SOLAR ENERGY SYSTEM DISCLOSURE DOCUMENT

This disclosure shall be printed on the front page or cover page of every solar energy contract for the installation of a solar energy system on a residential building.

The TOTAL COST for the solar energy system (including financing and energy / power cost if applicable) is: $138,495.43

To make a complaint against a contractor who installs this system and/or the home improvement salesperson who sold this system, contact the Contractors State License Board (CSLB) through their website at www.cslb.ca.gov (search: "complaint form"), by telephone at 800-321-CSLB (2752), or by writing to P.O. Box 26000, Sacramento, CA 95826.

If the attached contract was not negotiated at the contractor's place of business, you have a Five-Day Right to Cancel the contract, pursuant to *Business and Professions Code* (BPC) section 7159, as noted below. For further details on canceling the contract, see the Notice of Cancellation, which must be included in your contract.

Five-Day Right to Cancel

You, the buyer, have the right to cancel this contract within five business days. You may cancel by e-mailing, mailing, faxing, or delivering a written notice to the contractor at the contractor's place of business by midnight of the fifth business day after you received a signed and dated copy of the contract that includes this notice. Include your name, your address, and the date you received the signed copy of the contract and this notice.

This document was developed through coordination of the California Contractors State License Board and the California Public Utilities Commission pursuant to Business and Professions Code section 7169.

Description of System, Services and Contract Price

Description of the Project and Description of the Significant Materials to be Used and Equipment to be Installed

Solar System

- 13.0200 kW DC Solar Panels
- Installation, Permitting, and Other Fees
- Balance of System
- Mounting Hardware
- Custom Solar Equipment Location - Painted Conduit - Labor
- Custom Solar Equipment Location - Painted Conduit - Material
- 13.0200 kW Discount

Powerwall

- 2 x Powerwall 3
- Powerwall Installation
- Backup Switch
- Custom Powerwall Equipment Location - Painted Conduit - Labor
- Accessories
- Custom Powerwall Equipment Location - Painted Conduit - Material
- Powerwall + Solar Discount

Pre-construction Costs

- Concrete Work
- Trenching

Site & Design Assumptions for your Leased System

Estimated leased system size, in kilowatts (kW): 13.02 kW DC
Estimated gross annual electricity production in kilowatt-hours (kWh) from your leased system: 18,912 kWh
Estimated annual system production decrease due to natural aging of system: 0.5%
System location: rooftop

Repair & Maintenance

System maintenance IS included for the term of the lease from lessor. You are required to perform the following system

Copy

maintenance:

- Shade Management & Pest Control: You must maintain your home and the area around your System to ensure that no trees, shrubbery or obstacles shade the System and that pests do not interfere with its operation.
- Panel Cleaning: Cleaning your panels of debris can improve your system performance. Flushing the panels from the ground with a water hose can let more sunlight penetrate through the glass cover.

System repairs ARE included for the term of the lease from lessor or a third party (such as an installer or equipment manufacturer). If all system repairs are not included, you are required to perform the following system repairs: NONE

Schedule of Payments

Paid at Order	**$100.00**
Due Within Ten (10) Days of Final System Approval	**$1,000.00**
Due Within Ten (10) Days of Inspection	**$51.92**
Due at Permission to Operate (PTO)	**$313.92**

The schedule of progress payments must specifically describe each phase of work, including the type and amount of work or services scheduled to be supplied in each phase, along with the amount of each proposed progress payment.

IT IS AGAINST THE LAW FOR A CONTRACTOR TO COLLECT PAYMENT FOR WORK NOT YET COMPLETED, OR FOR MATERIALS NOT YET DELIVERED. HOWEVER, A CONTRACTOR MAY REQUIRE A DOWNPAYMENT.

Approximate Installation Start Date

7-90 days from contract signing

Approximate Completion Date

7-90 days from the date installation begins

THE ACTUAL START AND COMPLETION DATES DEPEND ON MANY FACTORS, SUCH AS DELAYS RELATED TO PERMITTING AND INTERCONNECTION APPROVALS, WHICH ARE CONTROLLED BY YOUR LOCAL JURISDICTION AND LOCAL UTILITY, RESPECTIVELY

Signed by

Your signature

Energy Lease Terms

Thank you for joining our effort to transition the world to sustainable energy! Now that we have completed your order for your System (described in more detail on your Project Summary), the next step is to prepare for and schedule installation. In the meantime, below are some basic terms we need to agree upon in order to confirm we are on the same page (and along with this document are some required disclosures for you to review as well). We look forward to working with you!

