Understand Net Energy Metering (NEM) billing

You are billed annually for your energy charges because they can be offset by energy credits over your 12-month billing period. Any charges not offset by credits will become due at the end of your 12-month billing period.

You also receive a monthly bill. It reflects the minimum amount due each month, which supports the cost of maintenance and operation for providing electricity.

Get a discount on your bill every month

Your income may qualify you for discounted bills through the CARE or FERA program. To enroll or learn more, visit sce.com/careandfera or call 1-800-798-5723.

WELCOME LETTER

CONGRATULATIONS ON YOUR SMART DECISION SWITCHING TO SOLAR!

We would like to Thank You and welcome you to entering solar world. You are now one proud solar owner. We are honor that you choose us to assist you in the transition to clean power energy.

We are a few steps away from GOING GREEN:

Step 1:	Site Survey and Measurement
Step 2:	Designing and Engineering
Step 3:	City Permit Submission and Pulling (time frame is different in each city)
Step 4:	Ordering Supply and Installing
Final Step:	TURN - KEY system! Final package delivered

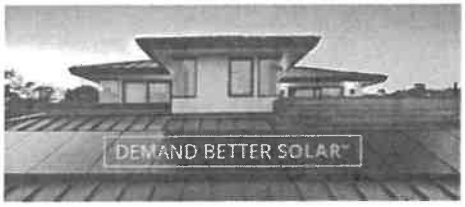

A Final Package will be delivered after your system successfully connected and turned on. Package will include all the original city permits, inspection cards, photos of your solar system, specs sheet and warranty information for your panels. Customer will be responsible for keeping all these original records since EcoSolar USA does not keep any other original copies. Any replacement can be requested through your city for reissuing.

We will work hard to get your system complete as soon as possible. However, please do not hesitate to contact us for any question you might have. Our project manager will be in touch give you an update every step of the way.

Again, thank you for choosing ***EcoSolar USA Electrical LLC***. We look forward to a trusted, long-lasting relationship, and more referrals from you if you are satisfied with our service.

Respectfully yours,

EcoSolar USA Electrical LLC Management and Staffs.

Salesperson Responsible for Soliciting or Negotiating this Contract:

General Terms and Conditions of Sale

Our business relationships with our customers shall be based on our General Terms and Conditions of Sale, as defined below:

Approximate Start Date: Contractor shall commence work under this Contract within ten (10) days of this Agreement (including the last amendment or change order) being signed by both parties. Commencement of work under this Agreement shall be defined as the design and engineering of the photovoltaic (solar energy) System.

Approximate Completion Date: within ninety (90) days of this Agreement (including the last amendment or change order) being signed by both parties. Completion of work under this agreement shall be defined when contractor has completed constructions phase of project and is prepared for city/county and utility inspection.

Contractor shall be entitled to extension of the construction time due to the following : holidays; act of god; acts of public utilities; government bodies, or inspector; inclement weather; accidents; delay in receipt of solar panels from manufacturer, shortage of labor and material; additional time required for change orders and additional work; vandalism; owner failure to provide contractor with continual uninterrupted access to job site; delays caused by owner; owner's design professionals, agents, and separate contractors, jurisdictional delays, scheduling conflicts; and other delays unavoidable or beyond the control of the contractor.

1. INSTALLATION SERVICES

(a) Conditions prior to installation of the system; pre-install termination rights

Our obligation to install the System are conditioned upon the following items having occurred and/or been completed to our reasonable satisfaction by us or other service providers chosen by us:

(i) Our receipt of 50% of the Total Contract Price (see Schedule of Payments section), or notification to us that you have successfully obtained financing for the purchase and installation to the System under this Agreement from a financing entity.

(ii) The project will be constructed according to the drawings and specifications, incorporated into this Contract by reference, which have been examined by Owner and which have been or may be signed by the parties to this Contract. Unless otherwise specifically provided in the drawings or specifications, Contractor will obtain and pay for all required building permits Unless otherwise specified, work does not include any changes or alterations from the drawings or specifications that may be required by any public body, utility, or inspector. Contractor, at Contractor's option, may alter specifications only so as to comply with requirements of governmental agencies having jurisdiction over same. The cost of any alteration undertaken to comply with any such requirements shall be in addition to the Contract price specified herein. receipt of all necessary zoning, land use, and building permits; and

(iii) Completion of any renovation, improvements or changes reasonably required at your Home or on the Premises (e.g., removal of a tree or roof repairs necessary to enable us or our other service providers chosen by us to safely install the System).

If we determine that certain conditions on the roof or otherwise at the Premises should be corrected before the installation may be undertaken, then we will notify you that corrective work is needed, and you may arrange for such work with another contractor or with us (if we are capable of performing such work). You will be responsible for the structural integrity of the location where the System is installed, including structural or electrical modifications necessary to prepare your Premises for the System. You agree that Contractor is not responsible for any known or unknown conditions of the Premises.

Please note, however, that such corrective work is not covered by this Agreement and you may either (i) pay for such corrective work in addition to the Total Contract Price listed above or (ii) terminate this Agreement without penalty.

(b) Installation commencement

When we are satisfied that the installation and operation of the System at the Premises is feasible, any corrective work has been performed, completed and paid for, and any necessary zoning, land use or building permits are received, the parties agree that we will begin the installation of the System. Contractor may perform such services by itself or through a competent subcontractor hired by Contractor.

However, please note that if we determine that your Premises are not suitable for the installation of the System, or corrective work has not been satisfactorily performed, or any required permits or other governmental authorizations are not received, then we will not have the obligation to install the System, and we may terminate this Agreement by providing prior written notice to you.

Owner shall grant free access to work areas for workers and vehicles and shall provide areas for storage of materials and debris. Owner agrees to keep driveways clear and available for movement and parking of trucks during scheduled working hours. Owner shall be responsible for securing all entrances to the jobsite in a manner adequate to prevent persons other than Owner, Contractor, and any authorized workers or material suppliers from gaining access to that site. Contractor shall be responsible, at the end of every workday, for storing all equipment and materials in the facilities provided by Owner. Contractor shall keep Owner advised as to the hours during which work is scheduled to be performed at the jobsite. If Owner denies access to any worker or supplier of materials during scheduled working hours, then Owner will be deemed in breach of this Contract and subject to liability for any damages caused by the breach.

(i) Change Orders, Amendments, and Modification Any subsequent amendment, modification, or Contract, which alters this Contract, and which is signed or initialed by Contractor and Owner, shall be deemed a part of this Contract and shall be controlling in case of conflict with any other provision in Contract.

(ii) Extra Work and Changes Extra Work and Change Orders become part of the contract once the order is prepared in writing and signed by the parties prior to the commencement of any work covered by the new change order. The order must describe the scope of the extra work or change, the cost to be added or subtracted from the contract, and the effect the order will have on the schedule of progress payments.

(iii) Plumbing: Unless specifically authorized by this Contract, Contractor shall not change plumbing, gas, waste, or water lines outside of the foundation of an existing building. Unless otherwise specifically provided for, this Contract does not cover work done on cesspools or septic tanks. The Contract price does not include rerouting, relocation, or replacement of vents, pipes, ducts, or conduits not shown, or pipes that may be encountered in areas of alteration or excavation.

(iv) Electrical Service: Unless specifically included in this Contract, electrical work shall not involve a change to any existing service panel other than the addition of circuit breakers or fuse blocks to distribute electric current to new outlets. This Contract does not include changes to existing wiring in areas undisturbed by alterations. All existing electrical wiring systems are assumed to be, and Owner represents them to be, adequate to carry the load imposed by existing work. Any work necessary to correct these existing conditions shall be an extra work item. Contractor calls Owner's attention to and Owner acknowledges, the limitations of patching plaster. While Contractor shall make every effort to match existing textures, colors, and planes, exact duplication is not promised.

(v) Title to the System, including, without limitation, the photovoltaic modules, materials, and equipment shall pass to Customer upon delivery of the System to Customer's premises, subject in each case to the extent full payment thereof has been made by Customer in accordance with the terms of this Agreement. After delivery of the System to your Premises, other than damage directly resulting from Contractor's actions, Owner bears the risk of loss or theft of solar panels and other construction materials after they are delivered to project site. Owner should provide a safe location for contractor to store construction material during installation. If

the project is destroyed or damaged by any accident, disaster, or calamity, such as fire, storm, flood, landslide, subsidence, or earthquake, or by theft or vandalism, any work done by Contractor in rebuilding or restoring the project shall be paid for by the Owner as an extra work item

(vi) Due the lifetime of project usually around 6-8 weeks from start to order materials and the uncertainty of material supply, availability of equipment might change. The Contractor will do everything in its power to locate and provide the said panels on contract; However, Contractor, may also substitute and replace equipment in the same grade with similar specs and warranty policy to continue the job, with customer agreement in writing.

(c) Commercial general liability insurance (CGL)

This Contractor is a limited liability company that carries liability insurance or maintains other security as required by law. You may call (Independence Insurance Center) at 714-775-3400 to check on the contractor's insurance coverage or security.

Workers Compensation Insurance

This Contractor carries workers' compensation insurance for all employees. A notice concerning workers' compensation insurance is attached to this contract.

(d) Post-installation customer duties

(i) Pre-Energy Start Date Customer Duty. Upon our completion of the installation, you agree to arrange for, and enter into, an interconnection agreement with your local utility company. (We will provide assistance during this process.)

(ii) Post-Energy Start Date Customer Duty. Following the Energy Start Date (the date we complete installation and turn on the system), you agree to pay the Contractor or Contractor's designated representative (or agree to have a third party pay the Contractor or Contractor's designated representative on Customer's behalf) the remaining balance of the Total Contract Price listed above on the Energy Start Date.

(e) Professional and workmanlike manner

Contractor will construct, install, test and commission the System at the Premises. We promise to do this in a professional and workmanlike manner, in accordance with all applicable laws, regulations, codes and permits. We promise to follow accepted professional practices in the solar panel installation industry and electrical installation industry, generally.

(i) Removal of Material and Debris

Except for items designated by Owner in writing prior to the commencement of construction, Contractor shall dispose of all material removed from structures in the course of alteration. Contractor shall remove all construction debris on termination of work and shall leave the premises in neat, broom-clean condition.

2. LIMITED WARRANTY

Your Products and installation work are covered by the following limited warranties.

THESE ARE THE ONLY EXPRESS WARRANTIES MADE IN CONNECTION WITH YOUR PRODUCTS AND INSTALLATION WORK. Any other warranties, remedies and conditions, whether oral, written, statutory, express or implied (including any warranties of merchantability and fitness for purpose, and any warranties against latent or hidden defects) are expressly disclaimed. If such warranties cannot be disclaimed, EcoSolar USA limits the duration of and remedies for such warranties to the duration and remedies described below.

(a) Solar equipment: Your Solar system are covered by a warranty from their manufacturer. Manufacturer warranty details information will be provided to you during your consultation and at project completion. You can also obtain all this information online at the manufacturer's website as it is published information. Major equipment as supplied by third-party(is) manufacturer(s) shall be warranted in accordance that manufacturer's warranty. Contractor will not be liable for any direct, indirect or consequential damages, losses, costs or expenses however arising in contract or tort, including without restriction any economic losses of any kind, any loss or damage to property, any personal injury, any damage or injury arising from or as a result of misuse or abuse, or the incorrect operation of the equipment.

(b) Installation, workmanship, defects, and roof warranties

(i) Upon completion of the system, EcoSolar USA shall issue to the customer a full 10-year warranty that shall be in the form required by the term of the California Solar Initiative. EcoSolar USA will cover any repair or damage as a result of poor workmanship at no cost to the customer. The customer will carry fire, tornado and other necessary insurances.

(ii) Roof Warranty. During the Roof Warranty Period, we warrant that, if in the course of the installation work we are required to penetrate your roof and thereby cause damage to areas of the roof that are within a three (3) inch radius of roof penetrations, we will repair such damage. (This roof warranty (the "Roof Warranty Period") will run ten (10) years from the Energy Start Date.)

(c) Warranty Exclusions.

The "Workmanship" warranty above does not cover any defect caused by (1) events beyond our reasonable control, including but not limited to lightning, flood, earthquake, fire, excessive wind and other extreme weather events, accidents, abuse, misuse or

negligence; (2) your failure to operate or maintain your Products in accordance with the applicable Owner's Manual(s); (3) strikes by balls or other objects, dirt, dust, bird excrement, animals, insects, foliage or algae growth; (4) roof leaks caused by ordinary wear and tear, or water entering around a fitting, accessory or other material not installed by EcoSolar USA; (5) any material or equipment connected to your Products that was not installed by us; or (6) someone other than EcoSolar USA installing, altering, removing, re-installing or repairing any part of your system unless that person does so in compliance with the Owner's Manual(s). The "Workmanship" warranty also does not cover (i) any defects in the equipment or components incorporated into our work (such as breakers, electrical panels, soft-start devices for HVAC equipment, etc.); (ii) pre-existing conditions at your home, including but not limited to unpermitted conditions, improper electrical wiring, defects in the roof structure that cause it to sag over time, chimney or exhaust vent heights that are reduced by your Solar System, cracked or crumbling masonry, or inadequate attic ventilation; (iii) normal wear and tear or deterioration, or superficial defects, dents or marks that do not impact the performance or functionality/integrity of your Products; or (iv) theft or vandalism.

(d) Repair promise

During the System Warranty Period or the Roof Warranty Period, as applicable (each, a "Warranty Period"), as specified in Section 2(b). above, we will response to your notice within 3 business days when you submit a valid written request within 7 calendar days of the incident occurs. Contractor will not be responsible for any financial loss or damage due to defects of the product which fall under manufacturer's warranty. Customers are responsible to monitor your system and notify us or manufacturer if they notice any malfunctions or damage of the system no later than 60 days of system's defect. Any reimbursement due to under performance or defective workmanship can be claimed but cannot be exceed 60 days period after the incident.

3. LIMITATION OF LIABILITY.

We are not liable to you for any indirect, special or consequential damages arising out of this Agreement. To the extent permitted by law, our aggregate liability to you under this Agreement is limited to the Contract Price (excluding interest and energy/ power cost if applicable). These limitations apply to any liability arising out of any site survey performed by us or our affiliate or subcontractor in connection with this Agreement.

4. ARBITRATION OF DISPUTES

Any controversy that develops between Contractor and Owner with regard to matters arising out of, or relating to, this Contract, and that the parties do not promptly resolve, shall be decided by arbitration administered by and in accordance with the Construction Industry Arbitration Rules of the American Arbitration Association unless the parties agree otherwise in writing. This Paragraph shall be specifically enforceable under the prevailing arbitration law. The award rendered by the arbitrators shall be final, and judgment may be entered on it in any court of competent jurisdiction.

5. ATTORNEY'S FEES

In the event of any arbitration or litigation arising from this Contract, the prevailing party shall be entitled to recover its costs and reasonable attorneys' fees.

6. CHANGE ORDER (MID-PERFORMANCE AMENDMENTS)

The Contractor and Customer recognize that Contractor's original cost and time estimates may prove too low due to unforeseen events, or to factors unknown to the Contractor when the contract was made; Customer may desire a mid-job change in the specifications that would add time and cost to the specified work possibly inconvenience the Contractor; or Other provisions of the contract may be difficult to carry out because of unforeseen events, such as material shortage or a labor strike. If these or other events beyond the control of the parties reasonable require adjustments to this contract, the parties shall make a good faith attempt to agree on all necessary particulars. Such agreements shall be put in writing, signed by the parties and added to this contract. Failure to reach agreement shall be deemed a dispute to be resolved as agreed herein.

7. INFORMATION ABOUT THE CONTRACTORS' STATE LICENSE BOARD (CSLB)

CSLB is the state consumer protection agency that licenses and regulates construction contractors. Contact CSLB for information about the licensed contractor you are considering, including information about disclosable complaints, disciplinary actions and civil judgments that are reported to CSLB. Use only licensed contractors. If you file a complaint against a licensed contractor within the legal deadline (usually four years), CSLB has authority to investigate the complaint. If you use an unlicensed contractor, CSLB may not be able to help you resolve your complaint. Your only remedy may be in civil court, and you may be liable for damages arising out of any injuries to the unlicensed contractor or the unlicensed contractor's employees.

Complete Confidence Warranty Terms and Conditions for the SunPower Equinox™ System

Effective July 1, 2017

SUNPOWER®

SunPower Limited Product and Power Warranty for X-Series and E-Series AC Modules

This Limited Warranty is effective for SunPower® photovoltaic modules for residential installation with "SPR-E" or "SPR-X" and "AC" in the product model number and sold after July 1, 2017.

1. Limited Warranty

Subject at all times to the terms and conditions as set out in this Limited Warranty, SunPower Corporation ("SunPower") warrants that for 25 years beginning on the Warranty Start Date[1] (the "Warranty Period"), its photovoltaic modules specified above, including factory-integrated electronics, ("PV Module(s)"), shall be free from defects in materials and workmanship under normal application, installation, use and service conditions, and the power of the PV Modules will be at least 98% of the Minimum Peak Power[2] rating for the first year, and will decline by no more than 0.25% per year for the following 24 years, so the power output at the end of the final year of the 25th year warranty period will be at least 92% of the Minimum Peak Power rating (the "Guaranteed Peak Power" rating).

2. Claims Process and Coverage

If any PV Module fails to conform to this Limited Warranty and provided that any loss in power is determined by SunPower (in its sole discretion) not to have resulted from one of the excluded events set forth in Section 4 below, then for the Warranty Period, SunPower will repair, replace or refund the defective PV Modules as set forth herein.

In the event you have a claim covered by this Limited Warranty, immediately notify (a) an Authorized SunPower Installer; or (b) contact SunPower Corporation directly at the contacts shown below. Upon receipt of a claim, SunPower may require additional information regarding the claim, which may include, without limitation, applicable warranty registration information, proof of purchase and/or delivery, installation, serial and model numbers, and evidence regarding the basis of claim. All SunPower warranty obligations hereunder are expressly contingent upon the timely and full provision of such additional information. The return of any PV Modules will not be accepted unless prior written authorization has been given by SunPower.

For any valid claim, SunPower will, in its sole discretion, either: (a) repair; (b) replace; or (c) refund the original purchase price subject to the conditions set out herein. In the event SunPower elects to repair or replace the affected PV Modules, SunPower will pay for reasonable and customary transportation costs for: (i) the return of the PV Modules from the place where the affected PV Modules originally left SunPower's care, custody, and control, and; (ii) reasonable and customary transportation costs for reshipment of any repaired or replaced PV Modules to the place where the affected PV Modules originally left SunPower's care, custody, and control; (iii) for a PV Module that was originally installed by SunPower, any affiliate of SunPower, or any SunPower Authorized Installer, SunPower will pay for reasonable, necessary, and actual removal and reinstallation costs of the repaired or replaced PV Module; provided, however, SunPower has sole discretion to select the party performing such removal and reinstallation.

In the event SunPower elects to replace any PV Module, SunPower will replace such PV Module with an electrically and mechanically compatible PV Module (including a refurbished or remanufactured PV Module) with a substantially equal or greater power rating. For any refund, purchase price shall be prorated.

3. General Conditions for Warranty Claims

a) All warranty claims must be filed within the Warranty Period. Any claim filed outside the Warranty Period, including any claim for a latent or undiscovered defect, is invalid.
b) The Limited Warranty for any repaired or replaced PV Module shall not extend beyond the Warranty Period.
c) When PV Modules are used on a mobile platform of any type, such as a vehicle, the Warranty Period shall be limited to 12 years.
d) In cases of PV Module replacement, any replaced PV Module shall pass into the ownership of SunPower.

---

[1] "Warranty Start Date" is the earlier of (i) date of array interconnection and (ii) 6 months following the date of SunPower delivery. If the delivery date cannot be verified, manufacturing date will be used in its place.

[2] "Minimum Peak Power" is defined as the minimum rated power, as shown on the label. Peak Power is defined as the watt peak at Standard Test Conditions (1000W/m² irradiance, AM1.5, 25C. SOMS current, LACCS FF and Voltage from NREL calibration), as described in IEC61215, measured per IEC60904, and accounting for 3% measurement tolerance. SunPower modules shall, in any event, require a sweep rate of no less than 200ms to ensure an accurate power measurement. SunPower can provide a detailed testing procedure or a list of recognized testing agencies upon request.

4. Exclusions and Limitations

The Limited Warranty does not apply to any of the following:

a) PV Modules subjected to: (i) misuse, abuse, neglect or accident; (ii) alteration or improper installation (improper installation includes, without limitation, installation or array that does not comply with all SunPower installation instructions and operations and maintenance instructions of any type (as may be amended and updated from time to time at SunPower's sole discretion), and all national, state, and local laws, codes, ordinances, and regulations); (iii) repair or modification by someone other than an approved service technician of SunPower; (iv) conditions exceeding the voltage, wind, snow load specifications, and any other operational specification; (v) power failure surges, lightning, flood, or fire; (vi) damage from persons, insects, animals, or industrial chemical exposure; (vii) glass breakage from impact or other events outside SunPower's control.

b) Cosmetic effects stemming from normal wear and tear of PV Module materials or other cosmetic variations which do not cause power output lower than what is guaranteed by the Limited Warranty. Normal wear and tear of PV Module materials can include, but is not limited to, fading of frame color, weathering of glass coatings, and areas of discoloration around or over individual solar cells or any part of the PV Module.

c) PV Modules installed in locations, which in SunPower's absolute judgment may be subject to direct contact with bodies of salt water.

d) PV Modules for which the labels containing product type or serial number have been altered, removed or made illegible.

e) PV Modules which have been moved from their original installation location without the express written approval of SunPower.

f) PV Modules that include factory-integrated electronics where such factory-integrated electronics exhibit defects that do not materially impact power output.

SunPower shall not be held responsible or liable to the customer or any third-party arising out of any non-performance or delay in performance of any terms and conditions of sale, including this Limited Warranty, due to acts of God, war, riots, strikes, fire, flood or any other cause or circumstance beyond the reasonable control of SunPower.

5. Assignment and Transfer of Warranty

a) This Limited Warranty is fully assignable and transferable to the owner of the photovoltaic power generation facility or project as of the time the PV Modules are initially installed (the "Original End User"); provided, however, the warranty holder or subsequent owner must provide written notice to SunPower at the e-mail address listed below within ninety (90) calendar days of the assignment or transfer of the PV Modules.

b) Further assignment or transfers from the Original End User to any other party are subject to the terms and conditions as set out in the Subsequent Assignee Warranty available upon request at time of subsequent assignment.

6. Limitation of Warranty Scope

SUBJECT TO THE LIMITATIONS UNDER APPLICABLE LAW, THE LIMITED WARRANTY SET FORTH HEREIN IS EXPRESSLY IN LIEU OF AND EXCLUDES ALL OTHER EXPRESS OR IMPLIED WARRANTIES. EXCEPT AS PROVIDED IN THIS LIMITED WARRANTY, ALL WARRANTIES OF ANY KIND, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR PARTICULAR PURPOSE, USE, OR APPLICATION, COURSE OF DEALING, OR USAGE OF TRADE AND ALL OTHER OBLIGATIONS OR LIABILITIES ON THE PART OF SUNPOWER ARE EXPRESSLY EXCLUDED AND DISCLAIMED. NOTWITSTANDING ANY PROVISION TO THE CONTRARY, SUNPOWER SHALL HAVE NO RESPONSIBILITY OR LIABILITY WHATSOEVER FOR DAMAGE OR INJURY TO PERSONS OR PROPERTY OR FOR OTHER LOSS OR INJURY RESULTING FROM ANY CAUSE WHATSOEVER ARISING OUT OF OR RELATED TO THE PV MODULES, INCLUDING, WITHOUT LIMITATION, ANY DEFECTS IN THE PV MODULE, OR FROM USE OR INSTALLATION. UNDER NO CIRCUMSTANCES SHALL SUNPOWER BE LIABLE FOR INCIDENTAL, CONSEQUENTIAL OR SPECIAL DAMAGES, HOWSOEVER CAUSED. LOSS OF USE, LOSS OF PROFITS, LOSS OF PRODUCTION, LOSS OF REVENUES ARE THEREFORE SPECIFICALLY BUT WITHOUT LIMITATION EXCLUDED. SUNPOWER'S AGGREGATE LIABILITY, IF ANY, IN DAMAGES OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE PRICE PAID TO SUNPOWER BY THE CUSTOMER, FOR THE UNIT OF PRODUCT OR SERVICE FURNISHED OR TO BE FURNISHED, AS THE CASE MAY BE, WHICH GAVE RISE TO THE WARRANTY CLAIM. SOME JURISDICTIONS DO NOT ALLOW LIMITATIONS ON IMPLIED WARRANTIES OR THE EXCLUSION OF DAMAGES SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU.

