout and caulking. You acknowledge that installing the System on your home may void your current roof warranty and that Sunrun assumes no responsibility if our work does so.

Performance Guarantee

We guarantee that the System will produce at least 90% of the Estimated Production over its lifetime. This will be true even though the System size and actual production may vary slightly depending upon the final Sunrun Approved Equipment selected as most suitable for your roof. If the System produces less than this amount, we'll pay you for the difference at an agreed upon rate per kWh (see Exhibit A). We will audit the System's performance every 2 years and will automatically issue you a refund for the amount of energy not produced if the System's cumulative lifetime production is less than the 90% threshold. Past underproduction payments will be credited toward future payments; we won't double pay you for past underperformance. You acknowledge and agree that the Performance Guarantee is based solely on the Final Estimated Output of the equipment installed as will be described in the Final System & Production Notice. **If the System performs more than expected in any given year, we won't charge you for it. However, we'll calculate that overproduction towards the Performance Guarantee calculation.**

a. An illustrative example of how the Performance Guarantee calculation works is as follows: If we expect 20,000kWh over the first two years of the contract, the Performance Guarantee level will be 18,000kWh (20,000 kWh multiplied by 90%). If the System produces more than 18,000kWh, there is no payout. If the System produces 17,000kWh, you'll be paid for 1,000kWh (18,000kWh guaranteed minus 17,000kWh

actual performance). If the payout was $0.10/kWh, you would be paid $100 (1,000kWh multiplied by $0.10/kWh).

b. In year 25 of the Agreement, the Performance Guarantee will be calculated over the last 12 months (vs. the last 24 months) because, at that point, there would only be 12 months left in the Initial Term since the last Performance Guarantee calculation.

c. **We won't pay the Performance Guarantee from underproduction that results from your failure to comply with your obligations under this Agreement,** if there is a grid outage that disables the System, if you cause or request the System to be shut down (for example, if you request the System to be removed and reinstalled) or from damage caused by foreign objects (such as golf balls).

d. Our Performance Guarantee is the sole obligation we have, and the sole representation we make, regarding actual and expected System performance.

Workmanship

Except as provided above, we offer a 25-year limited workmanship warranty, which protects you against any material defects associated with the installation of the System. During the Initial Term we'll, at our expense, repair or replace any material errors related to the work under this Agreement. Our workmanship warranty does not cover normal wear and tear, cosmetic issues (fading of paints and finishes), or damage resulting from mold, fungus, or shrinking and/or cracking of grout and caulking on the roof of your home.

Equipment Warranty

We'll provide any replacement parts, either new or refurbished, to keep the System in working order for the Initial Term of the Agreement and any subsequent renewal terms. Since equipment and technology change over time, we reserve the right to replace the current equipment with a functional equivalent, or better, when it breaks. Any replacement equipment will not reduce the guaranteed kWh output of the System.

Labor

At no additional cost, we'll perform any labor necessary to repair the System, as required by this Agreement, for the Initial Term.

NOTE: We don't repair, replace, or paint over equipment related to the System for cosmetic reasons, except in specific circumstances where HOAs require it.

ARE THERE ANY LIMITS TO THE WARRANTIES ABOVE?

We aren't responsible for performing service or repairs due to your negligence, or if someone other than Sunrun does work on any part of the System. We also aren't responsible for damage if foreign objects damage the System, such as golf balls.

- If a weather event such as a hurricane, tornado, snowstorm, fire, hailstorm or flood damages (but does not destroy) the System, this damage is covered under your warranties and will be repaired at no additional cost.
- If an Act of God, fire, flood, war or terrorism occurs and **completely destroys** the System, as determined by Sunrun, your obligations and Sunrun's obligations will end and this **contract will be automatically terminated**. An act of God can include a hurricane, tornado, snowstorm or hailstorm.
- Note that if your roof is damaged for any reason and you need us to remove your System to repair your roof, Sunrun reserves the right to charge you for removing and reinstalling the System.

GENERATORS AND OTHER ELECTRICITY GENERATION OR STORAGE DEVICES

If you own any electricity storage or generation equipment (such as a battery or generator) prior to the installation of the System, you agree to keep the electricity storage or generation equipment on a separate Transfer Switch from the System. If this is not possible at the time of installation, we may request additional work to your home or the existing equipment.