1. **Your Lease Payments.** You have agreed to lease your System from Tesla at the monthly price described in your Project Summary and Schedule 1. Upon final credit approval, your monthly price may be adjusted. You agree to pay any applicable sales, gross receipt, or use taxes on the lease payments due under this Lease. If local tax rates change, your monthly payment may change to reflect this rate change. Your monthly payment assumes payments by automatic ACH and you agree to sign an electronic funds transfer authorization provided by Tesla. If you pay by any other method, Tesla reserves the right to make a reasonable adjustment to your monthly payment to account for such other method of payment. Your lease payments exclude amounts due at lease signing or upon completion of any home upgrades or additional equipment or work not part of your System and any taxes on these costs ("**Other Costs**"). We may apply payments received to unpaid interest, fees and amounts owing and any outstanding monthly payments in any order we choose. If we do not receive a monthly payment by 10 days after the due date, we reserve the right to charge: (1) ten dollars ($10) if 10 days late or less; (2) fifteen dollars ($15) if 11 – 44 days late; and (3) any actual and reasonable costs of collection if you fail to pay or communicate with us for 45 or more days after any payment became due and payable.

2. **Net Lease.** YOUR OBLIGATIONS UNDER THIS LEASE (I) SHALL BE NON-CANCELABLE, ABSOLUTE AND UNCONDITIONAL UNDER ALL CIRCUMSTANCES FOR THE ENTIRE LEASE TERM, (II) SHALL BE UNAFFECTED BY THE LOSS OR DESTRUCTION OF ANY EQUIPMENT, AND (III) SHALL NOT BE SUBJECT TO ANY ABATEMENT, DEFERMENT, REDUCTION, SET-OFF, COUNTERCLAIM, RECOUPMENT OR DEFENSE FOR ANY REASON WHATSOEVER.

3. **Lease Term.** Your lease payments will begin the later of: (i) the date your System receives permission to operate from your utility ("**PTO**") (or, if utility approval is not required, the date your System passes inspection); or (ii) a date established by Tesla in its sole discretion. The lease will be for 25 years, equivalent to 300 monthly payments.

4. **Updates to Project Summary.** Even though we have completed the initial design of your System, we might need to make changes to that design, which also means we might need to update the lease pricing or System details based on a variety of factors, such as installation complexity, utility or code requirements or product availability. If that happens, we will update the Project Summary. You have 7 days after you receive the updated Project Summary to let us know that you reject it. If you don't reject it, or if you move forward with scheduling your installation, that means you are agreeing to the updated Project Summary and authorize us to develop and submit permit packets and otherwise prepare for your upcoming installation. The updated Project Summary replaces any prior Project Summary and is considered part of these lease terms that you are agreeing to (unless you rejected the update). Tesla can also decide to increase the size of your System at no additional cost to you.

5. **Cancellation.** At any point prior to the time when we deliver materials to your home in preparation for your installation, either of us can cancel your order and this lease for good cause upon written notification to the other party (including email or Tesla app notifications). If we are responsible for canceling your order, we will return any deposits and upfront fees you have paid. If you cancel or cause us to cancel your order, your deposit and upfront fees are non-refundable. These shall be the only remedies available with respect to such cancellation.

6. **Permission to Operate**. As part of your lease, Tesla will apply for interconnection and ensure that your System obtains PTO from your utility, provided that PTO is required for your System. There can sometimes be delays in obtaining PTO. Tesla will work with you and your utility to try to minimize such delays.

Copy

7. **Homeowner's Association.** If your home is governed by a homeowner's association or similar community organization, you must get any required approvals and authorizations before Tesla starts installation of your System.

