

Rental Process

A quick guide to renting your next home through Go4Rent.com

1 Find your home & create an account

Search available listings on Go4Rent.com. You'll need an account to apply — sign up with your own email address before you start.

2 Click "Apply Now"

On the listing you want, click the Apply Now button to open the online lease application for that property.

3 Complete the application & upload documents

Fill out the application and upload your supporting documents securely. Every occupant 18 or older must submit their own application, each with a different email address.

4 Pay the application fee

Submit your application fee online. You are only charged once the application is actually processed.

5 Background check & approval notice

You'll get an email when the background check starts, and another when a leasing decision has been made.

6 Sign your lease electronically

Once approved, review and e-sign your lease agreement. You'll receive the fully executed copy once every party has signed.

7 Pay your security deposit

Once your lease is executed, pay your security deposit where indicated in the lease agreement.

8 Move in day

Pick up your keys, bring your first month's rent check, and get your property details.

BEFORE YOU START

- Create your own account with a unique email
- Everyone 18+ moving in applies separately
- Have ID and income documents ready to upload
- Add your Realtor to your account, if you have one
- Have a payment method ready for the application fee

CREDIT OR HISTORY CONCERNS?

RentSurety is Go4Rent's guarantor service for applicants with limited rental history, damaged credit, or self-employment income. Search for homes that accept RentSurety, or get a preliminary quote at RentSurety.com.
