Everything included

We take care of every step of the solar-roofing process, so there's only one company to call if you have any questions.

Quality guaranteed

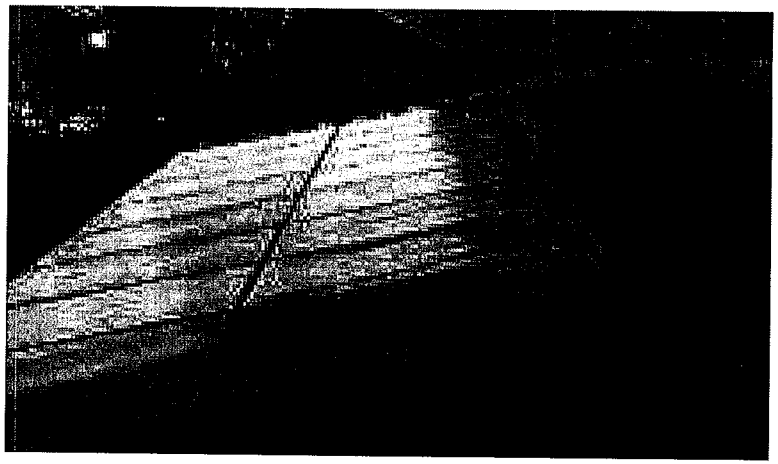

Our solar projects are guaranteed for the lifetime of the system. We monitor all of our systems out of courtesy, and respond quickly to any concerns that may arise.

Premium warranty

Our award-winning solar-roofing warranty (solar PV system and roofing system) and the installation of both are covered by California State License Board Roofing & General Contractor licenses.

Let us make financing easy

With numerous financing options and tax incentives available, owning solar can be a simple choice for anyone.

We are proud to be the oldest licensed roofing contractor installing solar in Kern County.