8. **Installation; Workmanship.** We will contact you to schedule installation of your System. During installation, we might choose to make minor repairs commonly needed to install the System at no additional cost to you (like simple electric upgrades and roof preparation). We promise to repair or pay for damage we directly cause to your home or your property during installation of your System. If we fail to do that, please let us know, and we will make the repair (or have someone repair it) at our cost (and that will be your only remedy). You must let us know in writing and within a certain amount of time following the damage: within 10 years for solar installations or roof penetrations, 4 years for Powerwall installations and 1 year for Wall Connector installations and anything else.

9. **Tesla's Responsibilities.** Tesla guarantees that the availability of your System will exceed 95% in each two-year period commencing on the start date of your lease (the "**Availability Guarantee**"). Your System will be considered 'Available' on each day that daily solar generation from your System exceeds 1 kWh (which would not be possible if your DC-coupled Powerwall is in a state of fault). System unavailability will be excused and excluded from the Availability Guarantee if due to circumstances beyond Tesla's control, including, but not limited to, your breach of your obligations in this agreement, accidental damage, theft, snow cover, failure to maintain an internet connection, failure to troubleshoot issues after we have contacted you, or for excused nonperformance per Section 21. If you submit a written request at the end of each two-year period, Tesla will calculate your System Availability over the period to determine if your System failed to achieve the Availability Guarantee. If the actual Availability of your System is less than 95% during the period, provided you are not in default, Tesla will pay you an amount calculated as: [(95% – System Availability) x the total of your monthly lease payments over the two-year period]. Any payments will first be applied to any accrued but unpaid balances owed Tesla. This payment for the Availability Guarantee will be your sole and exclusive remedy for any claims regarding System performance. Tesla otherwise does not guarantee any specific performance or production or savings from your System.

10. **Your Responsibilities.** Even though you will not own the System, you agree to certain responsibilities to ensure that your System will work as intended. You must maintain your home and the area around your System to ensure that no trees, shrubbery or obstacles shade the System and that pests do not interfere with its operation. To ensure optimal performance, you will need to regularly clean the panels. You will also need to comply with the requirements of the Limited Warranties and make sure that your System maintains an internet connection as described below. Lastly, you agree to cooperate with us by navigating any issues as they arise (e.g., signing documents, returning calls reasonably promptly, recognizing and troubleshooting issues with your System, transferring System ownership if you sell your home, etc.).

11. **Warranties.** Tesla warrants to you that under normal use and service conditions the System will be free from defects in workmanship or defects in, or a breakdown of, materials or components, for the Lease Term. In addition, your System comes with certain Equipment Limited Warranties. Your solar panels come with a warranty from their manufacturer. The solar panel warranty will guarantee at least 80% of nameplate capacity for at least 25 years from the date of installation. You agree we can make warranty claims for you for any non-Tesla products. If your order includes Tesla Solar Panels, Solar Inverter(s), Powerwall(s), or Wall Connector(s), these Tesla Products are each covered by the Tesla Solar Module Warranty, Tesla Solar Inverter Limited Warranty, Tesla Powerwall Limited Warranty, Tesla Powerwall Extended Limited Warranty and Tesla Wall Connector Warranty, respectively. These warranties are considered part of these lease terms. EXCEPT AS STATED IN THIS SECTION 11, TESLA MAKES NO EXPRESS OR IMPLIED REPRESENTATIONS OR WARRANTIES AS TO TITLE, MERCHANTABILITY, PERFORMANCE, CONDITION, EXISTENCE, FITNESS OR SUITABILITY OF ANY EQUIPMENT, OR ANY OTHER REPRESENTATION OR WARRANTY OF ANY KIND WITH RESPECT TO THE EQUIPMENT, EVEN IF THOSE WARRANTIES ARE EXPRESS OR IMPLIED BY LAW.

COPY

12. **Home Renovations & Repairs.** If you need to make any repairs or improvements to your home that could interfere with the System (such as repairing your roof), it will be solely at your cost and you may only remove and reinstall the System pursuant to the Limited Warranty.

