

Description

Welcome to the perfect family home! Nestled on a quiet, oversized cul-de-sac lot in sought-after Longmeadow Farms, this meticulously maintained and upgraded 4-bedroom, 3.5-bathroom home delivers space, style, and a lifestyle your family will love.

Step inside to soaring 16-foot ceilings in the grand home office — complete with a designer chandelier — and an open-concept living area anchored by a stunning two-story custom stone fireplace with an oversized 10x10 hand-hewn solid wood mantle. The light and bright kitchen features a walk-in pantry and flows seamlessly into the living space, making this the heart of the home for everyday life and entertaining alike.

The main-floor primary suite is generously sized with a walk-in closet that connects directly to the laundry room — a small detail that makes a big difference in daily life. Upstairs, you'll find secondary bedrooms, a versatile loft, and a large attic "Texas basement" that delivers the storage space most homes simply can't match.

Throughout the home, you'll find upgraded luxury vinyl plank flooring on every level — no carpet anywhere — custom lighting, and thoughtful finishes that reflect years of pride in ownership.

Outside is where this home truly shines for families. The oversized cul-de-sac lot features 17 mature trees creating a park-like setting that's rare for the area — shaded, private, and beautiful year-round. The extended back patio features a built-in obstacle course and calisthenics rig that will keep the kids entertained for hours. The lot is large enough to add a pool, or you're just a short walk to the neighborhood pool and splash pad. Fire up the grill on summer evenings and watch the neighborhood's 4th of July fireworks show from the comfort of your own backyard.

Need space for vehicles, a workshop, or all the gear that comes with an active family? The 4-car garage — yes, four — opens into a large mudroom entry that keeps the house clean and organized.

Located in the top-rated Lamar CISD school district, with miles of walking and biking trails along creeks and ponds right outside your door. Close to shopping, dining, and major highways while still feeling tucked away on your quiet cul-de-sac.

This is the home your family doesn't outgrow. Come see it before someone else does.
