Keller Williams - MKE

DISCLOSURE OF MATERIAL ADVERSE FACTS

I am a Wisconsin real estate licensee. Wisconsin law, per Wis. Stat. § 452.133 and Wis. Admin. Code § REEB 24.07(2), requires real estate licensees to make prompt written disclosure of material adverse facts to buyers and sellers. In other words, the law requires that I disclose to you in writing any material adverse facts of which I am aware and that you do not know or could not discover through reasonably vigilant observation.

This disclosure pertains to the real property located at: 8569 W Appleton Ave 8571
in the City of Milwaukee,
County of Milwaukee, Wisconsin (the "Property").

An adverse fact is a condition or occurrence that is generally recognized by a competent real estate licensee as significantly and adversely affecting the value of the Property, significantly reducing the structural integrity of the Property, or presenting a significant health risk to the Property's occupants. An adverse fact also includes information that indicates that a party is not able or does not intend to fulfill his or her contractual obligations under the offer to purchase or other contract.

An adverse fact is material if a party indicates that it is significant to that party, or if a competent real estate licensee would generally recognize it as significant to a reasonable party, such that it would affect the party's decision to enter into a contract, such as an offer to purchase, or the party's decision regarding the terms and conditions of such a contract.

As a Wisconsin real estate licensee, I am required by law to disclose the following material adverse fact(s) of which I am aware: Unit 8569- Shower is inoperable, upper bath plumbing leak into lower bath ceiling (source unknown), subfloor in both bathrooms around toilets needs to be replaced. Front door & frame damaged, needs replacement. Unit 8571- Shower leaks into main level bathroom, bathroom subfloor needs to be replaced; dishwasher inoperable, primary bedroom floor severely warped due to leak from portable AC unit. Both electrical panels moved without permits, potential exposed wiring, both AC units inoperable, several broken windows in each unit. Roof age unknown

(State only the facts. Do not draw conclusions or make predictions. Attach supporting reports or documentation, if any.)

It is recommended that the sellers and buyers in this transaction obtain professional assistance to conduct appropriate property inspections, testing and other investigations regarding this information. The licensees in this transaction will draft inspection, testing or investigation contingencies, amendments, notices and other documents pertaining to the offer to purchase according to the parties' instructions.

Sellers and buyers should contact their attorneys with any questions concerning their legal rights and obligations.