13. **Powerwall.** If your System includes a Powerwall, you acknowledge that Tesla retains the right and sole discretion to enroll you and the Powerwall in programs that benefit the grid. Participation in these programs may involve constraints on Powerwall settings and change the behavior of the Powerwall system that can impact other uses, like backup. If we enroll you and your System in a program, Tesla will provide details of the program along with separate terms and conditions for participation. We will also explain the program benefits and what you can expect of Powerwall behavior and settings changes and instruct you on how to contact us if you prefer to unenroll.

14. **Remote Monitoring and Firmware Upgrades.** Tesla may access your System and your Tesla Products remotely to monitor performance, perform diagnostics and upgrade firmware or relative to programs that benefit the grid.

15. **Incentives; Tax Credits and Environmental Attributes.** You acknowledge and agree that any rebates, incentives, benefits and credits, including any federal, state or local tax credits ("**Tax Credits**"), as well as any state, federal and local incentives or energy credits stemming from the environmental attributes of the System (commonly referred to as Renewable Energy Credits (RECs) or carbon credits) ("**Environmental Attributes**"), shall be solely owned, claimed and used by Tesla as owner of the System. If you purchase the System, you may be offered to include some of these Tax Credits or Environmental Attributes in the purchase price of the System.

16. **Purchasing the System.** You may purchase the System on or after the 6th year anniversary of the lease or when you move. If you exercise your option to buy the System on the 6th anniversary date of the lease, your purchase price will be the lesser of the Estimated Purchase Price set forth in Schedule 1 or Fair Market Value (FMV) of the System. On any other date before or after the 6th anniversary, your purchase price will be the FMV of the System. You will need to pay any applicable sales, gross receipt or use taxes on the purchase price of the System. We may provide you with a free estimate of the FMV and you will have the right to request that the FMV be determined by an independent appraiser at your expense or you can waive that right. The buyout price will include: (a) the loss of any Tax Credits if purchased prior to the 6th year of the lease, and (b) the repurchase of any Environmental Attributes unless you provide Tesla ongoing access to monitor your System's performance.

17. **Transferring Ownership.** If you sell your home, you can transfer this lease to the person buying your home provided that the buyer: (1) meets Tesla's credit criteria or qualifies for a mortgage to purchase your home; and (2) signs a transfer agreement to assume the ongoing obligations under this lease. Upon your death, this lease can be transferred to your estate or heir(s) if they agree to assume the lease obligations.

18. **Assignment.** You also acknowledge that Tesla may subcontract or delegate any responsibilities under this lease and may assign ownership of the System and the rights under this lease (including the rights to receive payments) without notice or your consent to any person or entity. Tesla may also transfer this lease without notice or your consent to an affiliate or any reasonably qualified third-party with experience owning or operating similar energy equipment that agrees to assume relevant obligations under this lease.

19. **End of Term Options.** At the end of the 25th year, you may: (1) purchase the System at the buyout price; (2) renew your lease for an additional five-year term at a monthly payment that is discounted by 20% (the "**Renewal Price**"); or (3) ask that Tesla remove the System at your cost. If you do not contact Tesla in writing (including via email) no later than 90 days prior to the end of your lease or any renewal term to select one of these options, you agree that your lease shall auto-renew at the Renewal Price.

20. **Tesla Intellectual Property.** Tesla owns and retains all patents, trademarks, copyrights, trade secrets and any other intellectual property rights associated with your Tesla Products and Tesla's performance under this lease. Tesla gives you a limited, non-exclusive, non-transferable (other than as part of a transfer of all of your Tesla Products) license to use any software embedded in your Tesla Products solely in connection with your use and operation of your Tesla Products for the period of the lease.

21. **Excused Nonperformance.** If Tesla is unable to perform all or some of its obligations under this lease (including the Availability Guaranty) because of circumstances beyond Tesla's control, including instances where your action or inaction is preventing us from fulfilling our obligations (commonly referred to as "**Force Majeure Events**"), Tesla will provide you with reasonable notice describing the circumstances or event and resume performance for the remainder of the lease term once the circumstances or event allow for us to continue.

22. **Limitation of Liability.** If there is a dispute, the maximum amount either of us will have to pay the other is as follows: (a) for claims relating to the System, the greater of the sum of the lease payments you have actually paid under this lease (as updated, if applicable) or the original cost of the System, and (b) for any other claims, including those relating to direct damages actually incurred to your home or property, one million dollars ($1,000,000). Neither of us will have to pay the other for any indirect, special, punitive or consequential damages.

