Assistance Animal Agreement Approval process

Eastwood Condominium Community is a PET FREE community. By submitting a note from a reliable professional explaining the need for an assistance animal, you are requesting a reasonable accommodation to this policy.

An assistance animal includes, but is not limited to, a service animal, emotional support animal, companion animal, comfort animal, or therapy animal.

After a letter from a reliable professional, explaining the need for an assistance animal is submitted to the property manager, the following steps will be taken to process the request.

- 1) Letter from a reliable professional is reviewed by property manager to ensure it is up to date and from a valid source.
- 2) The owner/resident must provide a photo of the assistance animal for the file and come to the office to review and sign the assistance animal agreement with the Property Manager.
- 3) If any of the rules and regulations are violated per the signed assistance animal agreement, the owner of the approved assistance animal could be assessed a fine by the Eastwood Owners Association, Inc. of up to \$300 per violation, over and above the cost of replacing or repairing any damage caused by the assistance animal. IF the owner of the animal is a renter and does not pay the fine or for the damages, those costs will then be assessed to the unit owner.