After installation of the System, you agree to the following: (1) not to alter the configuration of the existing equipment and/or relocate it from the separate Transfer Switch; (2) install any additional electricity storage or generation equipment behind a Transfer Switch and not connect any additional electricity storage or generation equipment to the System; (3) not to install technologies to provide grid services, because these devices could interfere with the operation of the System. Violating this provision will (a) render you liable for any damages to the System, the electricity storage or generation equipment, and your home, and (b) void Sunrun's warranty and service obligations under this agreement. If you violate this Agreement by adding electricity storage or generation equipment after the System is installed, (a) you will be responsible for any damages to electricity storage or generation equipment, the System, related batter(ies), if any, and any wiring or appliances in the home, and (b) Sunrun's warranty and service obligations under this agreement will be voided. Adding additional generators or other technologies for the generation or storage of electricity to your home may require you to update to newer NEM or NBT programs, potentially impacting your rate plan and potential savings.

Purchasing The System

Can I Buy the System?

If you desire to own the System at some point during the Initial Term or any renewal terms, you can purchase the System as-is at any of the following points in time (a) anytime during the 6th year of the Agreement, (b) when you move, and (c) anytime during the 25th year of the Agreement.

- If you intend to purchase the System, you must notify us in writing within 60 days of any of the events above, and pay for the System within 30 days of receiving an invoice from Sunrun for the purchase price.
- The Purchase Price will be the Fair Market Value ("FMV") of the System as determined by an independent appraiser, and will be based on the value of similar, in-service systems in your state and utility. The FMV will take into account the System's age, location, size, and other market conditions including equipment, current and future energy prices, and estimated operations and maintenance costs. In addition, if the

System is purchased prior to the fifth (5th) anniversary of the Activation Date, the FMV will include the value of any lost federal tax credits.

- If you purchase the System from Sunrun, you will be solely responsible for monitoring and maintaining it, unless you enter into a separate agreement with Sunrun to perform these services at your expense.

Options at the End of the Contract

WHAT HAPPENS AT THE END OF THE INITIAL TERM OF THIS AGREEMENT?

PLEASE REVIEW THIS SECTION CAREFULLY

We will give you 90 days notice of this Agreement term end and your end of Agreement options, including the cost of renewing or purchasing the System. **If you don't give us written notice indicating which option you choose 30 days before your Agreement terminates, we'll automatically renew your Agreement for 5 years.**

The Solar System. The solar portion of this Agreement will be renewed at a 10% discount to the prevailing rate of your local utility or its successor and increase 3% every 12 months.

In the event of default. If you're in default of this Agreement at the end of the term, or if we foresee other issues with extending the Agreement another 5 years, we will NOT automatically renew your contract. After the initial 5 year renewal period, any successive auto-renewals will carry a 3% price increase every 12 months.

Other end of term options. The notice we send you before the end of your Agreement term will include your end of term options, including (1) renewing your Agreement; (2) purchasing the System; or (3) asking us to remove the System at no additional charge.

If you sell your home, refinance, or if your home is foreclosed on, we'll work with you and the buyers, banks, and others involved in the situation. Our mutual obligations and rights in these situations are as follows:

Selling your home: If you sell your Home, you may transfer all rights and obligations under the Agreement to the new owner, provided that the new owner (a) meets Sunrun's credit requirements of a FICO score of 650 or higher; and (b) agrees to assume the Agreement.

- If the new owner doesn't meet Sunrun's credit requirements, they can still assume the Agreement if either of the following apply: (1) they qualify for a mortgage to purchase the Home or purchase the Home in cash; (2) payment to Sunrun of a $250.00 credit check exemption fee, by either you or the

new owner.

- If the new homeowner does not agree to assume the Agreement, or if they don't qualify based on any of the above criteria, you are required to purchase the System.

Refinancing: If you refinance your home, we'll provide reasonable cooperation at no cost to you, including completing paperwork related to the Agreement as reasonably required by your lender.

