SELLER HOME TRADE OPPORTUNITY

16646 Orilla Drive

The seller is open to considering a trade of 16646 Orilla Drive for the buyer’s current home, whether the buyer is trading up or down in price. This may provide an option similar to home trade-in programs previously offered by new construction builders, allowing a buyer to purchase their next home while also providing a potential solution for the sale of their existing property.

To be considered, the buyer’s current home must be located in San Diego County. Any proposed trade is subject to the seller’s inspection and approval of the buyer’s property.

Property valuations, purchase prices, closing timelines, and all other terms must be acceptable to the seller.
