Clean Water Testing

1990 Prospect Ct., Appleton, WI 54914 * 800-801-7590

CASEY & KIM SELL
N4694 Lake Shore Dr
CHILTON, WI 53014

Home Owner	CASEY SELL
Well ID/Address	N4694 LAKE SHORE DR
Well City	CHILTON, WI 53014
Sample Location	PRESSURE TANK
Lab #	653205
Collected By/Date	GARRETT L 9/24/2024

Report Date *26-Sep-24*

Analyte	Result	Units	LOD	LOQ	Dil	Dig Date	Run Date	Mthd	Analyst	QC Code
Inorganic										
General										
Nitrate Nitrogen	**None Detected**	mg/l	0.08	0.27	1		9/26/2024	4500F	MO	1
NITRATE (as NO3+NO2)…A small amount of nitrate may be natural; however, elevated levels are an indication of nutrients entering the groundwater due to human activity. The maximum contaminant level set by the EPA is 10 mg/L (part per million).										
Metals										
Arsenic, Total	**None Detected**	ug/l	0.8	2.7	1		9/26/2024	3113B	AS	1
(as total As) Elevated arsenic levels are believed to cause skin cancer, and blood and nervous system disorders. The EPA and the WI DNR consider levels above 10 ug/L (parts per billion) in drinking water harmful.										
Organic										
Coliform and E-coli Bacteria										
E-coli	**None Detected**	mpn	1	1	1		9/25/2024	9223B	JM	1
E-COLI BACTERIA - Found in human and animal waste. The presence of E-coli is an indication of septic contamination, barnyard runoff, or another direct source of waste entering the drinking water system. RESULT– ABSENT - No E-coli bacteria were detected in this sample.										
Coliform	**None Detected**	mpn	1	1	1		9/25/2024	9223B	JM	1
COLIFORM BACTERIA…Coliform bacteria are very common in the open environment. They can be found in the soil and in surface water. However, any detection of coliform bacteria colonies in drinking water is unnatural. RESULT - Coliform bacteria were ABSENT in this sample. No Coliform bacteria were found in this sample. NOTE: The absence of bacteria does not necessarily mean that other pollutants are not present in the water. If you are concerned about other contaminants, further testing will be necessary.										

LOD Limit of Detection None Detected = Result was less than the LOD LOQ Limit of Quantitation

Code	*Comment*
1	All laboratory QC requirements were met for this sample.