Foreclosures: If your home is foreclosed on, you are in default of this Agreement and the Agreement will automatically terminate. In this scenario, we'll have the right to remove the System without notice or ask you to purchase the System. If another entity takes possession of your home, they will have the option to request that we remove the System within 90 days of when they assume possession of your property, assume the terms of this Agreement or renegotiate this Agreement on materially equivalent terms to this Agreement. For all property financed by a Fannie Mae loan, FHFA guidelines require, and you and Sunrun (as applicable) also agree, that the Home will remain connected to your Utility for the Initial Term and any Renewal Terms. Sunrun agrees not to be named loss payee (or named insured) on your insurance policy/policies covering the Home. If your home is financed by a Fannie Mae loan, please review Fannie Mae Selling Guide Chapter B2-3 available at www.fanniemae.com, for more information.

Disputes, Liability, and Contract Termination

LIABILITY, CONTRACT TERMINATION AND ASSIGNMENT

This agreement limits our liability to $1 million. We are not responsible for indirect damages, (e.g.: if your loss of power results in food going bad in your refrigerator).

- NOTWITHSTANDING ANY BREACH OF THIS AGREEMENT, ANY FAILURE OF THE SYSTEM, OR ANY NEGLIGENT ACT THAT CAUSED ANY INJURY OR LOSS (WHETHER PROPERTY DAMAGE, PERSONAL INJURY, OR DEATH) TO ANYONE, TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, WE AND YOU AGREE THAT, **UNLESS SUCH INJURY OR LOSS WAS CAUSED BY A PARTY'S GROSS NEGLIGENCE, FRAUD, OR WILLFUL INJURY, SUCH PARTY'S LIABILITY ARISING OUT OF OR RELATING TO (1) SYSTEM REPAIRS OR REPLACEMENT UNDER THIS AGREEMENT, SHALL IN NO EVENT EXCEED THE DEFAULT PAYMENT, AS THAT TERM IS DEFINED BELOW, AND (2) DAMAGE TO PERSONS AND PROPERTY, SHALL IN NO EVENT EXCEED $1,000,000.** WE AGREE THAT THIS AMOUNT IS A FAIR REPRESENTATION OF THE DAMAGES THAT YOUR OR WE EXPECT TO INCUR IN THE CASE OF ANY INJURY OR LOSS HERE UNDER.

- TO THE FULLEST EXTENT PERMITTED BY APPLICABLE LAW, NEITHER YOU NOR WE MAY BRING A CLAIM AGAINST THE OTHER PARTY OR SUCH PARTY'S AFFILIATES, OWNERS, DIRECTORS, EMPLOYEES, AGENTS, CONTRACTORS, OR SUCCESSORS AND ASSIGNS (COLLECTIVELY, THE "RELATED PARTIES") FOR ANY SPECIAL, EXEMPLARY, INDIRECT,

INCIDENTAL, CONSEQUENTIAL, OR PUNITIVE DAMAGES (WHETHER OR NOT THE CLAIM THEREFOR IS BASED ON CONTRACT, TORT, DUTY IMPOSED BY LAW, OR OTHERWISE), IN CONNECTION WITH, ARISING OUT OF, OR IN ANY WAY RELATED TO THE TRANSACTIONS CONTEMPLATED BY THIS AGREEMENT OR ANY ACT OR OMISSION OR EVENT OCCURRING IN CONNECTION THEREWITH. **YOU FURTHER AGREE THAT NO CLAIM, LAWSUIT, OR ANY OTHER LEGAL OR ARBITRATION PROCEEDING IN CONNECTION WITH, ARISING OUT OF, OR IN ANY WAY RELATED TO THIS AGREEMENT MAY BE BROUGHT MORE THAN ONE (1) YEAR AFTER THE INCIDENT GIVING RISE TO SUCH CLAIM, OR AS LIMITED BY APPLICABLE LAW.**

Limitations on Damages.

IN NO EVENT WILL WE BE LIABLE TO YOU OR TO ANYONE FOR LOSS OF PROFITS, DAMAGES FROM POWER INTERRUPTION, OR OTHER SPECIAL, CONSEQUENTIAL, INCIDENTAL, OR INDIRECT DAMAGES.

Default Payment and other remedies.

