Registration

Program registration is open on a first come, first served basis. Early registration is encouraged. Registration on event day is not permitted unless space and supplies allow.

Class Minimums and Maximums

All programs must meet a minimum number of participants to be held. If an event is full, be sure to sign up for the waiting list as new programs may be added to meet demand.

Refund Policy

Full refunds will be given to participants who have registered for a class or program that has been cancelled by The Woodlands Township.

If the participant requests a refund more than three (3) days prior to the start of any class or program – either one-day class or program or recurring class or program – they will receive a full refund less a \$5.00 service charge.

If the participant attends the first day of class or program and for any reason is not satisfied, they will receive a full refund less the \$5.00 processing fee.

Participants must submit a refund request prior to the second class/program meeting. After the second day of class/program, NO refunds will be available.

Fees associated with online transactions are not refundable.

No cash refunds are given. A refund check may take up to four weeks to process and receive.

We Value Your Feedback

Please contact the recreation centers or email us at recreation@thewoodlandstownship-tx.gov with any concerns or positive feedback.

Guide Changes/Errors

Due to the large amount of information available in this guide, errors before or after publication may occur. The most current information is on thewoodlandstownship-tx.gov/signupforfun. Thank you for your patience and understanding when these situations occur.

Accommodations

The Woodlands Township Parks and Recreation Department welcomes people of all ability levels to enjoy and participate in its wide variety of quality programs and services. Questions regarding special accommodations should be directed to ADA@thewoodlandstownship-tx.gov. The Parks and Recreation Department complies with Title II Standards of the American with Disabilities Act.

Waiver Required

All guests and participants must sign a waiver to participate in any Township program. Waivers must be acknowledged during the registration process prior to participation. Please see page 41 for the waiver.

A photograph of two young children, a girl on the left and a boy on the right, standing in front of a grey brick building. Both children are smiling and wearing leis. The girl is wearing a blue lei and a yellow and white tie-dye t-shirt with "SUNNY DAY CAMP" and a sun logo. The boy is wearing a green and white lei and a similar t-shirt. In the background, other children are sitting on the ground, and there are large black speakers on tripods. A fire exit sign is visible on the building wall.

SUNNY DAYZ CAMPS: TEEN CAMP

Teen Camp is offered exclusively at the Rob Fleming Sunny Dayz Camp location and is priced at the standard Sunny Dayz rates for the full 11 weeks. Dependent on attendance, Teen Campers may be merged with the older Adventurer camper group as warranted.

This extension of the Sunny Dayz program offers campers ages 13 to 15 the opportunity to participate in activities that are more age appropriate. Teen Campers will go on Teen Camp only field trips including Hurricane Harbor, Top Golf and many more! Crafts and STEAM activities are more complex and designed to challenge older campers.

BUILDING BRAINS

LEGO Engineering I

BUILDING BRAINS uses LEGO and K'NEX educational kits to build math and science (S.T.E.M.) skills. Students will build simple machines that really work using gears, levers and pulleys, while building fine motor skills, sequential thinking skills, problem solving skills and confidence.

LEGO Engineering II

Learn to build simple machines using gears, levers and pulleys. Then you will motorize them using LEGO and K'NEZ educational kits and curriculum – all while building math and science (S.T.E.M.) skills. Written engineering curriculum reinforces the classroom curriculum with hands-on education. We will also work with solar and pneumatic energy.

LEGO III: Intro to Robotics

Campers will expand on their engineering skills learned in LEGO II by building simple machines and then learning basic programming. This class will teach beginning programming principals, which lead to robotics. Each simple machine we build will be programmed to perform a function, such as movement, lighting, sound and music.

Participation in LEGO II is highly encouraged before signing up for this camp.
