ZIP CODE

This form is to be completed by a land surveyor, engineer, or architect who is authorized by state law to certify elevation information when the elevation information for zones A1-A30, AE, AH, A (with SFE), V1-V30, VE, and V (with SFE) is required. In the case of zone AO, the building official, the property owner, or the owner's representative should complete the information in Section I and may also complete the certification. Community officials who are authorized by local law or ordinance to provide floodplain management information may also complete this form.

SECTION I BUILDING ELEVATION INFORMATION

- Using the Flood Insurance Manual or the NFIP Flood Insurance Application—Part 2 Worksheet, indicate the proper diagram number.
- FIRM Zones A1-A30, AE, AH, and A (with SFE). The top of the reference level floor from the selected diagram is at an elevation of _____ feet NGVD, (or other datum—see #5).
- FIRM Zones V1-V30, VE, and V (with SFE). The bottom of the lowest horizontal structural member of the reference level floor from the selected diagram is at an elevation of 19.3 feet NGVD (or other datum—see #5).
- FIRM Zone AO. The floor used as the reference level from the selected diagram is 1 feet above highest natural grade next to the building (also enter in line 8). This value must be equal to or greater than the AO Zone flood depth number listed below. If no flood depth number is available, is the building's lowest floor (or reference level) elevated in accordance with the community's floodplain management ordinances? ☐ Yes ☐ No ☐ Unknown
- Indicate the elevation datum system used in determining the above reference level elevations: ☒ NGVD ☐ Other (describe on back)
- Indicate the elevation datum system used on the FIRM for base flood elevations: ☒ NGVD ☐ Other (describe on back)

(ATTENTION: If the elevation datum used in measuring the elevations is different than that used on the FIRM, then the elevations provided must be converted to the datum system used on the FIRM.)

- Is the reference level based on actual construction? ☒ Yes ☐ No
 * A "No" answer is only valid if the building does not have the reference level floor in place. Fill in the elevation based on construction drawings and do not complete question #8. If "No" is checked, this certification will be valid only for buildings in the course of construction. After construction of the reference level floor is completed, a post-construction elevation certificate will be required for continued flood insurance coverage.
- Provide the following measurements using the natural grade next to the building (round to the nearest foot).
 a. The reference level floor: 1 feet ☐ above ☐ below (check one) the highest grade.
1 feet ☐ above ☐ below (check one) the lowest grade.
 b. The garage floor (if applicable) is: 1 feet ☐ above ☐ below (check one) the highest grade.
1 feet ☐ above ☐ below (check one) the lowest grade.

SECTION II FLOOD INSURANCE RATE MAP INFORMATION

Provide the following from the proper FIRM (see Instructions on back—Date of FIRM) and accompanying Insurance application:

COMMUNITY NO.	SUFFIX	DATE OF FIRM	FIRM ZONE	BASE FLOOD ELEV. (on AO zone, see datum)	COMMUNITY ESTIMATED BASE FLOOD ELEVATION ESTABLISHED FOR ZONE A ON ZONE V, IF AVAILABLE
485469	D	8-15-83	V-21	15'	

Elevation reference _____ as appears on FIRM ☐ Yes ☐ No (See reverse side for details)

SECTION III CERTIFICATION

This certification is to be completed by a land surveyor, engineer, or architect who is authorized by state law to certify elevation information when the elevation information for zones A1-A30, AE, AH, A (with SFE), V1-V30, VE, and V (with SFE) is required. In the case of zone AO, the building official, the property owner, or the owner's representative can sign the certification. Community officials who are authorized by local law or ordinance to provide floodplain management information may also sign the certification. I certify that the information on this certificate represents my best efforts to interpret the data available. I understand that any false statement may be punishable by fine or imprisonment under 18 U.S. Code, Section 1001.
