Limited Warranty #30332804

Congratulations, your Limited Warranty was successfully submitted.

This is important information. Please retain for your records.

Please retain proof of the installation dates for your products (i.e. invoice) to verify the registered warranty for any future claims.

For complete, comprehensive Limited Warranty terms and conditions, please refer to our Limited Warranty in the Use and Care information that accompanied your product, or contact your installing dealer.

During the Registered Limited Warranty period you have the opportunity to purchase a transferability option, which allows your Registered Limited Warranty to be transferred to a subsequent homeowner. The original owner may purchase Transferability during the 60-day Product Registration Period or the subsequent owner may purchase Transferability within the Limited Warranty period, up to ninety (90) days following their purchase of the home.

With the purchase of your equipment, you may be eligible for a labor warranty from your installing dealer. Contact the installing dealer to inquire if your system may qualify for repair labor free of charge.

Evaporator Coil Limited Warranty

(Applies only to product installed within the United States or Canada)

Term of Warranty:

Advanced Distributor Products (ADP) warrants that products sold shall be of merchandisable quality, free of defects in material and workmanship, under normal use and service, for a period of five (5) years from the date of installation, not to exceed six (6) years from the date of manufacture.

Terms of Extended Warranty:

An extended warranty applies only under the following conditions:

1. The coil model number is covered by an extended warranty promotion.
2. The coil serial number is registered on-line at www.adpwarranty.com.*
3. The unit is installed in a single family residence.
4. The unit is properly registered within 90 days after the original installation date. In the case of newly constructed homes, the original installation date is the date the homeowner purchased the home from the builder (proof of original installation date may be required).
5. The extended warranty applies only to the homeowner who purchased the product and is non-transferable.

If the above conditions are met, then the covered coil is warranted by ADP for a total of ten (10) years from the date of installation (standard 5 year limited warranty plus an additional 5 year extended limited warranty), not to exceed twelve (12) years from the date of manufacture.

Warranty Procedure:

Warranty parts should be replaced by a qualified local contractor or dealer and will require the following information: The current homeowner's name, registration number, model number, serial number, date of installation and an accurate description of the problem. Contractor or dealer will contact a local ADP distributor for replacement parts.

Replacement Parts:

If, during this warranty, a warranted part fails, ADP will either provide a replacement part free of charge, or may at its option, grant a credit for the original purchase price of the defective article to a distributor of ADP products. ADP may require the return of a defective article for factory inspection to verify and/or determine the root cause of the failure.

Care of Equipment:

For this warranty to apply, ADP product must be properly installed, operated, and maintained in accordance with the installation, operation and maintenance instructions provided with each unit. Unauthorized alteration of ADP product may void this warranty.

Conditions of Warranty:

Replacement parts furnished under this warranty will be warranted for the balance of the original warranty term of the unit (including any extended warranty) and will not serve to extend the original term. This warranty is void if the ADP product is removed from the original installation site. This warranty does not apply to damage caused by shipping, misuse, mishandling or damage caused by floods, winds, fires, lightning, or exposure to corrosive elements/environments (such as salt, chlorine, fluorine or other damaging chemicals).

Limitations of Warranty:

The costs of refrigerant, refrigerant reclamation, miscellaneous material and labor charges for diagnostics, servicing or replacing parts are not covered. ADP shall have no liability for expenses incurred for repairs without prior, written authorization from ADP. No purchaser, distributor, dealer, representative, agent, person, firm or corporation has authority to alter, add to or modify this warranty, either orally or in writing.

No Other Warranties:

ADP makes no warranty, express or implied, of fitness for any particular purpose, or of any other nature whatsoever, with respect to products manufactured or sold by ADP hereunder, except as specifically set forth above and on the face hereof. Any implied warranty of merchantability or fitness for a particular purpose on this product is limited in duration to the duration of this warranty. Some states and provinces do not allow limitations on how an implied warranty lasts, so the above limitation may not apply to you. It is expressly understood and agreed that ADP shall not be liable to buyer, or any customer of buyer, for direct or indirect, special, incidental, consequential or penal damages, or for any expenses incurred by reason of the use or misuse by buyer or third parties of said products. To the extent said products may be considered "consumer products", as defined in Sec. 101 of the Magnuson-Moss Warranty-Federal Trade Commission Improvement Act, ADP makes no warranty of any kind, express or implied, to "consumers," except as specifically set forth above on the face hereof. The foregoing is in lieu of all other warranties, express or implied, notwithstanding the provisions of the Uniform Commercial Code, the Magnuson-Moss Warranty-Federal Trade Commission Improvement Act, or any other statutory or common law, federal or state.

*Excludes residents of states or provinces where registration requirements are prohibited. Residents of those states and provinces may either register as noted above or provide proof of when the unit was purchased and installed, such as an original invoice from a contractor with the homeowner's name, address, purchase date, serial and model number.