If this Agreement is terminated or canceled for any reason, other than if this Agreement is canceled pursuant to the Notice of Cancellation, terminated pursuant to this Agreement, including due to a Lessor Default or a Force Majeure Event, you agree to pay us an amount equal to the sum of the remaining Balance Payment, loss of incentives from the System and System Interests, amounts you owe us, our reasonable attorney's fees, and our other costs and losses including costs of removal of the System, plus any applicable taxes (collectively, the **"Default Payment"**). After you pay us the Default Payment, we'll transfer ownership of the System to you on an "As Is, Where Is" basis; provided that we'll retain all rights to the System Interests. **YOU AGREE THAT THE DEFAULT PAYMENT FAIRLY REFLECTS THE VALUE OF THE SYSTEM AND IS A FAIR REPRESENTATION OF THE DAMAGES AND LOSSES THAT WE MAY INCUR AS A RESULT OF A CUSTOMER DEFAULT.**

In addition, if you default on your obligations described above in this Agreement, Sunrun may, subject to any cure rights provided in this Agreement or under applicable law, disconnect the System and/or enter the Home and remove the System. We will provide at least fifteen (15) days' advance written notice of our intent to disconnect the system.

By signing this agreement, you waive your right to bring a class action lawsuit against Sunrun and our partners. You agree to settle any legal disagreements confidentially via binding arbitration in the nearest AAA (arbitration services provider defined below) jurisdiction to your home. The details of how this works are as follows:

ARBITRATION OF DISPUTES AND CLASS WAIVER:

Unless legally prohibited, you and we mutually agree to settle any Dispute related to this contract in good faith via mediation, which will be administered by the American Arbitration Association ("AAA") with a mediator

selected from the AAA National Roster of Mediators. **If we cannot settle within 60 days of the initial mediation session, either party may elect to require to resolve our Dispute via binding arbitration.** Our binding arbitration will be administered by the AAA before a sole arbitrator in accordance with AAA's Consumer Arbitration Rules. Judgment on the arbitrator's decision may be entered in any court that has jurisdiction on the dispute. You and we mutually agree to keep the arbitration proceedings and submissions confidential as well your customer account information confidential. You also agree to bring claims against us only in your individual capacity.

YOU ARE WAIVING THE RIGHT TO INITIATE OR PARTICIPATE IN A CLASS ACTION OR SIMILAR PROCEEDING, INCLUDING IN A PRIVATE ATTORNEY GENERAL CAPACITY. We will pay the cost of initiating any arbitration proceedings, regardless of who prevails. If the arbitrator finds in your favor, we'll pay your attorney's fees and expenses of travel to the arbitration.

What is mediation?

Mediation is an informal negotiation assisted by a neutral third party (the mediator). Pursuant to the Parties' Agreement, mediation is a precondition to any arbitration.

What is arbitration?

An alternative to a court case. In arbitration, a third-party arbitrator ("TPA") resolves "Disputes" in a hearing. It is less formal than a court case.

Is arbitration different from court and jury trials?

Yes. The hearing is private. There is no jury. It is usually less formal, faster, and less expensive than a lawsuit. Pre-hearing fact finding (called "discovery") is limited. Appeals are limited. The arbitrator's findings are binding, and courts rarely overturn arbitration awards.

Who does this cover?

You, us, and certain Related Parties (defined above). Either your or we may, after the required mediation and without the other's consent, elect to resolve disputes by binding arbitration.

What does this cover?

All Disputes (except certain Disputes about this clause). This governs all disputes that would usually be decided in court and are between us (or any Related Party) and you, including without limitation all claims related to or arising out of this Agreement, the System or our relationship with you ("Disputes"). Disputes include claims related to amendments, Disclosures, Change Orders, collections, privacy and Customer Information, claims related to the validity of this Agreement, AND THE ARBITRABILITY OF ANY DISPUTE(S). In short, Disputes has the broadest reasonable meaning.

Who handles the mediation and arbitration?

American Arbitration Association ("AAA"). The arbitration company will be the AAA, 1.800.778.7879, www.adr.org.

What are the rules of the arbitration?

Those in this clause along with the AAA Rules. Arbitrations are conducted under this Clause and the applicable AAA Active Rules and Procedures in effect at the time the arbitration is commenced. This Agreement is also subject to the AAA Consumer Arbitration Rules pursuant to the Consumer Due Process Protocol, which set forth certain protections to you (including a maximum filing fee). Any other arbitration rules that conflict with this Clause don't apply.

Where will the arbitration hearing be held?

