Understanding your bill

Base charge	Energy charge	Energy Delivery Charges
A charge assessed during each billing cycle without regard to the customer's demand or energy consumption	The amount of electricity you used (shown in kWh) times the price you pay per kWh	The total amounts assessed by a Transmission and Distribution Service Provider "TDSP" for the delivery of electricity to a customer over poles and wires and other TDSP facilities not including discretionary charges. These charges are set by the Public Utility Commission of Texas and are charged to every customer, regardless of provider.

***CARE:** We're proud to offer the Customer Assistance and Relief for Energy Bills (CARE) program to assist Reliant customers facing financial hardship in paying their electricity bills. This program is possible thanks to Reliant and customer contributions. To help neighbors in need, you can add a donation to your paper bill payment or log in to reliant.com to add a donation to your online bill payment. To learn more, visit reliant.com/aboutcare.
