

ELEVATE YOUR HILLCREST HOME WITH PREMIUM SECURITY AND AUTOMATION

Hillcrest Builders has chosen Datasmart Home Technologies and Duncan Security to provide top-notch low voltage solutions that enhance your living experience. From cutting-edge technology features to seamless home automation, security, and video options, your home is safe, smart, and secure.

BUILT-IN COMFORT, CONVENIENCE, ENERGY EFFICIENCY & SAVINGS

Garage Door Control

Remotely open or close your garage doors and be notified if the garage door is left open.

Smart Light

Set lighting schedules for your front porch light that are energy efficient while enhancing security.

Smart Lock

Remotely lock/unlock and control access to your front door. Say goodbye to spare keys and enjoy extra convenience.

Video Doorbell

HD video doorbell allows you to talk through your internet-connected smartphone to answer the door day or night.

Surveillance Cameras

Monitor your property with surveillance equipment, placed inside or outside the home. Includes (2) cameras at exterior locations of the home.

Whole Home Wifi

Prewired for seamless Wi-Fi throughout the conditioned environment of the home.

Home Automation Hub

View and interact with the smart home features on the Qolsys smart home hub.

Free home automation for 36-months is included with your Hillcrest home. After closing, schedule your "White Glove Orientation" with Datasmart/Duncan Security to connect your included home automation equipment and set up the Alarm.com app.
