Dear CRP Participant:

CRP policy requires you to complete an annual certification.

This means you are required to complete and sign an FSA-578 before July 15 each year. Your FSA-578 is enclosed for signature. Failure to complete and return the acreage report before the deadline of July 15 will result in assessment of a late-file fee and in field spot checks.

This annual certification for CRP/CREP does not change your obligations to comply with contract requirements such as establishment of cover, cover maintenance, food plot establishment, and required mid-contract management as specified on your Conservation Plan of Operations (CPO). By signing the FSA-578, you certify you are in-compliance with your contract obligations as outlined in the CRP-1 appendix and CPO.

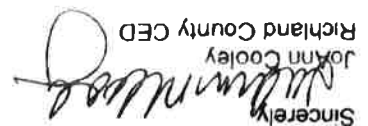

It is also your responsibility to notify FSA of any changes such as:

- the creation of Trusts, LLC's or other entities
- updating members/shares of existing entities
- the purchasing or sale of land
- change of bank account information.

This information is vital to ensure you are paid timely and accurately

It is important that throughout the year, you physically review your CRP cover to ensure compliance of your contract. No activities including maintenance can be completed during the primary nesting season (May 15 - August 1) and if you discover a weed issue during the nesting season, you must contact our office to obtain approval before that activity can begin.

If you have any questions regarding any of your CRP requirements, please contact the office at the number above.

Sincerely,

JoAnn Cooley
Richland County CED
