YOUR PEACEFUL PLACE IN THE HEART OF GARDEN OAKS

Welcome to Garden Homes on 34th — where the energy of one of Houston's most beloved neighborhoods meets the privacy of a gated enclave. This intimate collection of just 12 new homes offers first-floor living, private driveways, and a dedicated dog park, all tucked behind a gate on W. 34th Street.

Step outside and you're steps from the restaurants, coffee shops, and local flavor that make Oak Forest and Garden

Oaks two of Houston's most sought-after addresses. Quick access to Loop 610 and Highway 290 puts the rest of the city within easy reach — but once you're home, it feels like your own quiet corner of the world.

Whether you're hosting friends in your open-concept living space or taking an evening stroll through the neighborhood, Garden Homes on 34th is built for the way you actually live.

TWO FLOORPLANS.

One Perfect Fit.

At Garden Homes on 34th, we didn't try to be everything to everyone. We designed two extraordinary homes — and made sure each one is exceptional in its own right.

The Monterrey is a refined 1,975 SF plan built for easy, efficient living. With first-floor entertaining spaces that flow seamlessly from family room to dining to kitchen, and three bedrooms plus a loft upstairs, it's the right size without compromise.

The Sterling steps things up with 2,439 SF of thoughtfully arranged space, including a first-floor study, a generous game room, and an expansive primary suite. It's the plan for buyers who want room to spread out — and a home that grows with them.

Both plans feature first-floor living, two-car garages, and fenced yards.