In your hometown area. If the Parties don't agree to the locale where the hearing is to be held, the AAA will determine the location of the hearing. You can find more information in the AAA Policy on Consumer Arbitrations, which is available here https://www.adr.org/sites/default/files/Consumer_Rules_Web_0.pdf.

Can Disputes be brought in court?

Sometimes. Either party may bring a lawsuit if the other party does not demand arbitration. We will not demand arbitration of any lawsuit you bring as an individual action in small-claims court. Neither you nor we waive the right to arbitrate by using self help remedies, such as repossession or by filing an action to recover the system, deficiency balance, or for individual injunctive relief.

Are you giving up any rights?

Yes. For Disputes subject to this clause, you give up your right to:

- have juries decide Dispute
- have courts, other than small-claims courts, decide Disputes.
- serve as a private attorney general or in a representative capacity.
- join a Dispute you have with a dispute by other consumers.
- bring or be a class member in a class action or class arbitration; and have a jury trial

Can you or another consumer start class arbitration?

No. AAA is not allowed to handle any Dispute between the Parties on a class or representative basis. All Disputes subject to this clause must be decided in an INDIVIDUAL arbitration. This clause will be void if a court rules that the TPA can decide a Dispute on a class basis and the court’s ruling is not reversed on appeal.

What law applies?

The Federal Arbitration Act (“FAA”). This Agreement involves interstate commerce. THUS, the FAA governs this clause. The TPA must apply substantive law consistent with the FAA. The TPA must honor statutes of limitation and privilege rights. Punitive damages are governed by the constitutional standards that apply in judicial proceedings.

Will anything you do make this clause ineffective?

No. This clause stays in force even if you: (1) cancel this Agreement; (2) default, renew, prepay, or pay the

Agreement in full; or (3) go into or through bankruptcy.

Will this clause survive termination of this Agreement?

Yes. This clause will remain in effect for Disputes that commence even after the Agreement has terminated.

BY INITIALING, YOU AGREE TO ARBITRATION AND WAIVE YOUR RIGHT TO A JURY TRIAL. YOU ALSO WAIVE YOUR RIGHT TO INITIATE OR PARTICIPATE IN A CLASS ACTION OR SIMILAR PROCEEDING, INCLUDING IN A PRIVATE ATTORNEY GENERAL CAPACITY.

- IT SHALL NOT BE LEGAL FOR THE SELLER (LESSOR) TO ENTER YOUR PREMISES UNLAWFULLY OR COMMIT ANY BREACH OF THE PEACE TO REPOSSESS GOODS PURCHASED (LEASED) UNDER THIS AGREEMENT.
- You agree that Sunrun has the right to obtain photographic images of the Solar System and the Home, and to use such photographic images for internal and quality control purposes.

This Agreement is binding. If one part of the Agreement is voided, the other parts of it still stand and are enforceable.

- You agree that this Agreement constitutes the entire agreement between you and Sunrun. If any provision is declared to be invalid, that provision will be deleted or modified, and the rest of the Agreement will remain enforceable. The terms of this Agreement that expressly, or by their nature, survive termination shall continue thereafter until fully performed, which shall include, without limitation, the obligation to make payments hereunder.

Sunrun has the sole right to assign, lease, sublease, or transfer the System and this Agreement, in whole or in part, along with the associated rights and any obligations, to a third party for any purpose and without your consent. There are two main reasons we would assign this Agreement to someone other than an affiliated entity: (1) because you're in default; or (2) if there were a corporate merger, acquisition, or financing event, including an asset sale.

- If we assign the Agreement, we'll continue to maintain the System until you receive written notice otherwise.
- You may only assign this Agreement if you transfer ownership of or sell your home, at which times you may assign your obligations under this Agreement to the new homeowner.

