OUTDOOR LIVING AND SETTING

Enjoy a private setting backing to conservancy, complemented by professionally landscaped grounds and an in-ground swimming pool. An underground sprinkler system and electronic dog fence add everyday convenience to the outdoor spaces.

ENTERTAINMENT AND LIVING

Designed for both everyday living and entertaining, the home features a dedicated lower-level movie theater and bar, along with a private home office on the main floor. A Jack-and-Jill bathroom provides convenient access between secondary bedrooms.

PRIMARY SUITE

The primary bath offers a spa-inspired retreat with a soaking tub, double vanity, and a hot water recirculation system at the shower for added comfort and convenience.

ADDITIONAL FEATURES

A security system offers added peace of mind, while the garage provides convenient dual access to both the main and lower levels. A new well was installed in 2026.
