Roof Report:

The roof at 27511 Caldwell Sky Lane was inspected by Brandon Surface owner of Surface Roofing and Construction. The roof appears to be between 12 to 14 years old and is aging at a normal rate. The shingles are still in good condition and have 8 to 10 years of life left on them. The roof penetrations have been caulked, sealed and painted. The wall and chimney flashing has been secured and sealed. The roof is currently in good working condition. No repairs need to be made at this time.

Subject Property: 27511 Caldwell Sky Lane, Fulshear, TX 77441

Jericho Foundation Repairs was founded upon a belief that honesty, integrity and hard work would help establish and build a good reputation for our company. We are proud to confirm that after over 25 years of doing business in the greater Houston area and Fort Bend County, people call Jericho because they trust us.

Elevations were taken at the subject property on May 7, 2026, and the sloping or minor movement that was noted at the residence is within acceptable tolerance.

It is my professional opinion that foundation repair or underpinning is not necessary at this time. This opinion would not be applicable to future changing conditions, as no accurate prediction can be made of future movement. If the evidence and the consequences of foundation movement become significantly more pronounced, repairs may become necessary. It is always helpful to water your foundation, especially during periods of extreme dryness.

Should you have any questions, please give me a call.
