RE: Lead-Bearing Paint Clearance Inspection—1007 Prospect St., Racine, WI

Dear Ms. Rewald:

On March 5, 2009, a clearance inspection was conducted in the **interior** at the above address. The clearance inspection for the interior complies with local and state lead-bearing paint requirements. The lead hazard reduction work for the interior has been completed pursuant to the *Work Write-up* issued by the Kenosha/Racine Lead-Free Communities Partnership program.

PLEASE BE ADVISED THAT HIGH CONTENTS OF LEAD-BEARING PAINT STILL EXIST IN THIS UNIT. THESE AREAS MUST BE MONITORED FOR ANY CHIPPING, PEELING, CHALKING, SURFACE BREAKAGE, OR OTHER CHANGES, SO THAT LEAD-BEARING PAINT EXPOSURE IS MINIMIZED. IT IS THE PROPERTY OWNER'S RESPONSIBILITY TO REGULARLY MONITOR ALL PAINTED SURFACES.

If you have questions about this notice, please contact my office at (262) 636-9203 from 8am to 4:55pm.

Sincerely,

Robert Carlson, EHS
LRA # 110243