Each of us has the right to terminate this Agreement under the following circumstances:

- Sunrun can cancel the Agreement at our sole discretion, including but not limited to circumstances where (a) you're in default of your obligations under the Agreement, (b) estimates of the System's solar energy production materially change at any point prior to installation, whether due to our calculations via the National Renewable Energy Laboratory PVWatts Calculator or due to conditions you have concealed, (c) you delay making your home ready and safe for the work to occur within 5 business days; (d) you otherwise cause your installation to be delayed for more than 30 days, (e) you don't sign up for NEM, NBT, or other requisite incentives, (f) cellular or internet service significantly decreases before installation, (g) prior to installation, if there are any changes or proposed changes to your Utility tariff (including but not limited to NEM or NBT compensation and term), or (h) prior to installation, the System fails to qualify for any expected incentives (including incentives based on your household income or similar criteria). If Sunrun exercises its right to cancel under this section, it will notify you in writing before cancellation is effective, and you will have no remedies at that time.
- Sunrun has the right to revoke this offer if you don't accept, sign, and send the Agreement back to us within 10 days of us presenting it to you.
- **You are entitled to cancel this Agreement prior to the day that we commence construction at your home.** Additionally, you have the right to cancel this Agreement if (a) we materially fail to perform the work under this Agreement and don't correct the issue(s) within 90 days, (b) Sunrun requires additional work or a change order to complete your installation, but you don't agree to completing and/or paying for

said work, (c) you have fulfilled all of your obligations under this Agreement but Sunrun has not completed installation within 180 days of the Effective Date below.

- **You are entitled to a completely filled out copy of this Agreement signed by both you and Sunrun before any work begins. This Agreement is effective as of** 2/29/2024 **(the "Effective Date"). The Effective Date is the date on which the last Party signed this Agreement.**

Your signature below indicates that (a) you're 18 years of age or older, (b) you're the owner of legal title to the Home and that every person or entity with an ownership interest in the Home has agreed to be bound by the terms of the Agreement, (c) that you have been advised on your rights to cancel this agreement, and (d) that you have read, understood, and accepted the provisions set forth in this contract.

You also understand that if you do not give us a written request on which end of term option you choose 30 days before your Agreement terminates, we will automatically renew this Agreement for 5 years.

EXHIBIT B LEGAL NOTICES

Mechanics' Lien Warning. Anyone who helps improve your property, but who is not paid, may record what is called a mechanics' lien on your property. A mechanics' lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder. Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics' liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit. To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a "20 day Preliminary Notice." This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid. BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices. you will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property. PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive. PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier. For other ways to prevent liens, visit CSLB's Website at www.cslb.ca.gov or call CSLB at 800.321.2752. REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe. Pursuant to the terms of this Agreement, if you fail to make any payment when due hereunder, we may file a lien on your Property. Mechanics' Lien Removal. Upon satisfactory payment being made for any portion of the work performed, we, prior to any further payment being made, shall furnish to you a full and unconditional release from any potential lien claimant claim or mechanics lien authorized pursuant to Section 8400 and 8404 of the California Civil Code for that portion of the work for which payment has been made.

Disclosure of Personal Information To Third Parties For Direct Marketing Purposes. You have the right to request and obtain from us once per year, free of charge, information about any personal information we disclosed to third parties for direct marketing purposes in the preceding calendar year, in accordance with CA Civil Code § 1798.83. If you would like to make such a request, please submit your request in writing to: Sunrun Installation Services, Inc., 225 Bush St, San Francisco, CA 94104.

Note About Extra Work and Change Orders. Extra Work and Change Orders become part of the contract once the order is prepared in writing and signed by the parties prior to the commencement of work covered by the new change order. The order must describe the scope of the extra work or change, the cost to be added or subtracted from the contract, and the effect the order will have on the schedule of progress payments. We are not required to perform additional work or changes without written approval in a "Change Order" before any of the new work is started. Extra work or a Change Order is not enforceable against you as the buyer unless the Change Order also identifies all of the following in writing prior to commencement of any work covered by such Change Order: (i)

the scope of work encompassed by such Change Order; (ii) the amount to be added or subtracted from the Agreement; and (iii) the effect the order will make in the progress payments or the completion date. Our failure to comply with the requirements of this paragraph does not preclude the recovery of compensation for work performed based upon legal or equitable remedies designed to prevent unjust enrichment.

Pursuant to the terms of this Agreement, the initial design and installation of the System shall be done at our sole cost and expense, and the above notice does not apply to such work.