23. **Default.** If you fail to make any payments when due, provide false, incomplete, or misleading information on the credit application, you start a proceeding in bankruptcy or one is started against you or your property, fail to perform any material obligation or responsibilities under this lease or take action to disconnect or damage the System or disturb ownership of the System or if the products are lost, damaged, or destroyed, you will be in default under this lease.

24. **Security Interest.** You agree that the System is not a fixture, but that we have the right to file any UCC financing statement to confirm our interest in the equipment. We may charge you a fee of up to $250 if you need this filing to be temporarily terminated for any reason. You will not allow any other security interest to be placed on the System without our written permission.

25. **Remedies.** If you are in default, Tesla may terminate the lease and your rights to possess or use the System, suspend performance, take reasonable actions to mitigate or prevent our loss, disconnect, turn off or take back the System, notify your utility or other affected third-parties, and seek through any legal means all accrued but unpaid payments, taxes, late charges, penalties and interest, any lost Tax Credits or Environmental Attributes, together with the unpaid aggregate balance of the remaining lease payments discounted to present value at 5% per year. You understand and agree that Tesla may submit to credit reporting agencies (credit bureaus) credit reports that would be reflected on your credit record, including if you do not pay any amounts due under this Agreement.

26. **Governing Law.** These lease terms are governed by the laws of the State of Texas.

27. **Notices.** You can find applicable lien notices, certain warnings required by law, and details of our insurance attached to these purchase terms.

Copy

28. **Agreement to Arbitrate.** *Please read this part carefully because it means you are agreeing that any unresolved dispute between you and Tesla will not be decided by a judge or jury in a public courtroom, but instead by a single arbitrator in a private arbitration.*

If you have a dispute with Tesla, Inc. or its affiliates (which we call “Tesla”) arising out of or relating to any aspect of this Agreement or your purchase of the System or your Tesla Products, please send us an email to resolutions@tesla.com, describing your dispute and how you would like it resolved. If it is not resolved within 60 days from the date of your email, you agree that your dispute can only be resolved by a single arbitrator in an arbitration administered by the American Arbitration Association (AAA) under its Consumer Arbitration Rules. This includes claims arising before you ordered your System or your Tesla Products (such as claims related to statements Tesla made about our Products). We will pay all AAA fees for any arbitration, which will be held in the city or county of your legal residence. To learn more about the Rules and how to begin an arbitration, you can call any AAA office or go to www.adr.org. The arbitrator can only resolve disputes between you and Tesla, and cannot consolidate claims from others without consent from you, Tesla, and the others. You can only bring claims in arbitration against Tesla in your individual capacity and not as a plaintiff or class member in any class or representative action (and the same is true for Tesla). If a court or arbitrator decides that any part of this agreement to arbitrate cannot be enforced as to a specific claim for relief or remedy (such as what lawyers call “injunctive” or “declaratory” relief), then that claim or remedy (and only that claim or remedy) will be carved out of the arbitration and can be filed in court; all other claims must be arbitrated. If you prefer, you can take your individual dispute to a small claims court instead. If you don’t want to agree to arbitration, you can "opt out” of arbitration by sending us a letter within 30 days after placing your initial order for your System or your Tesla Products. Please send the letter to Tesla, Inc.; P.O. Box 15430; Fremont, CA 94539-7970 and include your name, your order number, the name of the Product you ordered, and a statement explaining your desire to opt out of arbitration. If you do not opt out, your agreement to arbitrate overrides any different arbitration agreement between us, including any arbitration agreement in a lease or finance contract.

Schedule 1: Federal Consumer Leasing Act Disclosures

Date: 2/11/2026

Lessor: Joseph Sosthand II

On the 6th Anniversary of the start date of your Lease, you can contact Tesla to purchase the System for an Estimated Buyout Price of:

$38076.92

Amount Due at Lease Signing or Delivery	Monthly Payments	Other Charges (not part of monthly payments)	Total Payments
Payments Due at Signing: $100.00 Payments Due Within Ten (10) Days of Final System Approval $1,000.00 Payments Due Within Ten (10) Days of Inspection $51.92 Payments Due at PTO $313.92 For Tesla-internal tax purposes only: *Downpayment costs are comprised of: $251.58 Solar Panel Equipment $417.67 Solar Panel Installation $197.61 Powerwall Equipment $150.13 Powerwall Installation $0.00 Wall Connector Equipment and Installation $54.21 Concrete Work $28.80 Trenching	Your monthly payments will be made in a single amount equal to $292.02. Your first payment is due on your lease "Start Date."[1] Your next 299 payments will be due each month thereafter on the anniversary of the Start Date. Monthly Payments shall increase by 3.00% after each 12 months of scheduled monthly payments during the Lease Term. Your payment is comprised of the sum of (i) $292.02 for costs related to the System, plus (ii) $7.79 for Other Costs. For Tesla-internal tax purposes only: *Monthly Payments are comprised of: $68.58 Solar Panel Equipment $113.86 Solar Panel Installation $53.87 Powerwall Equipment $40.93 Powerwall Installation $0.00 Wall Connector Equipment and Installation $14.78 Concrete Work $7.79 Trenching	Your estimated average monthly tax payments are (if applicable): $14.11 Estimated taxes other than sales taxes collected monthly (if applicable): $51.92 Total $66.03	(The amount you will have paid by the end of the lease) $138,495.43

Per Section 3 of your Lease Agreement, your Start Date will be the later of: (i) the date your System receives permission to operate from your utility (or, if utility approval is not required, the date your Product(s) pass inspection); or (ii) a date established by Tesla in its sole discretion.

Cancellation Rights

(TESLA, INC. COPY)

NOTICE OF CANCELLATION
STATUTORILY-REQUIRED LANGUAGE
Notice of Cancellation

Date of Transaction: 02/12/2026 03:13:57 +00:00
You may CANCEL this transaction, without any penalty or obligation, within THREE BUSINESS DAYS (OR FIVE BUSINESS DAYS FOR CA CUSTOMERS ONLY OR TEN BUSINESS DAYS FOR NV CUSTOMERS OVER 60 YEARS OF AGE ONLY) from the above date. If you cancel, any property traded in, any payments made by you under the contract or sale and any negotiable instrument executed by you will be returned within TEN DAYS following receipt by the seller (Tesla, Inc.) of your cancellation notice, and any security interest arising out of the transaction will be canceled. If you cancel, you must make available to the seller (Tesla, Inc.) at your residence, in substantially as good condition as when received, any goods delivered to you under this contract or sale, or you may, if you wish, comply with the instructions of the seller (Tesla, Inc.) regarding the return shipment of the goods at the seller's (Tesla, Inc.'s) expense and risk. If you do make the goods available to the seller (Tesla, Inc.) and the seller (Tesla, Inc.) does not pick them up within 20 days of the date of your notice of cancellation, you may retain or dispose of the goods without any further obligation. If you fail to make the goods available to the seller (Tesla, Inc.), or if you agree to return the goods to the seller (Tesla, Inc.) and fail to do so, then you remain liable for performance of all obligations under the contract.
To cancel this transaction, mail or deliver a signed and dated copy of this cancellation notice, or any other written notice to Tesla, Inc., Document Receiving, 2445 St Rose Parkway, Suite #100 Henderson, NV 89074 NO LATER THAN MIDNIGHT of the date that is THREE BUSINESS DAYS (OR FIVE BUSINESS DAYS FOR CA CUSTOMERS ONLY OR TEN BUSINESS DAYS FOR NV CUSTOMERS OVER 60 YEARS OF AGE ONLY) from the date you signed the Agreement.

I, _____, hereby cancel this transaction on _____ [Date].

NOTICES

Bonds. The owner or tenant has the right to require the contractor to have a performance and payment bond.

Extra Work and Change Orders. Extra Work and Change Orders become part of the contract once the order is prepared in writing and signed by the parties prior to commencement of any work covered by the new change order. You may not require a contractor to perform extra or change-order work without providing written authorization prior to the commencement of work covered by the new change order. Extra work or a change order is not enforceable against you unless the change order also identifies all of the following in writing prior to the commencement of work covered by the new change order:(i) the scope of the extra work or change, (ii) the cost to be added or subtracted from the contract; and (iii) the effect the order will have on the schedule of progress payments or the completion date. Notwithstanding this provision, the Contractor shall have the right to substitute System equipment without Customer's agreement, so long as that substitution adds no extra cost to the project and does not materially affect the System's performance. The Contractor's failure to comply with the requirements of this paragraph does not preclude the recovery of compensation for work performed based on legal or equitable remedies designed to prevent unjust enrichment.

Insurance Tesla carries the following insurance applicable to the work being performed under this Agreement:

- Commercial General Liability Insurance (CGL). Tesla carries commercial general liability insurance with coverage amounts that meet or exceed those required by law.

- Workers' Compensation Insurance. Tesla carries workers' compensation insurance for all employees in compliance with law.

Additional Notices

California

CALIFORNIA CONTRACTOR LICENSING INFORMATION: CSLB is the state consumer protection agency that licenses and regulates construction contractors. Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions and civil judgments that are reported to CSLB. Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees. For more information:

-Visit CSLB's Internet website at www.cslb.ca.gov
-Call CSLB at 800-321-CSLB (2752)
-Write CSLB at P.O. Box 26000, Sacramento, CA 95826

MECHANICS' LIEN RELEASES
Upon satisfactory payment for any portion of the work performed, Tesla shall, prior to any further payment, furnish to Customer a full and unconditional release from any potential lien Claimant claim or mechanics' lien pursuant to Sections 8400 and 8404 of the California Civil Code for that portion of the work for which payment has been made.

CALIFORNIA MECHANICS LIEN WARNING:
NOTICE TO PROPERTY OWNER: If bills are not paid in full for the labor, services, equipment, or materials furnished or to be furnished, a mechanic's lien leading to the loss, through court foreclosure proceedings, of all or part of your property being so improved may be placed against the property even though you have paid your contractor in full. You may wish to protect yourself against this consequence by (1) requiring your contractor to furnish a signed release by the person or firm giving you this notice before making payment to your contractor or (2) any other method or device that is appropriate under the circumstances.

Anyone who helps improve your property, but who is not paid, may record what is called a mechanics lien on your property. A mechanics lien is a claim, like a mortgage or home equity loan, made against your property and recorded with the county recorder.
Even if you pay your contractor in full, unpaid subcontractors, suppliers, and laborers who helped to improve your property may record mechanics liens and sue you in court to foreclose the lien. If a court finds the lien is valid, you could be forced to pay twice or have a court officer sell your home to pay the lien. Liens can also affect your credit.
To preserve their right to record a lien, each subcontractor and material supplier must provide you with a document called a 'Preliminary Notice.' This notice is not a lien. The purpose of the notice is to let you know that the person who sends you the notice has the right to record a lien on your property if he or she is not paid.
BE CAREFUL. The Preliminary Notice can be sent up to 20 days after the subcontractor starts work or the supplier provides material. This can be a big problem if you pay your contractor before you have received the Preliminary Notices. You will not get Preliminary Notices from your prime contractor or from laborers who work on your project. The law assumes that you already know they are improving your property.
PROTECT YOURSELF FROM LIENS. You can protect yourself from liens by getting a list from your contractor of all the subcontractors and material suppliers that work on your project. Find out from your contractor when these subcontractors started work and when these suppliers delivered goods or materials. Then wait 20 days, paying attention to the Preliminary Notices you receive.
PAY WITH JOINT CHECKS. One way to protect yourself is to pay with a joint check. When your contractor tells you it is time to pay for the work of a subcontractor or supplier who has provided you with a Preliminary Notice, write a joint check payable to both the contractor and the subcontractor or material supplier.
For other ways to prevent liens, visit CSLB's Internet Web site at www.cslb.ca.gov or call CSLB at 800-321-CSLB (2752).
REMEMBER, IF YOU DO NOTHING, YOU RISK HAVING A LIEN PLACED ON YOUR HOME. This can mean that you may have to pay twice, or face the forced sale of your home to pay what you owe.