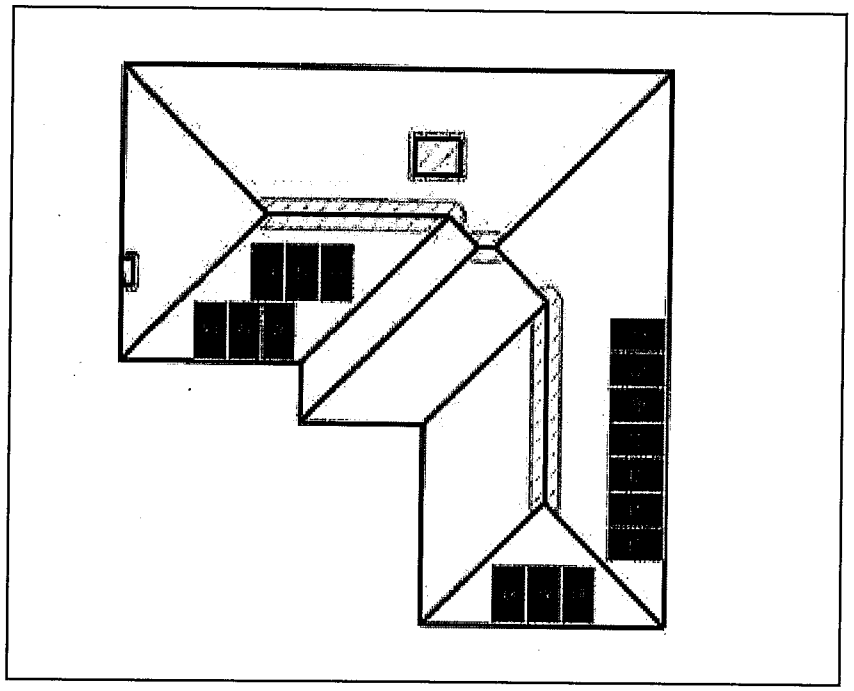

REC CERTIFIED SOLAR PROFESSIONAL

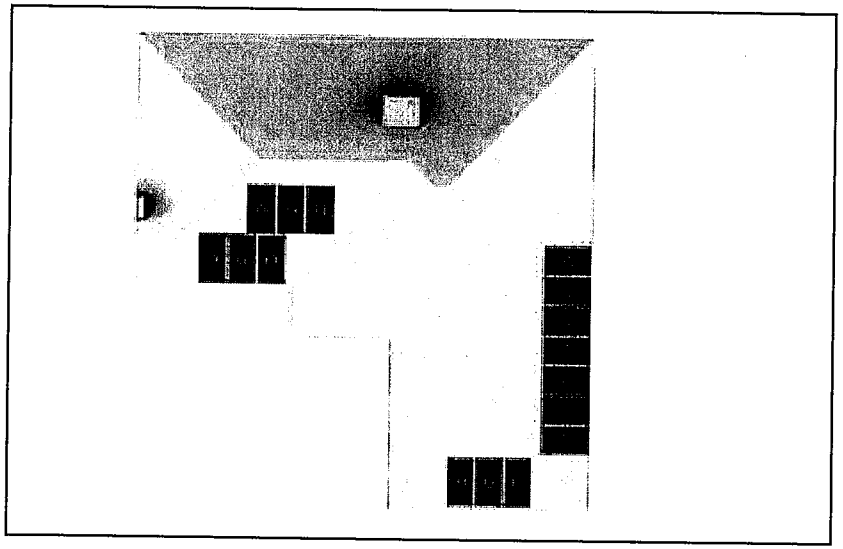

REC 25 YEAR ProTrust WARRANTY

REC - EMPOWERING CONSUMERS

REC solar panels are already powering all parts of our lives - homes, schools, sport stadiums, hospitals, supermarkets and airports to name but a few. We believe solar is the present and future.

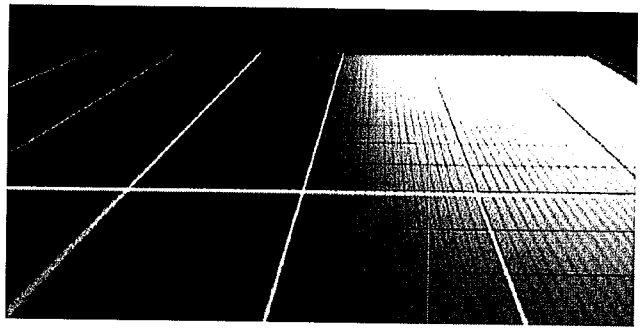

REC - A DRIVEN FACILITATOR

REC makes it possible to power your own home or business independently and efficiently. With its iconic and cutting-edge products, REC helps you generate more energy and make significant savings on electricity bills.

REC - A FRONT-RUNNING INNOVATOR

Innovation is in REC's DNA: constantly leading the way in high efficiency and powerful products. REC was the first company to introduce half-cut cell technology into multicrystalline panel production and the first to apply its iconicTwin design for extra power and efficiency.

