336. **R. WATER INTRUSION AND MOLD GROWTH:** Studies have shown that various forms of water intrusion affect  
337. many homes. Water intrusion may occur from exterior moisture entering the home and/or interior moisture  
338. leaving the home.

339. Examples of exterior moisture sources may be:

- 340. • improper flashing around windows and doors,
- 341. • improper grading,
- 342. • flooding,
- 343. • roof leaks.

344. Examples of interior moisture sources may be:

- 345. • plumbing leaks,
- 346. • condensation (caused by indoor humidity that is too high or surfaces that are too cold),
- 347. • overflow from tubs, sinks, or toilets,
- 348. • firewood stored indoors,
- 349. • humidifier use,
- 350. • inadequate venting of kitchen and bath humidity,
- 351. • improper venting of clothes dryer exhaust outdoors (including electrical dryers),
- 352. • line-drying laundry indoors,
- 353. • houseplants—watering them can generate large amounts of moisture.

354. In addition to the possible structural damage water intrusion may do to the Property, water intrusion may also result  
355. in the growth of mold, mildew, and other fungi. Mold growth may also cause structural damage to the Property.  
356. Therefore, it is very important to detect and remediate water intrusion problems.

357. Fungi are present everywhere in our environment, both indoors and outdoors. Many molds are beneficial to  
358. humans. However, molds have the ability to produce mycotoxins that may have a potential to cause serious  
359. health problems, particularly in some immunocompromised individuals and people who have asthma or allergies  
360. to mold.

361. To complicate matters, mold growth is often difficult to detect, as it frequently grows within the wall structure. If you  
362. have a concern about water intrusion or the resulting mold/mildew/fungi growth, you may want to consider having the  
363. Property inspected for moisture problems before entering into a purchase agreement or as a condition of your  
364. purchase agreement. Such an analysis is particularly advisable if you observe staining or musty odors on the  
365. Property.

366. **S. NOTICE REGARDING PREDATORY OFFENDER INFORMATION:** Information regarding the predatory  
367. offender registry and persons registered with the predatory offender registry under MN Statue 243.166  
368. may be obtained by contacting the local law enforcement offices in the community where the property  
369. is located or the Minnesota Department of Corrections at (651) 361-7200, or from the Department of  
370. Corrections web site at <https://coms.doc.state.mn.us/publicregistrantsearch>.
