RE: Public Sewer Connection for the Herrmann Property, Parcel #00-0007-5346

Midway Sanitation District will provide sewer services for the Herrmann Property, currently known only as parcel # 00-0007-5346, located just outside district boundaries provided that the property be annexed into the Midway Sanitation District prior to connection. Therefore, contingent on the property owner(s) annexing into the district (with annexation agreement), obtaining proper approval(s), installing the necessary infrastructure, obtaining any necessary easements and meeting all of the requirements of the district and all other utility servicers, the above-mentioned lot can be serviced by the District.

Thank You,

Becky Wood

Becky Wood
District Manager