6.24 kW

Estimated Production
10,678 kWh

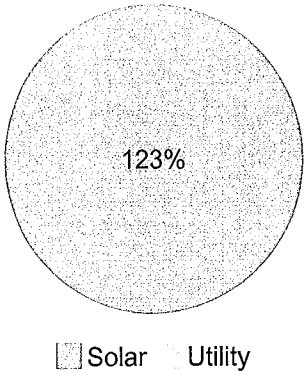

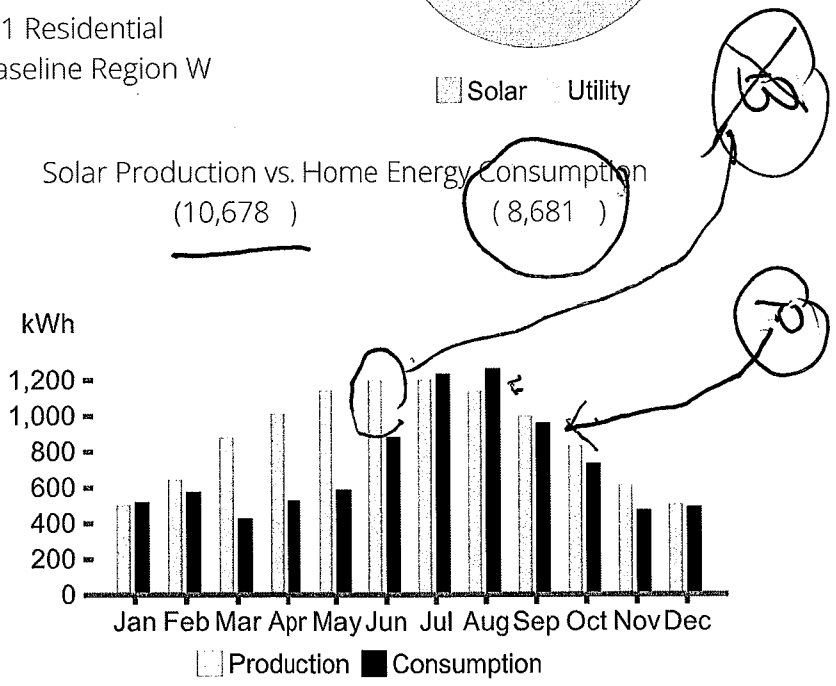

System Production

Your system generates

123 %

of your energy from solar on E-1 Residential Baseline Region W

7 Steps To Solar

CUSTOM DESIGN

System designed to meet your needs, & the limitations of your home and budget. We design each system to comply with zoning restrictions, mounting & location limits, & to make it aesthetically pleasing.

INDIVIDUAL CONSULTATION

Custom analysis & in-person site survey

FLEXIBLE FINANCING

Systems are available for cash purchase and with financing options including low interest rates, no money down, and 18 month 0% interest on Investment Tax Credit.

PROJECT MANAGEMENT

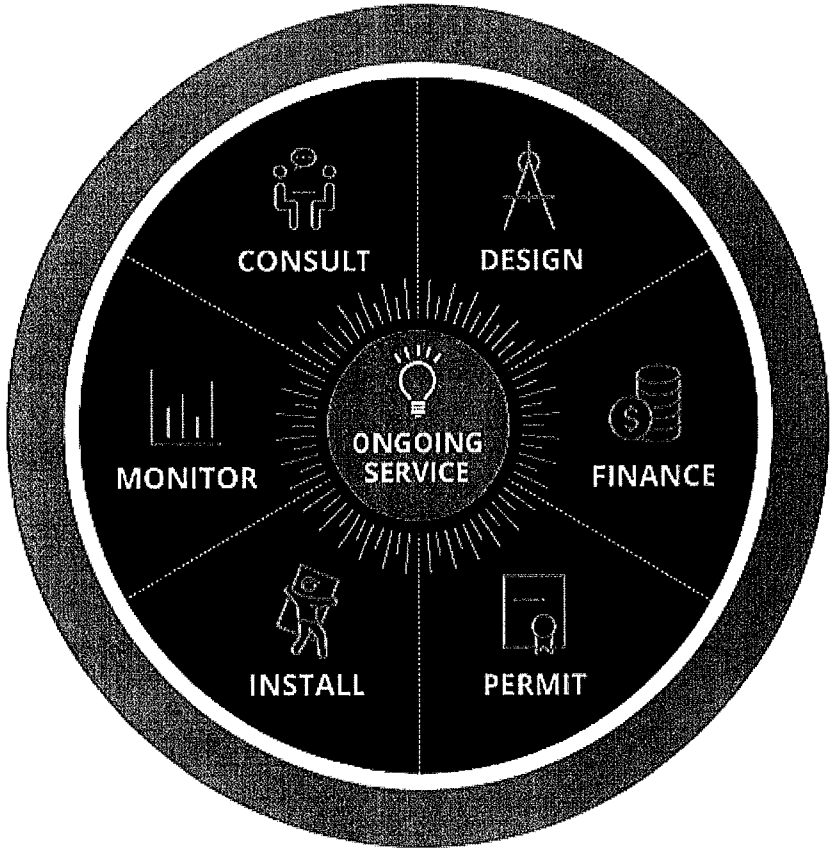

We handle everything associated with your new solar installation, including net-metering applications, local building and electrical permits, and all home owner association documents.

SUPERIOR INSTALLATION

You only want the best. Our manufacturer-certified solar-roofing teams build solar systems focused on craftsmanship with minimal disruption to your schedule.

24/7 MONITORING

We monitor performance to ensure your panels achieve optimal output every day. If we detect an issue, we address it. In addition, your new system includes a web-based application so you can monitor your power production and savings in real time, anytime.

ONGOING SERVICE

We build systems to last and we stand behind our work.

MAKE MONEY

Refer friends & family and receive $250 for each referral that goes solar with BSW!