Information About the Contractors' State License Board (CSLB). The CSLB is the state consumer protection agency that licenses and regulates construction contractors. Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions, and civil judgments that are reported to CSLB. Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees. For more information: VISIT: CSLB's website at www.cslb.ca.gov; CALL: CSLB at 800.321.2752; WRITE: CSLB at P.O. Box 26000, Sacramento, CA 95826. Sunrun Installation Services Inc. (EIN 77-0471407) is a licensed contractor in California, License Number 750184. For more information about our licenses, please visit State Contractor license information.

Notice of Independent Energy Producer Contract. You acknowledge and agree that We will record a "Notice of an Independent Solar Energy Producer Contract" along with the property records to Your Property with the county recorder's office, pursuant to California Public Utilities Code § 2869.

Manufacturer Warranties. In addition to the solar panel manufacturer warranties described in the agreement, the other System components carry a minimum manufacturer's warranty of ten (10) years against defects or component breakdowns.

Incentives. Subject to the terms of the Agreement, we will keep the System operational for the entire expected duration of any performance based incentive paid by your Utility. If the System fails to remain operational during such period, then we may have to reimburse the Utility on a prorated basis for the applicable portion of the incentive received during which period the System was not operational. If the reason for such nonoperation is due to your failure to comply with the Agreement, including any Customer Default, then you shall reimburse the Utility (if required) on a prorated basis for the applicable portion of the incentive received during which period the System was not operational.

Automatic Renewal. THIS AGREEMENT CONTAINS AN AUTOMATIC RENEWAL PROVISION. IF YOU DO NOT NOTIFY US OF YOUR CHOICE BY SENDING THE APPLICABLE COMPLETED FORM TO US EITHER BY EMAIL AT CUSTOMERCARE@SUNRUN.COM OR BY U.S. MAIL AT OUR ADDRESS FIRST SET FORTH ABOVE AT LEAST THIRTY (30) DAYS PRIOR TO THE END OF THE TERM, THEN (UNLESS WE ELECT TO TERMINATE THIS AGREEMENT) THIS AGREEMENT WILL AUTOMATICALLY RENEW FOR FIVE-YEAR TERMS, AT TEN PERCENT (10%) LESS THAN THE THEN CURRENT AVERAGE RATE CHARGED BY YOUR UTILITY UNTIL YOU NOTIFY US IN WRITING OF YOUR ELECTION TO CANCEL AT LEAST THIRTY(30) DAYS PRIOR TO THE END OF THE RENEWAL TERM.

PLEASE DO NOT SUBMIT IF ANNUAL PRODUCTION IS LESS THAN OR EQUAL TO HISTORICAL ANNUAL ELECTRICITY CONSUMPTION

OVERSIZE SYSTEM REQUEST

I voluntarily ask Sunrun to oversize my system given my current and future changing needs. Please state the reason for oversizing (required) (e.g., buying an electric vehicle, moving into a vacation home full-time, etc.)

Luis Garza

OVERSIZE SYSTEM DISCLOSURE

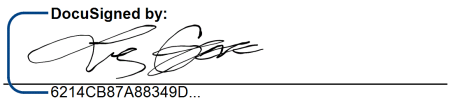

You are requesting that Sunrun oversize your system to accommodate an anticipated increase in your yearly electrical service needs, for the reasons stated below.

Your current estimated consumption is kilowatt-hours per year. This Solar System is sized at an estimated production of 7,831 kilowatt- hours per year.

By signing below, you acknowledge that if your anticipated increase in energy service needs does not come to pass or if your consumption is lower for any other reason:

- You may be paying for power that you do not use and/or for which you receive no other value (for example, if your utility does not provide NEM or NBT credits for production beyond your estimated consumption)
- You may realize less savings than anticipated, or no savings at all;
- You are still responsible for purchasing the estimated production of this Solar System for the term of the contract regardless of your actual future consumption; and
- Sunrun will not provide you with any refunds, except as provided in the Agreement. You further acknowledge that Sunrun is oversizing your system based on the representations regarding your anticipated electric service needs that you have specified above. Sunrun has no obligation to do any independent investigation of the accuracy or validity of these representations, and shall bear no responsibility or liability if your anticipated electric services needs do not come to pass, except as provided in the Agreement. Sunrun reserves the right to reject any Agreement for an oversized system based on several factors, including but not limited to customer credit or other concerns. I acknowledge that I would like to oversize my system and take responsibility for any potential benefit or risk associated with system oversizing:
