Potential AB 2097 Parking Exemption Opportunity

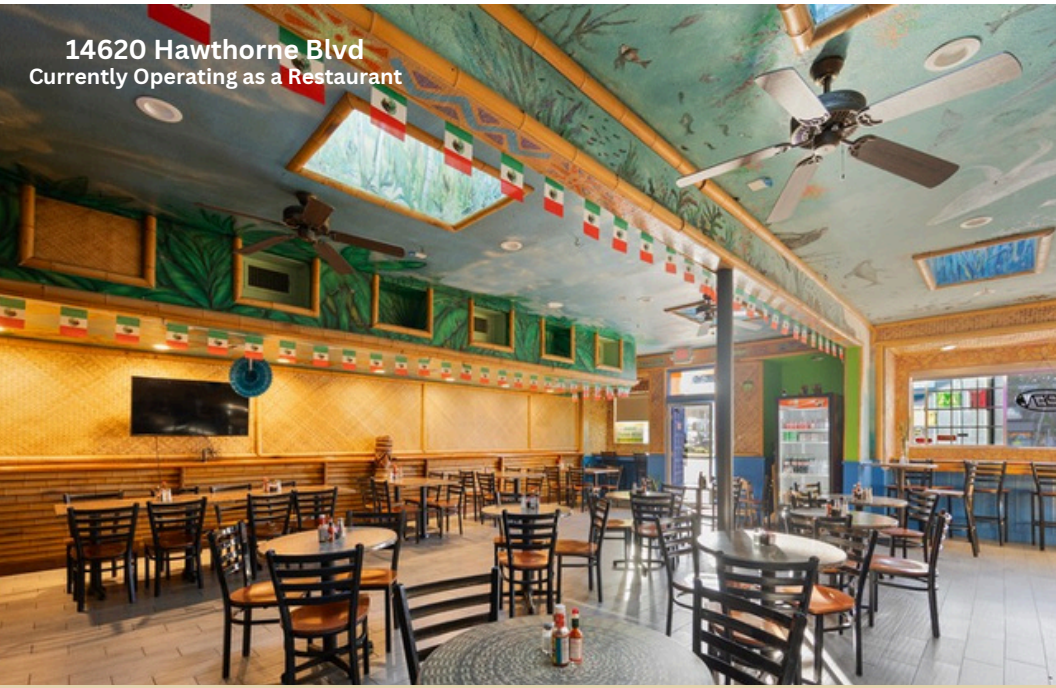

The Property may qualify for reduced or eliminated minimum parking requirements pursuant to California Assembly Bill 2097 ("AB 2097"), codified under California Government Code § 65863.2. AB 2097 generally prohibits local agencies from imposing minimum automobile parking requirements on qualifying residential, commercial, mixed-use, and other development projects located within one-half mile of a major transit stop.

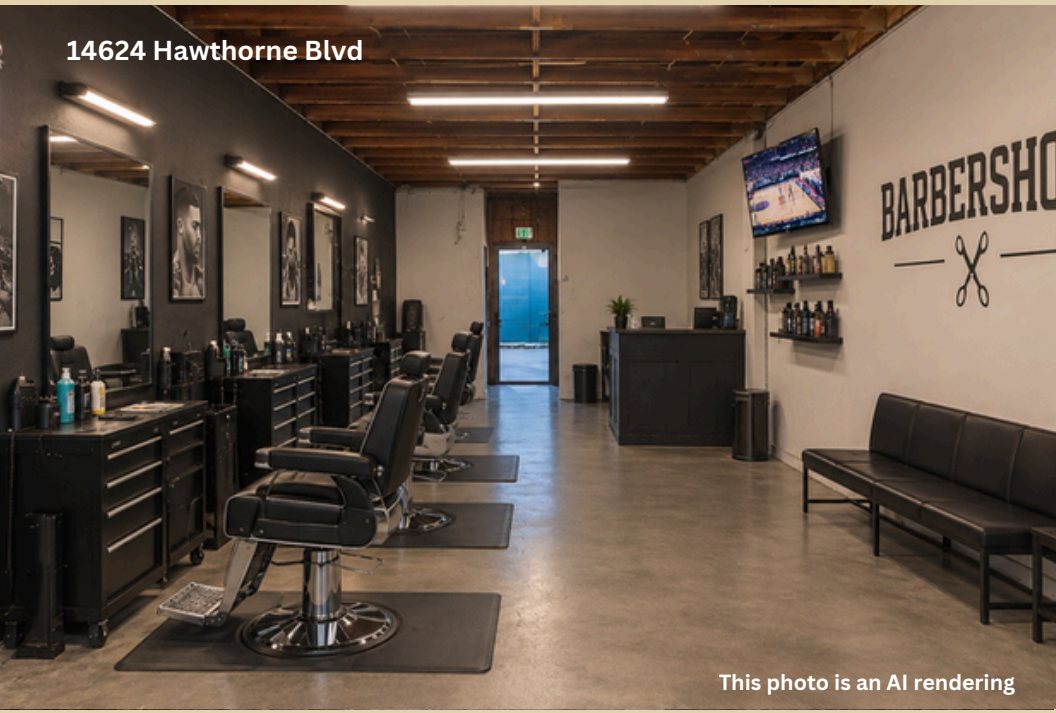

Given the Property's location along the Hawthorne Boulevard transit corridor and proximity to Metro transit infrastructure, prospective buyers are encouraged to independently investigate the applicability of AB 2097 and other transit-oriented development incentives with the City of Hawthorne and qualified land use consultants.