IF ANY PROVISION OF THIS LIMITED WARRANTY IS HELD UNENFORCEABLE OR ILLEGAL BY A COURT OR OTHER BODY OF COMPETENT JURISDICTION, SUCH PROVISIONS SHALL BE MODIFIED TO THE MINIMUM EXTENT REQUIRED SUCH THAT THE REST OF THIS LIMITED WARRANTY WILL CONTINUE IN FULL FORCE AND EFFECT.

SUNPOWER®

SunPower InvisiMount™ Limited Warranty

This Limited Warranty is effective for the SunPower InvisiMount™ Residential Mounting System. The Product includes the module frame, each rail and splice, mid clamps, end clamps, and the skirt and skirt clips, but does not include the roof attachment hardware which is manufactured by third parties.

1. Limited Warranty

Subject at all times to the terms and conditions as set out in this Limited Warranty, SunPower Corporation ("SunPower") warrants that for 25 years beginning on the Warranty Start Date[1] ("Warranty Period"), its InvisiMount Mounting System and component parts ("Product"), shall be free from defects in materials and workmanship under normal application, installation, use and service conditions, and 5 years beginning on the Warranty Start Date ("Finish Warranty Period"), the anodized finish of its Product shall be free from visible peeling, cracking, or chalking, under normal application, installation, use, service conditions, and atmospheric conditions.

2. Claims Process and Coverage

If any Product fails to conform to this Limited Warranty and provided that failure is determined by SunPower (in its sole discretion) not to have resulted from one of the excluded events set forth in Section 4 below, then for the Warranty Period, SunPower will repair, replace or refund the defective Product as set forth herein.

In the event you have a claim covered by this Limited Warranty, immediately notify (a) an Authorized SunPower Installer; or (b) contact SunPower Corporation directly at the contacts shown below. Upon receipt of a claim, SunPower may require additional information regarding the claim, which may include, without limitation, applicable warranty registration information, proof of purchase and/or delivery, installation, model numbers, and evidence regarding the basis of claim. All SunPower warranty obligations hereunder are expressly contingent upon the timely and full provision of such additional information. The return of any Products will not be accepted unless prior written authorization has been given by SunPower.

For any valid claim, SunPower will, in its sole discretion, either: (a) repair; (b) replace; or (c) refund the original purchase price subject to the conditions set out herein. In the event SunPower elects to repair or replace the affected Product, SunPower will pay for reasonable and customary transportation costs for: (i) the return of the Product from the place where the affected Product originally left SunPower's care, custody, and control, and; (ii) reasonable and customary transportation costs for reshipment of any repaired or Product to the place where the affected Product originally left SunPower's care, custody, and control; (iii) for a Product that was originally installed by SunPower, any affiliate of SunPower, or any SunPower Authorized Installer, SunPower will pay for reasonable, necessary, and actual removal and reinstallation costs of the repaired or replaced Product; provided, however, SunPower has sole discretion to select the party performing such removal and reinstallation.

In the event SunPower elects to replace any Product, SunPower will replace such Product with a mechanically compatible Product (including a refurbished or remanufactured Product) For any refund, purchase price shall be prorated.

3. General Conditions for Warranty Claims

a) All warranty claims must be filed within the Warranty Period. Any claim filed outside the Warranty Period, including any claim for a latent or undiscovered defect, is invalid.
b) The Limited Warranty for any repaired or replaced Product shall not extend beyond the Warranty Period or Finish Warranty Period, as applicable.
c) In cases of Product replacement, any replaced Product shall pass into the ownership of SunPower.

4. Exclusions and Limitations

The Limited Warranty does not apply to any of the following:

a) Product subjected to: (i) misuse, abuse, neglect or accident; (ii) alteration or improper installation (improper installation includes, without limitation, installation or array that does not comply with all SunPower installation instructions and operations and maintenance
